**Agency response**

The Bel-Nor Police Department provided contract police services for the City of Greendale, MO in 2011. The City of Greendale, population 650, contains a state highway which is heavily traveled. The Bel-Nor Police Department also patrols a state highway that contains the main entrance to the University of Missouri St. Louis, which has a significant impact on the number of vehicles on the roadway.

**Agency response**

The City of Blue Springs is located in the Kansas City Metropolitan area along Interstate 70 and US 40 Highways. This route is heavily traveled between Kansas City and St. Louis, as well as out-of-state travel. Within the city and in close proximity to the Interstate 70 corridor are many restaurants and retail businesses, including a large shopping complex at Interstate 70 and Adams Dairy Parkway. The City of Blue Springs has made a strong commitment to protect citizens, both residents and non-residents, from racial or bias based profiling. In addition to the mandatory annual Racial Profiling training required by the State of Missouri, the members of the Blue Springs Police Department, both sworn and civilian, have been given additional POST certified training through the course "Cultural Diversity Competency and Racial Profiling for Peace Officers" conducted by Dr. Emmanuel Ngomsi with All World Languages and Cultures, Inc.

**Agency response**

We have 4 major shopping centers, and 6 strip malls with a total of 175 retail stores and 10 banks. We have 2 major interstate highways that access our city bringing approximately 170,000 vehicles thru our city per day. Our daytime population inflates to approximately 50,000 people. Brentwood is located centrally in the St. Louis Metropolitan area and in close proximity to St. Louis County Government Center, Jail and Courts. The Metro light rail system has a substation in our city with an attached 10 story parking garage that accommodates 1200 parking spaces. Our police department's racial profiling data for 2011 is consistent with data compiled for the past ten years for our police department.

**Agency response**

The City of Bridgeton is located near Lambert Airport and consists of a small residential population. There are three major interstate highways; namely, 70, 270 and 370 that run through the City. Also, US Highway 67 (Lindbergh), St. Charles Rock Road and Natural Bridge Road are major thoroughfares which also run through the City of Bridgeton. There is a large transient population and work force with many hotels and large industrial employers with in Bridgeton's boundaries.

**Agency response**

Carterville Police Department has jurisdiction on HH Highway which connects Joplin, Carthage, Webb City and Duenweg. As a crossroads area, we see transient traffic over 80% of the time. We are also responsible for US 249 Highway, which runs through our city.

**Agency response**

It is our belief that our local population numbers are not reflective of the racial makeup of the driving public in Chesterfield. The City of Chesterfield contains an airport, light industrial area, two large shopping districts, numerous nursing home facilities and a major hospital. All of these draw both employees, and patrons, from outside of our city. In addition, nine miles of Interstate 64 pass through the City of Chesterfield, also adding to the diversity of the driving public.

**Agency response**

The City of Clayton is the county seat for St. Louis County. It contains the courts, government offices, juvenile detention center and the St. Louis County Justice Center which houses over 1,000 inmates. In addition, Clayton is the home of several major corporations and contains over 6.5 million square feet of office space and one million square feet of retail. It is estimated that over 80,000 people visit Clayton on a daily basis to work, shop or do business. Most of those visiting Clayton reside in the St. Louis Metropolitan Area. Additionally, a number of major thoroughfares run through Clayton carrying commuters from various parts of the county requiring a significant amount of traffic enforcement: I-170, Forest Park Parkway, Hanley Rd., Brentwood Blvd and Forsyth. Therefore it is felt that, for purposes of this study, the racial makeup of the population should be in direct proportion to that of the St. Louis Metropolitan Area. At the very least the racial breakdown should be in line with that of St. Louis County as a whole, rather than the resident population of the City of Clayton.

**Agency response**

The City of Clinton is located on the main route between the Kansas City metropolitan area and the City of Springfield. As a consequence, a large number of non-Clinton residents pass through the City of Clinton. In fact, 60% of all traffic stops made by the Clinton Police Department involve non-resident drivers. In addition, 38% of all traffic stops made by the Clinton Police Department take place on state highways. Given the large number of non-resident drivers stopped on state highways for traffic violations, any comparisons utilizing the population of the City of Clinton are inherently flawed.

