2.1 Adair County Sheriff's Dept

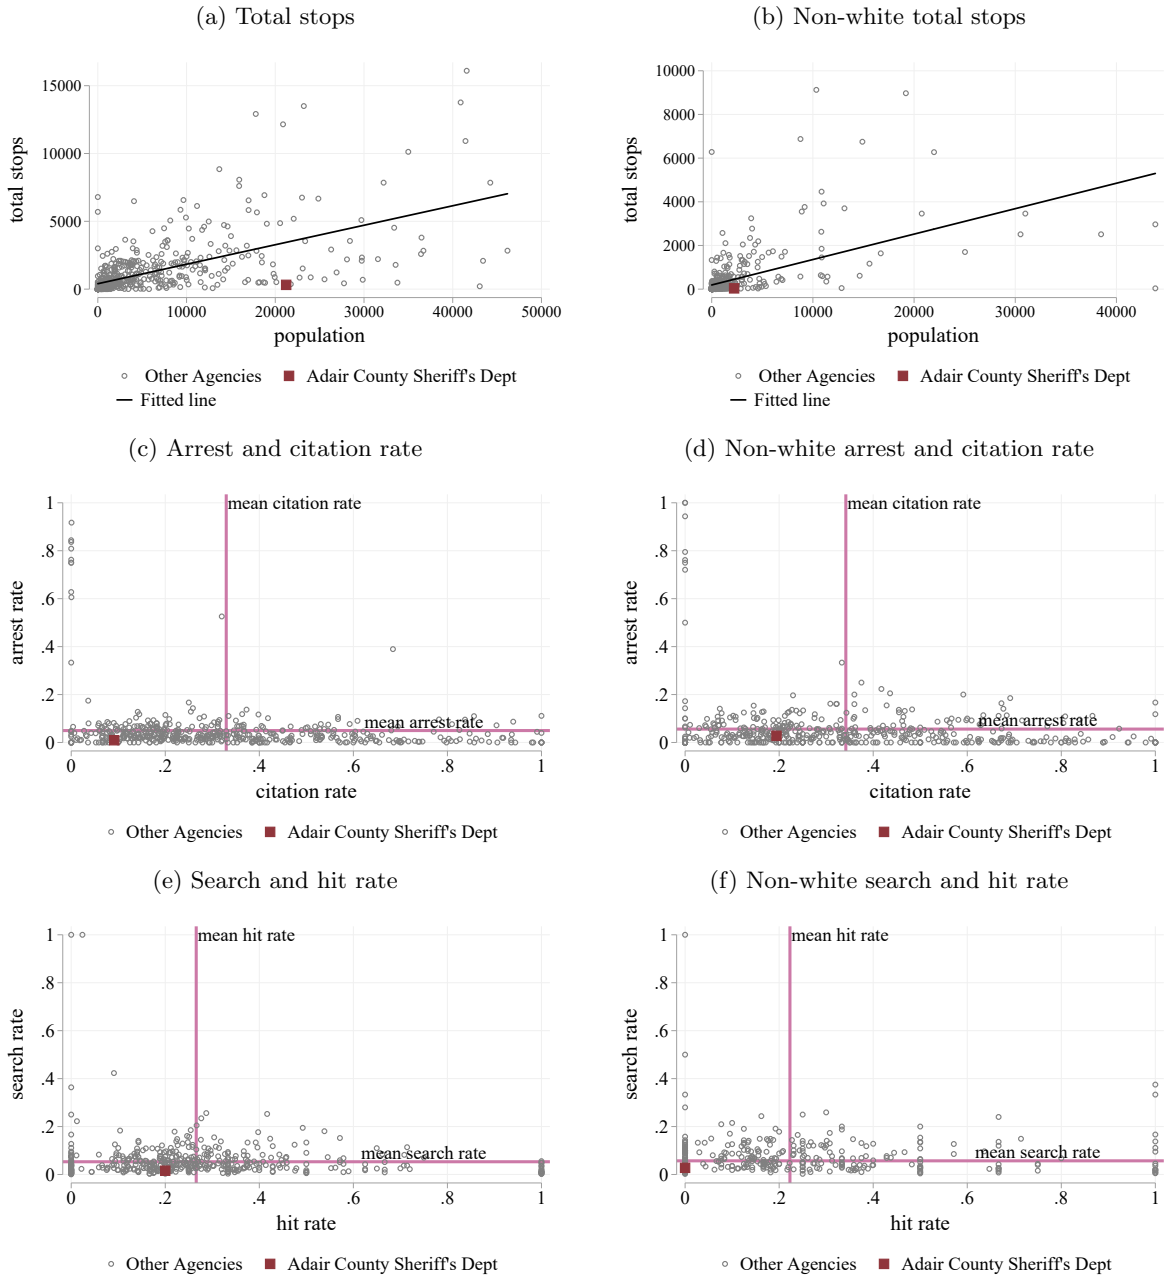
Table 1: Rates by Race for Adair County Sheriff's Dept

	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	21228	19013	721	535	94	422	663
2022 ACS pop. %	100	89.57	3.4	2.52	.44	1.99	3.12
2020 Decennial pop.	20460	17634	922	499	35	616	754
2020 Decennial pop. %	100	86.19	4.51	2.44	.17	3.01	3.69
Totals	.	.	.	.	.	.	.
All stops	317	281	25	8	0	2	1
Resident stops	196	171	20	3	0	2	0
Searches	5	4	1	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	3	2	1	0	0	0	0
Citations	29	22	5	2	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	1.49	1.48	3.47	1.5	0	.47	.15
Stop rate, residents	.92	.9	2.77	.56	0	.47	0
Search rate	1.58	1.42	4	0	.	0	0
Contraband hit rate	20	25	0	.	.	.	.
Arrest rate	.95	.71	4	0	.	0	0
Citation rate	9.15	7.83	20	25	.	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Adair County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

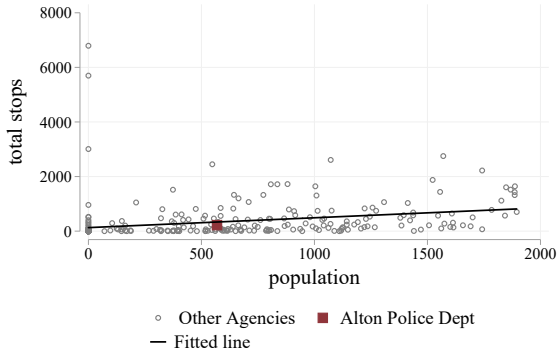
Stop rate, residents	34.97	38.34	0	0	0	0	0
Search rate	10.86	10.86	.	.	.	.	.
Contraband hit rate	29.17	29.17	.	.	.	.	.
Arrest rate	6.79	6.79	.	.	.	.	.
Citation rate	35.29	35.29	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

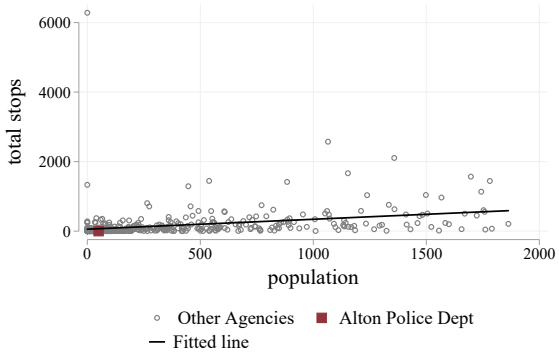
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Alton Police Dept

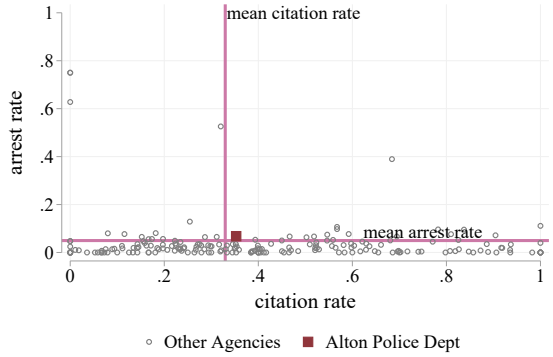
(a) Total stops



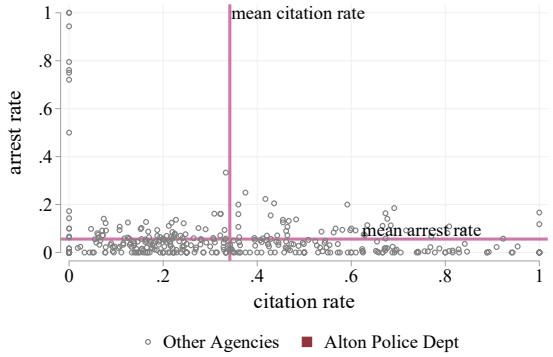
(b) Non-white total stops



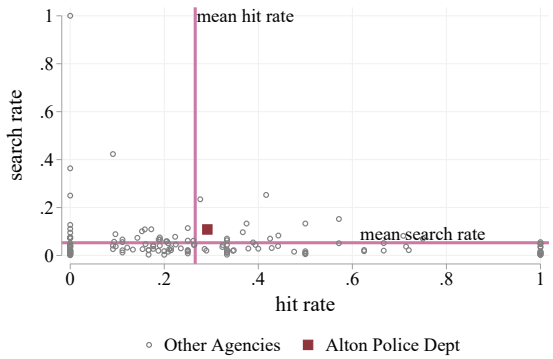
(c) Arrest and citation rate



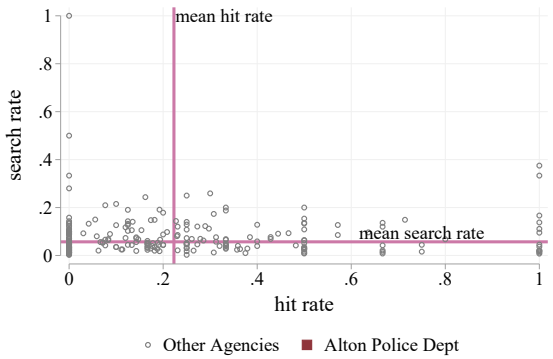
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

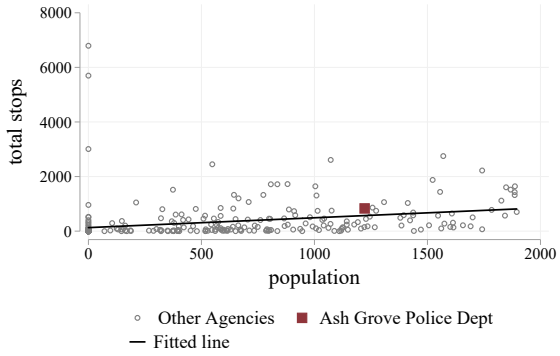
Arrest rate	3.49	3.55	5.88	0	.	0	0
Citation rate	14.3	14.58	0	12.5	.	20	20

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

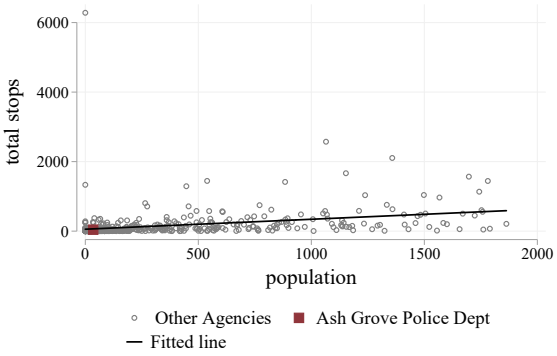
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Ash Grove Police Dept

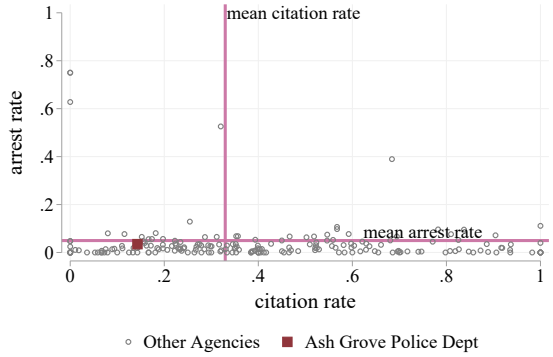
(a) Total stops



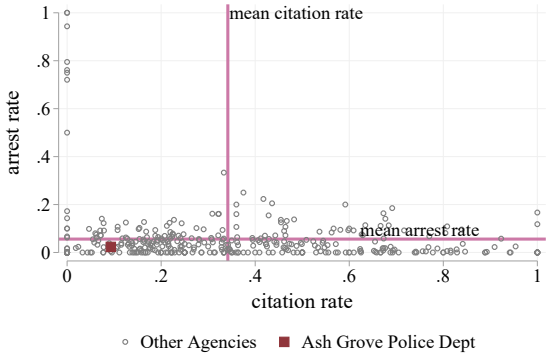
(b) Non-white total stops



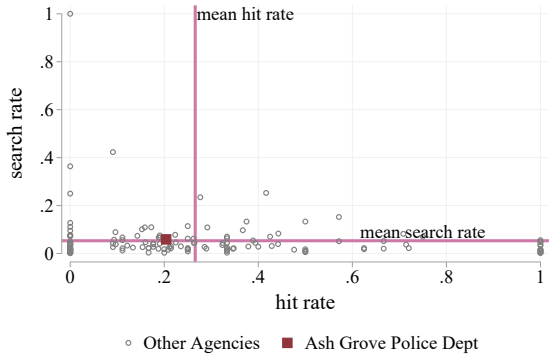
(c) Arrest and citation rate



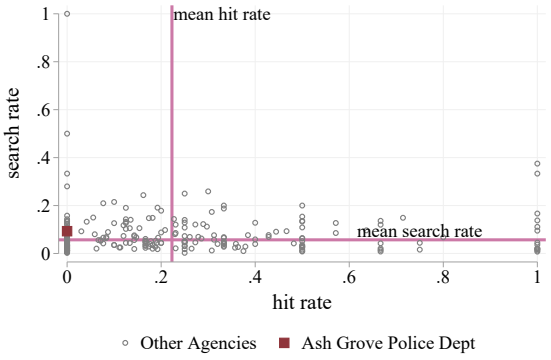
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

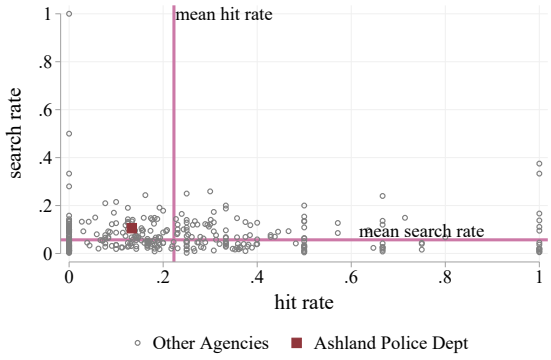
(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

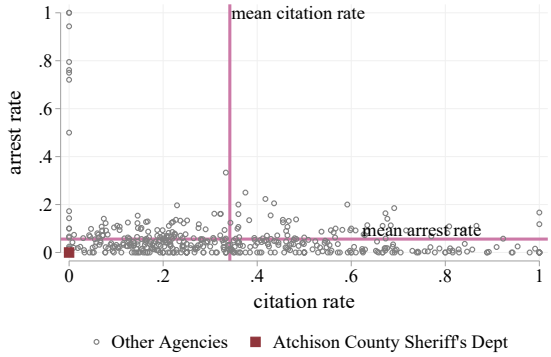
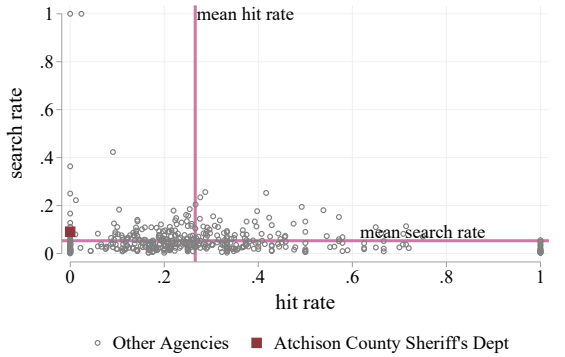
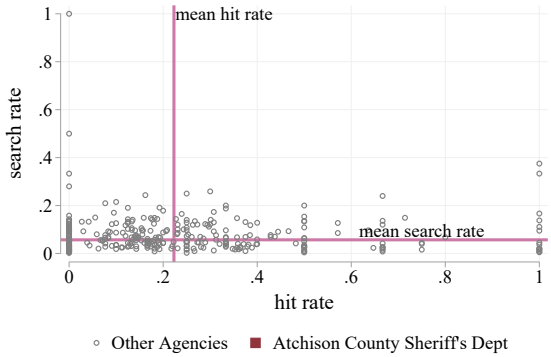
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

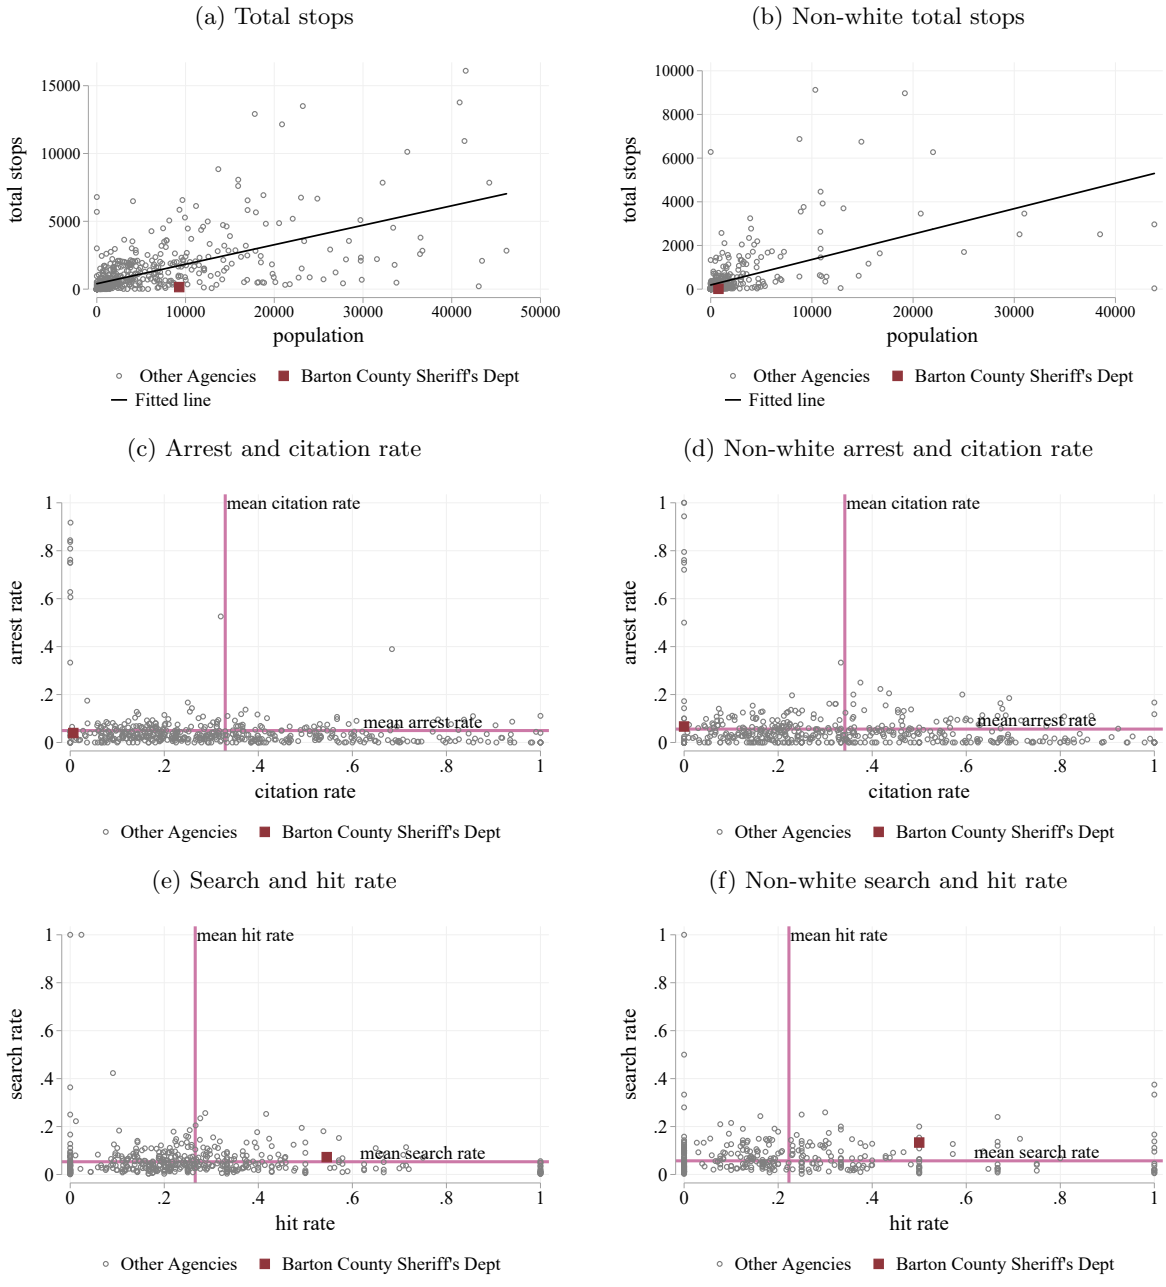
Figure 1: Comparison to other agencies by population for Barton County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

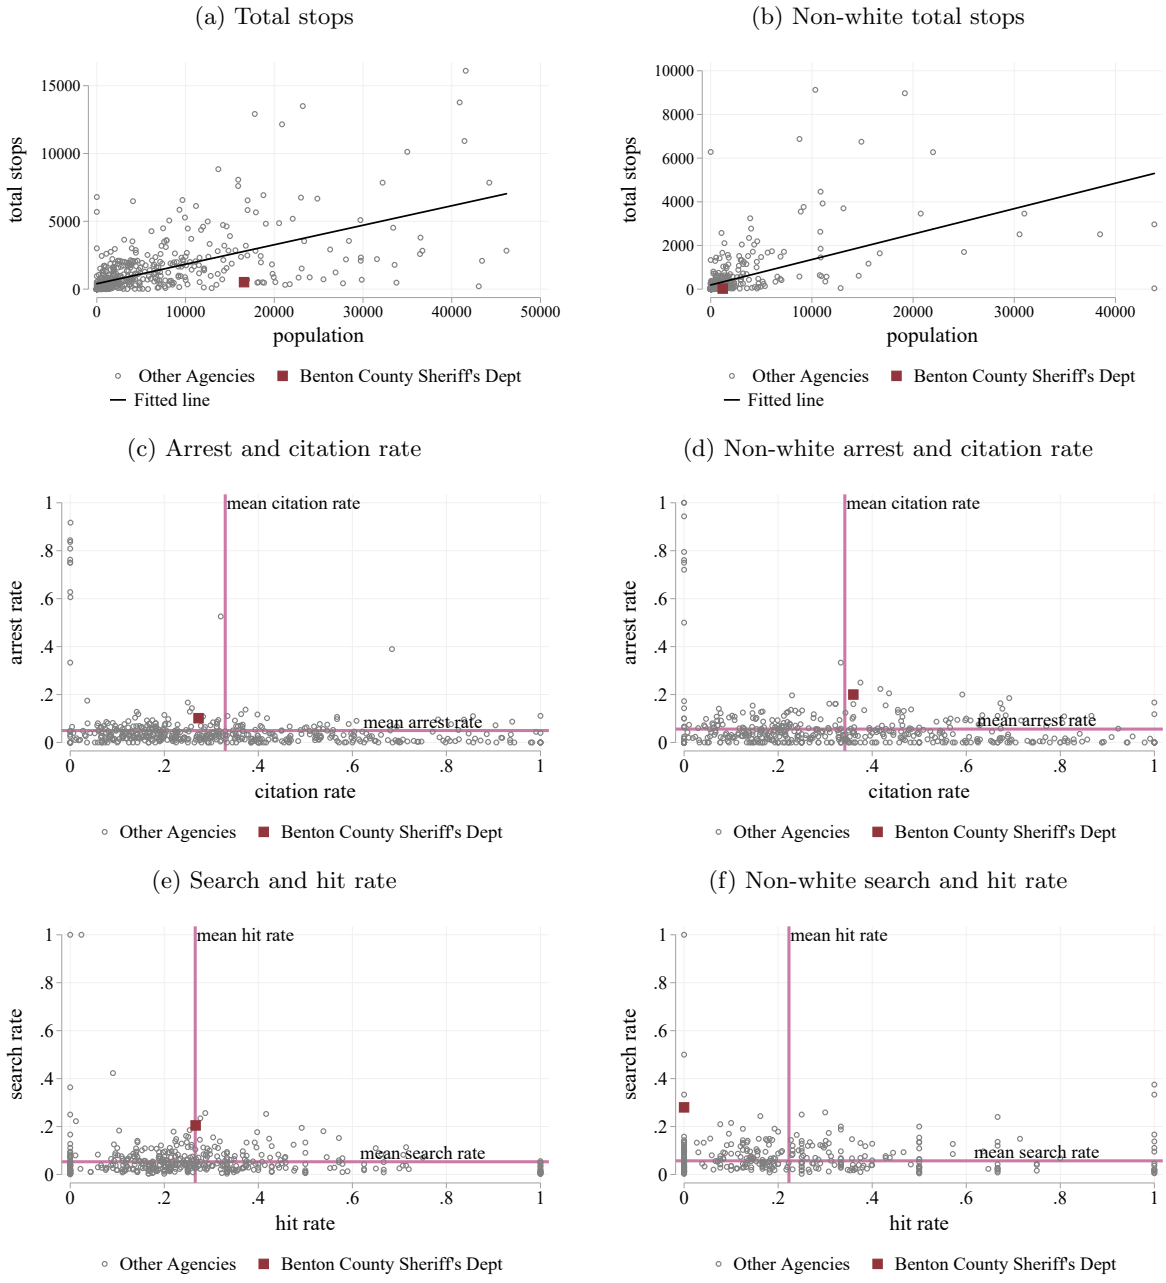
Arrest rate	10.14	9.63	25	11.11	.	.	.
Citation rate	27.29	26.84	43.75	22.22	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Benton County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

2.34 Bloomfield Police Dept

Table 1: Rates by Race for Bloomfield Police Dept

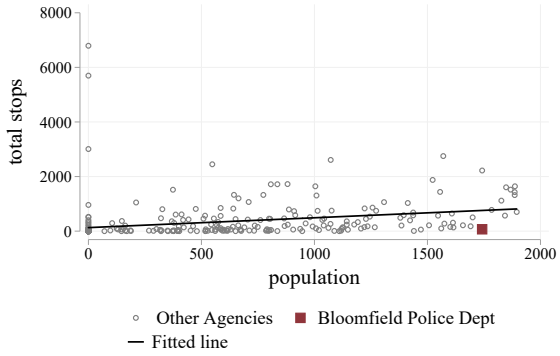
	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	1742	1694	13	24	0	0	11
2022 ACS pop. %	100	97.24	.75	1.38	0	0	.63
2020 Decennial pop.	1350	1280	11	15	1	4	39
2020 Decennial pop. %	100	94.81	.81	1.11	.07	.3	2.89
Totals	.	.	.	.	.	.	.
All stops	68	68	0	0	0	0	0
Resident stops	11	11	0	0	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	24	24	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	3.9	4.01	0	0	.	.	0
Stop rate, residents	.63	.65	0	0	.	.	0
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	.	.	.	.
Citation rate	35.29	35.29	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

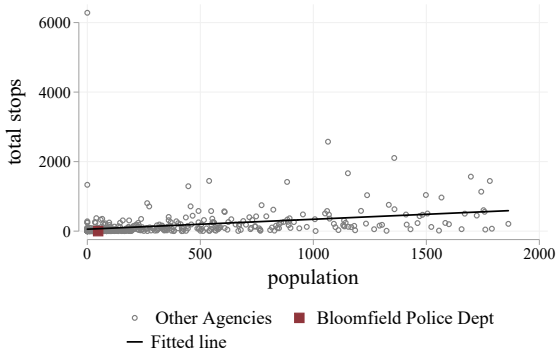
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Bloomfield Police Dept

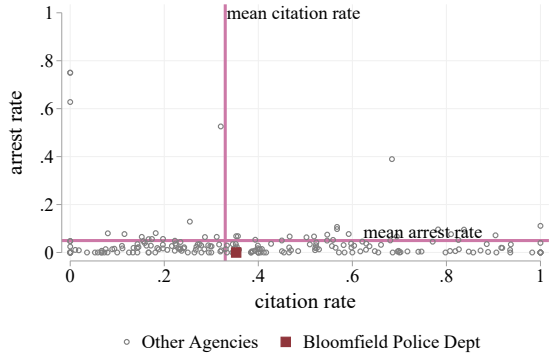
(a) Total stops



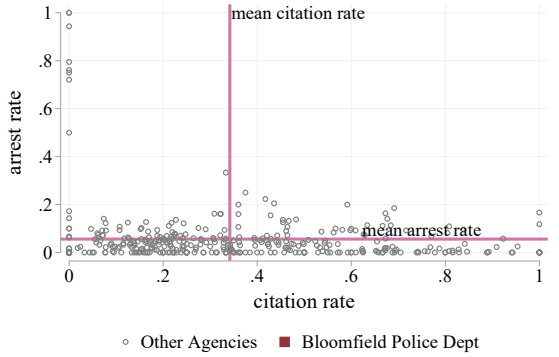
(b) Non-white total stops



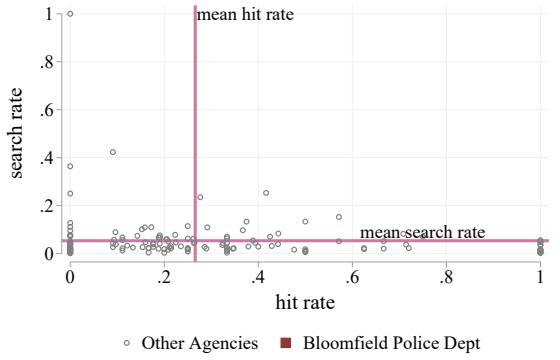
(c) Arrest and citation rate



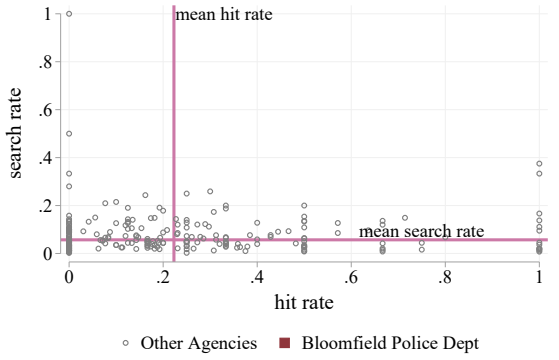
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

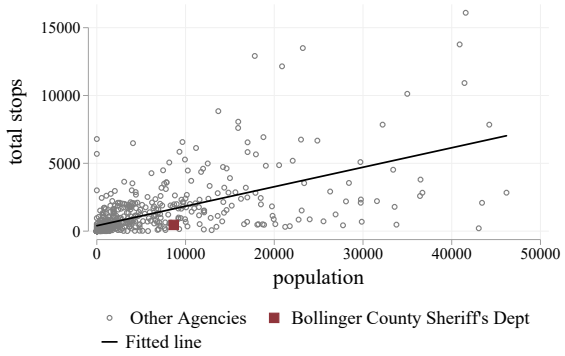
All stops	460	452	4	3	1	0	0
Resident stops	304	303	0	0	1	0	0
Searches	50	50	0	0	0	0	0
Contraband	7	7	0	0	0	0	0
Arrests	17	17	0	0	0	0	0
Citations	55	55	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	5.3	5.55	7.55	2.26	5.88	0	0
Stop rate, residents	3.5	3.72	0	0	5.88	0	0
Search rate	10.87	11.06	0	0	0	.	.
Contraband hit rate	14	14	.	.	.	.	.
Arrest rate	3.7	3.76	0	0	0	.	.
Citation rate	11.96	12.17	0	0	0	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

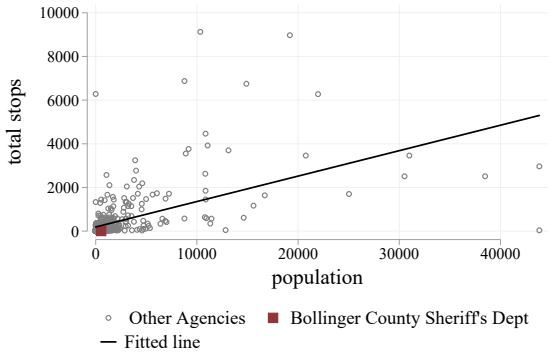
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Bollinger County Sheriff's Dept

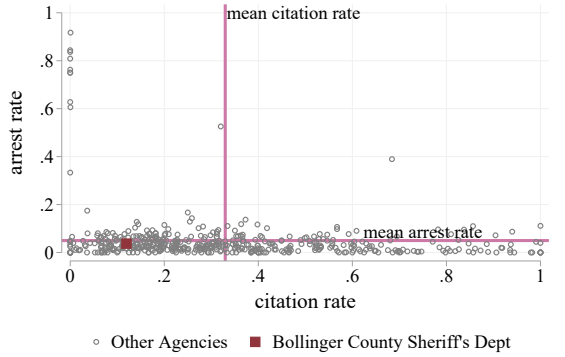
(a) Total stops



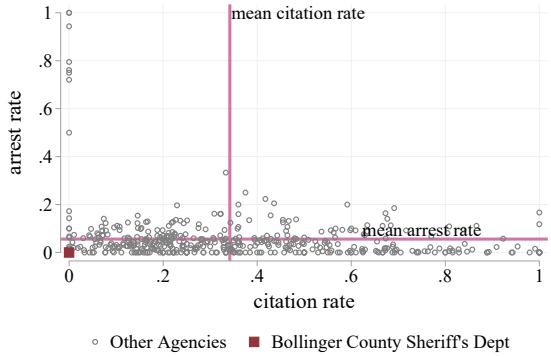
(b) Non-white total stops



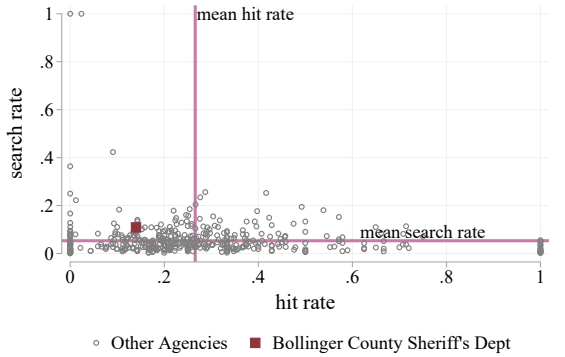
(c) Arrest and citation rate



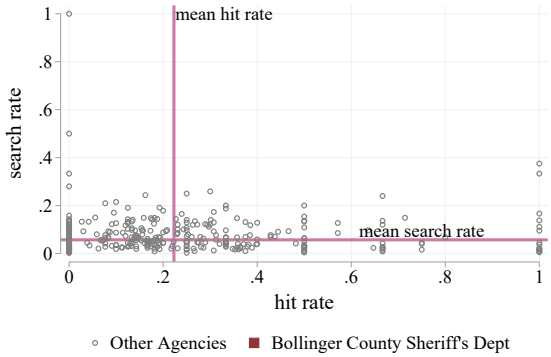
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

