RACIAL PROFILING DATA 2016

Agency: Belton Police Dept.

Population: 17,256

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	8931	7252	1187	393	41	3	55
Searches	841	535	199	98	4	0	5
Arrests	793	500	192	93	4	0	4
Statewide population %	N/A	82.76	10.90	2.94	1.71	0.41	1.28
Local population %	N/A	84.89	5.29	6.51	1.01	0.61	1.70
Disparity index	N/A	0.96	2.51	0.68	0.46	0.06	0.36
Search rate	9.42	7.38	16.76	24.94	9.76	0.00	9.09
Contraband hit rate	18.55	21.12	16.08	10.20	25.00	#Num!	0.00
Arrest rate	8.88	6.89	16.18	23.66	9.76	0.00	7.27

Notes: Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

Agency response

The City of Blue Springs is located in The Kansas City Metropolitan area along Interstate 70 and US 40 Highways. This route is heavily traveled between Kansas City and St. Louis with both in State and out of State travelers. Within the City, and in close proximity to the Interstate 70 corridor, are many restaurants and retail businesses to include a large shopping complex at Interstate 70 and Adams Dairy Parkway. In addition, the Blue Springs School District attracts a large number of students and visitors who are not actual residents of the City. These daily travelers greatly affect the population levels outside of those reflected in the State population estimates of drivers 16 and over, which in turn has an impact on the disparity index. The City of Blue Springs has made a strong commitment to protect citizens, both residents and non-residents, from racial or bias based profiling. In addition to the mandatory annual Racial Profiling training required by the State of Missouri, the members of the Blue Springs Police Department, both sworn and civilian, have been given additional POST certified training in this area. The Police Department also invites members of the Human Relations Commission to attend those trainings with officers and staff.

Agency response

Boone County's population is growing rapidly, experiencing an increase of over 8.6% since the 2010 census. U.S. Census Bureau data as of July 2016, estimates Boone County's population at 176,594. Boone is one of the fastest growing counties, and Columbia is now the 4th largest city in Missouri. The City of Columbia is the metropolitan center of Boone County and is the home to the state's flagship university, two other smaller colleges and many satellite college campuses. Columbia is the regional hub for employment in the education, medical (5 hospitals), insurance and manufacturing industries. Columbia also hosts multiple shopping, sporting and entertainment venues which draw visitors from all over the country. Boone County has the convergence of two major highways (Interstate 70 and U.S. Highway 63), and its population is greater during the day than at any other time with commuting workers.

Agency response

The City of Bridgeton is located near Lambert Airport and consists of a small residential population. There are three major interstate highways; namely, 70, 270 and 370 that run through the City. Also, US highway 67 (Lindbergh), St. Charles Rock Road and Natural Bridge Road are major thoroughfares which also run through the City of Bridgeton. There is a large transient population and work force with many hotels and large industrial employers with in Bridgeton's boundaries.

Agency response

Clayton is unlike most other cities in St. Louis County. As the County seat, it is home to the County's Courts, Government Center, the Justice Center and many other social services, as well as being home to major corporations and a destination for restaurant and retail businesses. As such, Clayton serves as a hub of economic and governmental activity for the entire region. While this study cites a resident driving population of 13,803 people, Clayton is said to have a daily average population of roughly 46,000 people, which rises to an estimated peak of 70,000-80,000 people. Additionally, using figures from a 2014 study for our Downtown Housing Project, Clayton has an estimated population of 17,593 people living within a one mile radius of City Hall. These numbers increase to 113,679 from 0-3 miles out, and to 297,877 from 0-5 miles out. Using these figures, the minority population is calculated at 9.93%, 29.35%, and 33.85%, respectively. For this reason, using Clayton's residential driving population to determine potential bias doesn't seem to be an appropriate method, as it doesn't take into account the people living, working, and visiting Clayton, either in total numbers or in racial makeup. In tandem with these figures, social scientists say there are a number of other factors which should be considered in attempting to determine potential bias, and trying to do so using only residential driving population seems quite inadequate. Among the various factors cited by Dr. Lori Fridell that should be considered in such a survey are driving quantity, quality and location, all of which are legitimate factors for reviewing car stop data. With all due respect to the methodology used to calculate disparity, we feel these measures, among others, would be appropriate to include in the study data.