**Agency response**

Crestwood Mo is a community in a large metropolitan area. The racial makeup of the daily commuters in Crestwood does not reflect the racial makeup of the residents of Crestwood. Crestwood has a major thoroughfare (Watson Road/State Route 366) which is used by a large number of non Crestwood residents. It should be noted that 105 different Postal Zip Codes were represented in our stops for the year 2011.

**Agency response**

The City of Florissant offers many amenities to our citizens and North St. Louis County and St. Louis City residents. Within the Florissant city limits are numerous business districts, shopping centers, restaurants, department stores, supermarkets, and specialty stores all of which employ and serve residents of the entire area. Additionally, numerous arterial roadways, such as county, state and even a portion of an interstate highway service the city and provide access and travel routes for our citizens and neighbors. The majority of traffic stops occur on these roadways. Although Florissant is a culturally diverse community, larger populations of minorities use city services each day that are not accounted for in official figures. The higher ratio of visiting population is due to significantly higher percentages of African-American citizens living in adjacent communities such as Black Jack, Dellwood, Berkeley and Spanish Lake, to name a few. The Ferguson-Florissant and Hazelwood School Districts both have schools located in our city and the student ratio is 85% African-American. When all the factors above are taken into consideration, the traffic stops reflected in our annual report are truly representative of the motoring population that travels in our city.

**Agency response**

Interstate 44 runs just about the entire length of Franklin County. We do have a Traffic Division that does work traffic on the Interstate and we also do Interdiction and DWI Checkpoints. The ethnicity percentages of individuals traveling I-44 would not match that of those living in Franklin County.

**Agency response**

Frontenac Police Department contends there are errors in the Disparity Index. Frontenac serves in St. Louis County, which has a population of 19% Black motorists, 77% White motorists and 4% Other. Our traffic stop data is directly in line with St. Louis County demographics. We patrol a two-mile section of I-64, Lindbergh Blvd (a highway), and the large Plaza Frontenac shopping mall. Our total resident population is 3,484 in Frontenac, and another 1,057 residents in our three contract cities of Crystal Lake Park, Huntleigh, and Westwood. Daytime population is much higher, due to our central location within St. Louis County, and the many businesses and major roadways within our jurisdiction.

**Agency response**

The City of Gladstone contains three sizable apartment complexes along a major thoroughfare through the City that serves as the principal connection to U.S. Highway 169, a well-traveled freeway that connects Gladstone to the City of Kansas City, and links our City to the Kansas City International Airport. These three apartment complexes offer government-subsidized housing that contains a disproportionate percentage of minority tenants. The City of Gladstone is completely surrounded by urban Kansas City, Missouri. There are several apartment complexes located within Kansas City that are immediately adjacent to the City of Gladstone and appear to house significant percentages of minority tenants. Several of these apartment complexes are accessible only via Gladstone city streets, generating significant motor vehicle traffic by motorists - including minorities - through Gladstone. In addition, Gladstone experiences considerable vehicular traffic that originates or terminates within Kansas City and does not involve Gladstone residents or their visitors. The combination of freeway access, being surrounded by metropolitan Kansas City, the concentrations of lower-income minority tenants in three apartment complexes, the visitor traffic generated by these apartments, and traffic generated from outside our City, attracts a higher percentage of motorists - including minorities - than the proportion of minority residents of the City would suggest. The Gladstone Public Safety Department has established and enforces policies to ensure minorities are not disproportionately subject to stops or arrests by our police officers. These policies are reinforced by active supervision and training of our law enforcement officers to assure that racial profiling or other discriminatory behavior does not exist.

**Agency response**

The State's report indicated a driving-age population demographic for the City of Grandview as 49.9% White, 38.51% Black and 8.34% Hispanic respectively. However, our true driving demographics are affected by two major influences which are not reflected in the census data. The first is that the City of Grandview is a first tier city to Kansas City, MO which is bisected by U.S. 71 hwy; a major corridor direct to the inner city which maintains a high minority population. Much of our evening traffic is made up of motorists traveling to and from the inner city. Secondly, in 2010, the International House of Prayer opened their international university campus in the city center. This campus brings in several thousand very racially diverse students, which operate motor vehicles on our city streets on a daily basis.