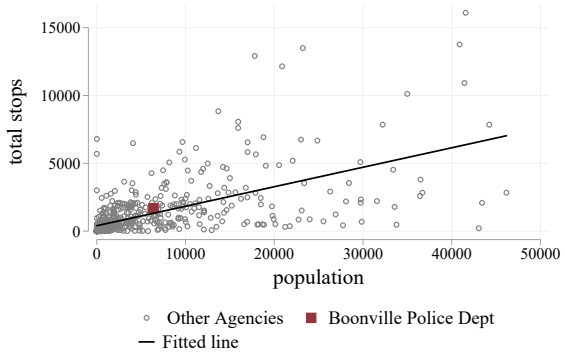
2022 ACS pop. %	100	82.18	10.61	2.73	.19	.66	5.15
2020 Decennial pop.	6297	5060	723	123	23	35	333
2020 Decennial pop. %	100	80.36	11.48	1.95	.37	.56	5.29
Totals	.	.	.	.	.	.	.
All stops	1690	1380	262	17	2	17	12
Resident stops	662	539	116	2	0	4	1
Searches	128	90	37	1	0	0	0
Contraband	40	29	11	0	0	0	0
Arrests	110	71	36	1	0	0	2
Citations	619	478	123	3	2	5	8
Rates	.	.	.	.	.	.	.
Stop rate	26.51	26.35	38.76	9.77	16.67	40.48	3.66
Stop rate, residents	10.39	10.29	17.16	1.15	0	9.52	.3
Search rate	7.57	6.52	14.12	5.88	0	0	0
Contraband hit rate	31.25	32.22	29.73	0	.	.	.
Arrest rate	6.51	5.14	13.74	5.88	0	0	16.67
Citation rate	36.63	34.64	46.95	17.65	100	29.41	66.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

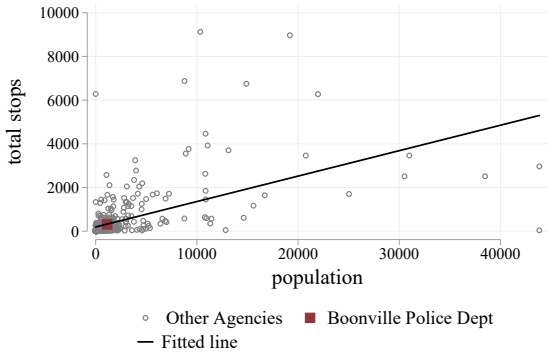
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Boonville Police Dept

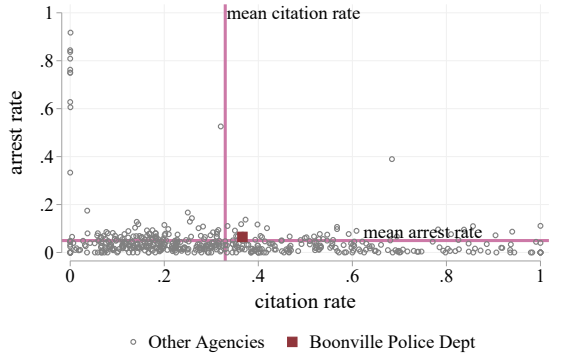
(a) Total stops



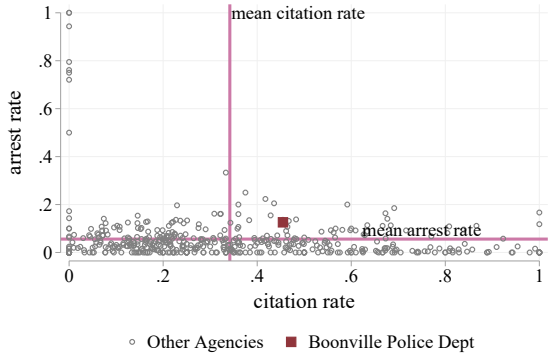
(b) Non-white total stops



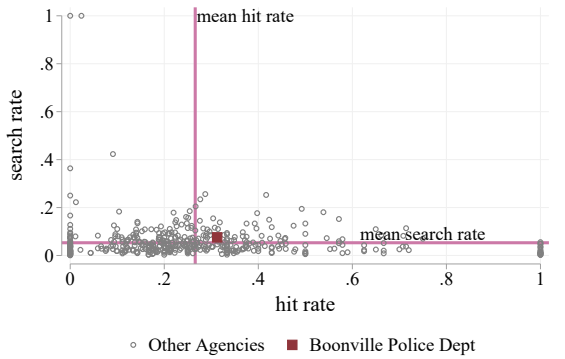
(c) Arrest and citation rate



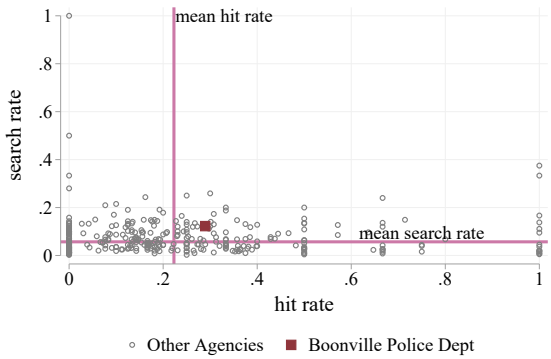
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

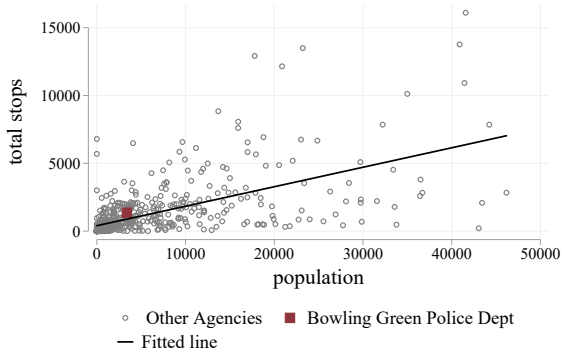
Arrest rate	5.65	5.21	12.15	3.45	0	0	0
Citation rate	7.49	7.44	7.48	6.9	0	0	20

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

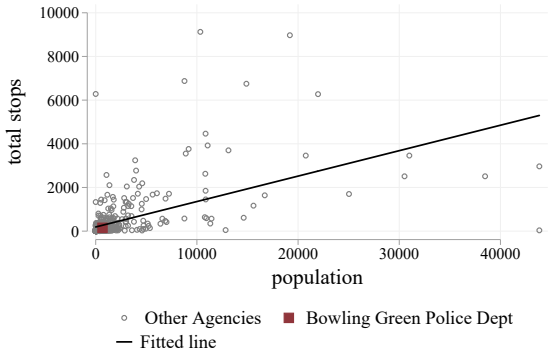
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Bowling Green Police Dept

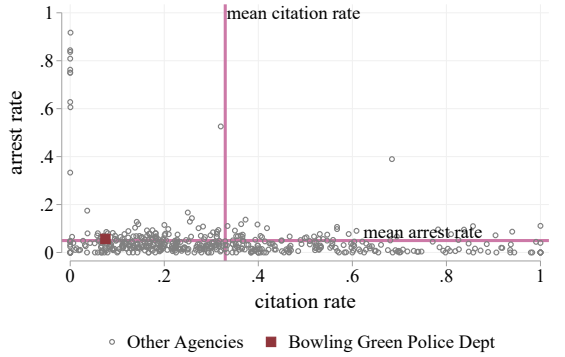
(a) Total stops



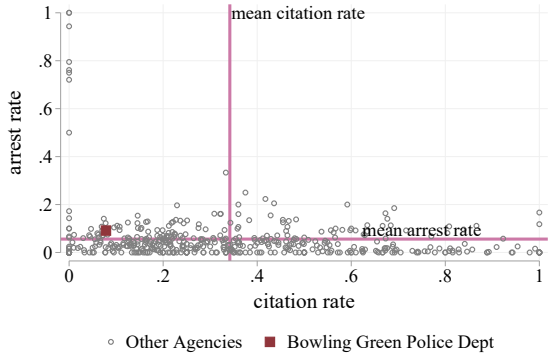
(b) Non-white total stops



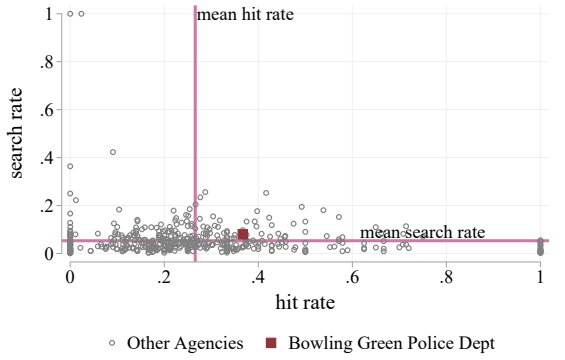
(c) Arrest and citation rate



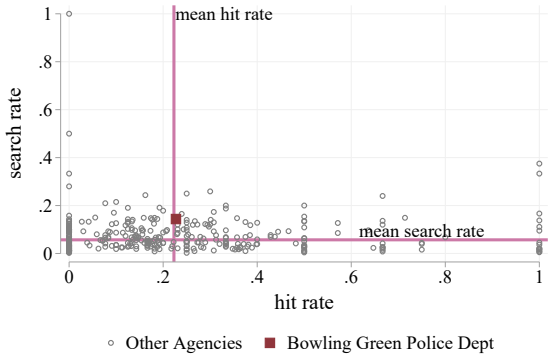
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

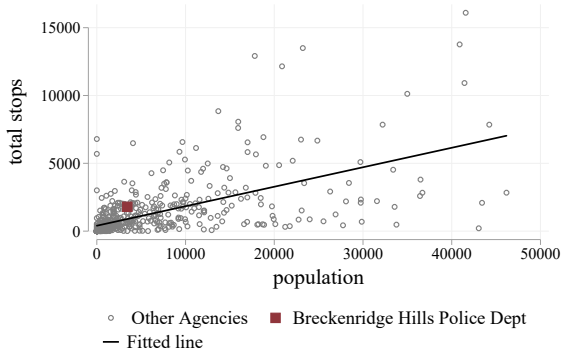
Search rate	4.35	4.26	4.64	0	0	0	3.42
Contraband hit rate	29.49	46.43	13.33	.	.	.	80
Arrest rate	3.74	3.95	3.92	0	0	0	2.05
Citation rate	84.72	85.71	89.89	66.67	66.67	85.71	46.58

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

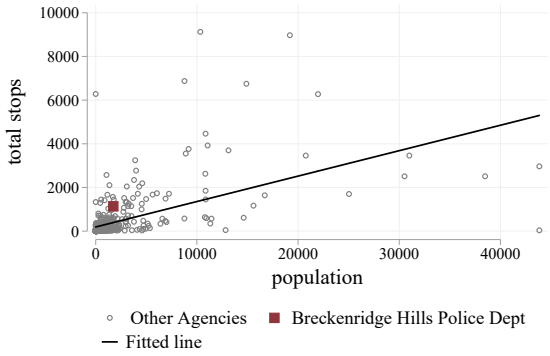
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Breckenridge Hills Police Dept

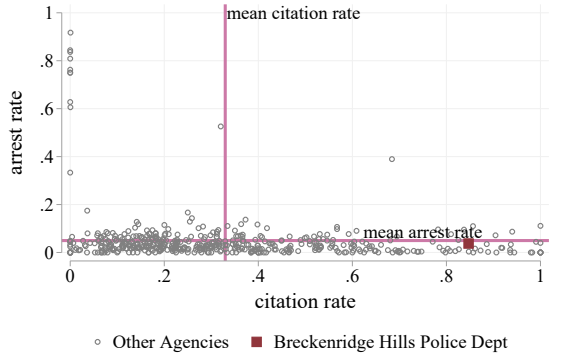
(a) Total stops



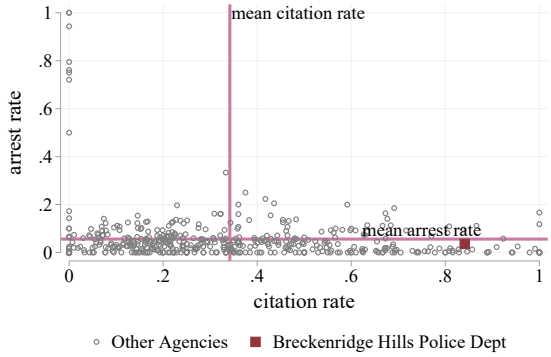
(b) Non-white total stops



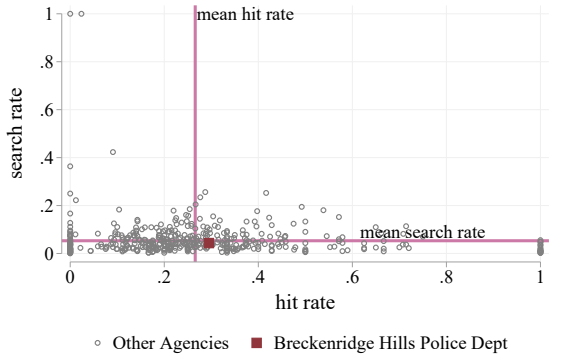
(c) Arrest and citation rate



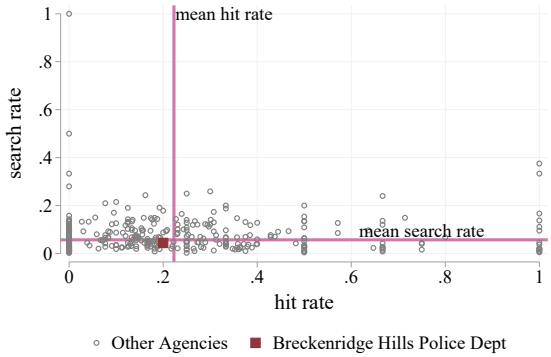
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
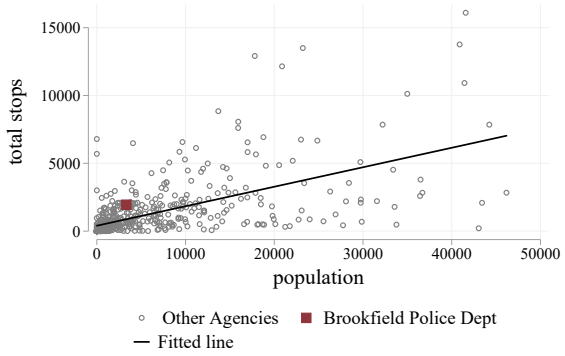
2022 ACS pop.	3328	3100	67	75	10	39	79
2022 ACS pop. %	100	93.15	2.01	2.25	.3	1.17	2.37
2020 Decennial pop.	3193	2933	27	83	15	10	125
2020 Decennial pop. %	100	91.86	.85	2.6	.47	.31	3.91
Totals	.	.	.	.	.	.	.
All stops	1949	1772	99	60	2	8	8
Resident stops	770	735	25	6	0	1	3
Searches	46	41	3	1	0	0	1
Contraband	1	1	0	0	0	0	0
Arrests	25	22	3	0	0	0	0
Citations	334	295	25	8	0	1	5
Rates	.	.	.	.	.	.	.
Stop rate	58.56	57.16	147.76	80	20	20.51	10.13
Stop rate, residents	23.14	23.71	37.31	8	0	2.56	3.8
Search rate	2.36	2.31	3.03	1.67	0	0	12.5
Contraband hit rate	2.17	2.44	0	0	.	.	0
Arrest rate	1.28	1.24	3.03	0	0	0	0
Citation rate	17.14	16.65	25.25	13.33	0	12.5	62.5

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

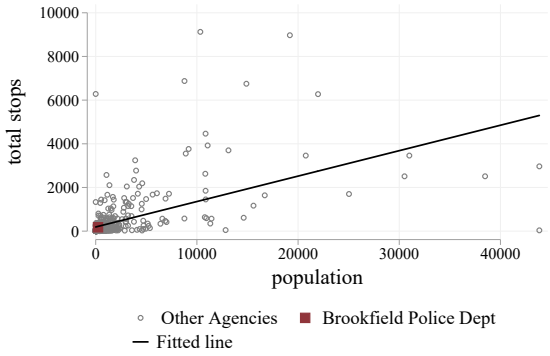
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Brookfield Police Dept

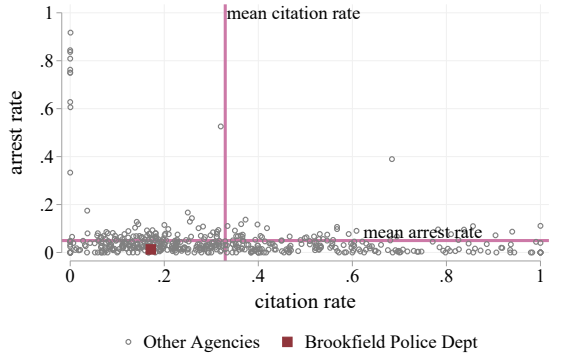
(a) Total stops



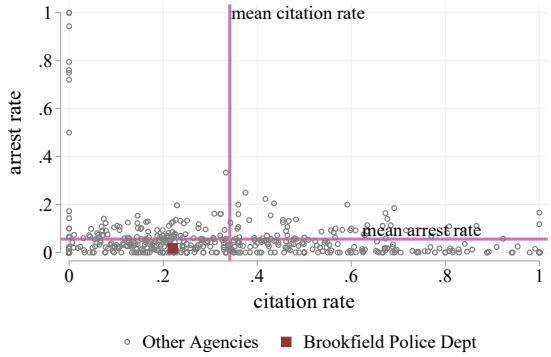
(b) Non-white total stops



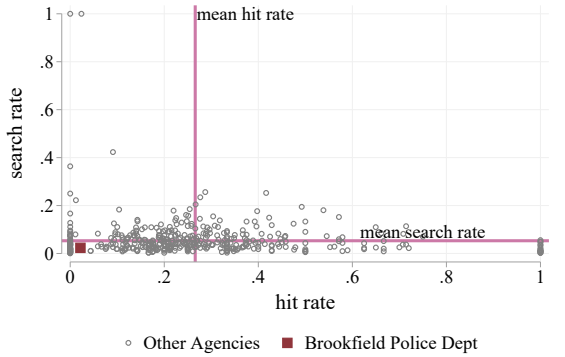
(c) Arrest and citation rate



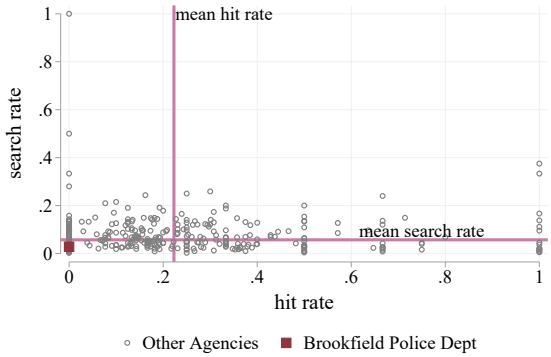
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

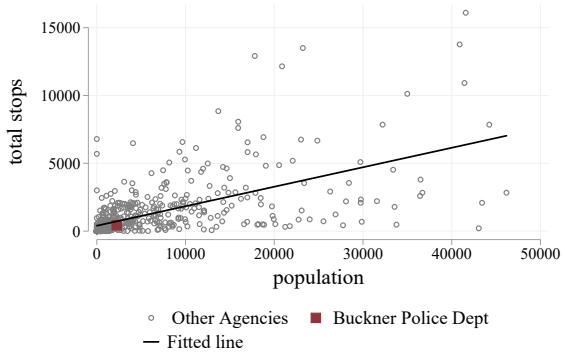
Citation rate	60.88	57.47	115.79	61.11	100	100	100

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

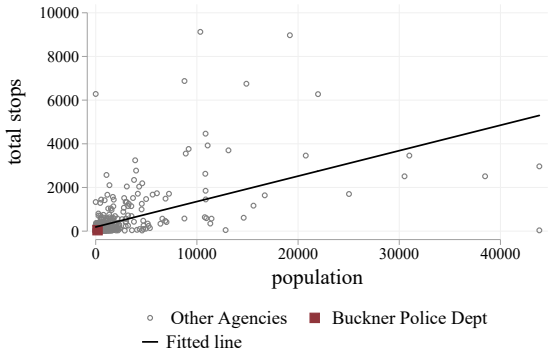
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Buckner Police Dept

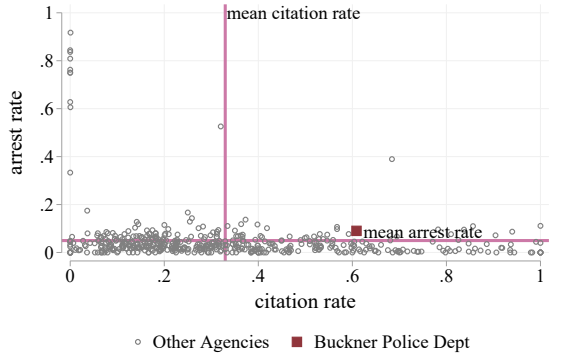
(a) Total stops



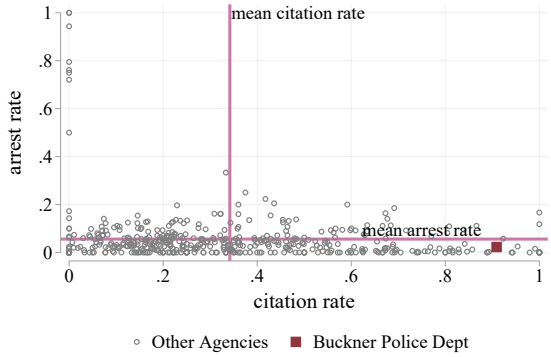
(b) Non-white total stops



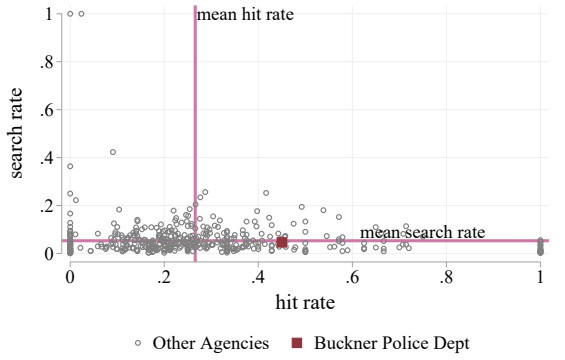
(c) Arrest and citation rate



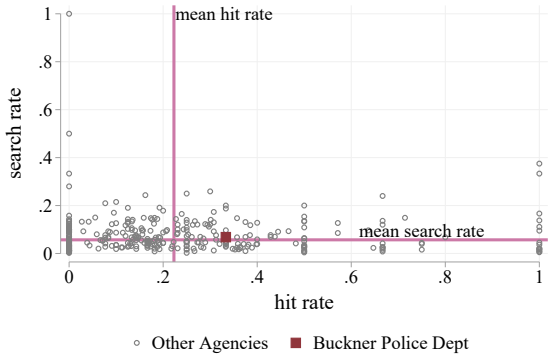
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

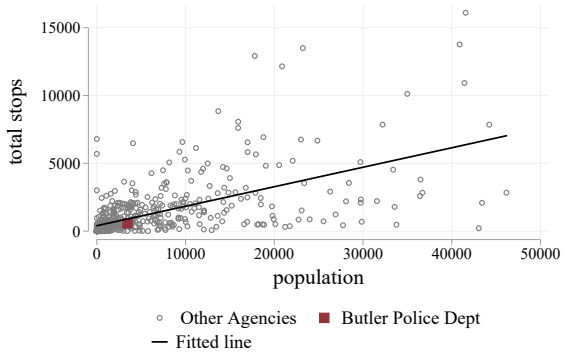
Citation rate	22.82	22.71	30.77	25	0	.	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

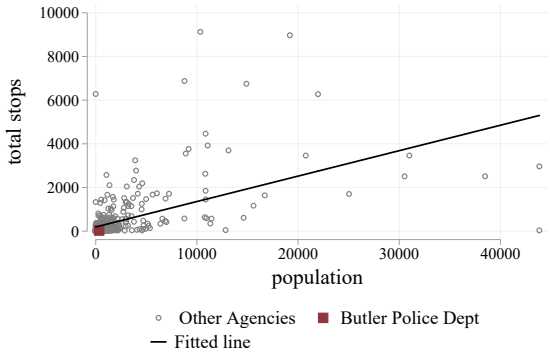
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Butler Police Dept

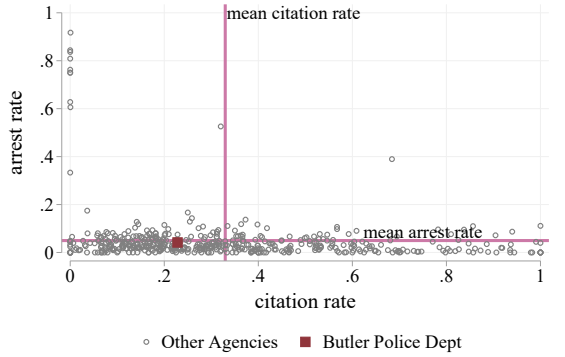
(a) Total stops



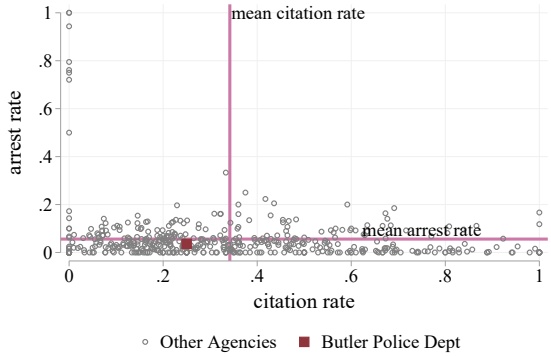
(b) Non-white total stops



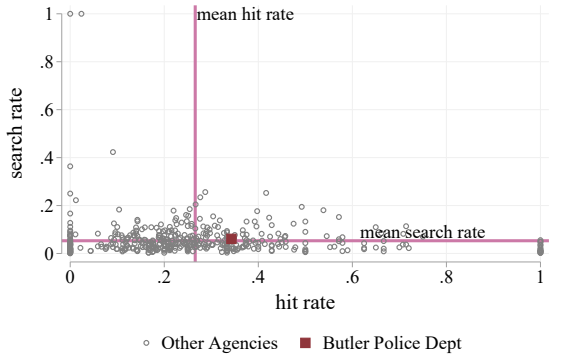
(c) Arrest and citation rate



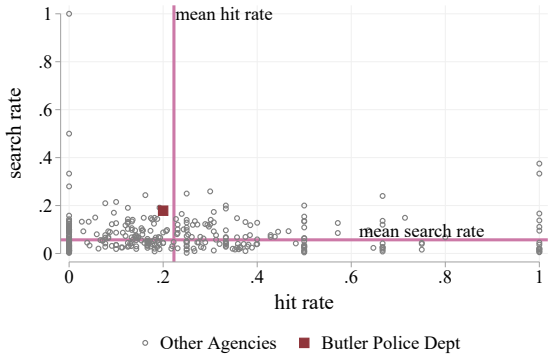
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

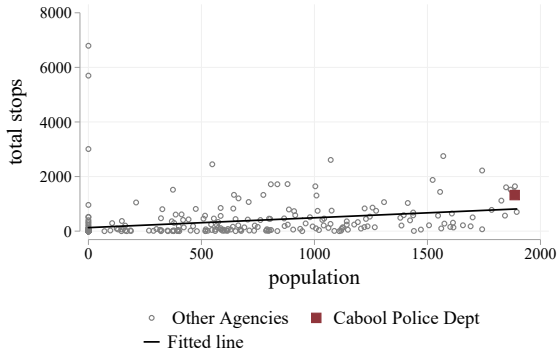
Citation rate	59.8	58.86	71.64	63.64	50	63.64	75

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

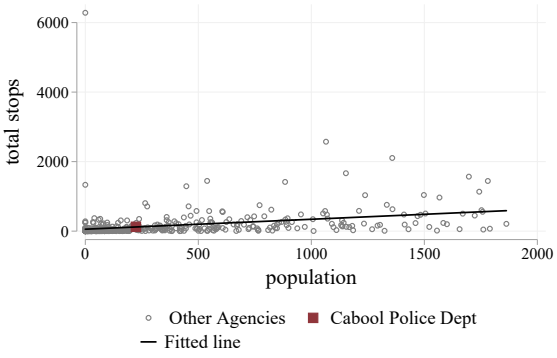
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Cabool Police Dept

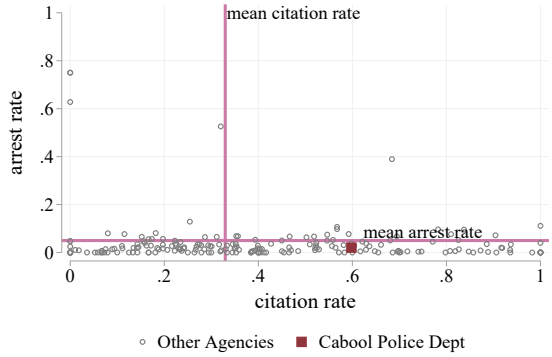
(a) Total stops



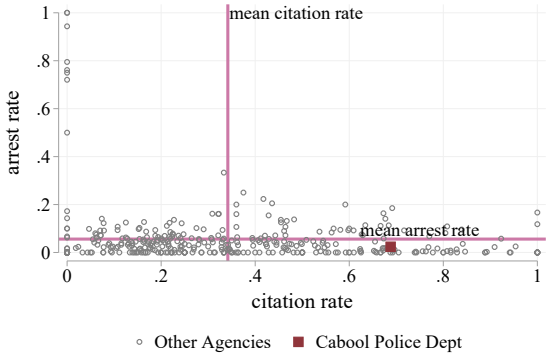
(b) Non-white total stops



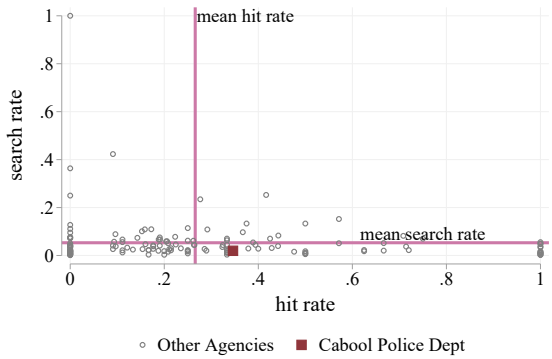
(c) Arrest and citation rate



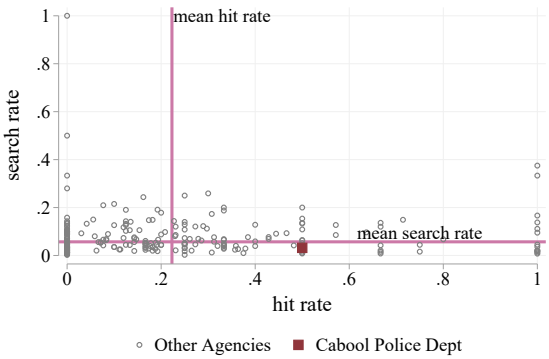
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

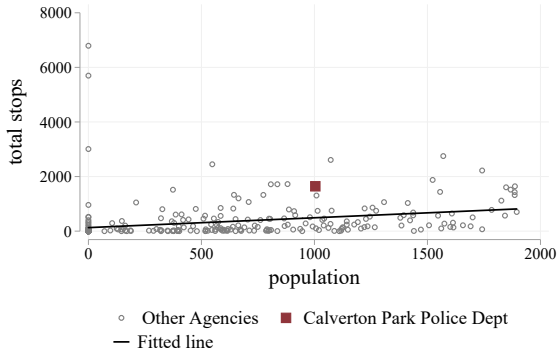
2022 ACS pop. %	100	46.31	42.43	1.1	0	0	10.96
2020 Decennial pop.	869	381	420	18	0	12	38
2020 Decennial pop. %	100	43.84	48.33	2.07	0	1.38	4.37
Totals	.	.	.	.	.	.	.
All stops	1643	198	1403	24	4	8	6
Resident stops	22	3	19	0	0	0	0
Searches	30	4	25	0	0	0	1
Contraband	6	1	5	0	0	0	0
Arrests	22	3	15	1	1	1	1
Citations	1358	161	1167	15	4	5	6
Rates	.	.	.	.	.	.	.
Stop rate	163.65	42.58	329.34	218.18	.	.	5.45
Stop rate, residents	2.19	.65	4.46	0	.	.	0
Search rate	1.83	2.02	1.78	0	0	0	16.67
Contraband hit rate	20	25	20	.	.	.	0
Arrest rate	1.34	1.52	1.07	4.17	25	12.5	16.67
Citation rate	82.65	81.31	83.18	62.5	100	62.5	100

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

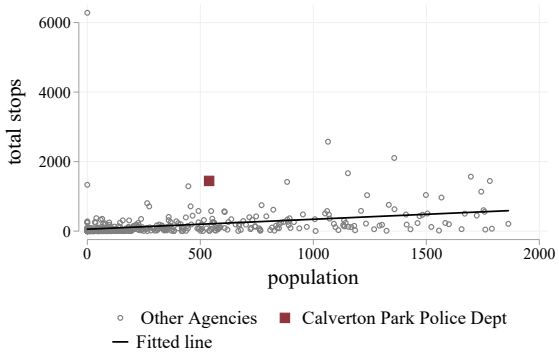
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Calverton Park Police Dept