Agency response

The City of Cottleville has closer to a population of 5,000 and has grown substantially since the last census. The city has a high school, middle school, elementary school, parochial school, and the St. Charles County Community College located in the city. These places of education add additional numbers to our weekday population. We have added a 4 mile stretch of Highway 364 into our city. It is estimated our day time population is close to 10,000 with an estimated 75,000 travelers through the city limits daily.

Agency response

As every year, I have explained that the main location of our traffic enforcement is on 7th street which comes from the City of Joplin. To truly judge the demographic of our traffic stops, you will need to use the demographic of Joplin and not Duenweg MO. Considering this 21 blacks in a year's time is truly a low figure.

Agency response

The city of Florissant offers several amenities to the citizens of Florissant, which has a population of over 50,000 according to the United States Census Bureau's 2010 figures. Several of the amenities also serve the citizens of north St. Louis County and north St. Louis City. The city of Florissant has several business districts, shopping centers, restaurants, department stores, and grocers, which serve not only the residents of Florissant but the surrounding communities as well. A number of the surrounding communities do not have department stores or grocery stores, therefore, those residents must commute to Florissant to obtain these services. The city of Florissant also has numerous arterial roadways, which include county and state roads as well as portions of interstates, which provide access and travel routes for our citizens and citizens of the surrounding communities. The majority of the traffic stops that the Florissant Police Department conducts are on these arterial roadways. Florissant sees a higher ratio of visiting population due to the significantly higher percentage of African Americans citizens living in the adjacent communities such as Black Jack, Dellwood, Ferguson, Berkeley, and Spanish Lake. The Ferguson Florissant and Hazelwood School Districts both have schools in the city of Florissant that have a student ratio of 87% African American. When all these factors are taken into consideration, the traffic stop data reflected in our annual report is truly representative of the motoring population that traverses the city of Florissant.

Agency response

Frontenac includes a large section of I-64 and a major shopping mall, and is located in the geographic center of St. Louis County. Daytime population increases by tens of thousands of people. The flawed disparity index used by the Attorney General's office uses only individual city demographics, as opposed to more realistic county-wide demographics. This skews the results when viewed in relation to a small City with few minority residents. This is true for other cities within St. Louis County with few Caucasian residents. Obviously, motorists other than Frontenac residents drive on our streets and highways. For years this Department has requested that the comparison formula used be revised to include St. Louis County data. This would clearly show that Frontenac Police traffic stops are directly reflective of St. Louis County demographics. In fact, this years' data would show that 14.6% of our stops were black motorists, while 24% of St. Louis County residents are black, according to the latest US Census. Also, we contract with three neighboring cities for police services, and these stop numbers include stops in those areas. Frontenac Police Officers are committed to protecting and serving fairly, with respect for all people. We appreciate the opportunity to provide a more accurate framework of our traffic stop data.