**Agency response**

The City of Hannibal has both the US 61 and US 36 Highways intersecting within its boundaries. In addition, Hannibal is known as "America's Hometown" and for "Mark Twain" which draws a sizable number of tourists annually. Considering all these factors demonstrates Hannibal's local population as related to race is an inaccurate representation of what local law enforcement officers encounter in the performance of their duties. The statewide population % concerning race is a more accurate representation of the populace officers interact with during the completion of their duties.

**Agency response**

In 2010 our African American minority driving population was estimated to be reflective of the 2000 census population of approximately 2.6% (2010 Census numbers for population demographics of individual cities are unavailable and have not been released at this writing) and car stops on African Americans was approximately 14.2% of all traffic stops. This higher percentage disparity is accounted for by the higher percentage of population from Kansas City, which borders our west city limit, that travel to Independence on a daily basis for jobs, destination shopping, and entertainment. Independence has a new Event Arena, presidential library, waterpark, new Sports Center, Independence Center Mall, the very popular Independence Commons Theatres with stadium seating, Bass Pro Complex, Sam's Warehouse, Lowes, Walmart, Home Depot, Target, J.C. Penny and numerous other new retail stores, restaurants, and hotels to name just a few of the draws to this area. The City of Independence has numerous State and Federal Highways that run through it from outlying Kansas City Metro areas. Also as stated Independence has numerous new shopping centers, entertainment centers and a large Shopping Mall and complex that provide entertainment and jobs for the Metro Area that increase and distort our daytime population. The most recent posted 2009 MODOT traffic volume and commercial vehicle counts of I-70 Hwy alone from our western border with Kansas City eastbound to our eastern border with Blue Springs indicate an average daily vehicle count of 115,802 that enter Independence and only 70,091 that proceed eastward meaning that we have an influx of 45,000 vehicles entering Independence as their destination. Assuming these visitors with business in Independence reflect the demographics of neighboring Kansas City it would be logical to assume our daily minority population is much larger and not representative of the census numbers referring only to those who live here. One other point to consider is that the African American population of Independence is growing. A recent Demographic and Housing Estimate updating the 2000 Census shows a population of 5.2% more than double that of 2000. The Independence Police Department does not tolerate racial profiling. Officers receive annual training on cultural challenges and issues. We are committed to ensuring we maintain accountability and integrity of the racial profiling documentary process which indicates the level of professionalism within the Independence Police Department.

**Agency response**

Some of the contributing factors for the index being over 1 are as follows: Jasper County has several miles of I-44, US 71, State Hwy 96 and State Hwy 43 running through it. We also have 2 major Universities (MSSU, OCC) in our County and several large corporations (Conway Trucking, Tri-State Trucking, Eagle Picher, Leggett and Platt among several other businesses that employ people who do not live in our jurisdiction or state. We border Kansas and Oklahoma. We also have a large mall in Joplin that is in Jasper County. A lot of people traveling through our county, working in our county or going to school in our county do not reside in Jasper County. Our population for Jasper County is approximately 117,404. The Chamber of Commerce estimates that on any given day there are over 200,000 people in our county.

**Agency: Jasper Police Department**

**Population: 719**

age 16 and over

**Agency response**

Disparity indexes have not fluctuated significantly since the data collection began in 2000. However, these numbers should be interpreted cautiously. Specifically, relying on the census population for ages 16 and over as a benchmark does not provide a realistic picture of the driving population in Kansas City, Missouri at any given time. There are several major thoroughfares that run through the city, including I-29, I-35, and I-70 that contain a large percentage of drivers not reflected in the static census population used for comparison purposes. Additionally, Kansas City is contained within a metropolitan population of approximately 2.0 million, which adds to the commuter population on the major thoroughfares. Also, when examining search rates, the probable cause/authority to search reasons should be considered. By design, the form on which the AG office submitted the summary report did not include the new category Stop Outcome "Other", which accounted for 4,608 stops. The Total Stops figure, however, includes stops associated with this new category. Lastly, KCPD views vehicle stop data collection as one of many tools to address the issue of racial profiling. Other tools in use by the department include training, community programs, and policies.