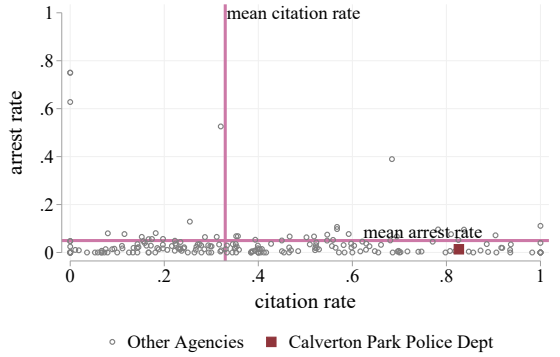
(a) Total stops



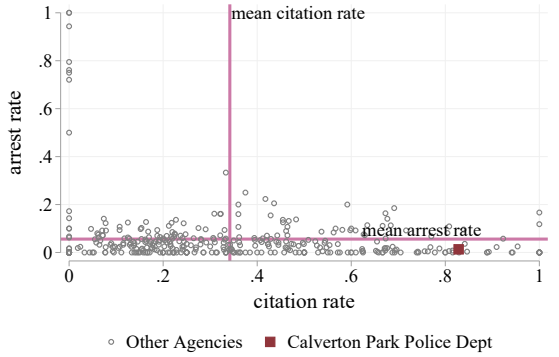
(b) Non-white total stops



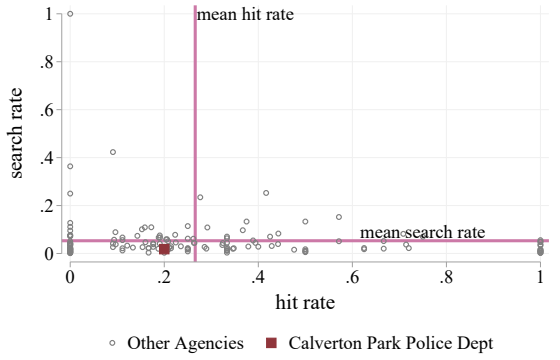
(c) Arrest and citation rate



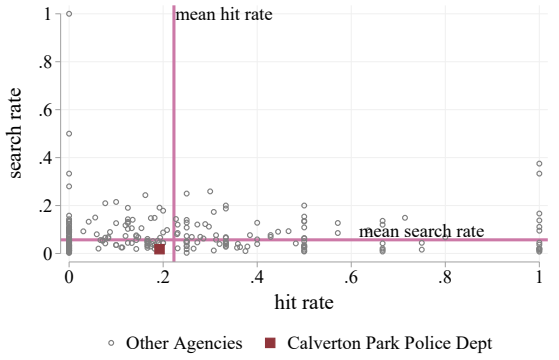
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

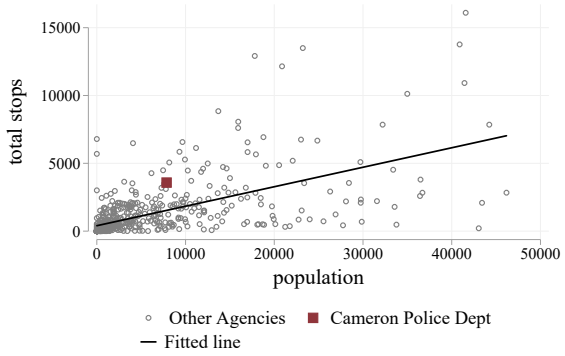
Resident stops	1273	1213	35	16	2	7	0
Searches	77	69	3	4	0	1	0
Contraband	9	9	0	0	0	0	0
Arrests	126	117	2	5	0	2	0
Citations	452	421	17	11	2	1	0
Rates	.	.	.	.	.	.	.
Stop rate	45.52	53.24	13.31	29.72	34.78	71.88	1.04
Stop rate, residents	16.19	19.31	3.7	6.43	8.7	21.88	0
Search rate	2.15	2.06	2.38	5.41	0	4.35	0
Contraband hit rate	11.69	13.04	0	0	.	0	.
Arrest rate	3.52	3.5	1.59	6.76	0	8.7	0
Citation rate	12.63	12.59	13.49	14.86	25	4.35	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

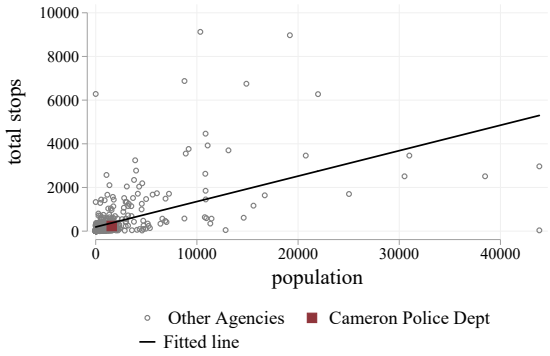
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Cameron Police Dept

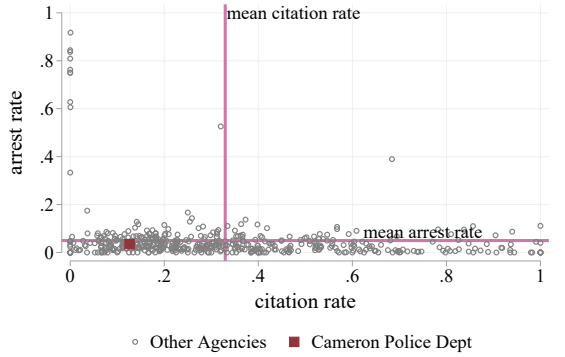
(a) Total stops



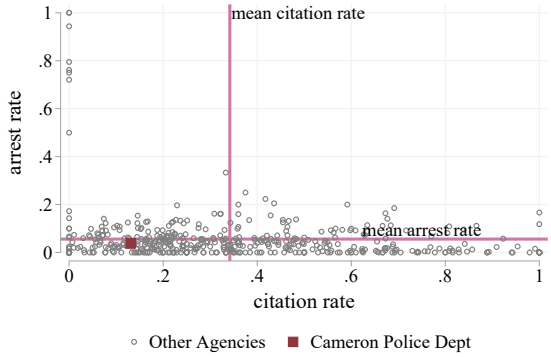
(b) Non-white total stops



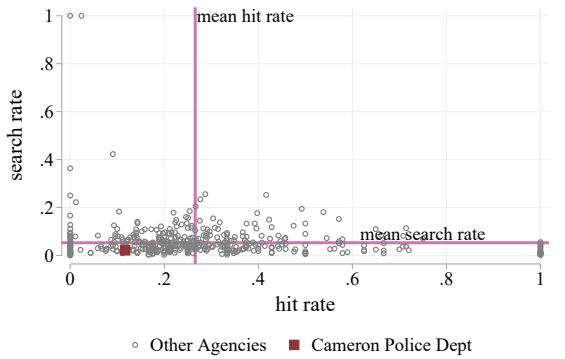
(c) Arrest and citation rate



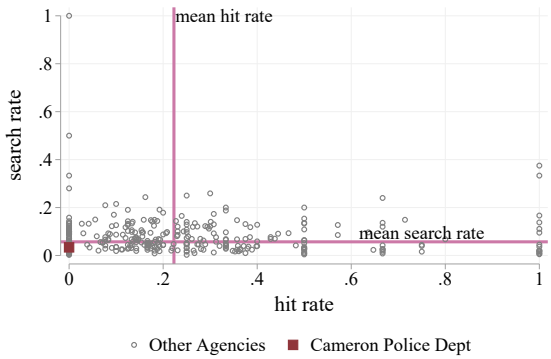
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

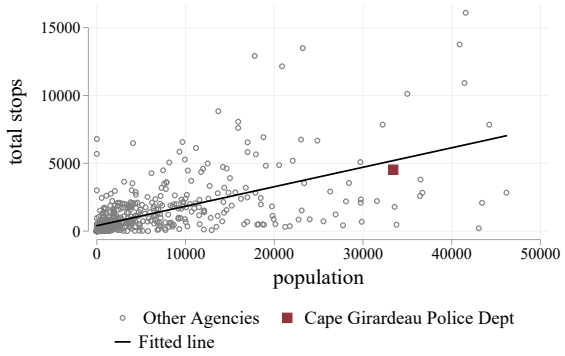
Arrests	88	40	46	2	0	0	0
Citations	1010	691	268	31	0	9	11
Rates	.	.	.	.	.	.	.
Stop rate	13.55	11.46	32.09	10.93	15.63	4.82	2.8
Stop rate, residents	8.89	6.91	24.49	7.9	9.38	3.95	2.44
Search rate	4.37	4.25	4.61	7.92	0	0	2.63
Contraband hit rate	24.24	22.48	28.33	25	.	.	0
Arrest rate	1.94	1.32	3.54	1.98	0	0	0
Citation rate	22.32	22.75	20.6	30.69	0	20.45	28.95

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

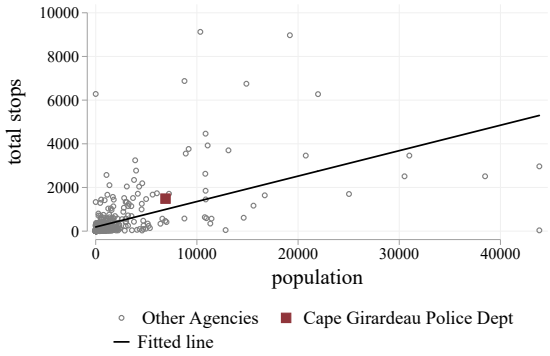
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Cape Girardeau Police Dept

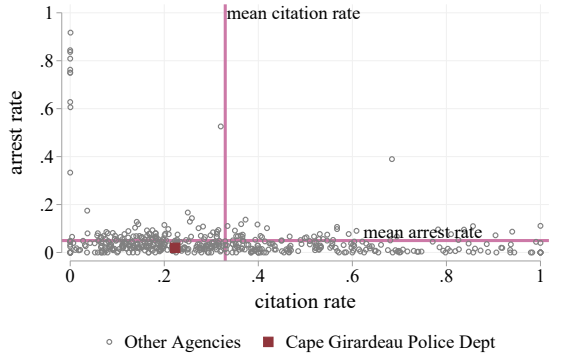
(a) Total stops



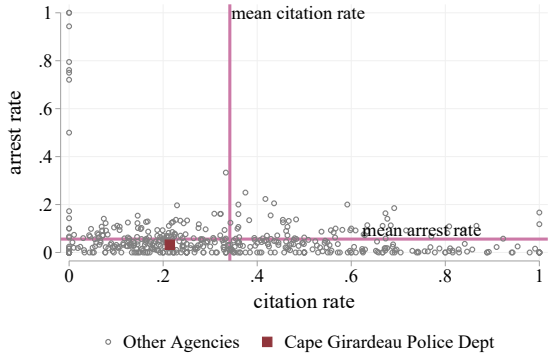
(b) Non-white total stops



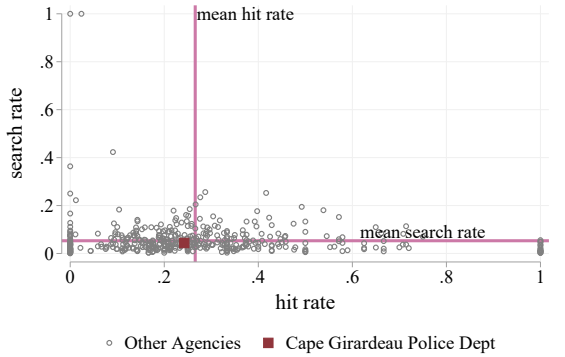
(c) Arrest and citation rate



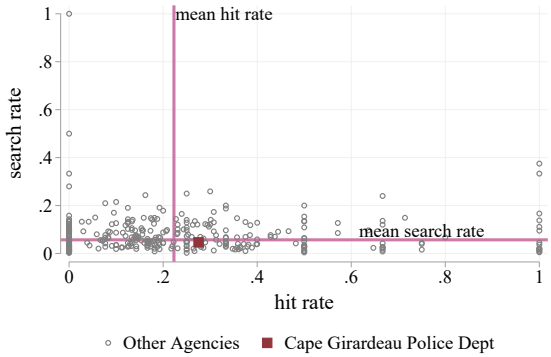
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

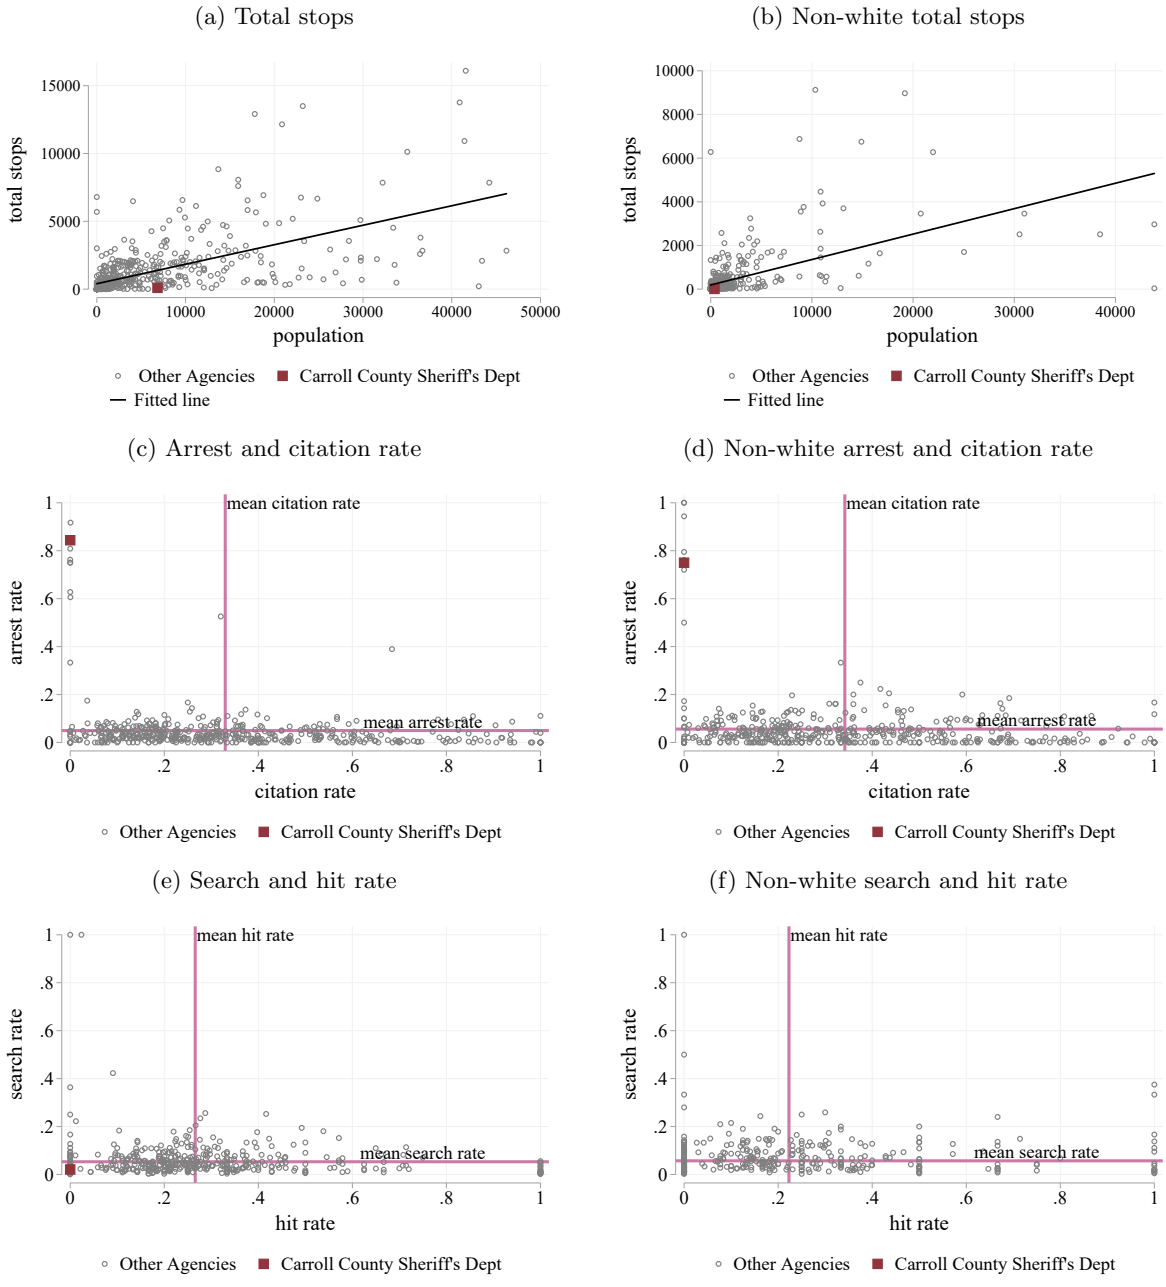
2022 ACS pop. %	100	94.55	1.91	1.74	.	.	2.28
2020 Decennial pop.	6659	6234	85	76	.	.	239
2020 Decennial pop. %	100	93.62	1.28	1.14	.	.	3.59
Totals	.	.	.	.	.	.	.
All stops	96	84	6	4	.	.	2
Resident stops	41	37	3	0	.	.	1
Searches	2	2	0	0	.	.	0
Contraband	0	0	0	0	.	.	0
Arrests	81	72	5	3	.	.	1
Citations	0	0	0	0	.	.	0
Rates	.	.	.	.	.	.	.
Stop rate	1.4	1.3	4.58	3.36	.	.	1.28
Stop rate, residents	.6	.57	2.29	0	.	.	.64
Search rate	2.08	2.38	0	0	.	.	0
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	84.38	85.71	83.33	75	.	.	50
Citation rate	0	0	0	0	.	.	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Carroll County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

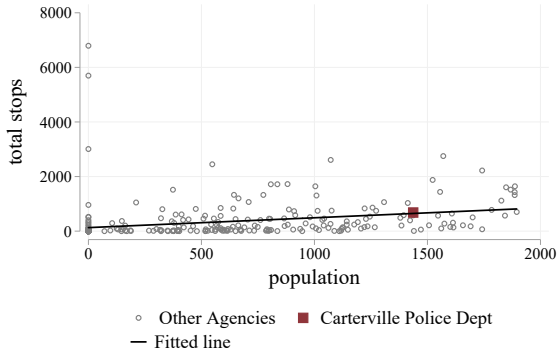
Resident stops	105	99	1	4	1	0	0
Searches	42	41	0	1	0	0	0
Contraband	11	11	0	0	0	0	0
Arrests	20	19	0	1	0	0	0
Citations	190	163	12	13	1	0	1
Rates	.	.	.	.	.	.	.
Stop rate	47.46	48.55	450	71.19	75	15.38	2.68
Stop rate, residents	7.31	7.96	16.67	6.78	25	0	0
Search rate	6.16	6.79	0	2.38	0	0	0
Contraband hit rate	26.19	26.83	.	0	.	.	.
Arrest rate	2.93	3.15	0	2.38	0	0	0
Citation rate	27.86	26.99	44.44	30.95	33.33	0	25

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

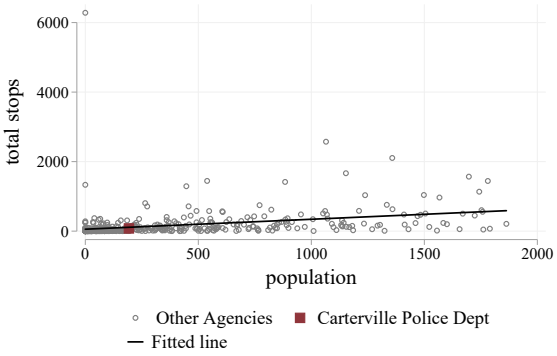
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Carterville Police Dept

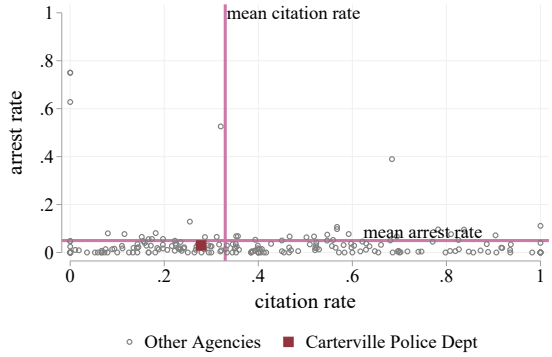
(a) Total stops



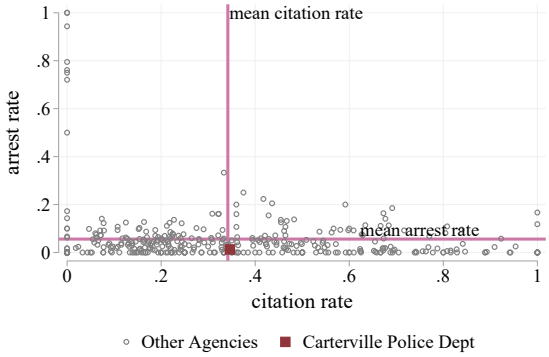
(b) Non-white total stops



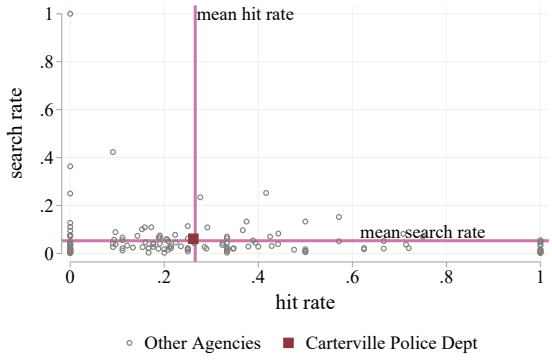
(c) Arrest and citation rate



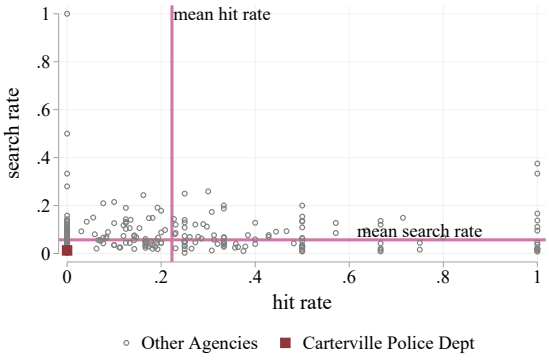
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

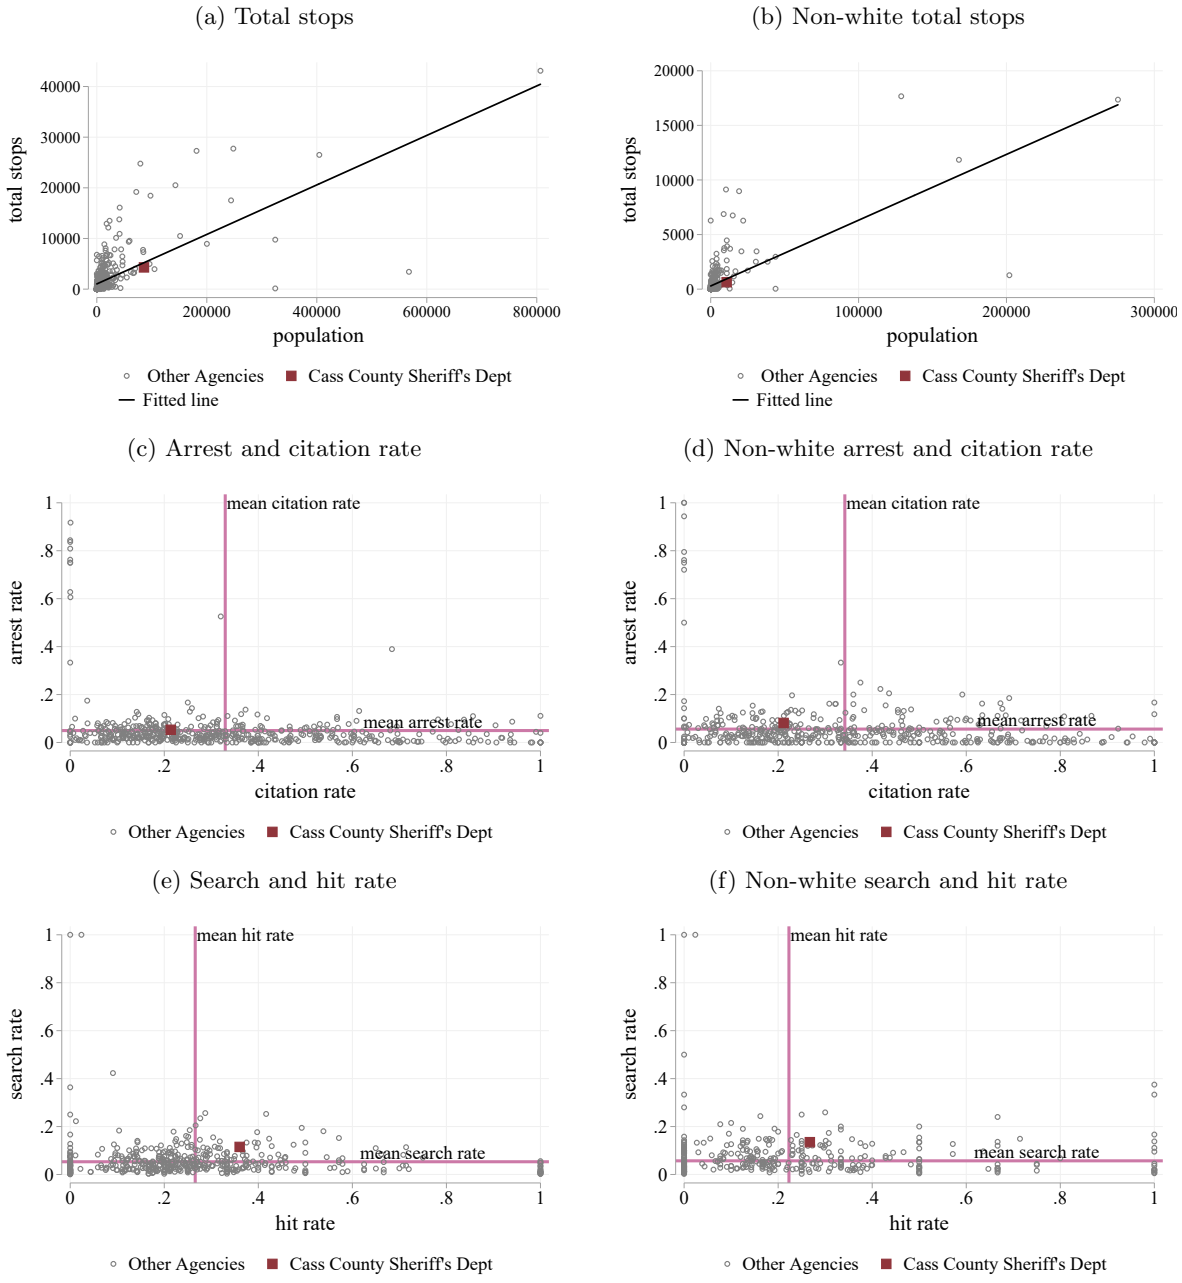
2020 Decennial pop.	81653	69708	3464	3361	389	660	4071
2020 Decennial pop. %	100	85.37	4.24	4.12	.48	.81	4.99
Totals	.	.	.	.	.	.	.
All stops	4293	3655	424	111	17	27	59
Resident stops	2403	2160	163	42	9	11	18
Searches	494	408	60	16	2	2	6
Contraband	178	155	12	6	1	1	3
Arrests	228	176	38	11	1	0	2
Citations	918	783	88	29	3	5	10
Rates	.	.	.	.	.	.	.
Stop rate	5.01	4.88	11.76	3.21	5.33	4.29	1.14
Stop rate, residents	2.8	2.88	4.52	1.21	2.82	1.75	.35
Search rate	11.51	11.16	14.15	14.41	11.76	7.41	10.17
Contraband hit rate	36.03	37.99	20	37.5	50	50	50
Arrest rate	5.31	4.82	8.96	9.91	5.88	0	3.39
Citation rate	21.38	21.42	20.75	26.13	17.65	18.52	16.95

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Cass County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Table 1: Rates by Race for Centralia Police Dept

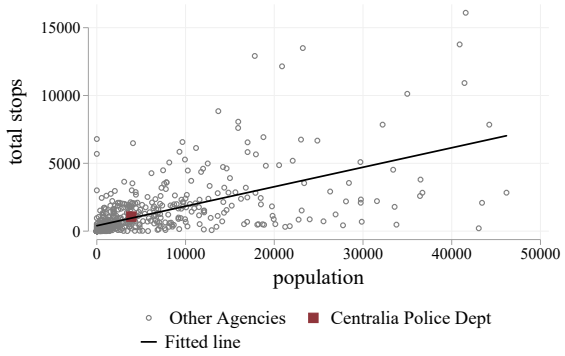
	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	3897	3496	1	26	0	0	400
2022 ACS pop. %	100	89.71	.03	.67	0	0	10.26
2020 Decennial pop.	3360	3091	37	68	6	12	146
2020 Decennial pop. %	100	91.99	1.1	2.02	.18	.36	4.35
Totals	.	.	.	.	.	.	.
All stops	1074	992	57	16	0	4	5
Resident stops	518	492	21	2	0	1	2
Searches	12	11	1	0	0	0	0
Contraband	4	4	0	0	0	0	0
Arrests	30	28	2	0	0	0	0
Citations	145	137	6	1	0	1	0
Rates	.	.	.	.	.	.	.
Stop rate	27.56	28.38	5700	61.54	.	.	1.25
Stop rate, residents	13.29	14.07	2100	7.69	.	.	.5
Search rate	1.12	1.11	1.75	0	.	0	0
Contraband hit rate	33.33	36.36	0	.	.	.	.
Arrest rate	2.79	2.82	3.51	0	.	0	0
Citation rate	13.5	13.81	10.53	6.25	.	25	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

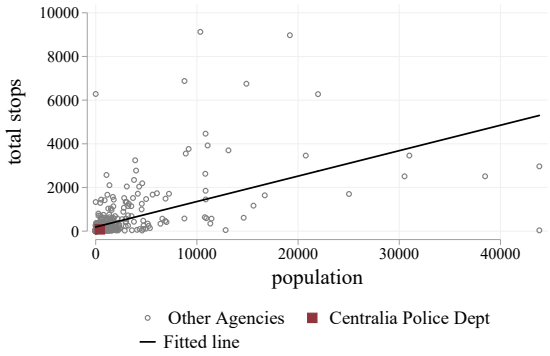
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Centralia Police Dept

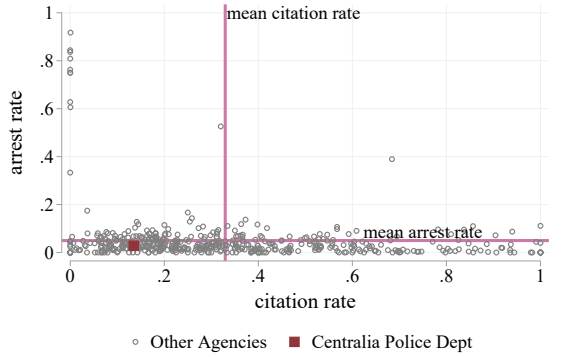
(a) Total stops



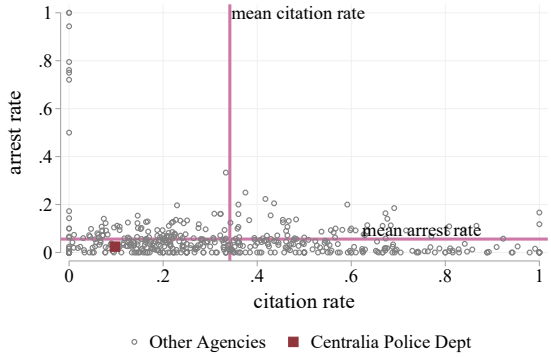
(b) Non-white total stops



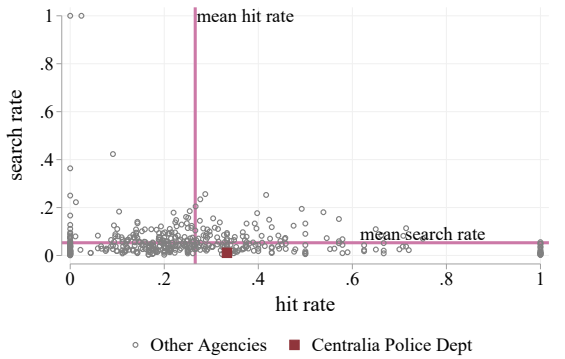
(c) Arrest and citation rate



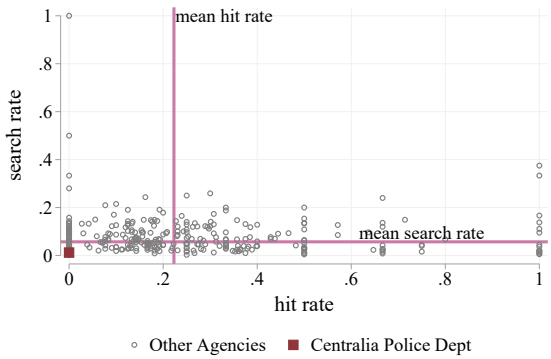
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

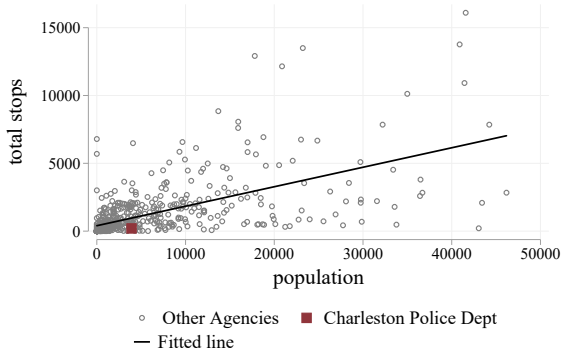
2020 Decennial pop.	4108	1885	2050	70	9	13	81
2020 Decennial pop. %	100	45.89	49.9	1.7	.22	.32	1.97
Totals	.	.	.	.	.	.	.
All stops	200	83	111	5	0	0	1
Resident stops	100	33	64	2	0	0	1
Searches	7	4	3	0	0	0	0
Contraband	3	1	2	0	0	0	0
Arrests	6	2	4	0	0	0	0
Citations	42	25	16	1	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	5.11	5.35	4.93	50	0	.	.9
Stop rate, residents	2.56	2.13	2.84	20	0	.	.9
Search rate	3.5	4.82	2.7	0	.	.	0
Contraband hit rate	42.86	25	66.67	.	.	.	.
Arrest rate	3	2.41	3.6	0	.	.	0
Citation rate	21	30.12	14.41	20	.	.	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