Agency response

I have studied the summary of racial profiling data sent to me by your office for our police department for the year 2016. I believe there are a number of factors to be considered when analyzing this data and it must be placed in the proper context before drawing any conclusions. The city of Gladstone is characterized as an "inner tier" suburb in the Greater Kansas City Metropolitan area north of the Missouri River. In fact, our city is completely surrounded by the City of Kansas City and law enforcement agencies are impacted by the same challenges found in most major cities in the United States. An interstate highway (Interstate 29) passes through the southern section of our city and a major highway (U.S. 169 Highway) is situated a few hundred feet outside our west city limits. Both are major thoroughfares in the area that bring a significant amount of vehicular traffic into and through Gladstone daily. There are several apartment complexes located within the city limits of Kansas City immediately adjacent to the City of Gladstone. Several of these apartment complexes are accessible only by way of Gladstone city streets, generating significant motor vehicle traffic-including minority drivers-through Gladstone that are not reflected in the recorded demographics for the City of Gladstone. In addition, the City of Gladstone experiences considerable vehicular traffic that originates and/or terminates within Kansas City and/or the surrounding metropolitan area (both Missouri and Kansas). This is evidenced by an analysis of traffic accidents investigated by our agency. When examining accident statistics for the City of Gladstone for the calendar year 2016; the data reveals 73% of the drivers involved in traffic accidents are non-residents of Gladstone. Gladstone residents account for 27% of the drivers involved in traffic accidents. The combination of freeway access, being surrounded by Kansas City, the concentrations of minority tenants in apartment complexes proximal to Gladstone, the visitor traffic generated by these apartments, and traffic generated from outside our city, attracts a higher percentage of motorists-including minorities-than the proportion of the minority residents of the city would suggest in the data recorded. The traffic accident data clearly supports the conclusion that nearly three-fourths of the vehicular traffic in Gladstone is non-residents of the city and therefore the conclusions drawn by analyzing traffic stops is flawed when comparing the data against the recorded minority population living in Gladstone. In light of recent events focused on law enforcement and disparate treatment of people of color in the United States, additional emphasis has been placed on educating our police officers. In addition to the annual online racial profiling training offered online through Police Legal Sciences (Biased-based Profiling/Racial Profiling & Impartial Policing) that meet the minimum requirements from Missouri Peace Officers Standards and Training (POST), all Gladstone officers were required to participate in "Racial Profiling 200: Cultures-Oriented Community Policing" and "Racial Profiling 300: Minority

Cultures-Oriented Community Policing” in 2015. This training was presented by Dr. Emmanuel Ngomsi, Ph.D.-President of All World Languages and Cultures. Dr. Ngomsi designs and delivers training to local law enforcement officers on the subject of interacting with different cultures in the community. In May 2017, all sworn Gladstone police officers will be required to attend an eight –hour training course entitled “Implicit Bias and Cultural Diversity Considerations for Law Enforcement” presented by Midwest Police Consultants, LLC. Gladstone officers are also required to take online training courses from the city’s liability insurance provider, Midwest Public Risk, on topics such as “Racial Profiling,” “Racial Profiling for Missouri,” and “Working With Minority Communities.” We have also required officers to attend “Avoiding Racial Profiling by Fair and Impartial Policing” offered by the Kansas City Metropolitan Community College-Blue River Public Safety Institute. Focused training on “bias awareness” for police officers is vitally important in creating an understanding of this subject and its impact on a community. Gladstone Department of Public Safety has established, and vigorously enforces, policies to ensure minorities are not disproportionately subjected to stops or arrests by our police officers. These policies are reinforced by active/involved supervision and training of our law enforcement personnel to ensure racial profiling and other discriminatory behavior does not occur in the department. Thank you for allowing me the opportunity to respond to the Attorney General’s report to the Governor and General Assembly.

Agency response

Although the City of Glendale is a small bedroom community within the I-270 corridor of St. Louis County, Missouri thousands of motorist travel through Glendale each and every day. Three major shopping centers, which are located nearby, increase the daily traffic flow, adding to the normal commuters travelling to and from work, school and play within our community. Our northern border is Missouri State Highway 100 (Manchester Road), which is a major east – west thoroughfare in the St. Louis Metropolitan area, with over 30,000 vehicles traveling it each day on average. We have two county arterial roadways (Berry Road & Lockwood Avenue) within the city as well, both averaging over 10,000 vehicles per day. We are within a half-mile of Interstate 44, which allows for easy access to the City of St. Louis and other Interstate systems in the St. Louis Metropolitan area. Therefore a large number of the motorists travelling through the City of Glendale are not residents of our community and may not necessarily represent the racial breakdown of the City of Glendale community itself. We are a small city with major metropolitan motor vehicle traffic.