### Agency response

Each year the Ladue Police Department evaluates its traffic-stop data to ensure transparency and policy alignment. The Ladue Police Department uses an internal benchmarking strategy that compares each officer's stops against that of similarly assigned officers. This analysis is designed to identify any officer who appears to be targeting drivers of a specific racial group. Given the transient nature of the motor vehicle traffic traveling in and through Ladue, this is the most appropriate benchmarking strategy available to law enforcement. If an officer appears to be stopping an inordinately high percentage of drivers from one particular racial group over another, then that officer may receive additional supervisory attention, become the subject of an administrative inquiry, be disciplined or terminated. I'm happy to report, that in 2011, no Ladue Police Department officer met these criteria. Although some officers stopped higher percentages of African American drivers than others, an equal number of officers stopped lower percentages of African American drivers. None, however, appeared to be stopping a specific minority group at a level that would be concerning or require action.

**Agency response**

Lafayette County (population of 33,381) adjoins, and is directly east of, Jackson County (population of 674,158), a large metropolitan area. Lafayette County is dissected from east to west by Interstate 70, a major national highway. Motorists stopped for violations in Lafayette County represent a much more diverse population than that of Lafayette County itself.

**Agency response**

Lake Saint Louis is bordered by I-70 to the north and I-64 bisects the south end. A large shopping center is just north of I-64 and a retail district lies directly to the south. Workers routinely travel both Interstate corridors west to the Wentzville GM Plant and to major employers in O'Fallon and points east. Due to these factors, calculating a disparity index based on comparison of ethnicity of drivers stopped with the ethnicity of the city's population may be misleading due to transient traffic.

**Agency response**

The 2010 Census lists the City of Maplewood's total population at 8,046 residents. The City of Maplewood's daytime population is significantly higher because the City has over 450 businesses and our central business district is considered a destination retail and entertainment location. Additionally, the Maplewood Commons Shopping Center, which includes but is not limited to; a Super Walmart and Sam's Club, draws numerous customers from surrounding communities.

### Agency response

Maryland Heights has 1,663 businesses, which employ approximately 40,374 people. The 20,000 seat Verizon Wireless Amphitheater had 328,679 visitors in 2011. The city has 25 hotels with 4,380 rooms. Maryland Heights has 60 liquor establishments selling alcohol by the drink. Finally, the section of I-270 in Maryland Heights has an average daily traffic count reported by MoDOT of 157,483 vehicles, second highest in the state. The annual demographics of the 57,481,295 people employed in Maryland Heights are not known and impact the validity of this report.

**Agency response**

North Kansas City has a list of demographics that make it a challenge to discern meaningful data regarding racial profiling analysis. The city is only 4.5 square miles, with approximately 4,200 residents, however, 6 highways travel through the city limits carrying an estimated 200,000 vehicles a day. Furthermore, the city's daily workforce/daytime population is estimated at 35,000 people at over 1,100 businesses. There is no information regarding the race/sex make up of the daily motorists or the work force. Due to the small size of the department, and the unique "Urban Village" description, we are not able to compare individual officer's statistics with other officers working in a similar environment. We do constantly compare our stop data among our officers, and we also consider the Kansas City, Missouri census data (which surrounds our city limits on all sides) when we are determining the reasonableness of our statistics. Recently, the department conducted research that included demographics from five miles in all directions (simulated city of 100 sq. miles), which resulted in Disparity Indexes close to 1 in all categories.

RACIAL PROFILING DATA/2011

Agency: **NW MO State University Police Dept.** Population:

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	432	354	62	3	5	4	4
Searches	8	5	3	0	0	0	0
Arrests	8	4	4	0	0	0	0
Statewide population %	N/A	82.76	10.90	2.94	1.71	0.41	1.28
Local population %	N/A						
Disparity index	N/A						
Search rate	1.85	1.41	4.84	0.00	0.00	0.00	0.00
Contraband hit rate	50.00	60.00	33.33	#Error	#Error	#Error	#Error
Arrest rate	1.85	1.13	6.45	0.00	0.00	0.00	0.00

**Notes:** Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

**Disparity index** = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

**Search rate** = (searches / stops) X 100.

**Contraband hit rate** = (searches with contraband found / total searches) X 100.

**Arrest rate** = (arrests / stops) X 100.

#Error indicates zero denominator.