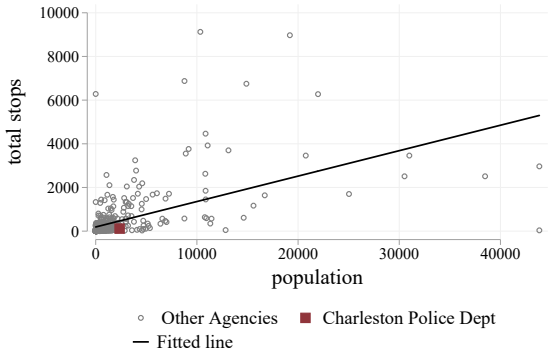
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Charleston Police Dept

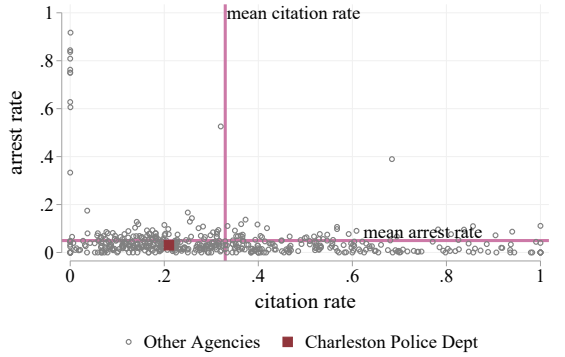
(a) Total stops



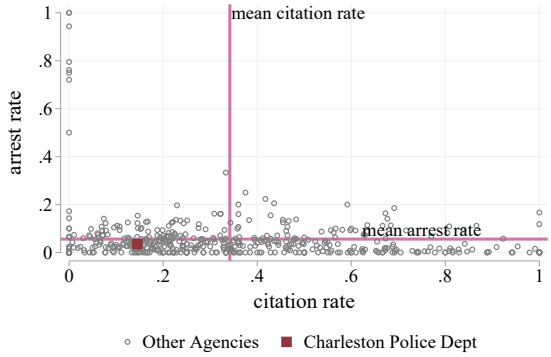
(b) Non-white total stops



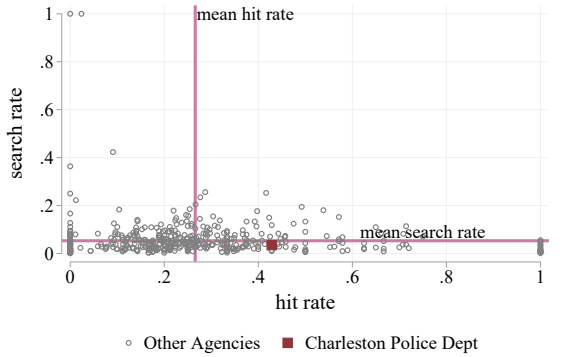
(c) Arrest and citation rate



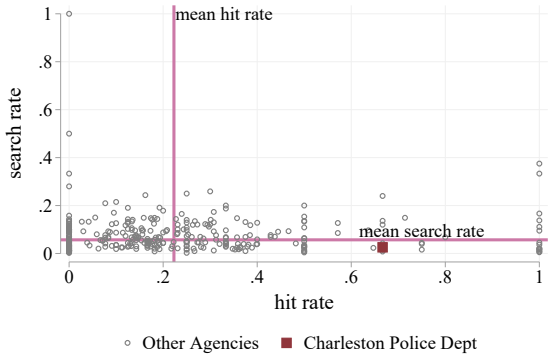
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

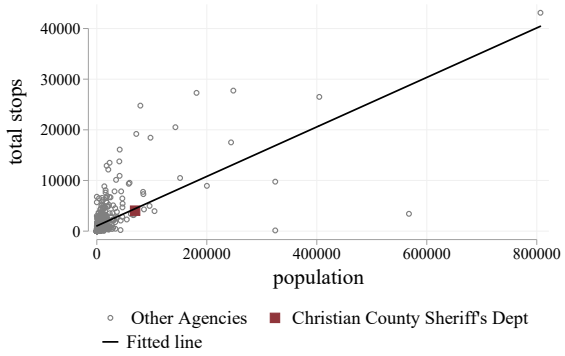
Searches	177	166	5	6	0	0	0
Contraband	32	31	0	1	0	0	0
Arrests	96	87	6	1	0	0	2
Citations	680	637	22	10	1	4	6
Rates	.	.	.	.	.	.	.
Stop rate	5.8	5.73	29.96	5.78	6.17	4.46	1.14
Stop rate, residents	2.59	2.68	6.88	1.19	1.65	1.79	.22
Search rate	4.38	4.49	3.38	4.96	0	0	0
Contraband hit rate	18.08	18.67	0	16.67	.	.	.
Arrest rate	2.38	2.35	4.05	.83	0	0	5.41
Citation rate	16.83	17.24	14.86	8.26	6.67	16	16.22

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

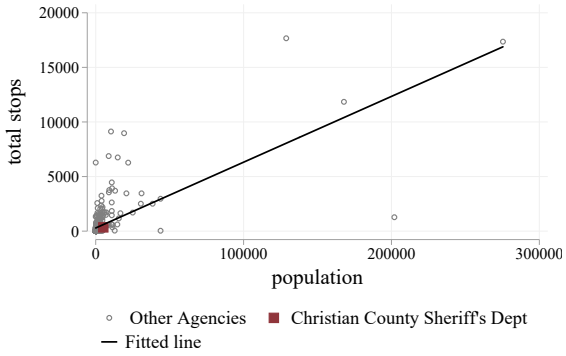
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Christian County Sheriff's Dept

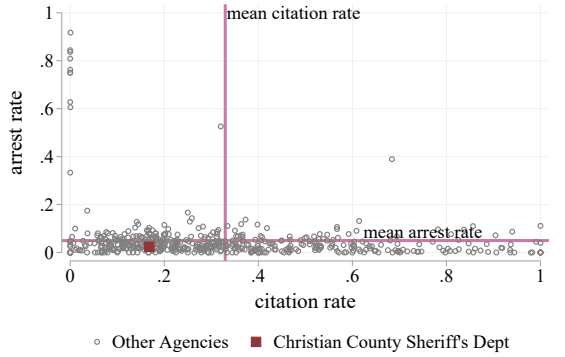
(a) Total stops



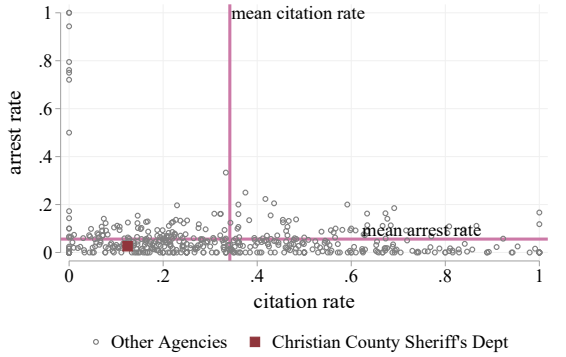
(b) Non-white total stops



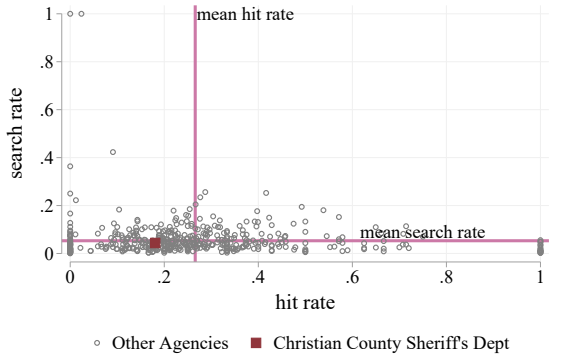
(c) Arrest and citation rate



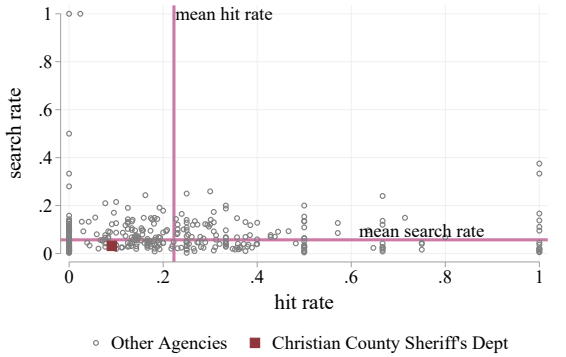
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

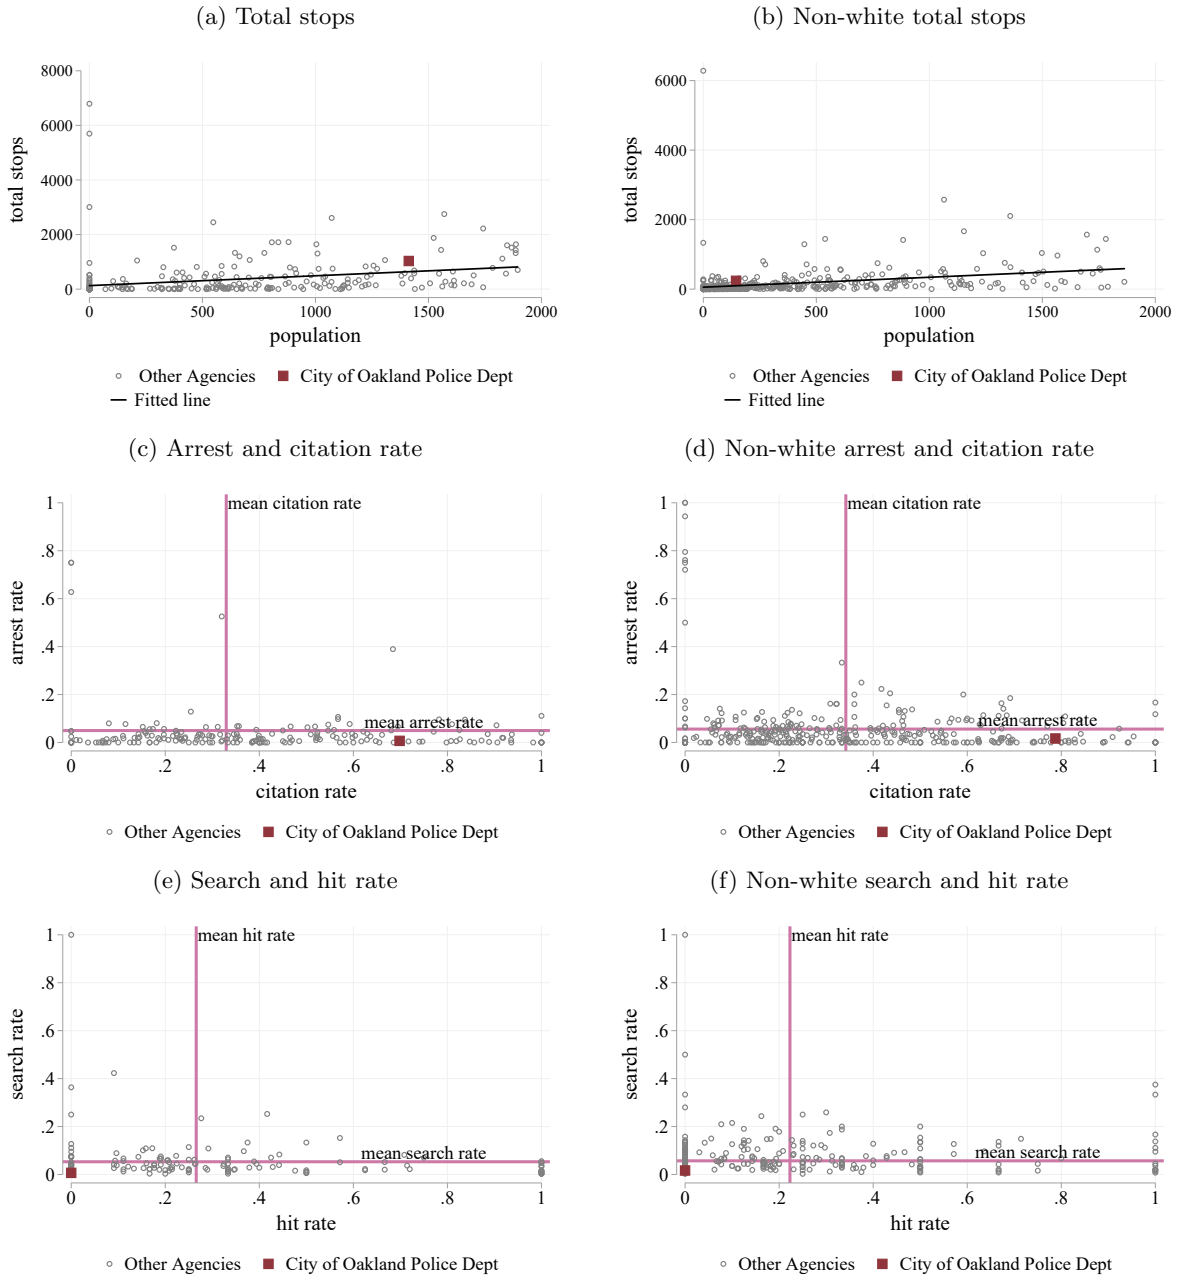
Searches	7	3	4	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	7	3	4	0	0	0	0
Citations	720	531	182	5	0	2	0
Rates	.	.	.	.	.	.	.
Stop rate	72.97	62.38	255.06	70	.	66.67	4.65
Stop rate, residents	4.53	4.81	3.37	0	.	0	0
Search rate	.68	.38	1.76	0	.	0	0
Contraband hit rate	0	0	0	.	.	.	.
Arrest rate	.68	.38	1.76	0	.	0	0
Citation rate	69.84	67.13	80.18	71.43	.	50	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for City of Oakland Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

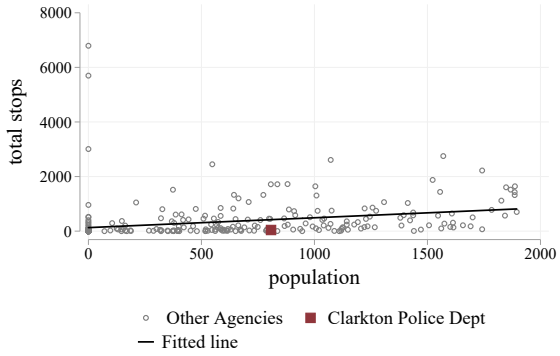
2022 ACS pop. %	100	67.08	3.09	18.32	0	0	18.81
2020 Decennial pop.	698	541	52	69	2	1	33
2020 Decennial pop. %	100	77.51	7.45	9.89	.29	.14	4.73
Totals	.	.	.	.	.	.	.
All stops	42	38	4	0	0	0	0
Resident stops	14	12	2	0	0	0	0
Searches	4	4	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	17	16	1	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	5.2	7.01	16	0	.	.	0
Stop rate, residents	1.73	2.21	8	0	.	.	0
Search rate	9.52	10.53	0	.	.	.	.
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	0	0	0	.	.	.	.
Citation rate	40.48	42.11	25	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

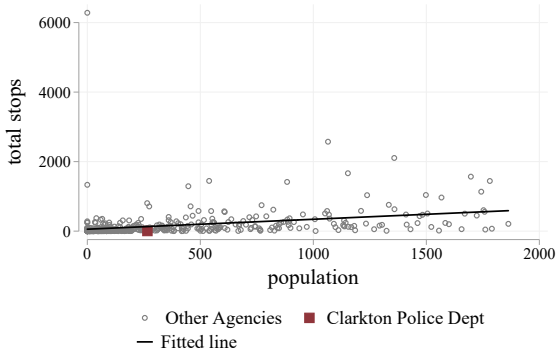
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Clarkton Police Dept

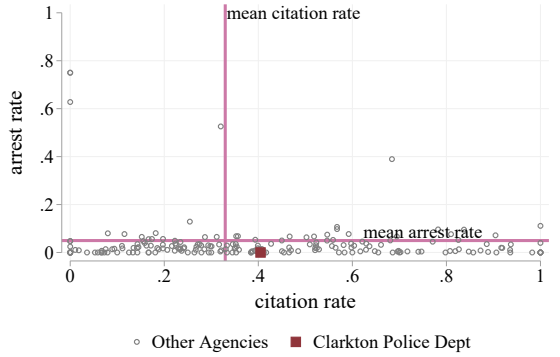
(a) Total stops



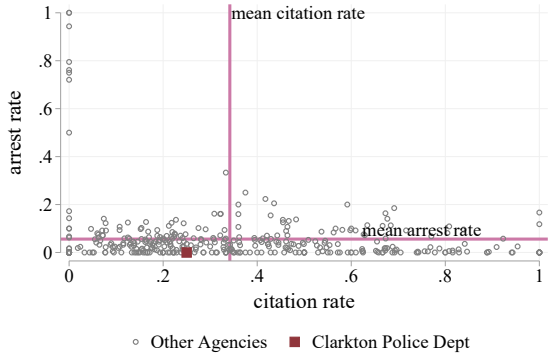
(b) Non-white total stops



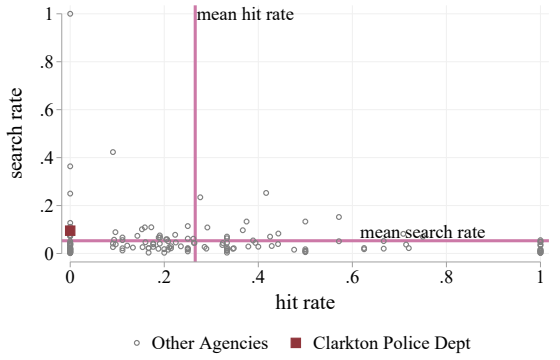
(c) Arrest and citation rate



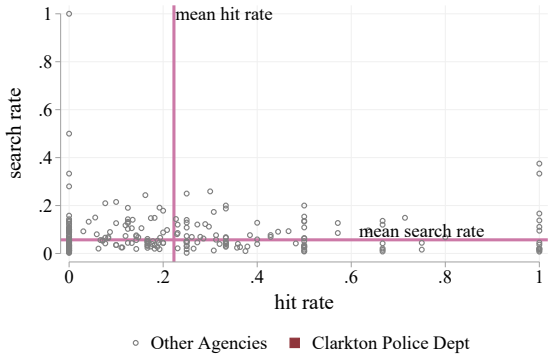
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

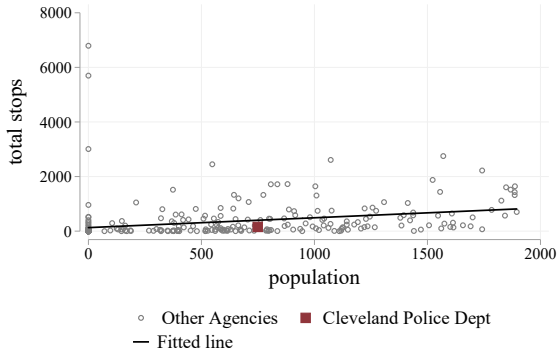
2020 Decennial pop.	523	474	0	10	6	5	28
2020 Decennial pop. %	100	90.63	0	1.91	1.15	.96	5.35
Totals	.	.	.	.	.	.	.
All stops	155	138	7	4	0	5	1
Resident stops	10	10	0	0	0	0	0
Searches	3	2	1	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	2	2	0	0	0	0	0
Citations	82	73	4	1	0	3	1
Rates	.	.	.	.	.	.	.
Stop rate	20.69	19.55	.	11.76	.	.	2.5
Stop rate, residents	1.34	1.42	.	0	.	.	0
Search rate	1.94	1.45	14.29	0	.	0	0
Contraband hit rate	33.33	50	0	.	.	.	.
Arrest rate	1.29	1.45	0	0	.	0	0
Citation rate	52.9	52.9	57.14	25	.	60	100

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

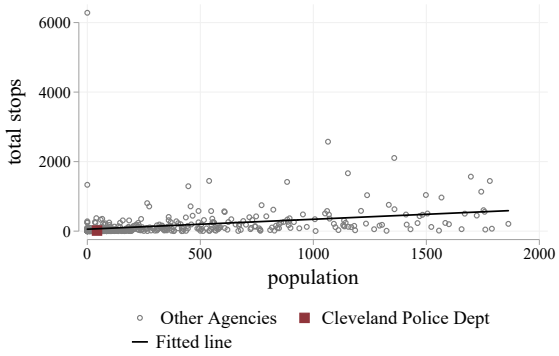
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Cleveland Police Dept

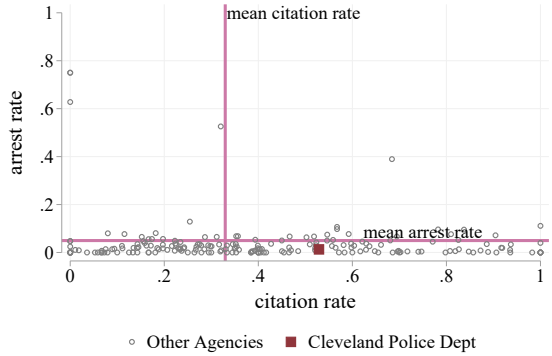
(a) Total stops



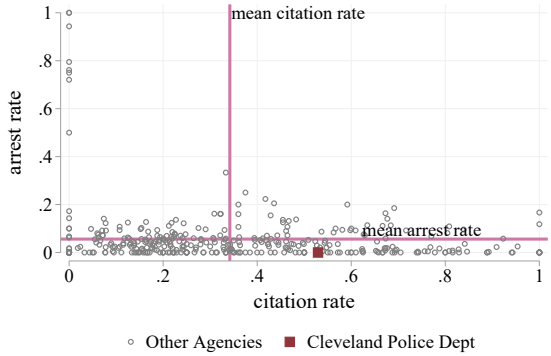
(b) Non-white total stops



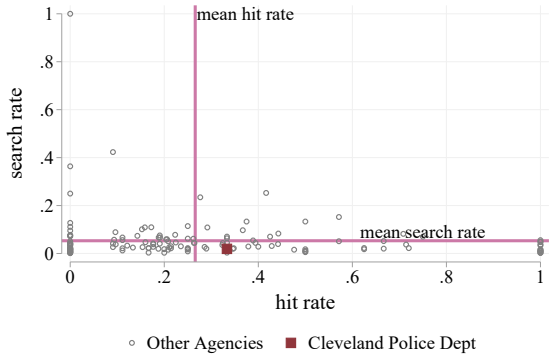
(c) Arrest and citation rate



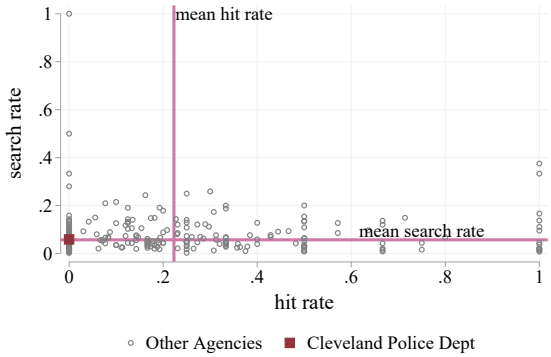
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

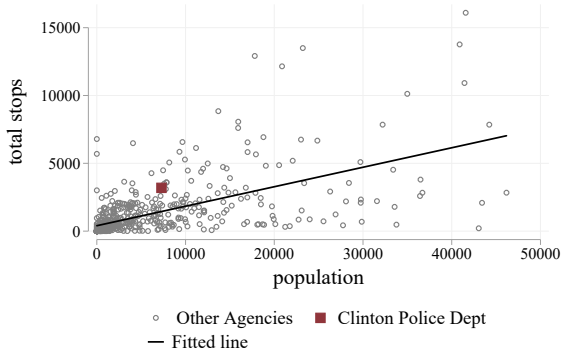
Resident stops	1117	1035	65	12	0	5	0
Searches	61	52	5	3	0	1	0
Contraband	13	12	0	1	0	0	0
Arrests	66	54	11	1	0	0	0
Citations	960	860	53	32	0	15	0
Rates	.	.	.	.	.	.	.
Stop rate	43.82	42.11	148.65	172.13	0	91.18	.57
Stop rate, residents	15.33	15.37	43.92	19.67	0	14.71	0
Search rate	1.91	1.83	2.27	2.86	.	3.23	0
Contraband hit rate	21.31	23.08	0	33.33	.	0	.
Arrest rate	2.07	1.9	5	.95	.	0	0
Citation rate	30.07	30.34	24.09	30.48	.	48.39	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

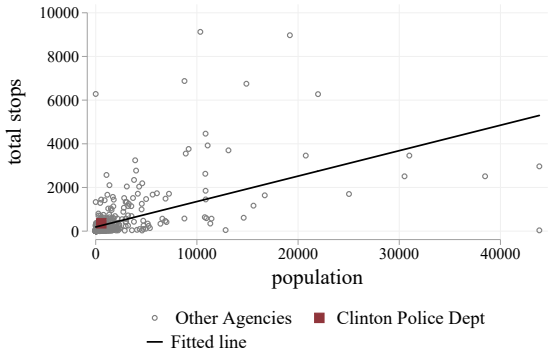
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Clinton Police Dept

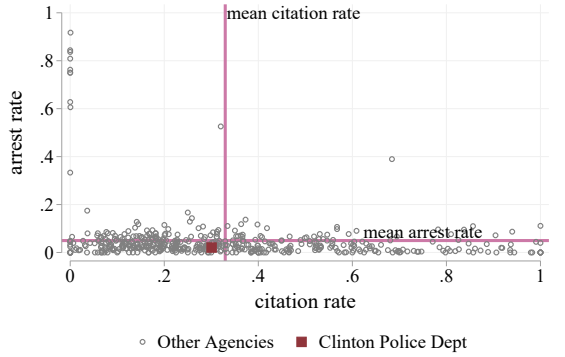
(a) Total stops



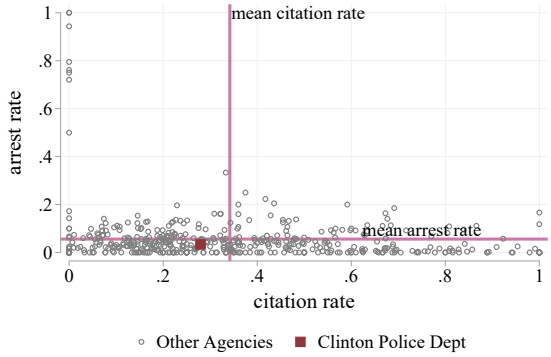
(b) Non-white total stops



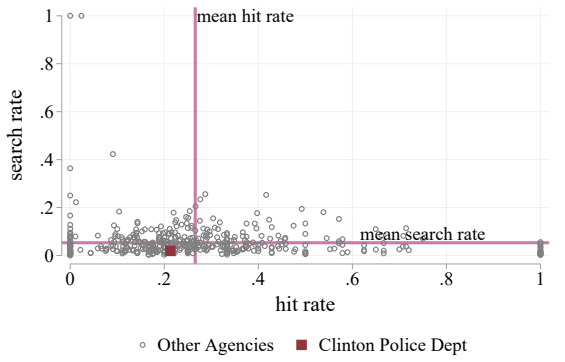
(c) Arrest and citation rate



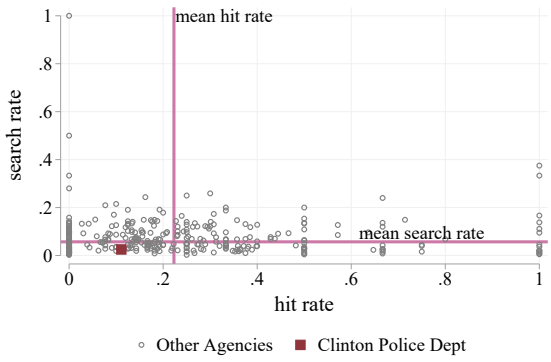
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

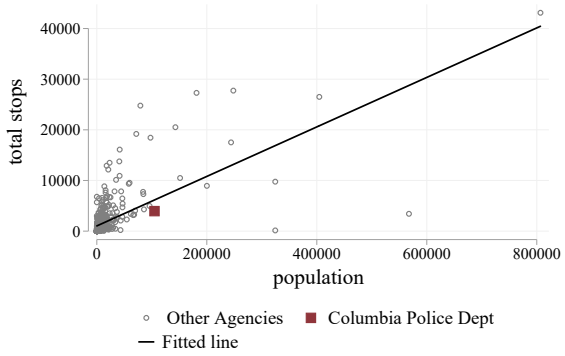
Contraband	138	66	70	2	0	0	0
Arrests	407	187	205	12	0	3	0
Citations	663	379	242	21	2	17	2
Rates	.	.	.	.	.	.	.
Stop rate	3.77	2.82	13.42	2.98	13.19	1.36	.63
Stop rate, residents	2.83	1.98	11.06	2.14	9.72	1.14	.51
Search rate	10.96	8.63	15.8	8.77	0	1.14	0
Contraband hit rate	31.87	34.02	30.7	20	.	0	.
Arrest rate	10.3	8.31	14.21	10.53	0	3.41	0
Citation rate	16.78	16.85	16.77	18.42	10.53	19.32	5.41

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

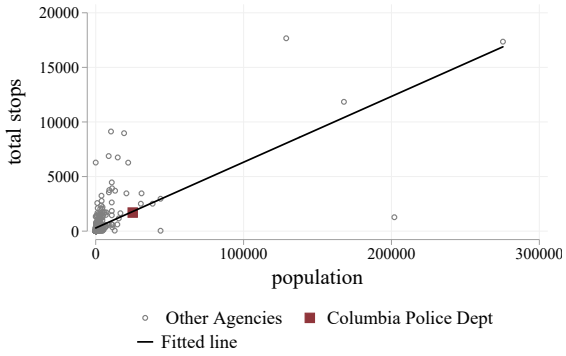
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Columbia Police Dept

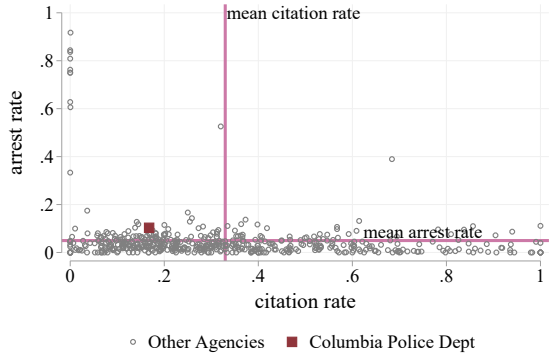
(a) Total stops



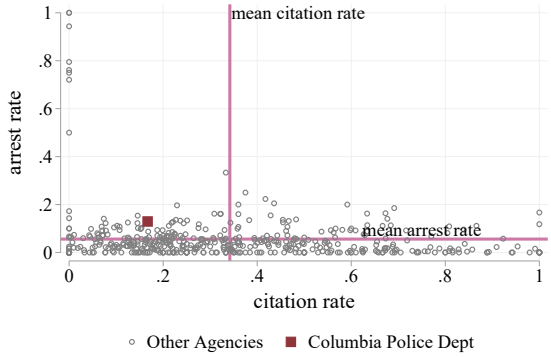
(b) Non-white total stops



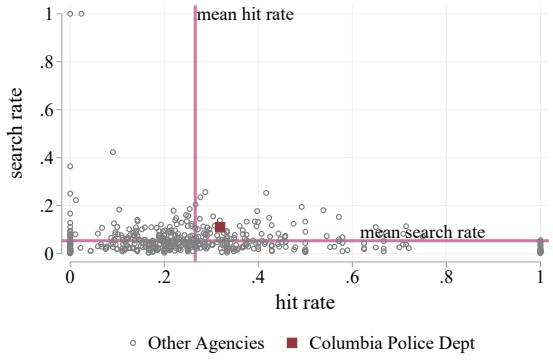
(c) Arrest and citation rate



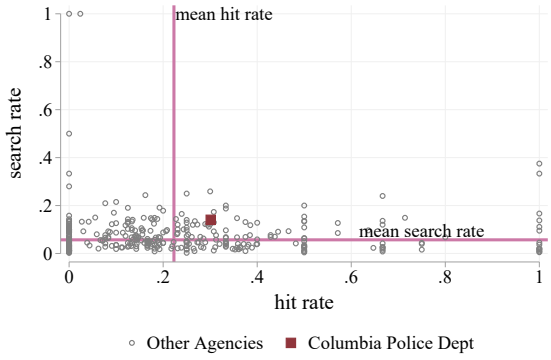
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

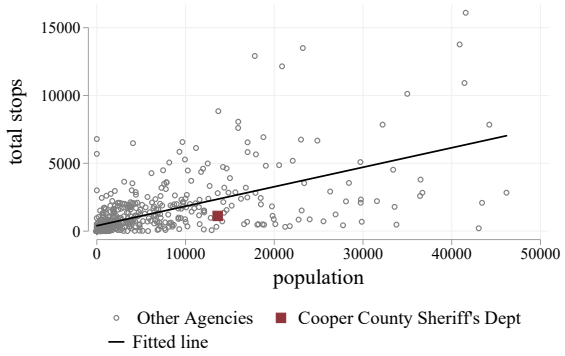
Arrest rate	4.9	4.23	10	0	0	0	0
Citation rate	6.14	6.18	6.25	7.14	0	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

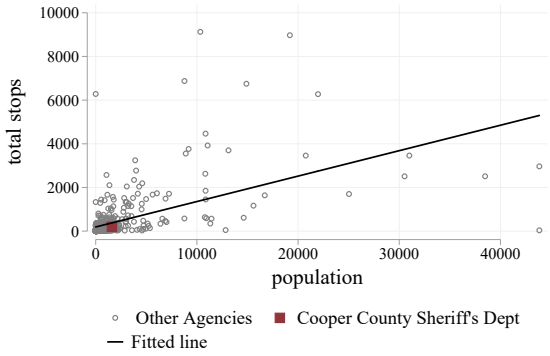
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Cooper County Sheriff's Dept