Agency response

The City of Hannibal has both the US 61 and US 36 highways intersecting within its boundaries. In addition, Hannibal is known as "America's Hometown" and for "Mark Twain" which draws a sizable number of tourists annually. Considering all these factors demonstrates Hannibal's local population as related to race is an accurate representation of what local law enforcement officers encounter in the performance of their duties. The statewide population % concerning race is a more accurate representation of the populace officers interact with during the completion of their duties.

Agency response

Independence is the fifth-largest city, county seat and immediate suburb of Kansas City, with a 2010 US Census population of 116,830. The ten major Interstates, highways and roadways allow direct access to the multiple racially diverse Kansas City metropolitan attractions located in the community; President Truman National Library and home, Sports Arena, Event Center, Chrysler Baseball Stadium, colleges, community festivals, "super-regional" shopping mall and retail area, "mega" movie theater complex, multi-cultural dining venues and Community of Christ International Headquarters. The City of Independence, 2016 disparity index has remained consistent with the past four years as the metropolitan attractions and thirty-one low income housing apartment complexes have influenced the racial composition of the motoring public to the community. The Independence Police Department is a professional law enforcement agency that does not permit racial profiling. Officers receive annual training on cultural challenges and issues. We are committed to ensuring we maintain accountability and the integrity of the racial profiling documentary process in compliance with Missouri State Statute.

Agency response

Disparity indexes have not fluctuated significantly since the data collection began in 2000. However, these numbers should be interpreted cautiously. Specifically, relying on the census population for ages 16 and over as a benchmark does not provide a realistic picture of the driving population in Kansas City, Missouri at any given time. There are several major thoroughfares that run through the city, including I-29, I-35, and I-70 that contain a large percentage of drivers not reflected in the static census population used for comparison purposes. Additionally, Kansas City is contained within a metropolitan population of approximately 2.1 million, which adds to the commuter population on the major thoroughfares. Also, when examining search rates, the probable cause/authority to search reasons should be considered. By design, the form on which the AG Office submitted the summary report did not include the category Stop Outcome "Other", which was a factor involving 5,493 stops. Lastly, KCPD views vehicle stop data collection as one of many tools to address the issue of racial profiling. Other tools in use by the department include training, community programs, and policies.

Agency response

Interstate 35 runs through the center of Kearney with exits onto 92 Highway where a large, high-volume truck stop is located. State Highways 33 and 92 intersect in Kearney city limits just east of I-35. Within a five-mile radius of the city limits of Kearney are a large number of subdivisions that have a population of more than 18,000 people. Most of these people use the Mo. 33, Mo. 92 and I-35 routes on a daily basis.

Agency response

Kirksville is home to two major universities whose enrollment data is not totally reflected in the census figure. Truman State University has 712 students listed as other than white. They also have an additional 443 international students not included in the 712. ATSU enrollment for the fall of 2016 has 26% listed as non-white. The majority of ATSU students, 99%, come from outside the Kirksville area. The City of Kirksville has seen a significant increase of families from the Democratic Republic of the Congo since the 2010 census report. As an example, the Kirksville RIII School District reports 115 such students enrolled in K-12 for the 2016-2017 school year. Kirksville is located on one of the few major north-south highways (Highway 63) that services northern Missouri and southern Iowa. Kirksville is the largest city for miles and is the cultural/economic hub for a very large area. This expands the pool of those not counted in the city's census information.

Agency response

Lafayette County has major highways and one interstate running through our county. U.S. Highway 24, Highway 13, and Interstate 70 are frequently patrolled by our deputies, where a high volume of traffic stops occur. The demographic make-up of the motoring public on these roadways is not the same demographic make-up of our general population, which happens to be mainly Caucasian. That said, our traffic enforcement on these roadways does not include only local residents.