**Agency response**

The City of O'Fallon is located in the center of St. Charles County. We have 2 major Interstates – I-70/64 and State Highway 79. O'Fallon also has a major arterial roadway -- MO K -- that connects the 3 highways from north to south and is a major retail corridor. Because of these heavily traveled roadways, our driver population is more diverse than the census population would indicate, making our disparity index artificially high.

**Agency response**

The Old Monroe Police Department has reason to believe there is a discrepancy in the disparity index, as it is rather high. However this is likely due to the large number of non-local commuters traveling Highway 79 through our jurisdiction.

**Agency response**

Olivette is a major corridor for the St. Louis Metropolitan area with major interstates and roadways that pass through or are immediately adjacent to the city. These interstates and roadways are the pipeline connecting thousands of people traveling into and through Olivette for business and pleasure purposes. These roadways also serve thousands of motorists throughout the region traveling to and from various destinations. The motorist stopped for traffic violations are more reflective of the population for the entire metropolitan area rather than the resident population of Olivette.

**Agency response**

The City of Osage Beach is unique in that it lies along the shores of the Lake of the Ozarks, one of the largest man-made lakes in the nation. The City is a major destination resort area and has wide fluctuations in population during the year. The City is also home to Osage Beach Premium Outlets, a shopping mall featuring over 110 stores, which draws tens of thousands of visitors to our city.

**Agency response**

Our alleged higher than proportional incidence of stops of black citizens centers around the fact that there are 6 food processing plants within a 45 minute drive of Sedalia. The workers live in and around Pettis, Johnson and Saline counties and drive to the plants daily. Tyson Foods of Dresden, Missouri is the largest food processing plant in Pettis County. These plants employ a large number of Hispanic and Black workers. Along with this is the fact that the University of Central Missouri is located in Warrensburg, Missouri in Johnson County. A large number of day and evening students from surrounding counties commute to UCM daily and that both US 65 and 50 Highways cross in Pettis County. While our Disparity Index for black traffic stops is 2.1, this is based on a total of 48 stops of black citizens. That is 4 stops of black citizens per month. Our total traffic stops for the year was 818. Vehicle stops by the Sheriff's Office are based on traffic violations observed, not the possible race of the drivers. The vast majority of the time the race of the people stopped is unknown until the vehicle is actually stopped. Searches are conducted based on the actions of the individuals stopped or incident to lawful arrest. Race is not a factor in deciding who will or will not be asked for consent to search or who will be searched incident to arrest.

**Agency response**

While the population of Platte Woods, MO. is only 370 (by the last count), the daily traffic count is well over 100,000 vehicles per day. I-29, MO 9 Hwy, and both outer roads pass through the City, and currently, Kansas City MO. is running a detour through Platte Woods with all north and southbound traffic for Green Hills Road added to the normal load. While no public schools are in Platte Woods, the busses and parental vehicle traffic also passes through.

**Agency response**

The City of Raymore, Missouri, maintains the only 24-hour Wal-Mart Supercenter in the entire south Kansas City metropolitan area. The Supercenter services a number of communities, such as Grandview, Raytown, and south Kansas City, all of which have a more racially diverse population than Raymore. It is the position of the Raymore Police Department that any disparities in the proportion of stops/proportion of population can be attributed to the fact that a large portion of the motoring public do not reside within the city limits of Raymore.

**Agency response**

The City of Richmond Heights is a 2.8 sq. mile city incorporated in 1913 located on the western boundaries of the City of St. Louis. Richmond Heights has three miles of U.S. 64 (Highway 40) running directly thru it. Highway I-170 runs north and south from U.S. 64 to the city limits of Clayton. Located in Richmond Heights are the Galleria Shopping Mall and the new Boulevard Shopping District. The Galleria Mall and the Boulevard generate approximately 11 million shoppers or visitors each year. Richmond Heights also borders the City of Clayton, which is the County Seat for St. Louis County. Thousands of vehicles travel thru Richmond Heights on a daily basis due to its geographic location. Estimated daytime population of Richmond Heights is 26,000.