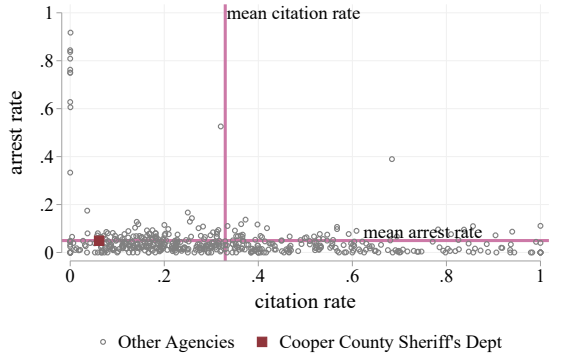
(a) Total stops



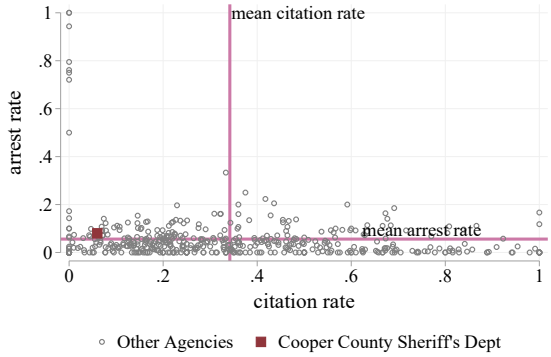
(b) Non-white total stops



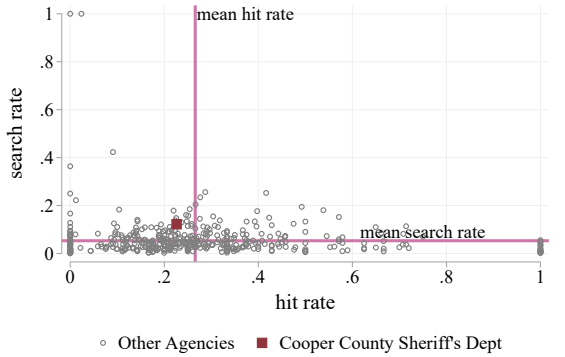
(c) Arrest and citation rate



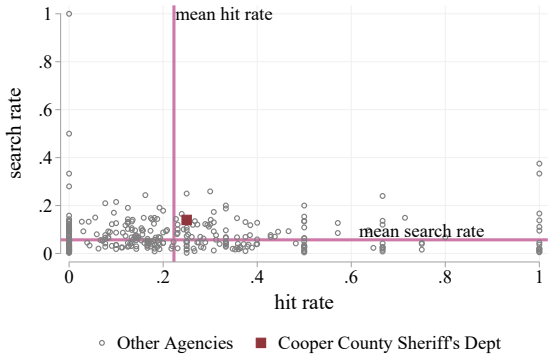
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

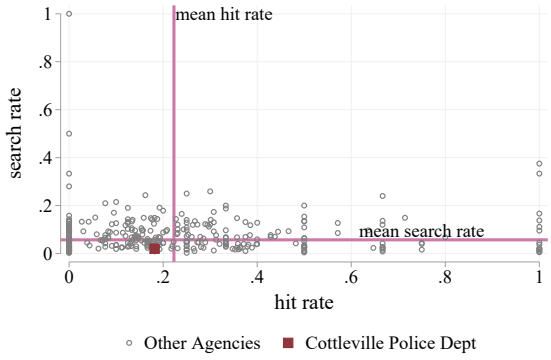
(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

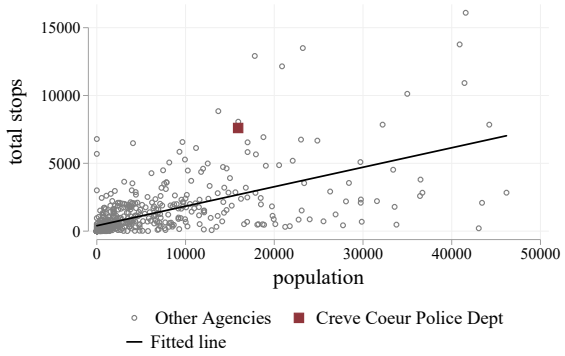
Arrest rate	2.89	1.8	5.58	9.21	0	0	.63
Citation rate	39.82	37.66	45.96	28.95	16.67	42.25	21.88

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

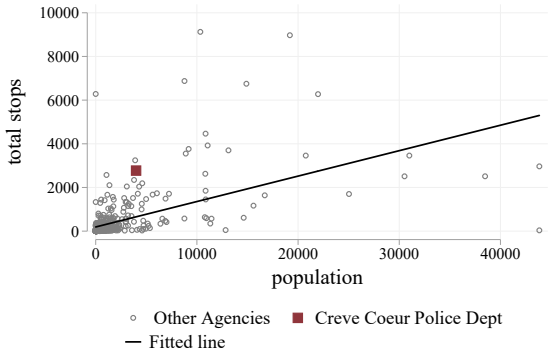
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Creve Coeur Police Dept

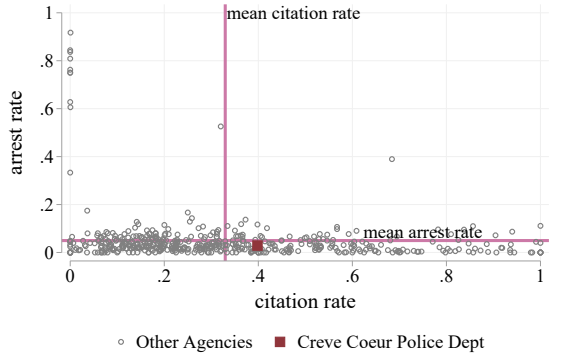
(a) Total stops



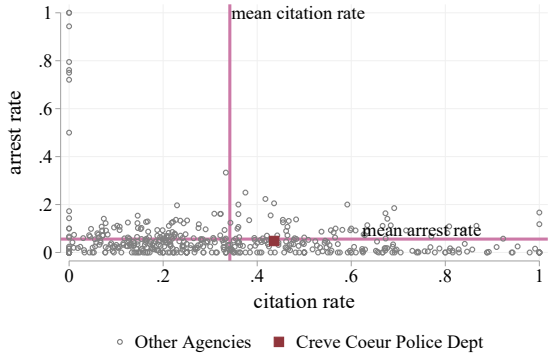
(b) Non-white total stops



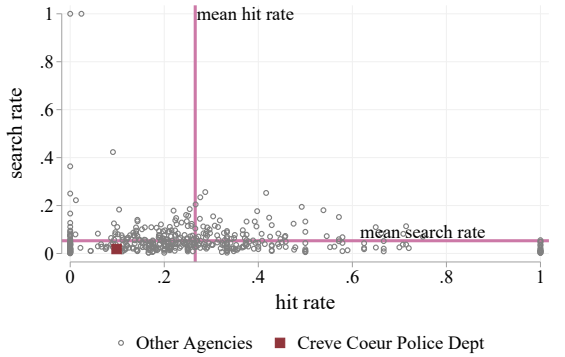
(c) Arrest and citation rate



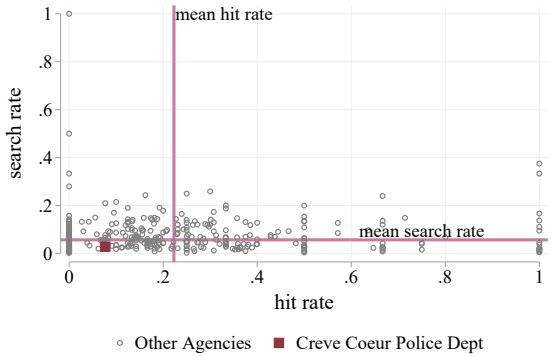
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Rates	.	.	.	.	.	.	.
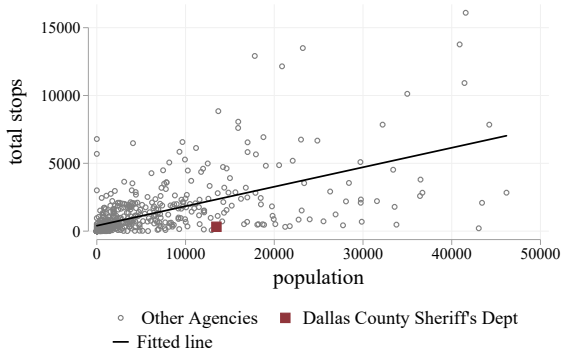
Stop rate	2.39	2.42	60	1.85	0	5	.19
Stop rate, residents	1.48	1.54	20	.37	0	0	0
Search rate	12.42	12.09	11.11	40	.	0	0
Contraband hit rate	47.5	48.65	0	50	.	.	.
Arrest rate	6.21	6.21	0	20	.	0	0
Citation rate	6.52	6.86	0	0	.	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

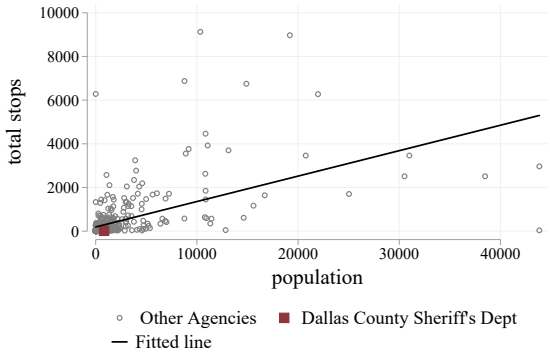
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Dallas County Sheriff's Dept

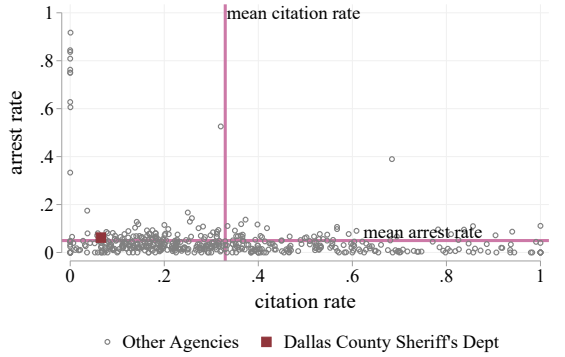
(a) Total stops



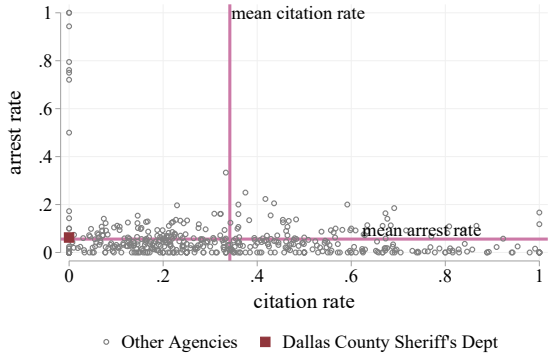
(b) Non-white total stops



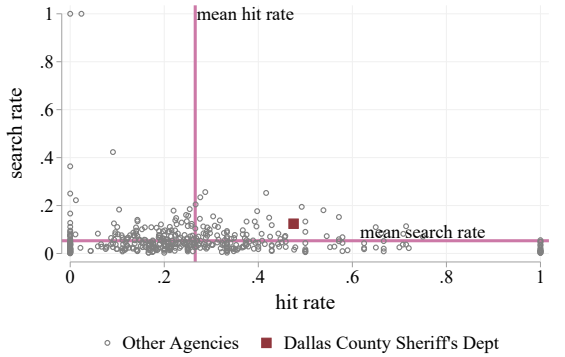
(c) Arrest and citation rate



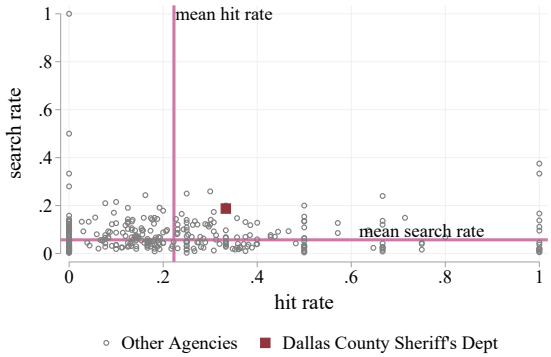
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

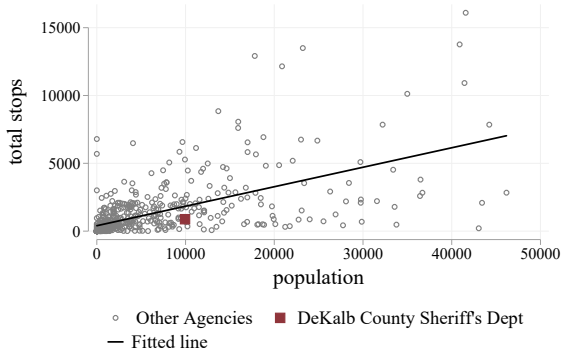
Contraband hit rate	45.83	45.45	50	.	.	.	.
Arrest rate	1.7	1.7	4.17	0	0	0	0
Citation rate	12.83	12.5	20.83	20	0	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

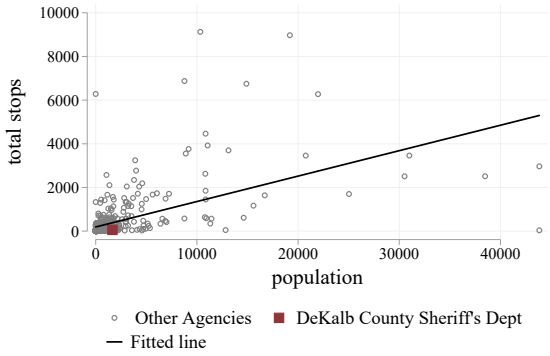
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for DeKalb County Sheriff's Dept

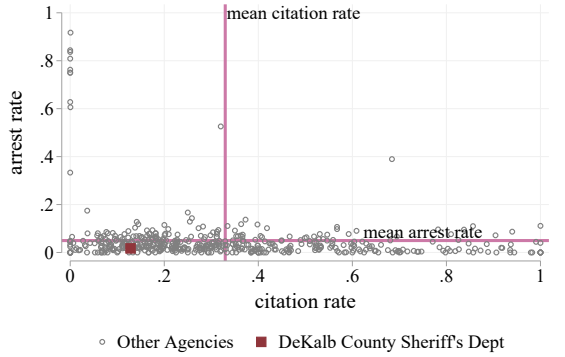
(a) Total stops



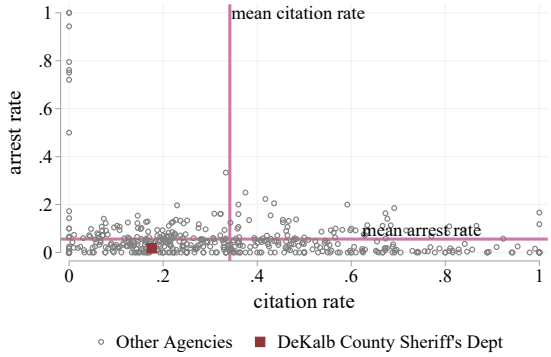
(b) Non-white total stops



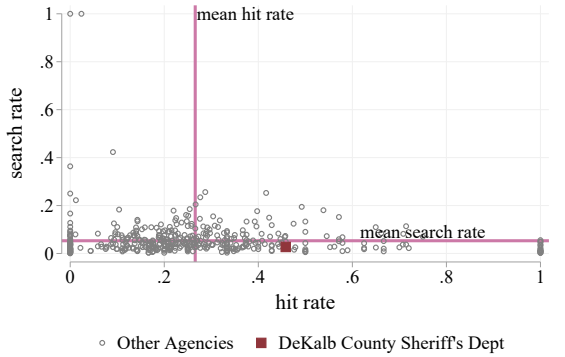
(c) Arrest and citation rate



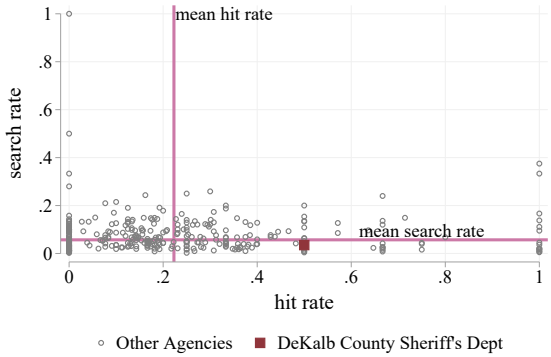
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

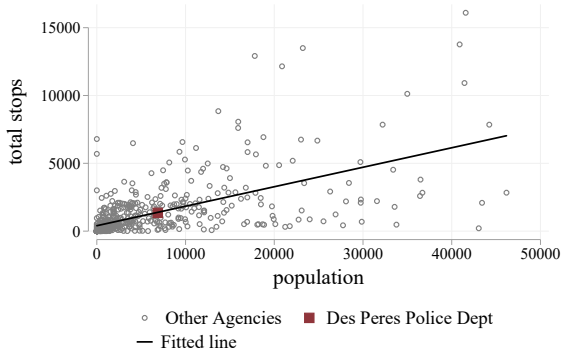
Citation rate	63.74	69.18	73.49	40	50	57.14	20.99

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

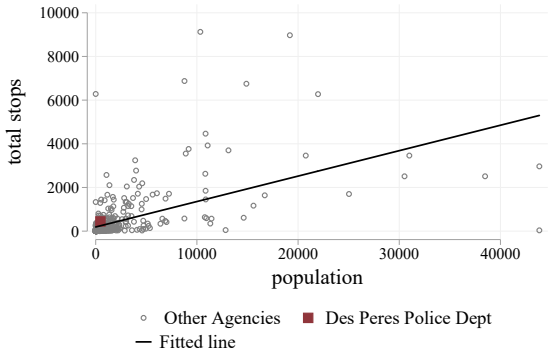
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Des Peres Police Dept

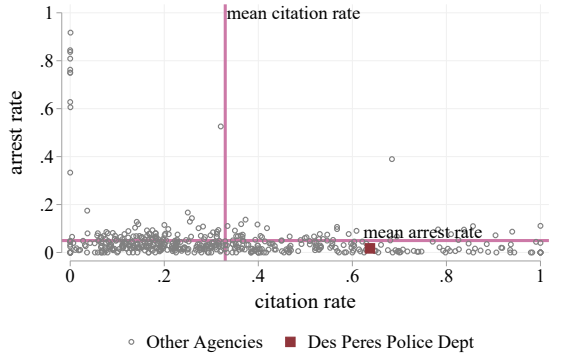
(a) Total stops



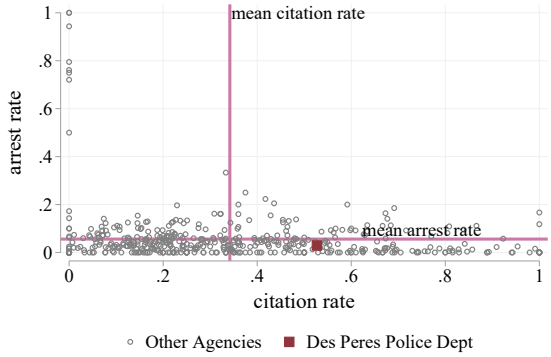
(b) Non-white total stops



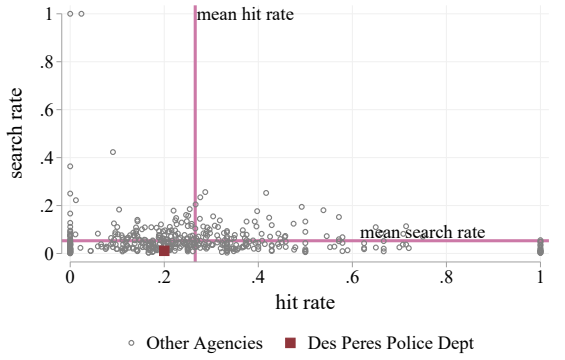
(c) Arrest and citation rate



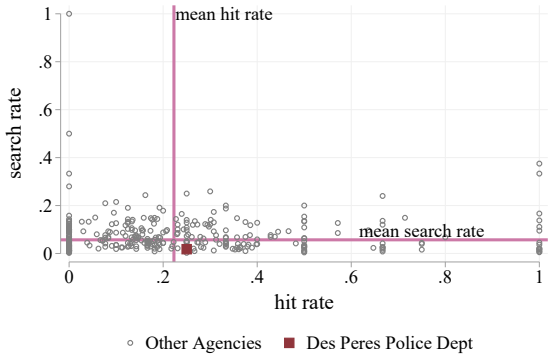
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

2.119 Diamond Police Dept

Table 1: Rates by Race for Diamond Police Dept

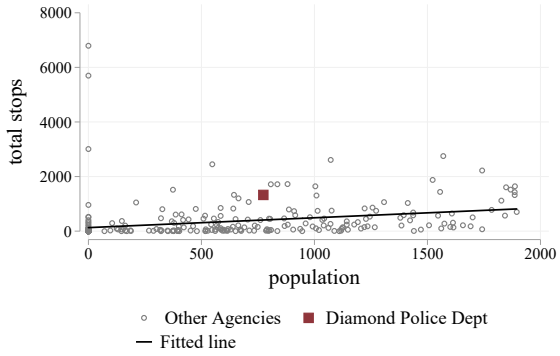
	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	774	676	8	43	9	0	56
2022 ACS pop. %	100	87.34	1.03	5.56	1.16	0	7.24
2020 Decennial pop.	627	563	2	7	9	0	46
2020 Decennial pop. %	100	89.79	.32	1.12	1.44	0	7.34
Totals	.	.	.	.	.	.	.
All stops	1327	1150	31	109	1	30	6
Resident stops	163	152	2	4	1	4	0
Searches	21	15	0	6	0	0	0
Contraband	10	9	0	1	0	0	0
Arrests	19	11	0	6	0	2	0
Citations	439	361	10	53	1	10	4
Rates	.	.	.	.	.	.	.
Stop rate	171.45	170.12	387.5	253.49	11.11	.	10.71
Stop rate, residents	21.06	22.49	25	9.3	11.11	.	0
Search rate	1.58	1.3	0	5.5	0	0	0
Contraband hit rate	47.62	60	.	16.67	.	.	.
Arrest rate	1.43	.96	0	5.5	0	6.67	0
Citation rate	33.08	31.39	32.26	48.62	100	33.33	66.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

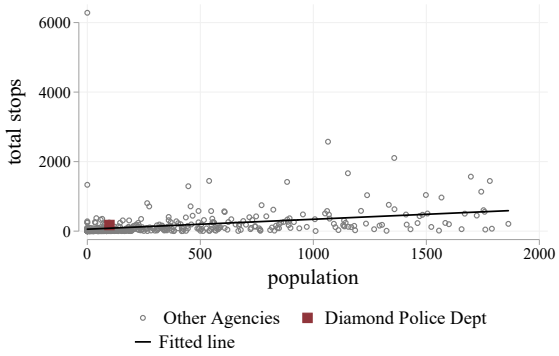
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Diamond Police Dept

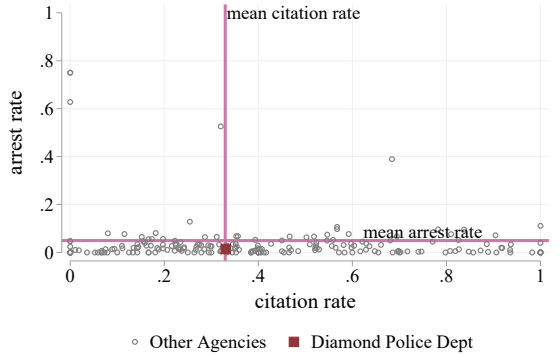
(a) Total stops



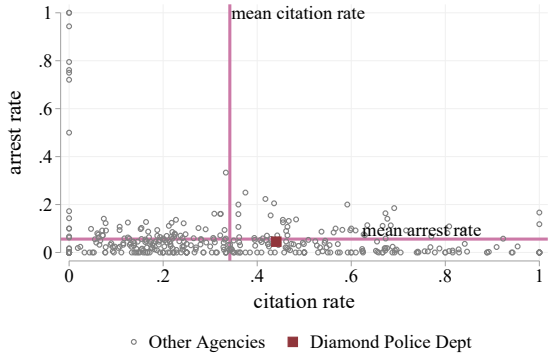
(b) Non-white total stops



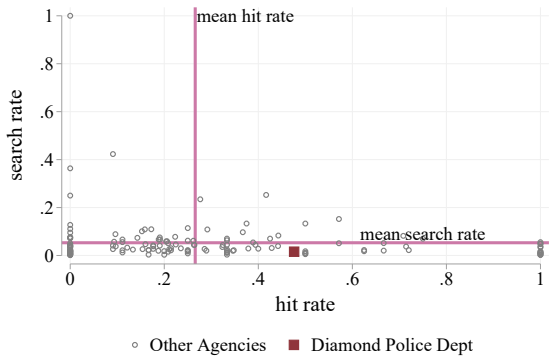
(c) Arrest and citation rate



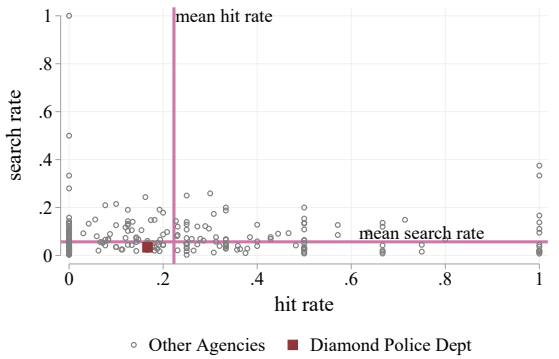
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

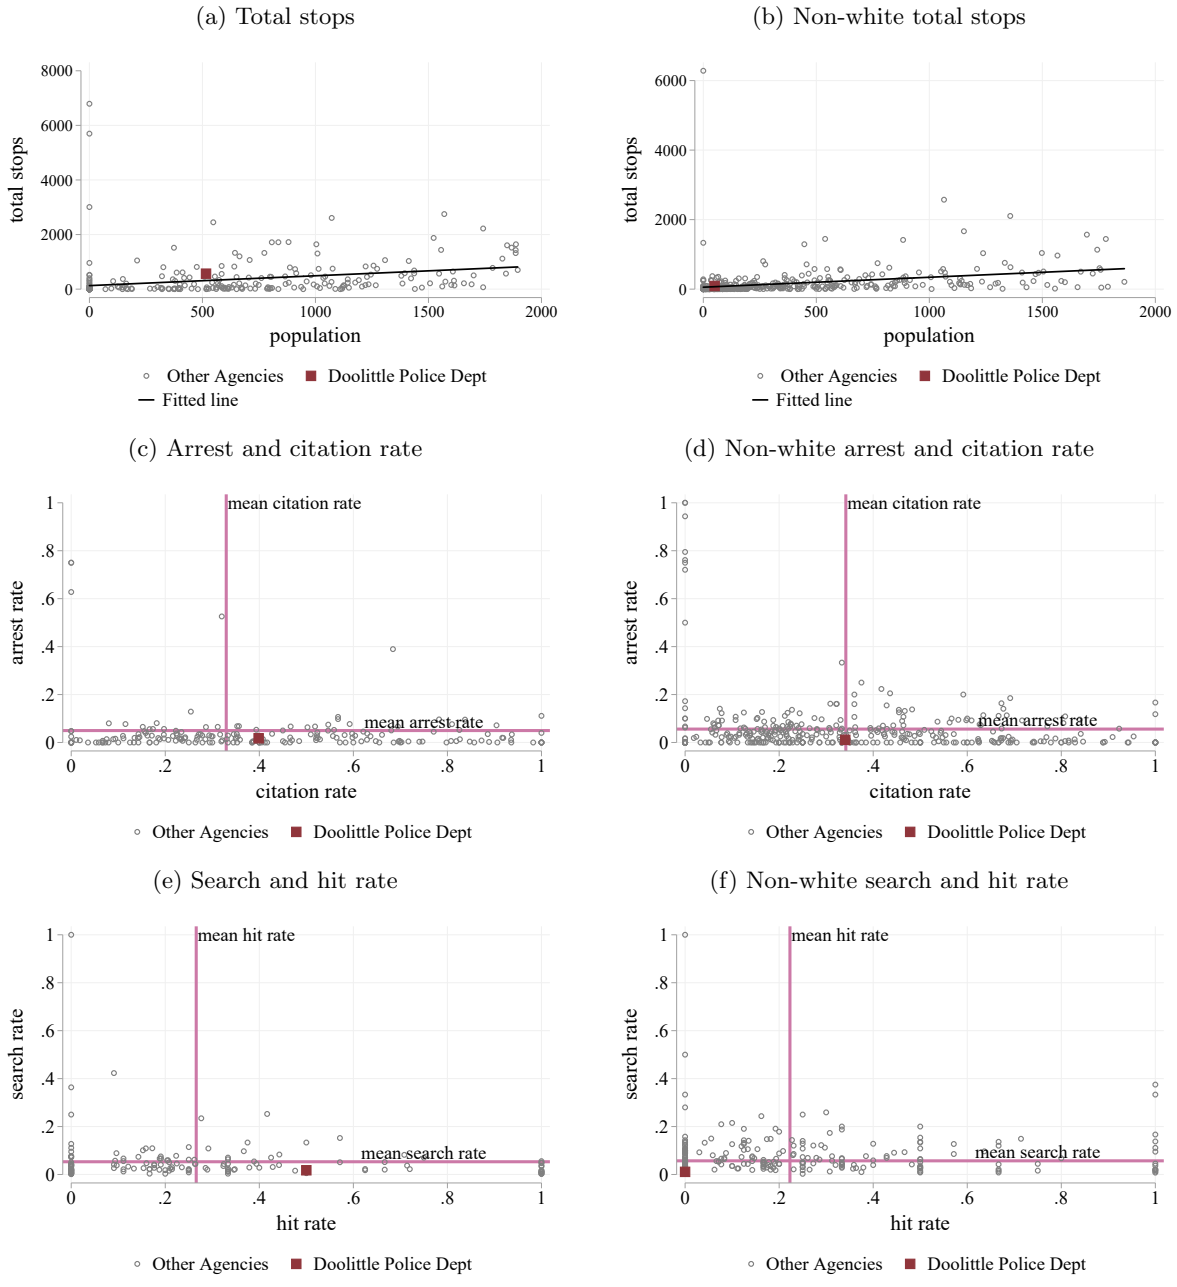
Arrest rate	1.76	1.89	2.27	0	0	0	0
Citation rate	39.86	40.97	34.09	31.43	100	37.5	33.33

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Doolittle Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

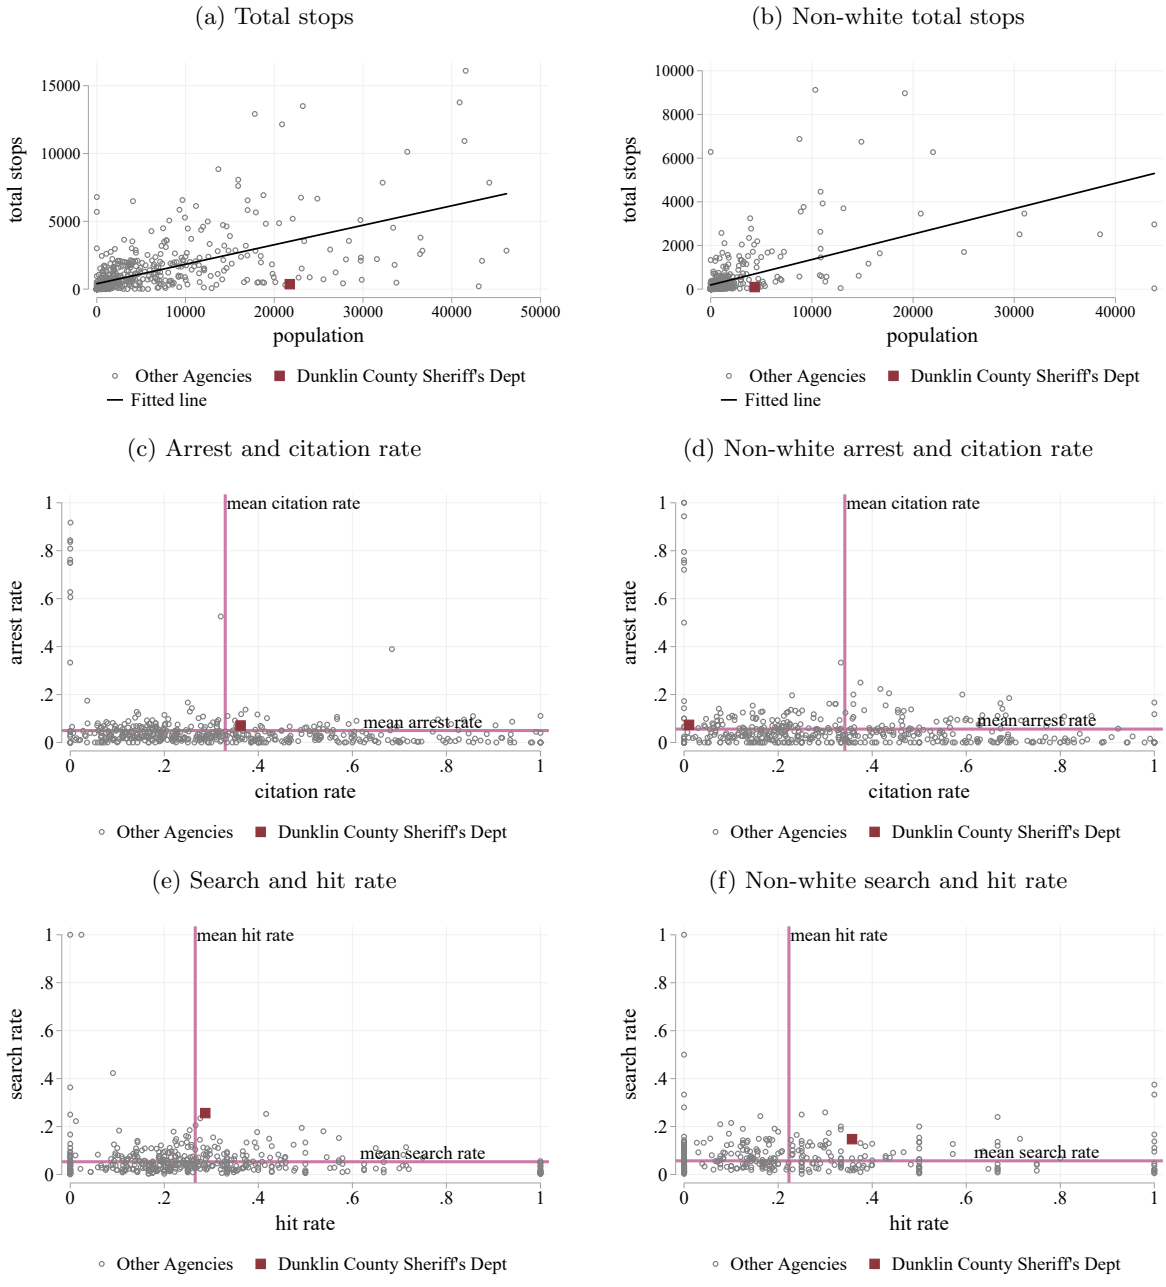
Contraband hit rate	28.72	27.5	36.36	33.33	.	.	.
Arrest rate	7.08	6.99	8.11	4.76	.	.	.
Citation rate	36.24	48.53	1.35	0	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Dunklin County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