Agency response

The city of Lake Saint Louis is bordered by I-70 to the north and I-64 bisects the south end with a recent addition of Hwy 364 as a new connector highway throughout St. Charles County. A large shopping center is just north of I-64 and a retail district lies directly to the south. Workers routinely travel both interstate corridors west to the Wentzville GM Plant and to major employers in O'Fallon and other points east. Additionally, the population of our city is greater than indicated from the 2010 census results. Per the Census Bureau, the 2013 results indicate a population of 14,831. Due to these factors, calculating a disparity index based on comparison of ethnicity of drivers stopped with the ethnicity of the city's population may be misleading due to the transient traffic.

RACIAL PROFILING DATA 2016

Agency: Lake Tapawingo Police Dept.

Agency response

US Hwy 50 runs through the middle of Linn and State Technical College of Missouri is located right outside of Linn. These two factors allow for a much greater diversity of people traveling through the city, than what our regular population is.

RACIAL PROFILING DATA 2016

Agency: Livingston County Sheriff's Dept.

Population: 12,259

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other

Agency response

The City of Maplewood borders the City of St. Louis and has three heavily traveled thoroughfares within its city limits, which includes Manchester Rd., Hanley Rd. and Big Bend Blvd. The City of Maplewood has two Metrolink stations within its city limits: Metro Maplewood at 7911 Manchester Rd. and Maplewood Sunnen at 21 Sunnen Dr. The City of Maplewood currently has (564) businesses within its jurisdiction, and is home to two major retail shopping centers and a vibrant downtown business district. A Missouri Department of Revenue Office and other State of Missouri offices are located within the Maplewood city limits. Sunnen Business Park & Products Company is located within the Maplewood city limits. The St. Louis County Board of Elections Commissioners office is located in Sunnen Business Park at 12 Sunnen Dr. The Maplewood-Richmond Heights High School is located in the City of Maplewood. The City of Maplewood and Mid-County Chamber of Commerce hosts several community events throughout the year that attracts large crowds of visitors to the city.

RACIAL PROFILING DATA 2016

Agency: Missouri Dept. of Conservation

Population:

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	411	391	12	5	2	0	1
Searches	138	135	2	0	1	0	0
Arrests	41	39	1	1	0	0	0
Statewide population %	N/A	82.76	10.90	2.94	1.71	0.41	1.28
Local population %	N/A						
Disparity index	N/A						
Search rate	33.58	34.53	16.67	0.00	50.00	#Num!	0.00
Contraband hit rate	33.33	34.07	0.00	#Num!	0.00	#Num!	#Num!
Arrest rate	9.98	9.97	8.33	20.00	0.00	#Num!	0.00

Notes: Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

Agency response

The City of O'Fallon is located in the center of St. Charles County. We have 2 major Interstates- I-70/64, Route 364 and State Highway 79. O'Fallon also has a major arterial roadway- MO K- that connects the 4 highways from north to south and is a major retail corridor. Because of these heavily traveled roadways, our driver population is more diverse than the census population would indicate, making our disparity index artificially high.

Agency response

Raymore is a rapidly growing community and the population continues to increase significantly, far above the numbers used for comparison from the 2010 census. The Community Development Director for the City of Raymore provided the official population estimate as 20,374 as of July 1, 2015. This number is provided to the City each May for the previous year by the U.S. Census Bureau. As such, the population estimate for the previous year is never available at this time when our response is required to the Office of the Attorney General. In 2016, the City of Raymore issued 199 permits for new single family homes, 4 duplex units and 12 multi-family dwelling units. The number of new single family homes in 2015 was 123, 2014 was 97, 2013 was 110, and 2012 was 68. Economic development has also continued to increase dramatically both in Raymore and several surrounding communities, with the addition of several big box stores, restaurants and other retail venues drawing a transient and diverse customer base to the area. A large retail store continues to be the highest "call for service" and arrest location in our community. This store is one of the only 24-hour operations found in the southern Kansas City metropolitan area. It is located in the same complex of shops as a large wholesale store that relocated to Raymore from a more urban community in 2013. The total number of traffic stops increased from 4,816 in 2015 to 5,397 in 2016, representing an overall increase of 581 or 12%. Raymore borders communities such as Kansas City, Belton and Grandview with considerably larger and more diverse populations.

