**Notes:** Population figures are from the 2000 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

## Agency response

We are very unique in our population because of our role in the community. We are a university police department with approximately 16,000 students and another 3,000 faculty and staff personnel. Our student population is a diverse mix of international students and local community participants. Furthermore, the “transient” or “passing through” driving population is such that it is not measurable. There is no real community standards, or city to base our population on that would be an accurate depiction of our university. In addition, the amount of visitors to our campus for various functions is also not measurable. It is unknown what percentages of stops are made on university-related people and the number that is happenstance.