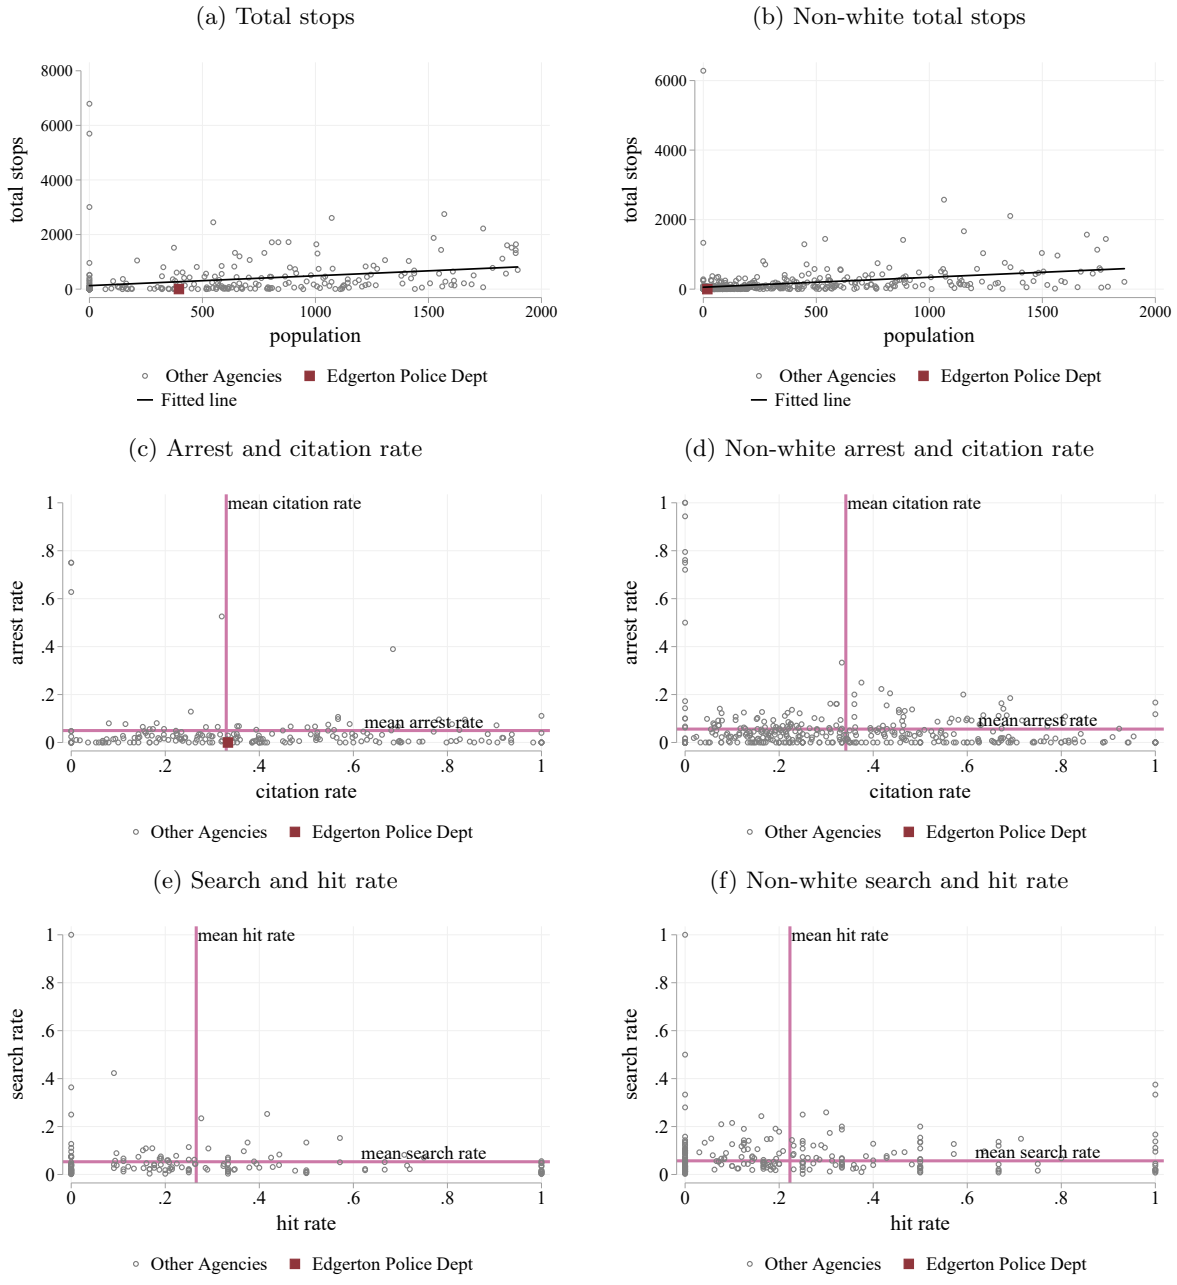
Arrest rate	0	0	.	.	.	.	.
Citation rate	33.33	33.33	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Edgerton Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

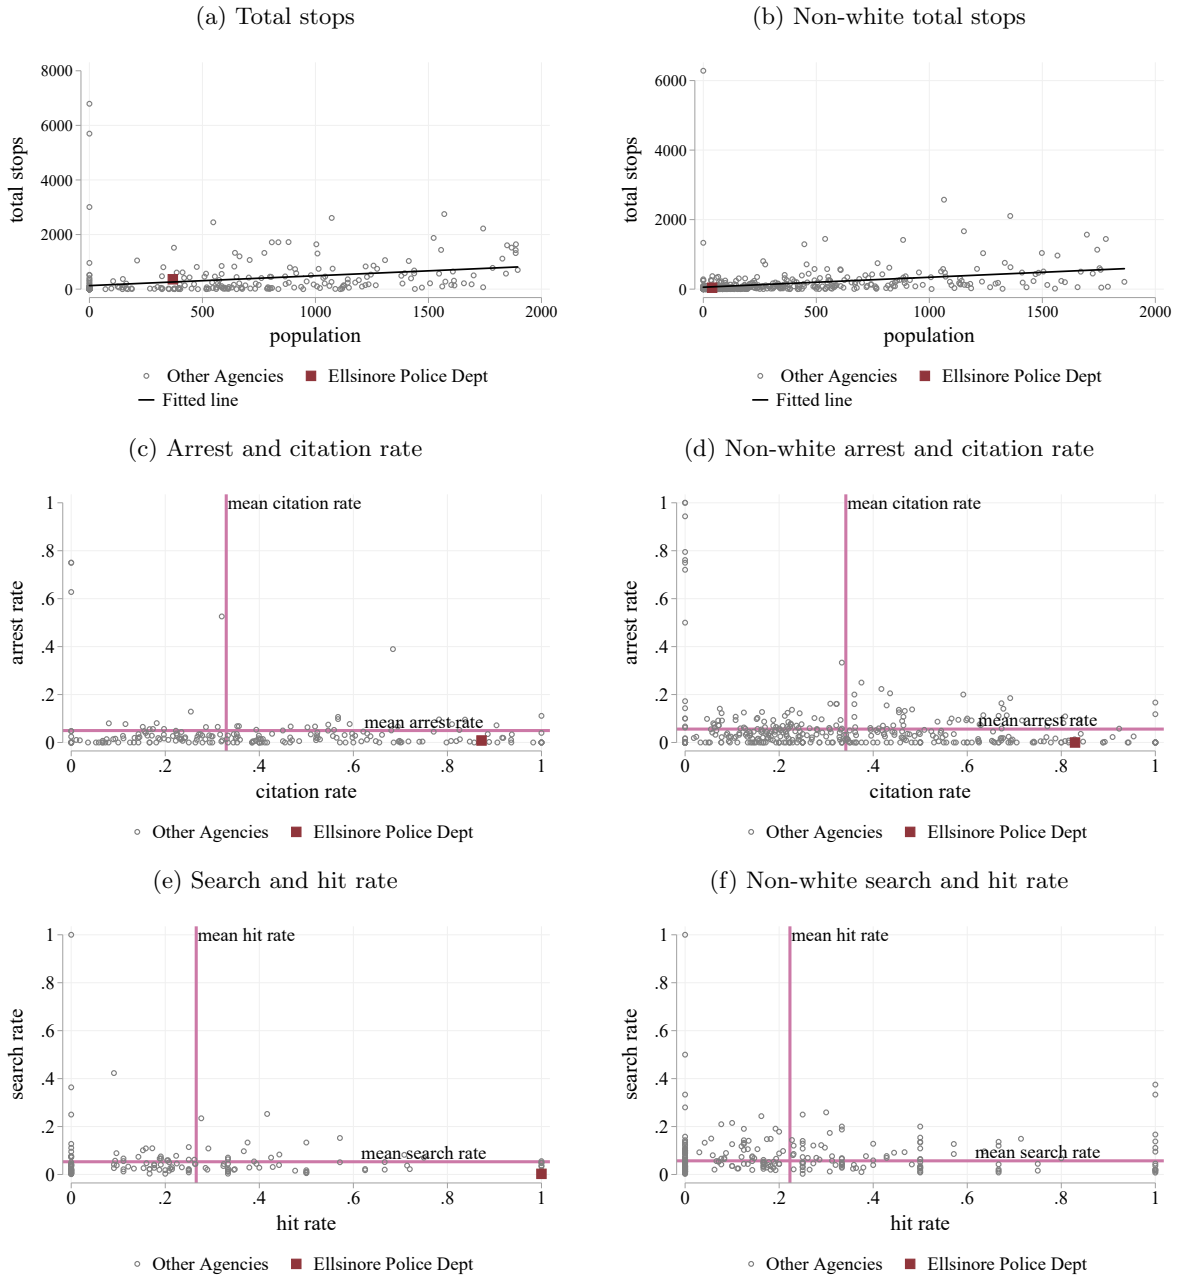
Figure 1: Comparison to other agencies by population for Ellsinore Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

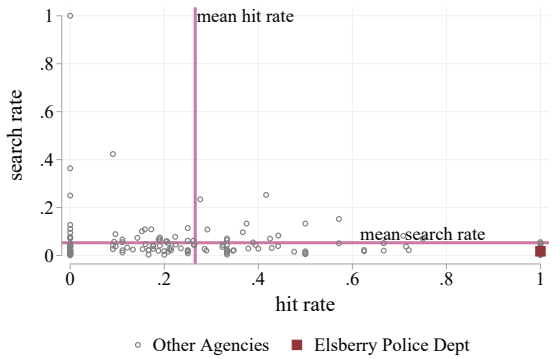
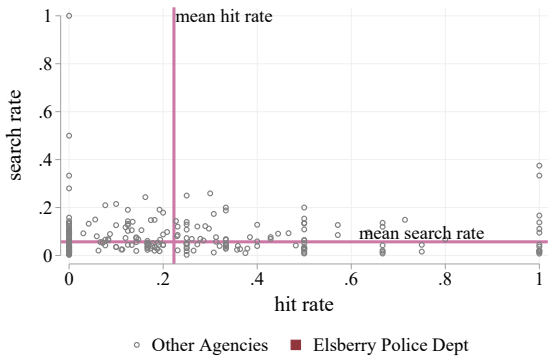
(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

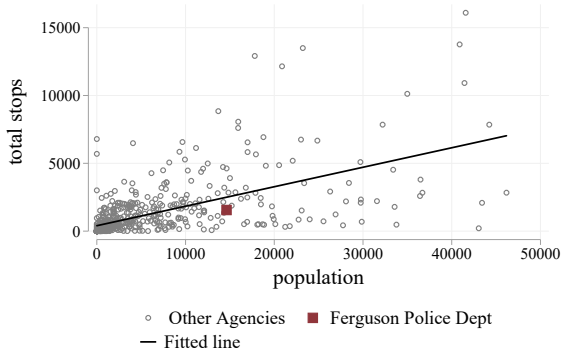
Citation rate	60.14	53.77	60.24	77.78	100	100	80

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

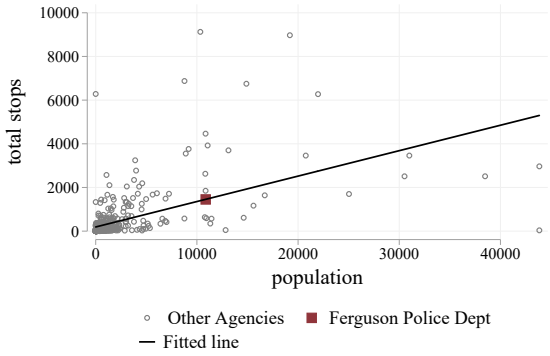
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Ferguson Police Dept

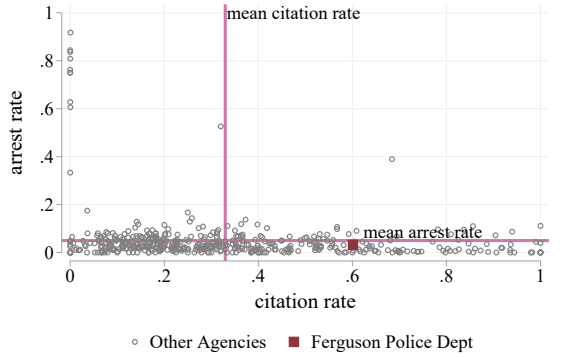
(a) Total stops



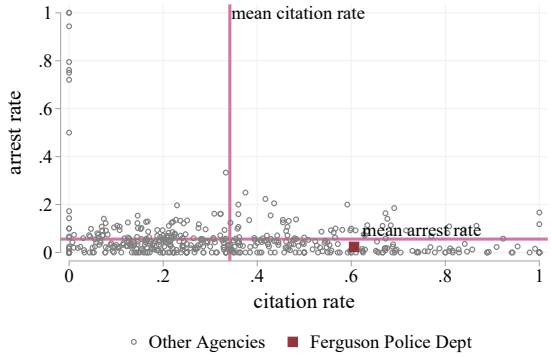
(b) Non-white total stops



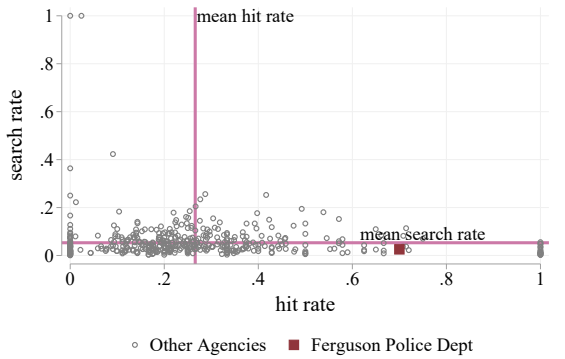
(c) Arrest and citation rate



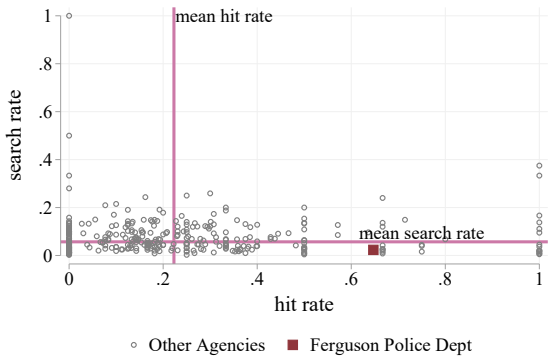
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

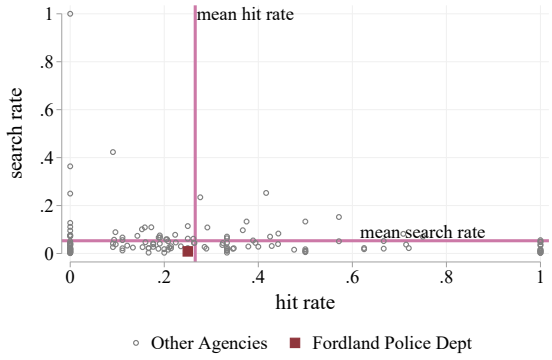
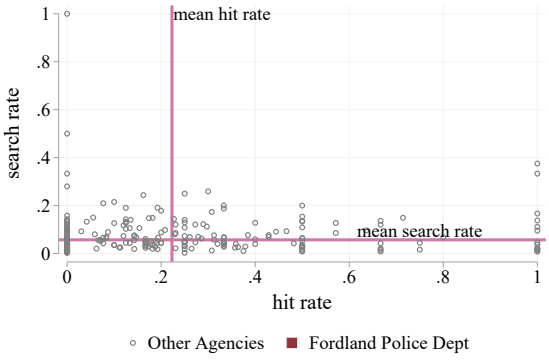
(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

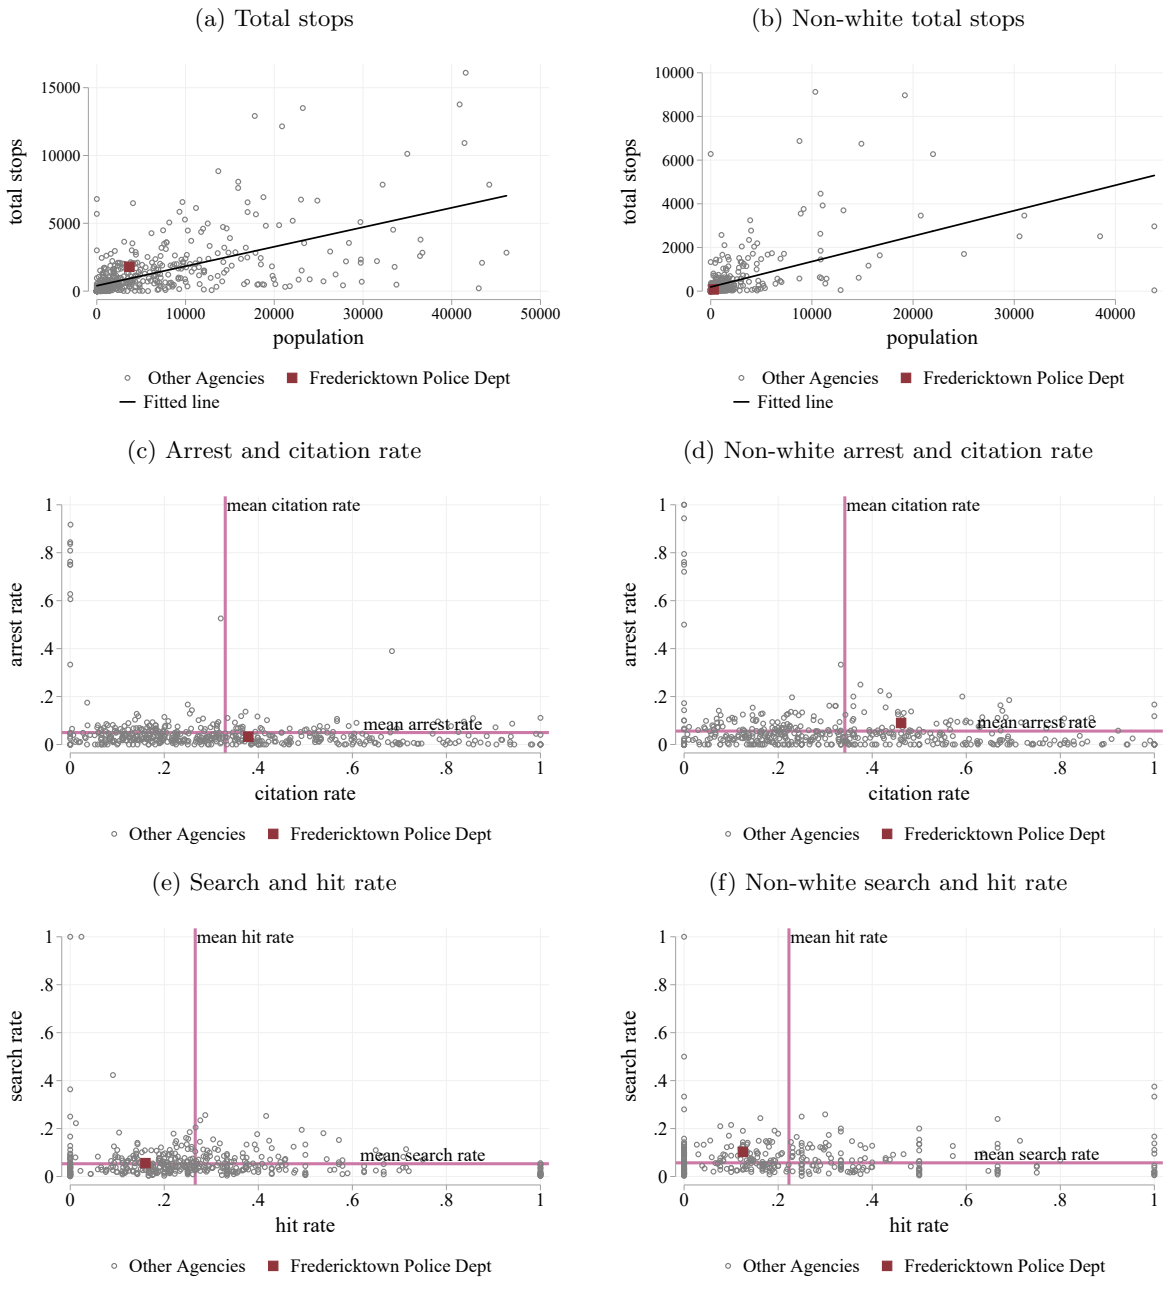
Contraband hit rate	16	16.3	0	33.33	.	0	.
Arrest rate	3.23	2.97	6.67	11.11	0	16.67	0
Citation rate	37.88	37.51	53.33	47.22	50	16.67	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Fredericktown Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

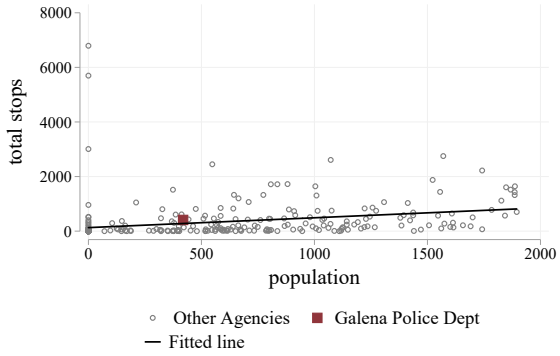
Contraband	0	0	0	0	0	0	0
Arrests	4	4	0	0	0	0	0
Citations	214	207	0	6	0	1	0
Rates	.	.	.	.	.	.	.
Stop rate	98.09	98.75	50	90	.	.	100
Stop rate, residents	90.69	95	0	0	.	.	0
Search rate	.49	.51	0	0	.	0	0
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	.97	1.01	0	0	.	0	0
Citation rate	52.07	52.41	0	66.67	.	50	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

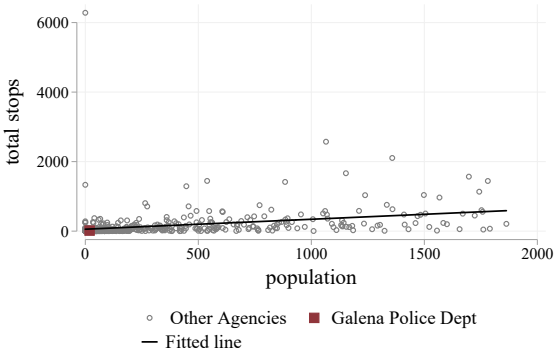
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Galena Police Dept

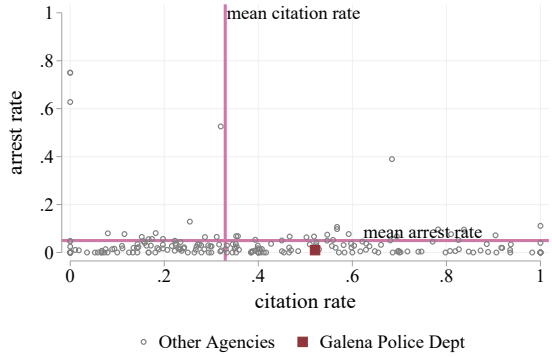
(a) Total stops



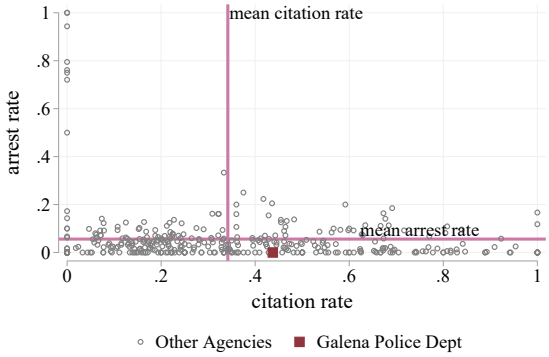
(b) Non-white total stops



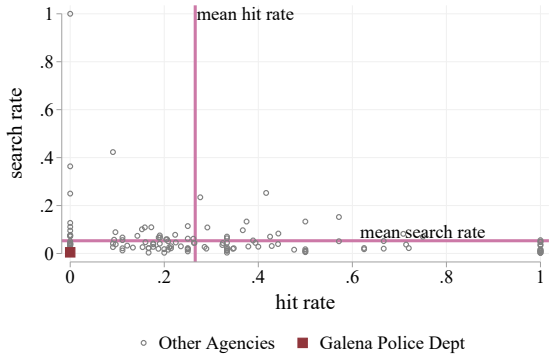
(c) Arrest and citation rate



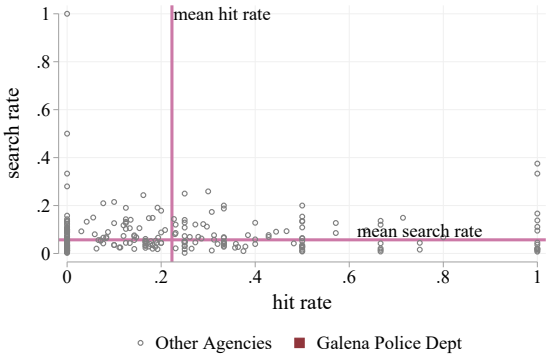
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

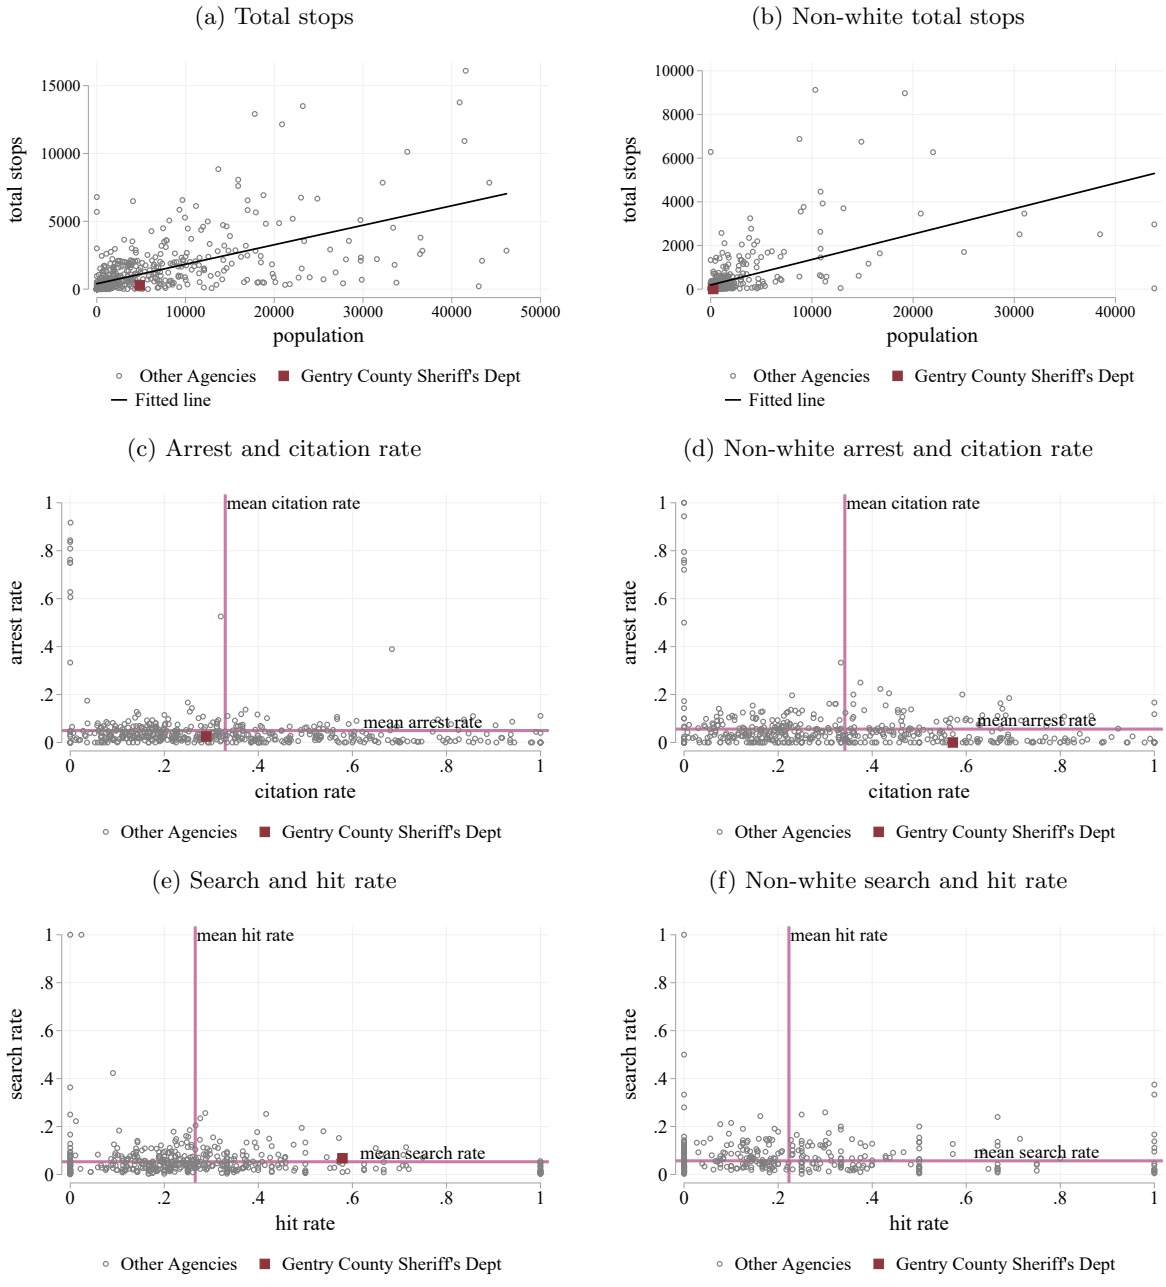
Arrest rate	2.5	2.56	0	0	.	.	.
Citation rate	28.93	28.21	0	80	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Gentry County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

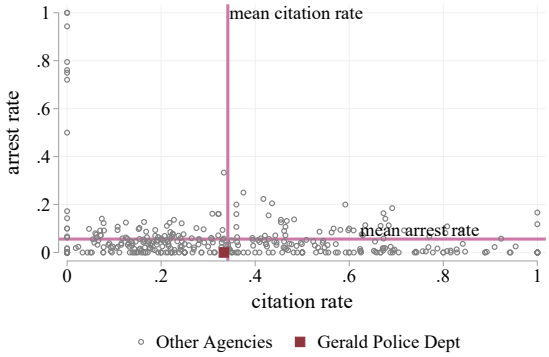
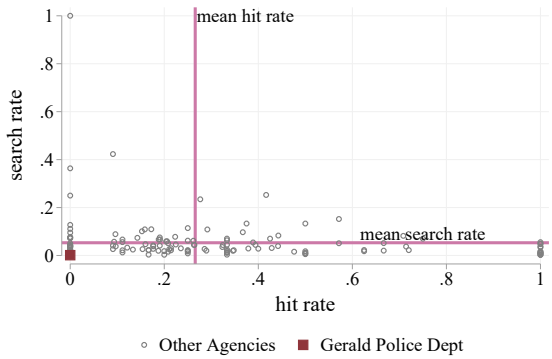
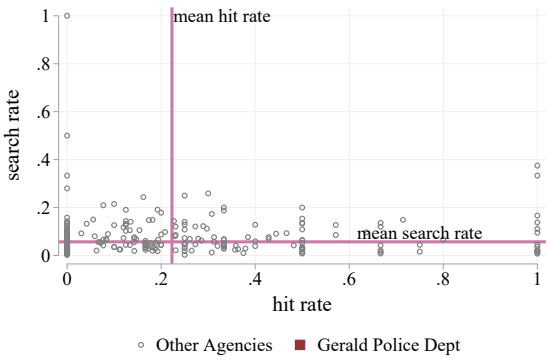
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

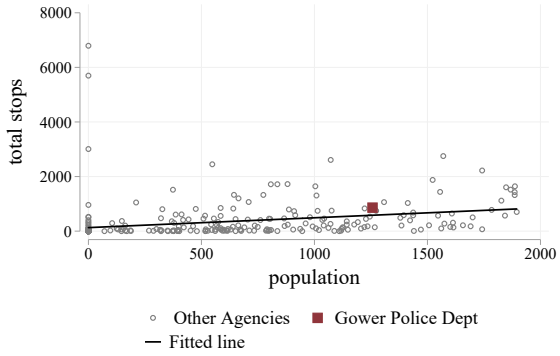
Citation rate	23.69	22.88	30.77	41.67	.	28.57	25