Agency response

The City of Raytown is approximately 10 square miles in size and is bordered by Kansas City, Missouri and Independence, Missouri. The City of Raytown has five major thoroughfares within the city limits which include 350 Hwy, Raytown Road, Blue Ridge Blvd, Blue Ridge Cutoff and 63rd Street. A Missouri Department of Revenue, Wal-Mart Supercenter, along with other shopping areas are located in Raytown. The Raytown School District serves a population of 60,000 while our city has a population of approximately 29,481. All of our commissioned members of the Department receive annual training against the practice of racial and bias-based profiling, as required by State law.

Agency response

The Riverside Police Department by policy and practice prohibits racial profiling. There are factors which dramatically increase the driving population above Riverside's cited driver-eligible population. Those factors include: a daytime population which grows by 87%; the presence of a riverboat casino; bordering on two major metropolitan cities (Kansas City, MO and Kansas City, KS); and state and federal highway routes traveling through the City with a daily traffic count approaching 300,000 vehicles.

Agency response

The Shrewsbury Police Department, an internationally CALEA accredited organization, is committed to the fair treatment of all citizens and visitors of our community. We support the Missouri Attorney General's efforts to better understand traffic enforcement activity and patterns. However, since the data in the Attorney General's report is descriptive in nature and not interpretive, further analysis of traffic stops, arrests, searches and contraband hit rates is needed so that more meaningful interpretations of the data can be made. Race-neutral explanations need to be considered and ruled out before any possible conclusions relating to disparate treatment can be drawn. Furthermore, we believe it would be more prudent to examine traffic enforcement activity in terms of the population that travels upon a community's roadways rather than its resident population. This would allow the data to then be examined in a much more appropriate context that would take into account the diversity of the surrounding region and the uniqueness of the motoring population of each individual community.

Agency response

We have two major truck stops (TA, Loves) in our jurisdiction, along with several trucking companies. Interstate 44 also runs directly through our jurisdiction. Town and Country Police Department-Thank you for the opportunity to provide an explanation regarding the 2016 summary of racial profiling data for the City of Town and Country. It is unfortunate that our disparity index is based upon the population demographics of the City of Town and Country, which has a population of approximately 11,000 people with an African American population of 2.69 percent. Nearly 400,000 motorists travel through our city limits each weekday with the second most voluminous interchange in the state (Interstate 64 and I-270). Our motoring public is reflective of the demographics of the state and St. Louis County, which are comprised of African American populations of approximately 11 and 19 percent respectively. The traffic stop data for Town and Country Police Officers indicates that approximately 4 percent of the motorists stopped are residents of Town and Country. The natural implication of this statistic is that the ratio of the race of motorists stopped for violations would reflect state and county demographics, not the City of Town and Country. The Town and Country Police Department is committed to the fair and impartial application of the law while attempting to maintain a safe environment for all people who travel in and through our City limits. A careful examination of the data indicates that our practice matches this policy.

RACIAL PROFILING DATA 2016

Agency: Warren County Sheriff's Dept.

Population: 25,334

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	2194	2063	91	22	8	1	9
Searches	218	195	18	4	0	0	1
Arrests	99	82	14	3	0	0	0
Statewide population %	N/A	82.76	10.90	2.94	1.71	0.41	1.28
Local population %	N/A	94.19	1.76	2.37	0.43	0.34	0.91
Disparity index	N/A	1.00	2.36	0.42	0.84	0.14	0.45
Search rate	9.94	9.45	19.78	18.18	0.00	0.00	11.11
Contraband hit rate	21.56	21.03	27.78	25.00	#Num!	#Num!	0.00
Arrest rate	4.51	3.97	15.38	13.64	0.00	0.00	0.00