### Agency response

The City of St. Louis is approximately 62 square miles in size and lies at the core of the largest metropolitan area in the state. The City is comprised of 79 diverse neighborhoods and 105 city parks, and is home to a world-class zoo and other major museums and visitor attractions. The City hosts every home game for our three major sports franchises, a multitude of concerts and theatrical performances at various venues, and a set of large regional cultural events which includes the second-largest Mardi Gras celebration in the country. While the data compiled in this report are informative, it is important to note that the disparity indices represent proportions of the vehicle stops divided by the proportions of racial categories within the resident population only. As a result, a high disparity rate does not serve as proof of racial profiling. Department policy prohibits racial profiling and officers must adhere to the policy. Every commissioned member of the Department receives yearly training against the practice of racial profiling, as required both by state law and by Department policy. This training is further supplemented and reinforced by periodic courses in related topics such as cultural diversity, ethics, and tactical communication. The Department continues to work with its officers, local leaders, and community partners to identify best practices as they relate to vehicle stops.

**Agency response**

While the data compiled in this report is informative, any conclusions drawn from the data must be tempered with common sense. For example, population data used to calculate the disparity index does not include members of the minority community that reside in the City of St. Louis and, therefore, increases the diversity of drivers on the road within St. Louis County. Nor does the data reflect that in a majority of traffic stops, police officers do not know the race of the driver prior to initiating the traffic stop. Our Department policy specifies that race-based detentions, traffic stops, arrests, searches and seizures of property are forbidden. In 2011, our Department received 378,818 calls for service; officers made 20,711 full-custody arrests and 89,151 traffic stops with five complaints of racial profiling. Four of the complaints were unfounded. One case was closed due to the complainant's inability to identify the officer involved. All commissioned officers participate in annual cultural diversity, sensitivity training, and specialized training that prohibits the illegal practice of racial profiling. Supervisors review traffic stop data on a quarterly basis to ensure that officers do not engage in biased based policing.

**Agency response**

The following conditions may influence minority contacts in St. Peters. Interstate Highway 70 and Missouri Highways 94, 370 and 364 pass through or terminate within the City. Mid-Rivers Mall, a major retail development, is located along Interstate 70 and Highway 370. The community is home to several regionally significant office and professional campuses; and employees of local businesses, commuter traffic and retail customers significantly increase the non-resident driving population.

RACIAL PROFILING DATA/2011

Agency: Winfield Police Dept.

Population: 1,043

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	1522	1455	45	13	8	0	1
Searches	104	97	6	1	0	0	0
Arrests	99	93	4	2	0	0	0
Statewide population %	N/A	82.76	10.90	2.94	1.71	0.41	1.28
Local population %	N/A	97.12	0.58	1.05	0.19	0.00	1.05
Disparity index	N/A	0.98	5.14	0.81	2.74	#Error	0.06
Search rate	6.83	6.67	13.33	7.69	0.00	#Error	0.00
Contraband hit rate	45.19	45.36	50.00	0.00	#Error	#Error	#Error
Arrest rate	6.50	6.39	8.89	15.38	0.00	#Error	0.00

**Notes:** Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

**Disparity index** = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

**Search rate** = (searches / stops) X 100.

**Contraband hit rate** = (searches with contraband found / total searches) X 100.

**Arrest rate** = (arrests / stops) X 100.

#Error indicates zero denominator.

Disparity index	N/A	0.99	1.91	0.55	0.65	0.00	0.45
Search rate	12.53	9.88	26.06	40.38	0.00	#Error	14.29
Contraband hit rate	18.58	20.97	10.81	14.29	#Error	#Error	100.00
Arrest rate	6.23	4.38	12.68	32.69	0.00	#Error	14.29

**Notes:** Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

**Disparity index** = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

**Search rate** = (searches / stops) X 100.

**Contraband hit rate** = (searches with contraband found / total searches) X 100.

**Arrest rate** = (arrests / stops) X 100.

#Error indicates zero denominator.