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

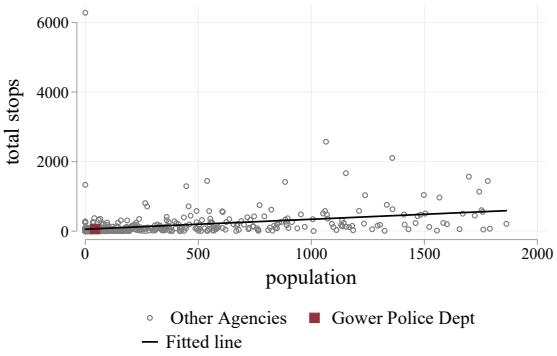
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Gower Police Dept

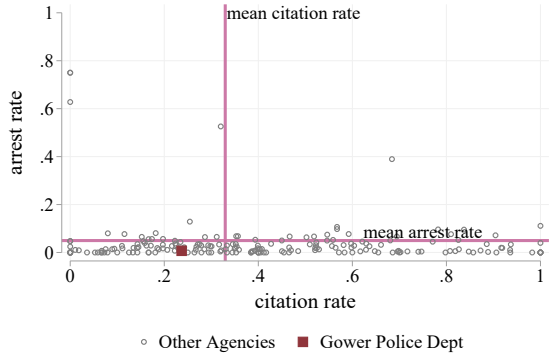
(a) Total stops



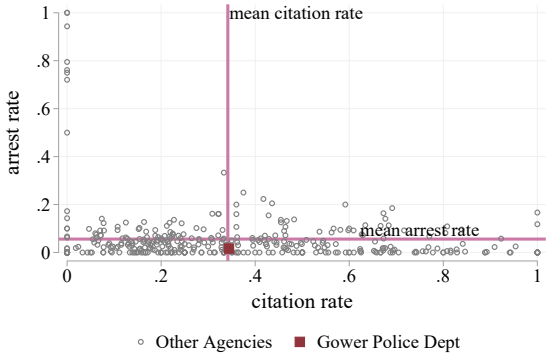
(b) Non-white total stops



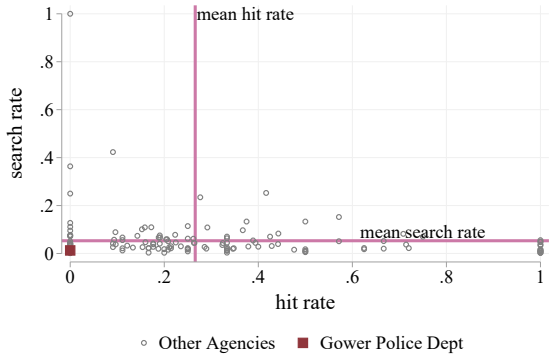
(c) Arrest and citation rate



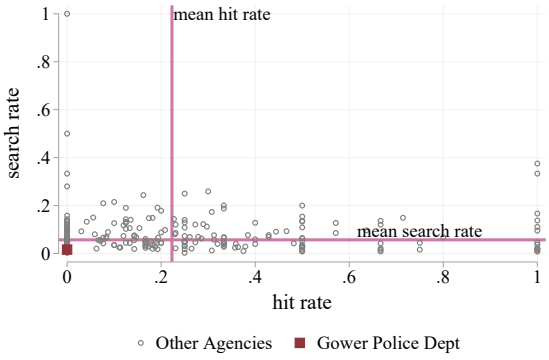
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

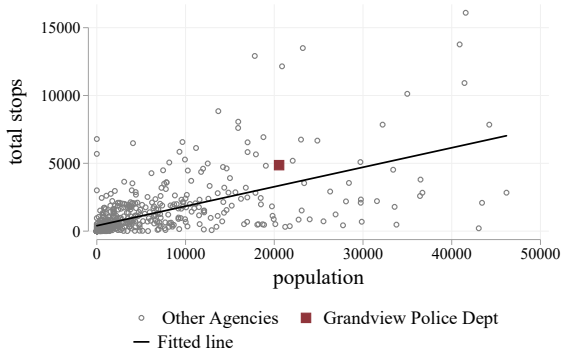
Stop rate, residents	2.38	1.73	3.9	1.7	0	.2	.09
Search rate	3.78	3.89	3.68	4.67	0	0	0
Contraband hit rate	37.5	36.78	37.35	42.86	.	.	.
Arrest rate	2.63	2.77	2.48	3.33	0	0	0
Citation rate	3.29	.67	.75	42.67	0	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

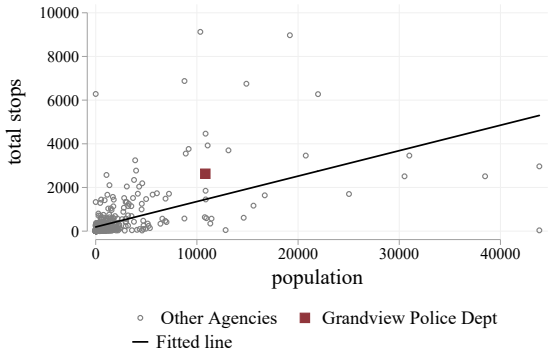
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Grandview Police Dept

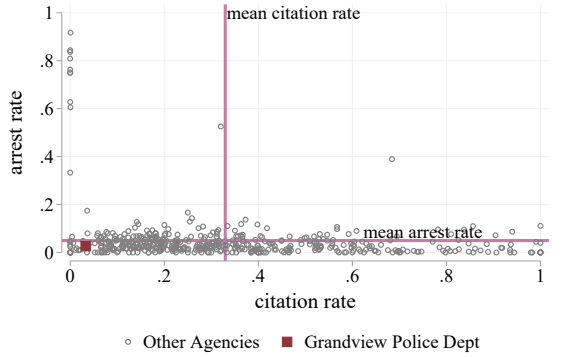
(a) Total stops



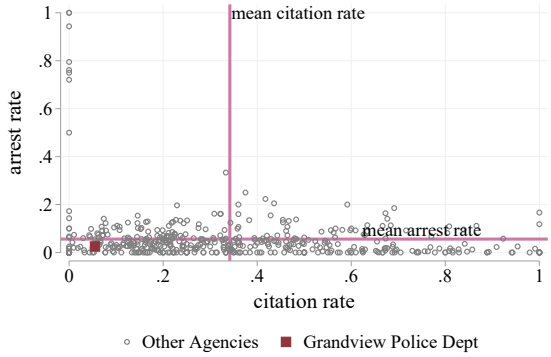
(b) Non-white total stops



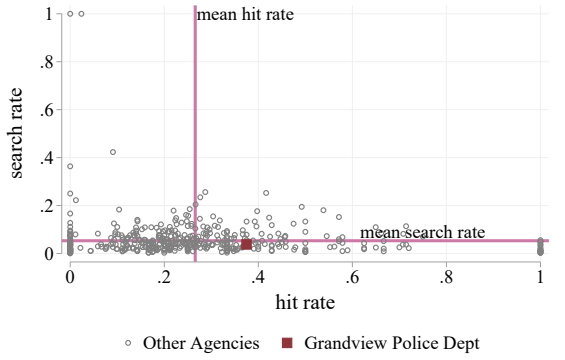
(c) Arrest and citation rate



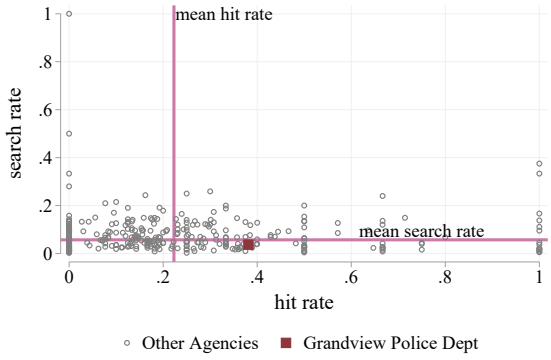
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

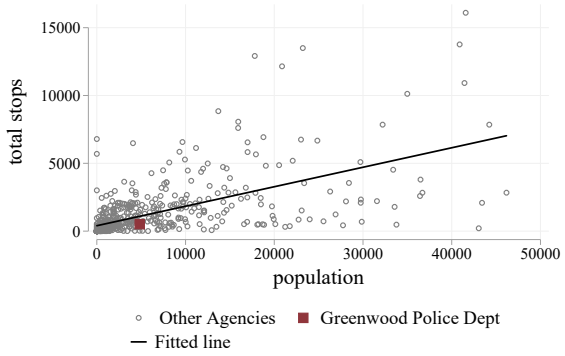
2022 ACS pop.	4835	4092	168	223	4	43	497
2022 ACS pop. %	100	84.63	3.47	4.61	.08	.89	10.28
2020 Decennial pop.	4257	3647	183	177	11	26	213
2020 Decennial pop. %	100	85.67	4.3	4.16	.26	.61	5
Totals	.	.	.	.	.	.	.
All stops	515	388	69	12	3	1	42
Resident stops	154	120	25	3	0	0	6
Searches	7	6	0	1	0	0	0
Contraband	3	2	0	1	0	0	0
Arrests	11	7	3	1	0	0	0
Citations	184	141	39	1	3	0	0
Rates	.	.	.	.	.	.	.
Stop rate	10.65	9.48	41.07	5.38	75	2.33	8.45
Stop rate, residents	3.19	2.93	14.88	1.35	0	0	1.21
Search rate	1.36	1.55	0	8.33	0	0	0
Contraband hit rate	42.86	33.33	.	100	.	.	.
Arrest rate	2.14	1.8	4.35	8.33	0	0	0
Citation rate	35.73	36.34	56.52	8.33	100	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

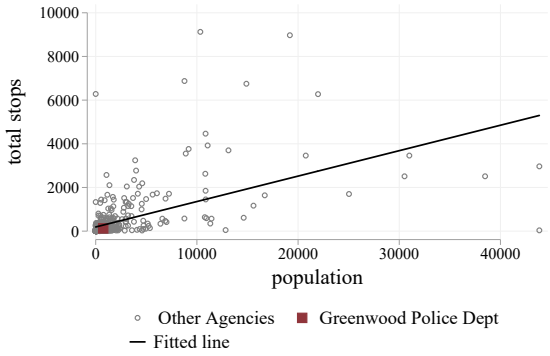
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Greenwood Police Dept

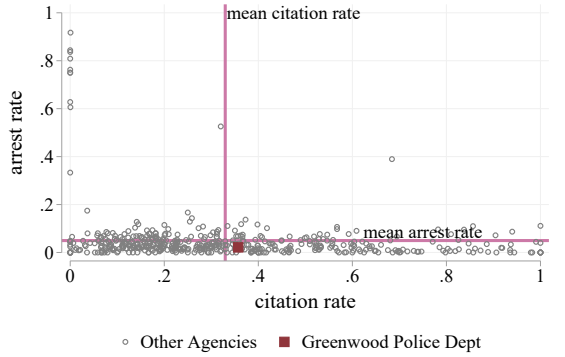
(a) Total stops



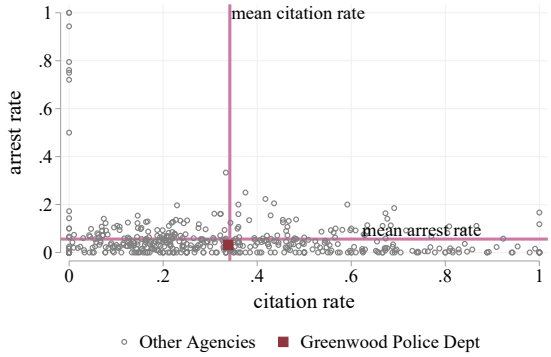
(b) Non-white total stops



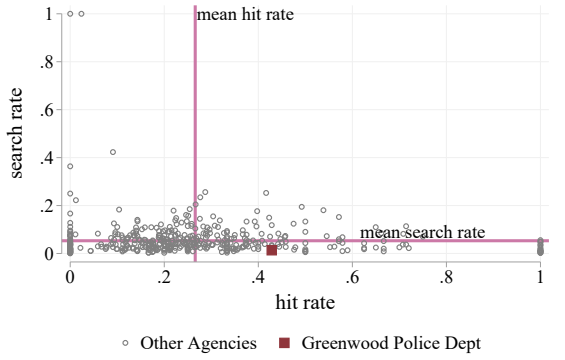
(c) Arrest and citation rate



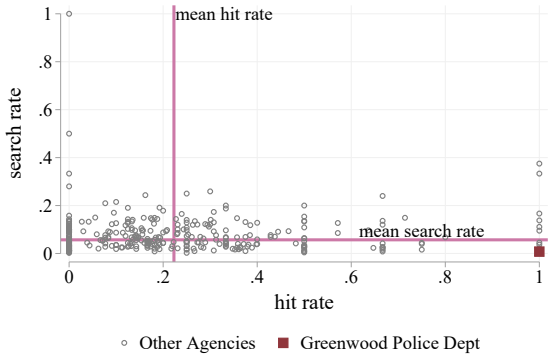
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

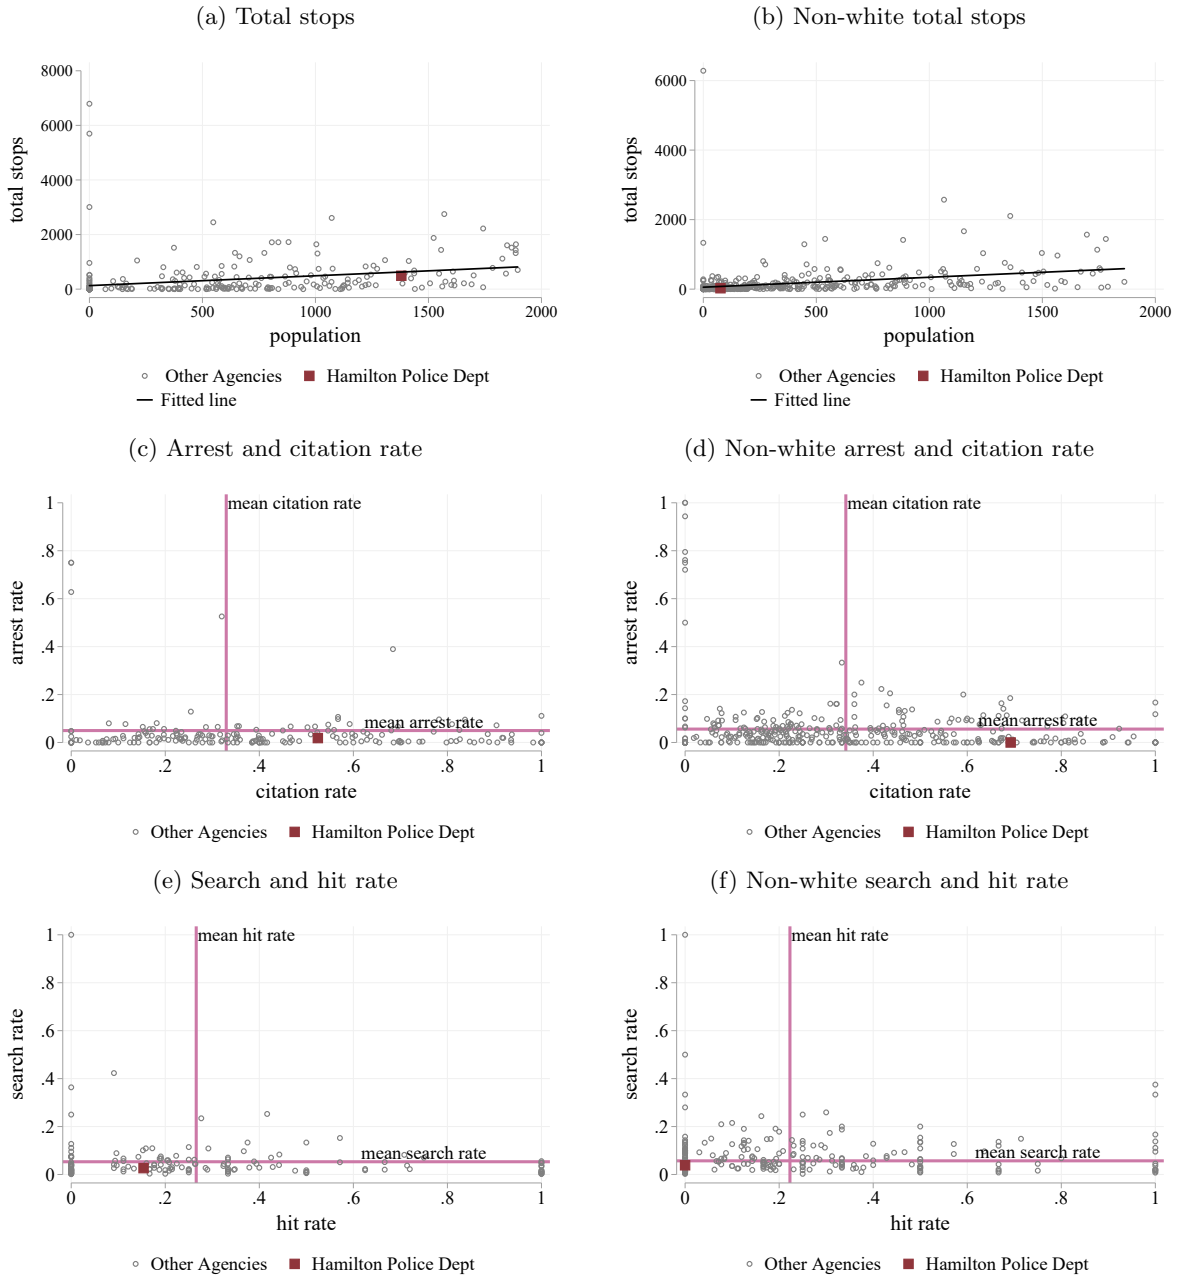
Arrest rate	1.84	1.94	0	0	.	0	0
Citation rate	52.45	51.51	66.67	66.67	.	100	100

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Hamilton Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Rates	.	.	.	.	.	.	.
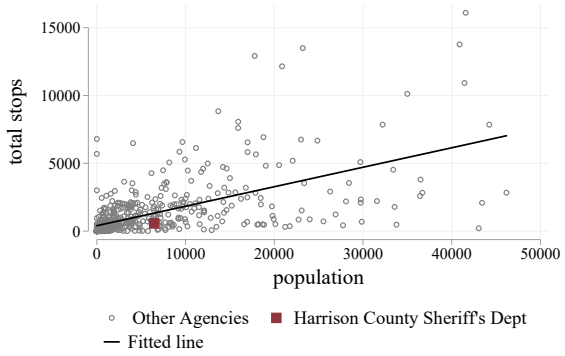
Stop rate	8.76	7.9	47.22	29.77	10.34	25	1.41
Stop rate, residents	3.68	3.73	6.94	3.82	0	0	0
Search rate	1.24	1.04	0	5.13	0	0	0
Contraband hit rate	14.29	0	.	50	.	.	.
Arrest rate	1.41	1.24	0	5.13	0	0	0
Citation rate	24.03	24.02	20.59	28.21	0	20	50

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

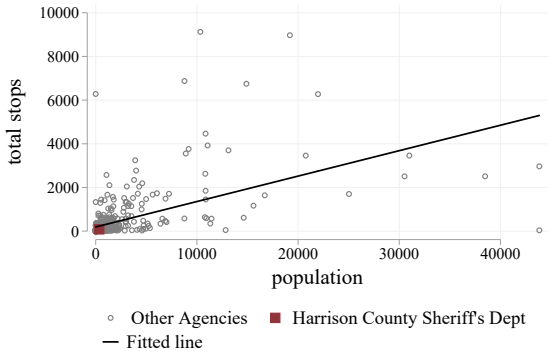
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Harrison County Sheriff's Dept

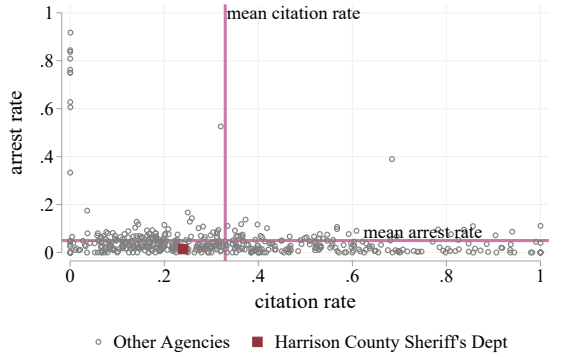
(a) Total stops



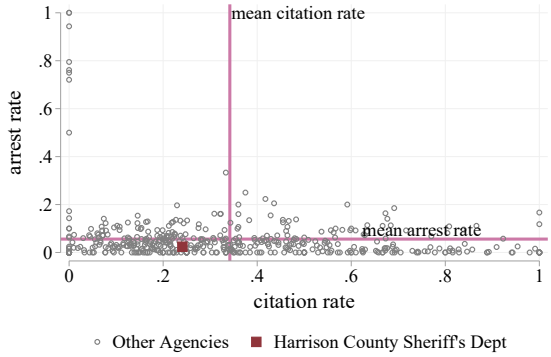
(b) Non-white total stops



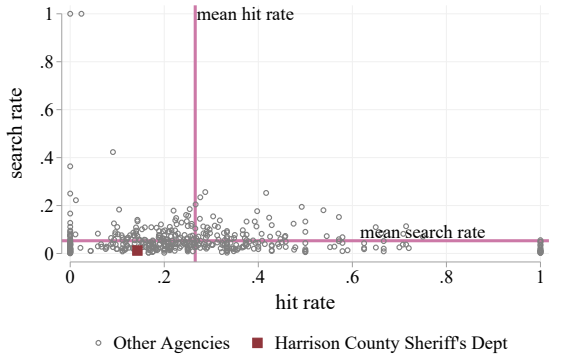
(c) Arrest and citation rate



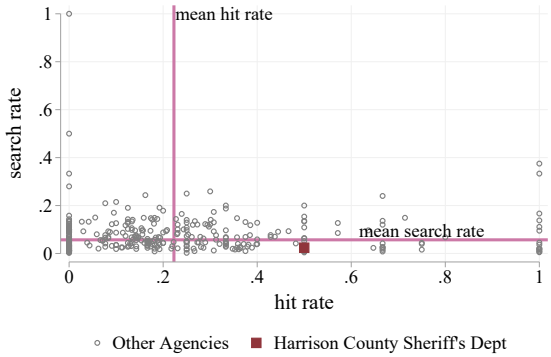
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

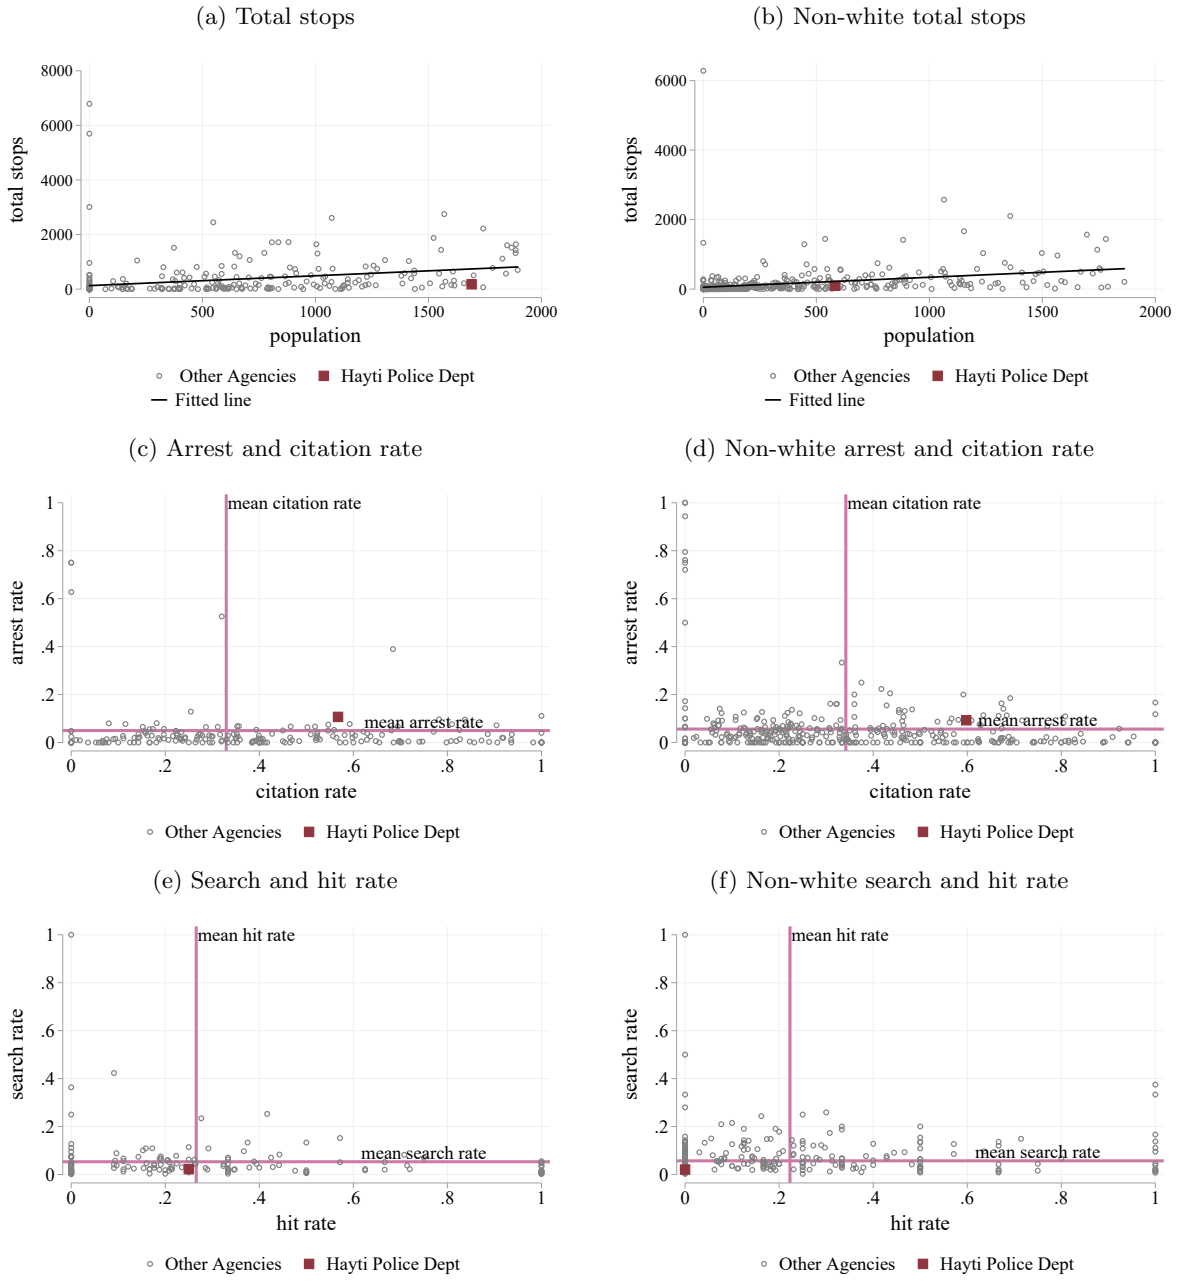
Stop rate, residents	5.68	3.34	11.94	0	.	0	0
Search rate	2.25	2.47	2.08	.	0	.	.
Contraband hit rate	25	50	0	.	.	.	.
Arrest rate	10.67	12.35	9.38	.	0	.	.
Citation rate	56.74	53.09	60.42	.	0	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Hayti Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

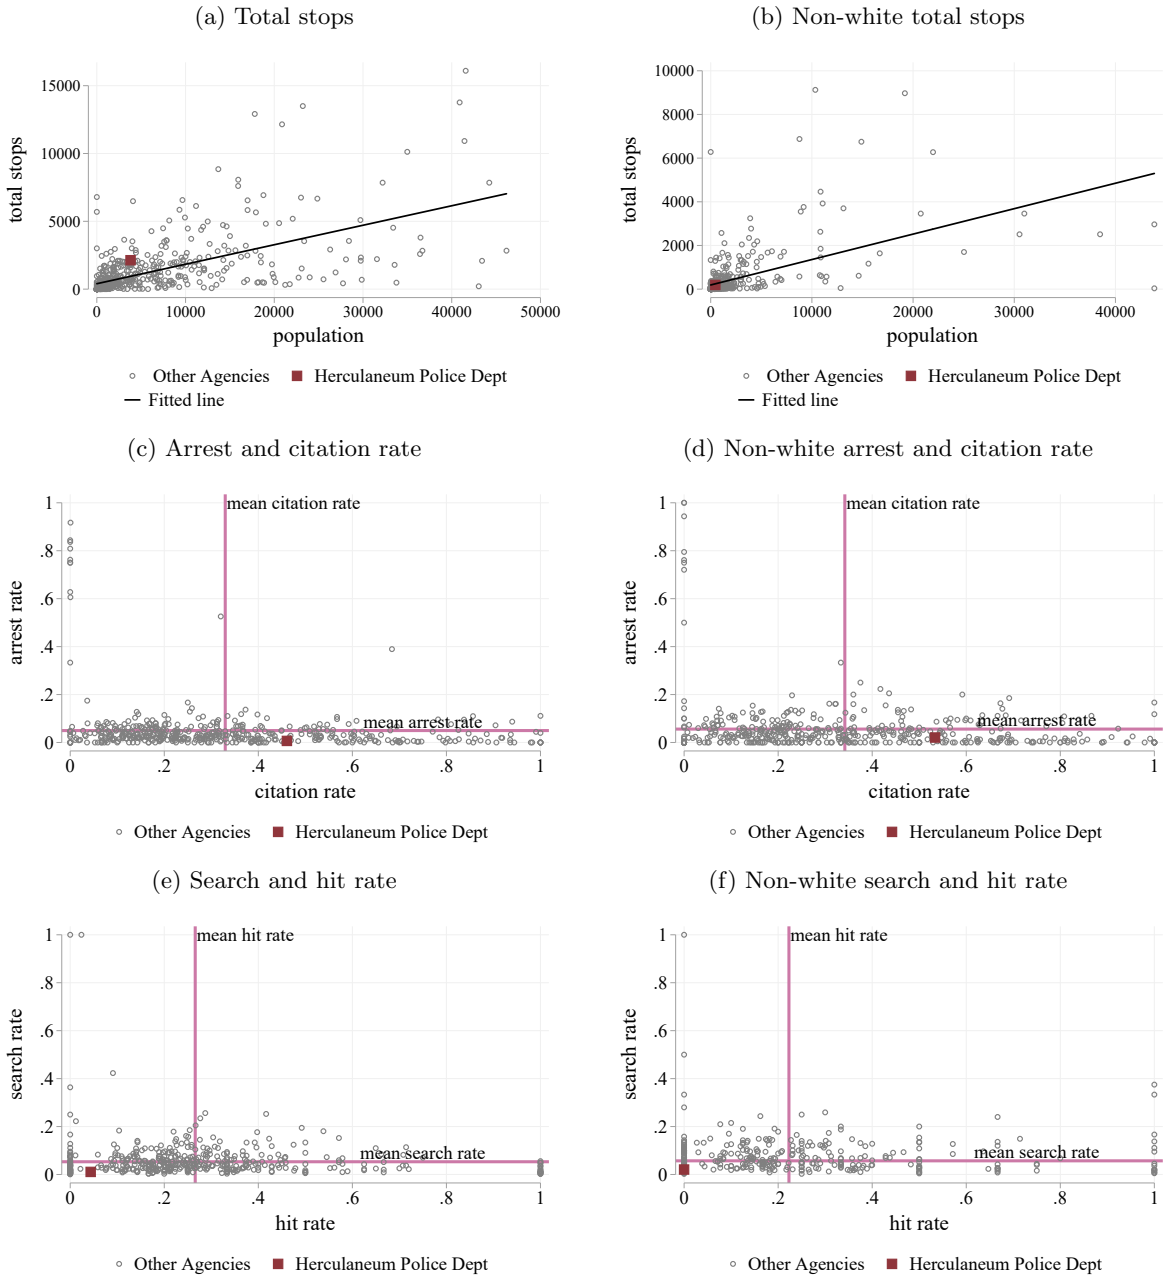
2022 ACS pop.	3802	3342	132	38	5	10	313
2022 ACS pop. %	100	87.9	3.47	1	.13	.26	8.23
2020 Decennial pop.	3496	3190	60	49	13	34	150
2020 Decennial pop. %	100	91.25	1.72	1.4	.37	.97	4.29
Totals	.	.	.	.	.	.	.
All stops	2133	1940	148	3	25	6	11
Resident stops	1739	1723	14	0	1	1	0
Searches	23	19	4	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	14	10	3	0	1	0	0
Citations	983	880	79	3	14	2	5
Rates	.	.	.	.	.	.	.
Stop rate	56.1	58.05	112.12	7.89	500	60	3.51
Stop rate, residents	45.74	51.56	10.61	0	20	10	0
Search rate	1.08	.98	2.7	0	0	0	0
Contraband hit rate	4.35	5.26	0	.	.	.	.
Arrest rate	.66	.52	2.03	0	4	0	0
Citation rate	46.09	45.36	53.38	100	56	33.33	45.45

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Herculaneum Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

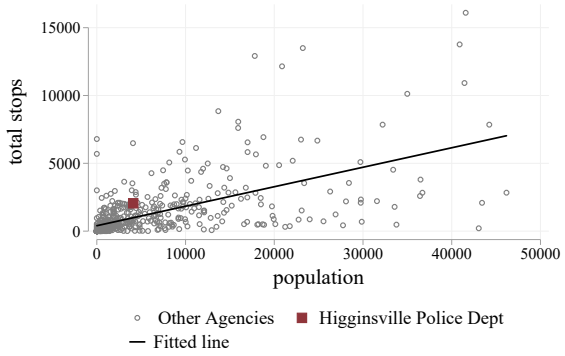
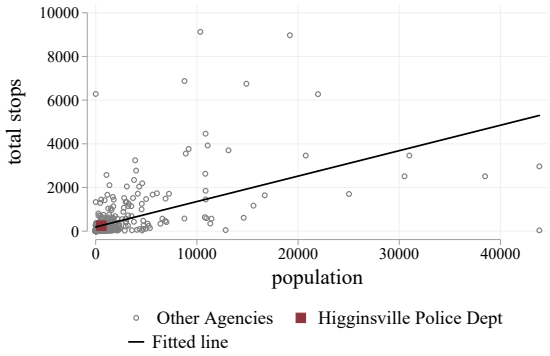
Figure 1: Comparison to other agencies by population for Higginsville Police Dept