Notes: Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

Agency response

In regards to the racial profiling data, it should be noted that the population noted on the racial profiling data is incorrect. The estimated population from the 2010 Census is 4,830. According to the United States Census Bureau the estimated population of Waynesville as of July 1, 2014 is 5,365. The City of Waynesville includes Waynesville Regional Airport at Forney Field, providing the community with air service. Although it is on Fort Leonard Wood, it is jointly run by the cities of Waynesville and Saint Robert and is available for civilian and commercial service. The major east-west routes near Waynesville are Interstate 44: before that, the main highway was US Route 66, which still exists as a scenic route through the area and passes through the Devil's Elbow, St. Robert, Waynesville, Buckhorn, and Hazelgreen. The major north-south routes near Waynesville are: Route 17 which crosses Interstate 44 at exit 153 at Buckhorn, runs east through Waynesville, turns north to Crocker and then runs north out of the county to Iberia. South of Interstate 44, Highway 17 hugs the western edge of Fort Leonard Wood, passes near Laquey, and circles south of the post until it runs out of the county and joins Highway 32 in Roby. Highway T which runs north from Highway 17 at Waynesville to Swedeberg, where it meets and ends at Highway 133, between Richland and Crocker. Major attractions along US Route 66 include: the Old Stagecoach Stop in downtown Waynesville, which is now a museum but began as a tavern and boarding house and is the oldest standing structure in the county. The Old Courthouse Museum in downtown Waynesville is near the Old Stagecoach Stop. Seven main school districts are fully or partially within the borders of Pulaski County, not counting two small districts which are mostly within other counties and only have a few dozen residents within Pulaski County. All seven school districts have a high percentage of Fort Leonard Wood military dependents, and over two-thirds of Waynesville students fall into that category. The cities of Waynesville, St. Robert and Fort Leonard Wood along with their surrounding rural areas running east to Devil's Elbow, are served by the Waynesville R-VI School District which is by far the largest in the county. There are currently 5,716 students and 1,026 staff members at the school on a daily basis. The City of Waynesville borders Fort Leonard Wood and is the main entry to Fort Leonard Wood's West Gate. Fort Leonard Wood is a census designated place (CDP) in Pulaski County, Missouri, United States. The population per the United States Census Bureau was 15,061 at the 2010 census. The racial makeup of the CDP was 70.6% White, 16.5% African American, 1% Native American, 2.6% Asian, 0.7% Pacific Islander, Hispanic or Latino of any race were 14.6% of the population this as per the United States Census Bureau's data. I believe all of the information presented may provide additional information in order to clarify the data and provide a more accurate reflection of the demographics of our driving population.

I hope this information will improve our ability to provide a more balanced report to the public.

Agency response

The following is offered to help put the data in a fuller context. Within the City limits are six (6) major chain hotels and three (3) major chain car rental agencies who employ minorities as a large percentage of their work force. Woodson Terrace is bordered to the East by the City of Berkeley, who has a large minority population. Located within the City limits we have Columbia College, one (1) Mexican Restaurant, one (1) Mexican bakery, two (2) Mexican grocery stores, all of which brings a large minority population. Interstate I-70 and State highway 115 travel East and West through the City and State Highway EE travels North and South. These major routes connect Woodson Terrace to the surrounding and outlying areas. The Northern City limits adjoin Lambert St. Louis International Airport and the Metrolink, which attracts a diverse segment of the population, to include Black and Hispanic, with access gained via Interstate I70 and State Highway 115.

Agency response

RACIAL PROFILING DATA 2016

Agency: Wright City Police Dept.

Population: 2,274

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	1727	1505	151	59	4	0	8
Searches	124	101	15	8	0	0	0
Arrests	66	52	12	2	0	0	0
Statewide population %	N/A	82.76	10.90	2.94	1.71	0.41	1.28
Local population %	N/A	86.68	5.10	6.42	0.53	0.22	1.06
Disparity index	N/A	1.01	1.71	0.53	0.44	0.00	0.44
Search rate	7.18	6.71	9.93	13.56	0.00	#Num!	0.00
Contraband hit rate	23.39	21.78	33.33	25.00	#Num!	#Num!	#Num!
Arrest rate	3.82	3.46	7.95	3.39	0.00	#Num!	0.00

Notes: Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.