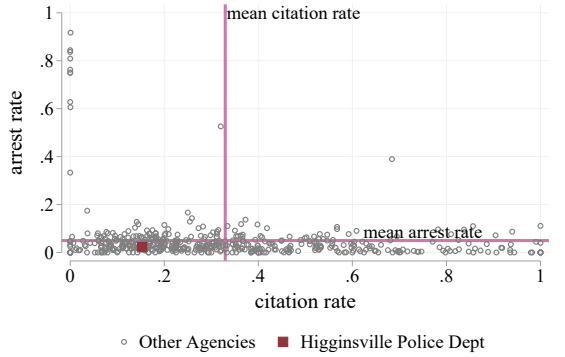
(a) Total stops



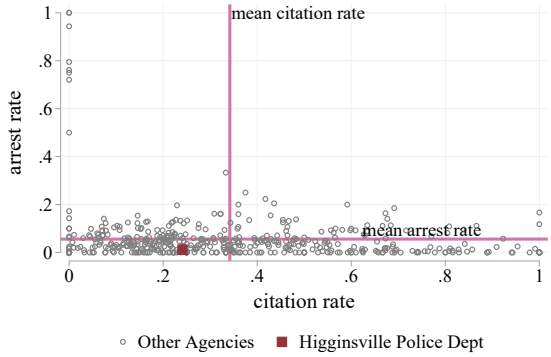
(b) Non-white total stops



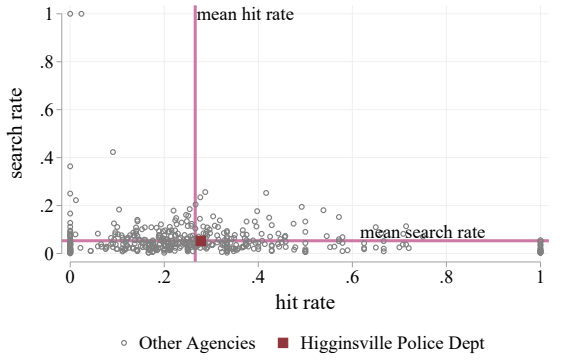
(c) Arrest and citation rate



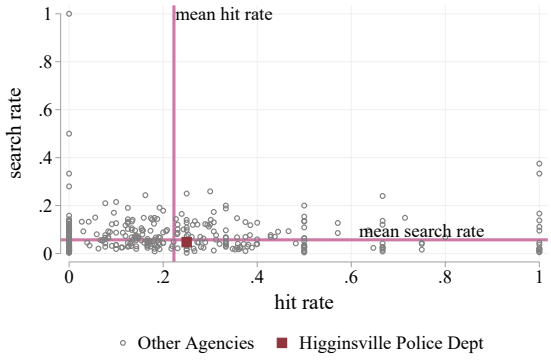
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

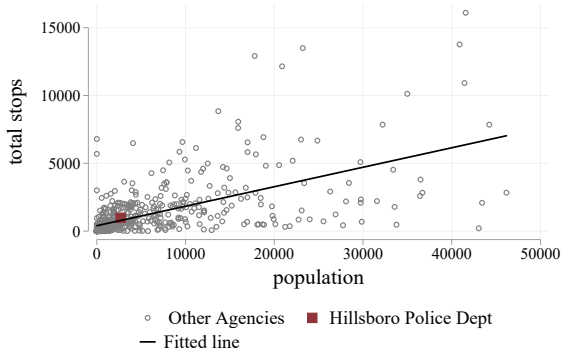
Stop rate, residents	3.6	3.79	4.35	2.02	0	.	.94
Search rate	1.72	1.88	0	0	.	0	0
Contraband hit rate	11.76	11.76	.	.	.	.	.
Arrest rate	5.17	5.42	0	0	.	0	4.44
Citation rate	48.99	51.22	35.48	0	.	100	17.78

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

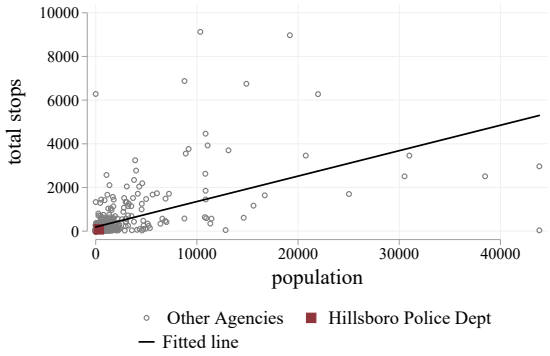
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Hillsboro Police Dept

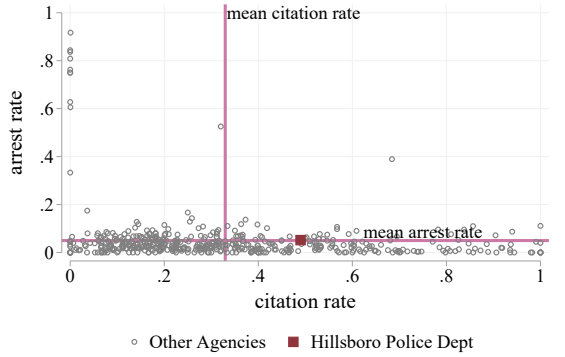
(a) Total stops



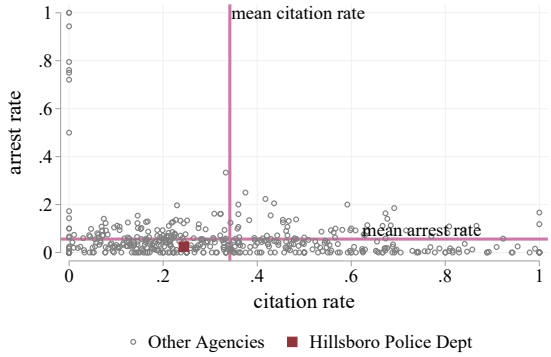
(b) Non-white total stops



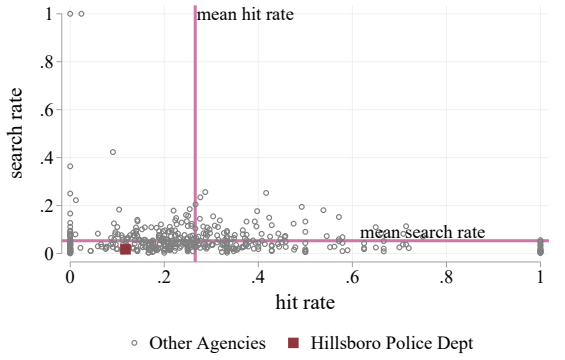
(c) Arrest and citation rate



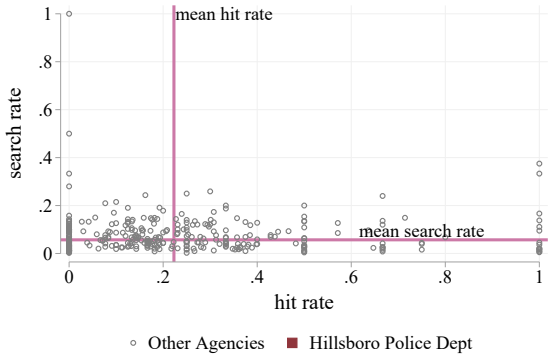
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

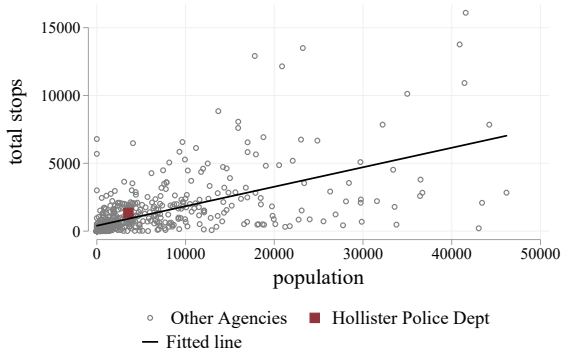
Citation rate	19.07	18.1	7.41	29.85	29.85	0	50

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

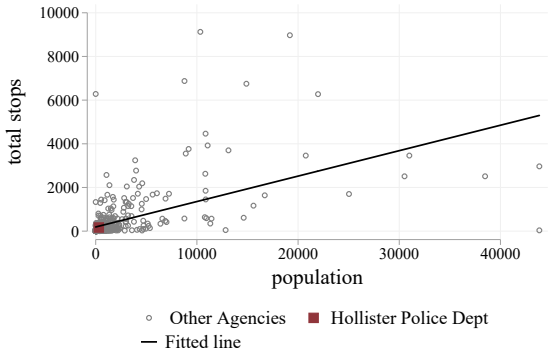
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Hollister Police Dept

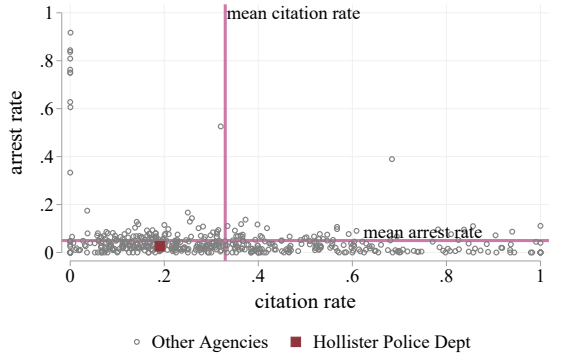
(a) Total stops



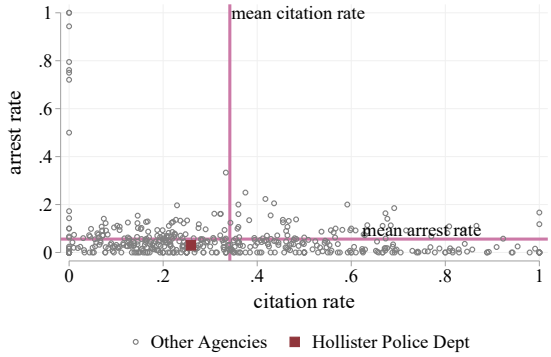
(b) Non-white total stops



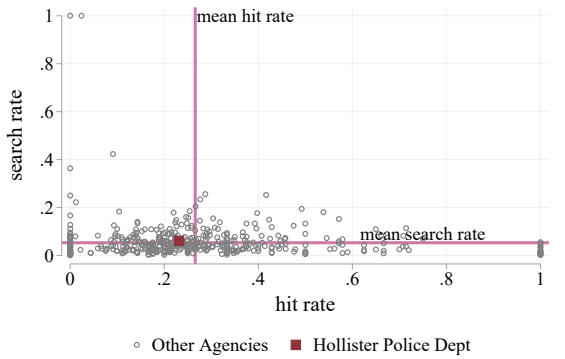
(c) Arrest and citation rate



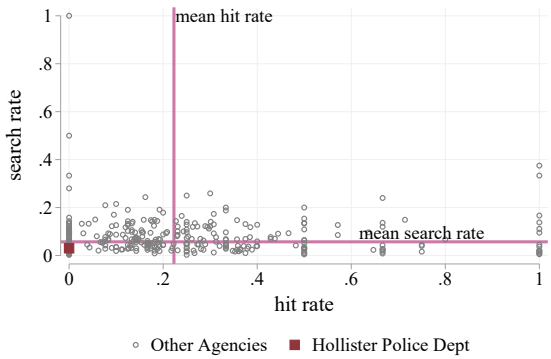
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

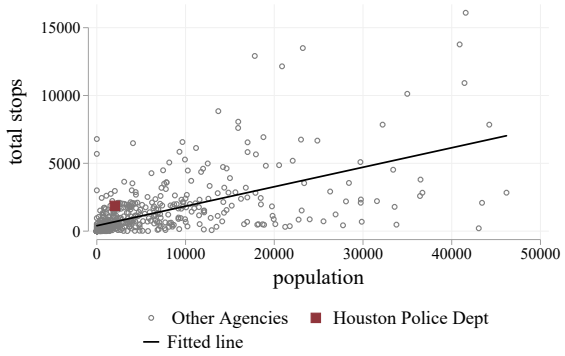
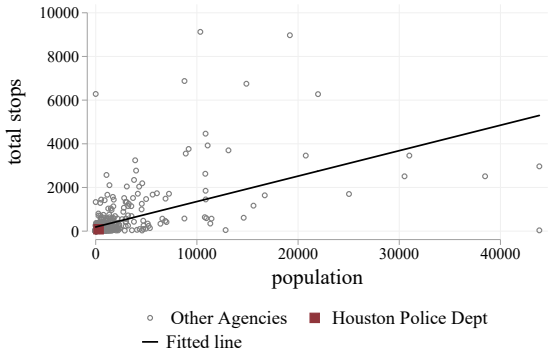
Figure 1: Comparison to other agencies by population for Houston Police Dept

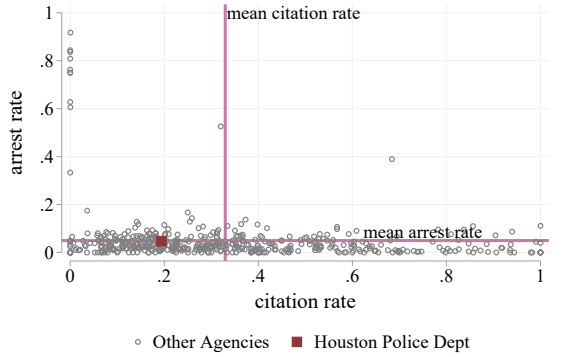
(a) Total stops



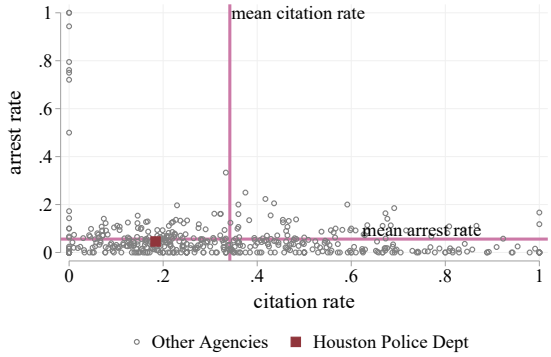
(b) Non-white total stops



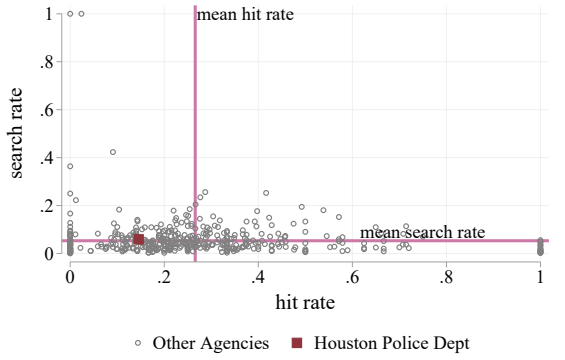
(c) Arrest and citation rate



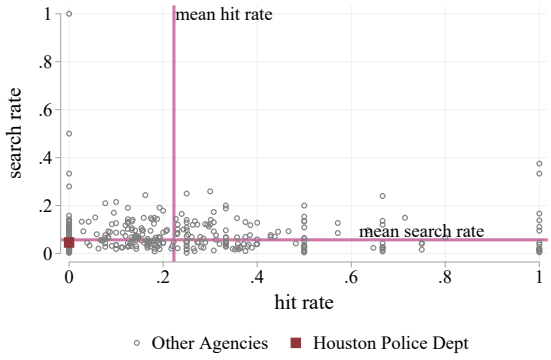
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Citation rate = (citations / stops) X 100.

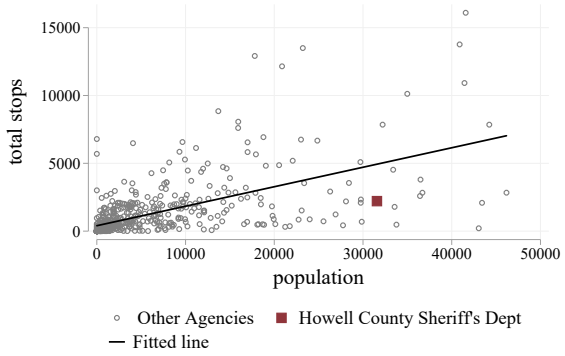
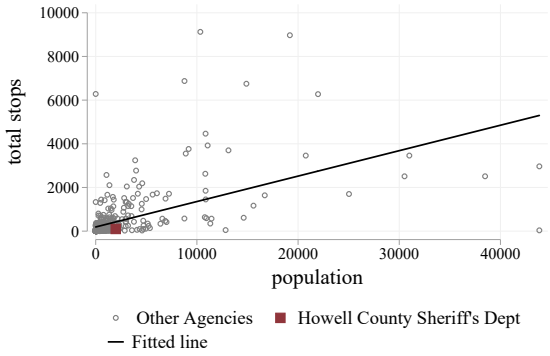
Figure 1: Comparison to other agencies by population for Howell County Sheriff's Dept

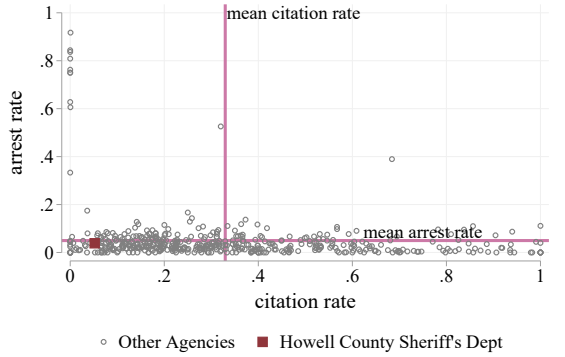
(a) Total stops



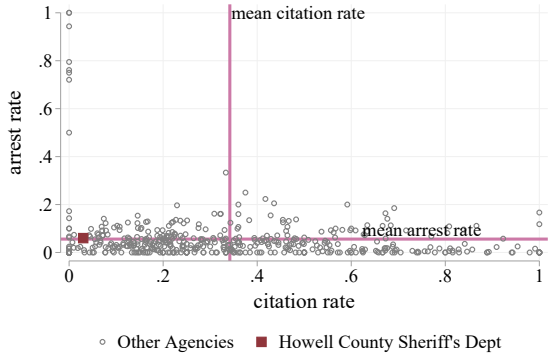
(b) Non-white total stops



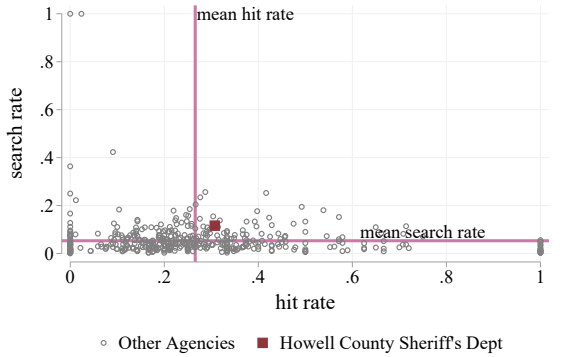
(c) Arrest and citation rate



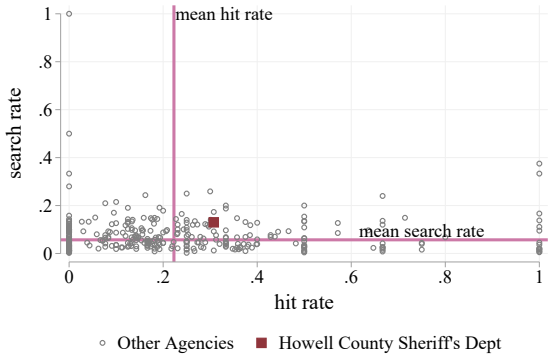
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Rates	.	.	.	.	.	.	.
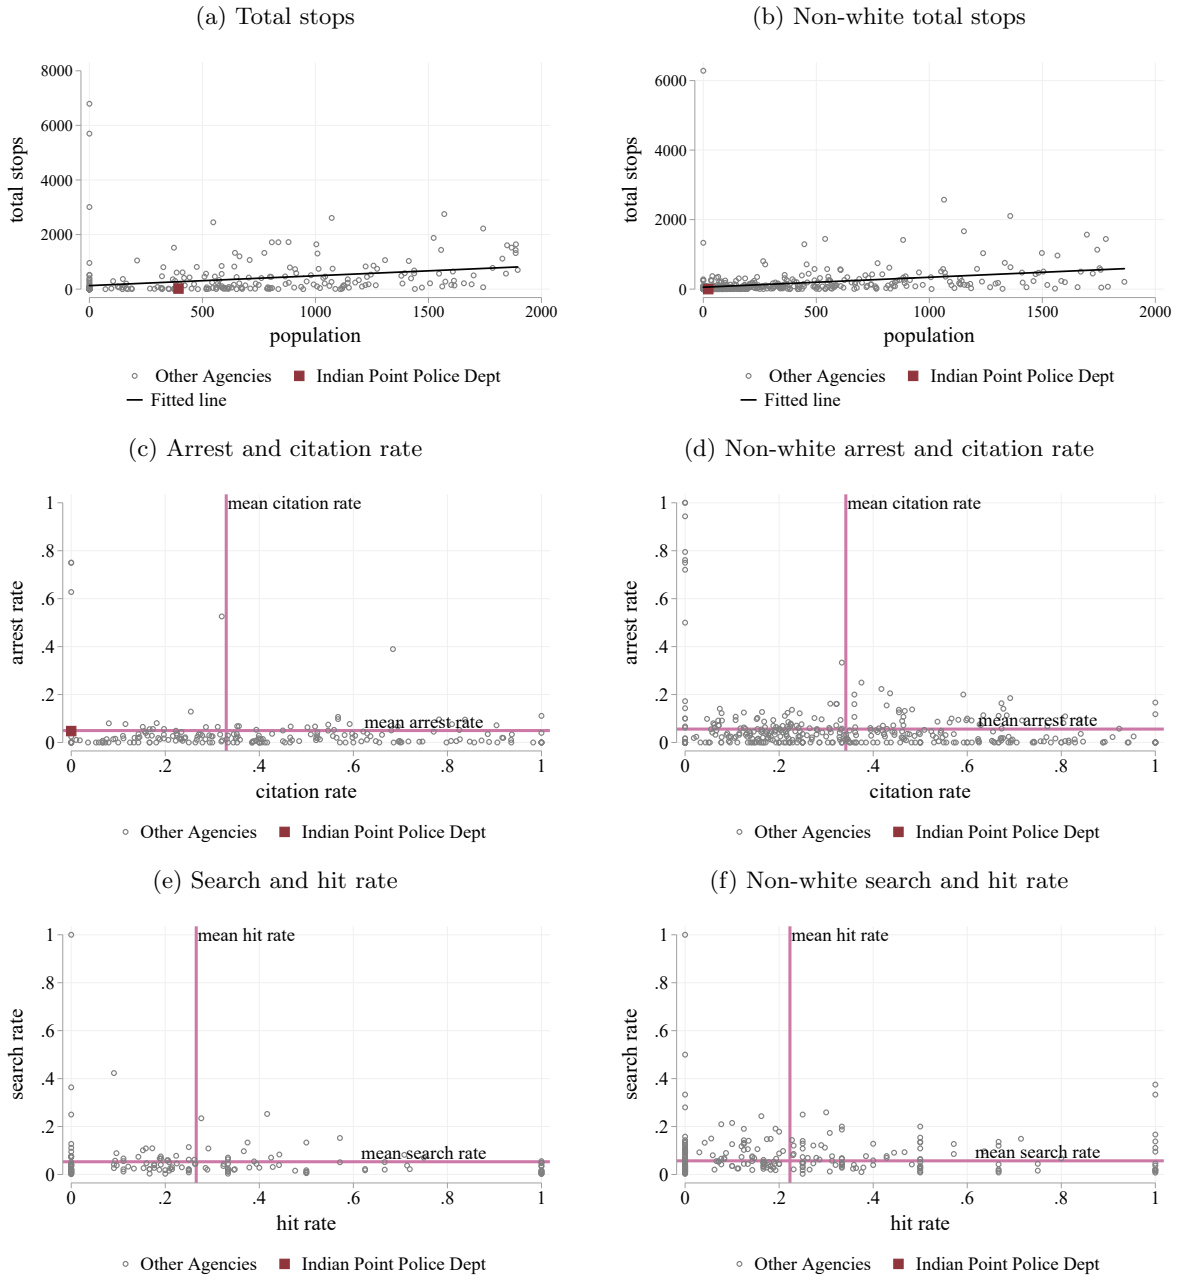
Stop rate	5.33	5.65	.	0	.	0	0
Stop rate, residents	3.05	3.23	.	0	.	0	0
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	4.76	4.76	.	.	.	.	.
Citation rate	0	0	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Indian Point Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

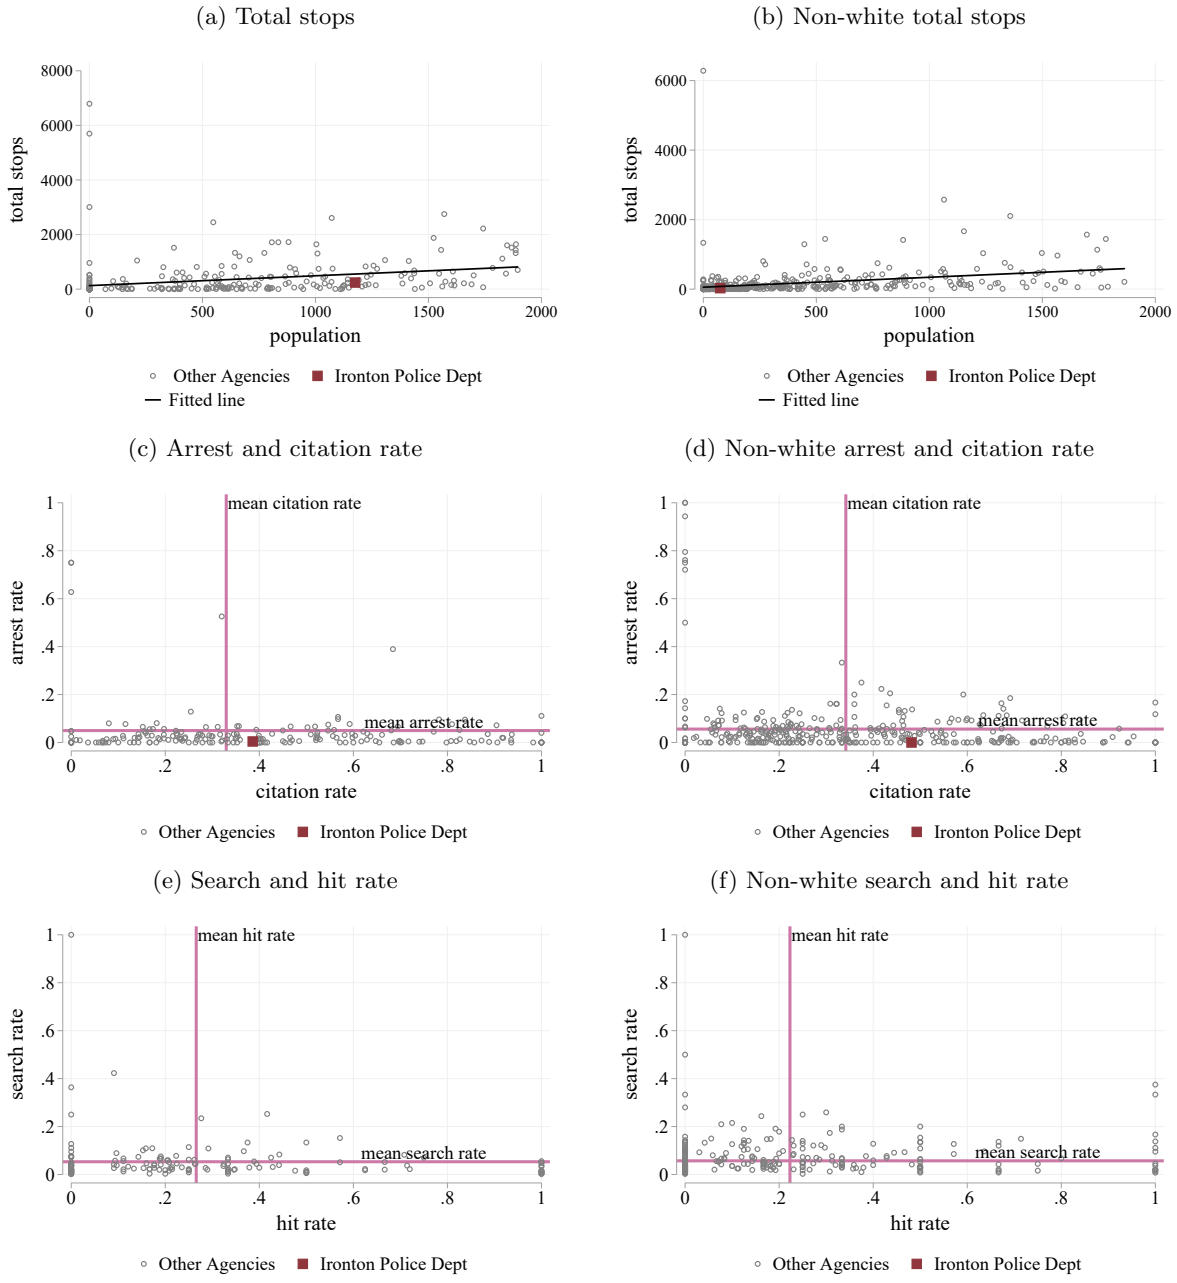
Figure 1: Comparison to other agencies by population for Ironton Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

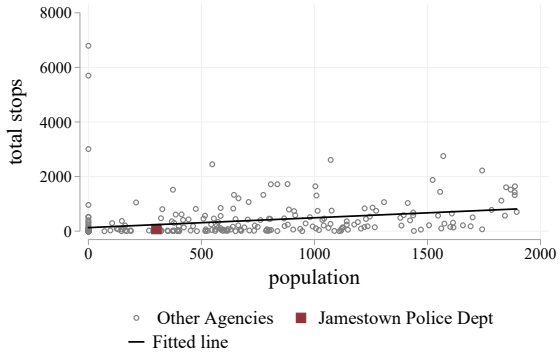
Arrest rate	1.3	0	20	0	.	0	.
Citation rate	23.38	17.91	40	100	.	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

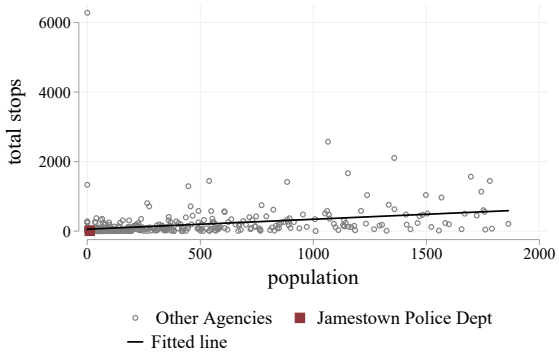
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Jamestown Police Dept

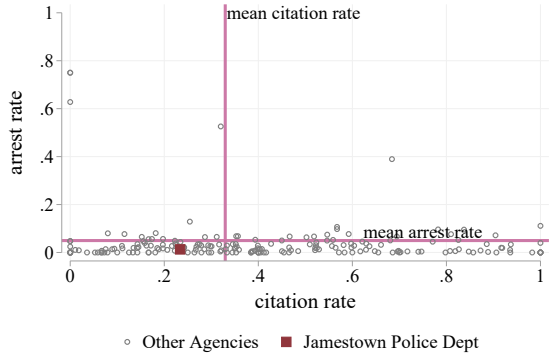
(a) Total stops



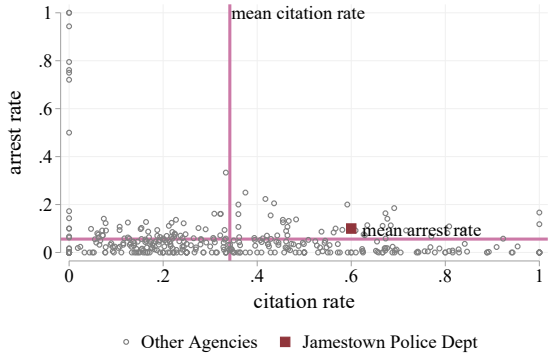
(b) Non-white total stops



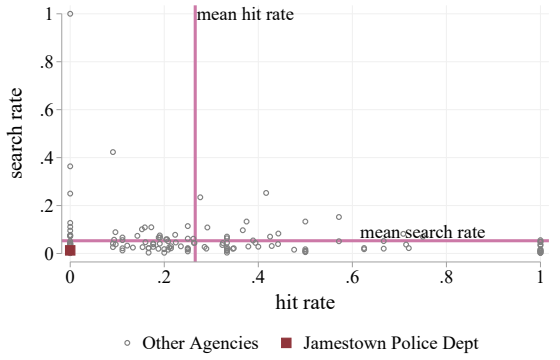
(c) Arrest and citation rate



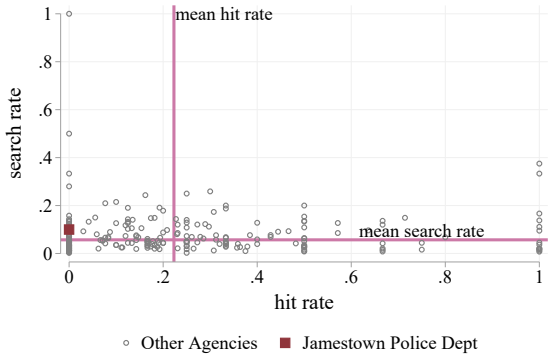
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

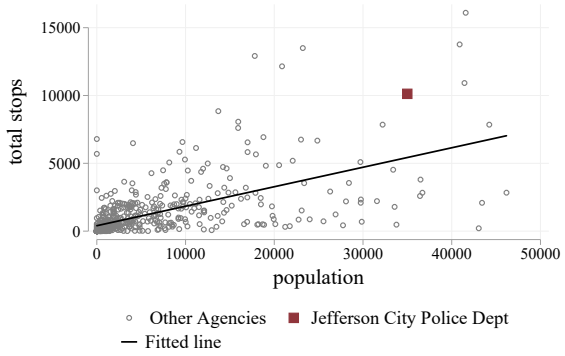
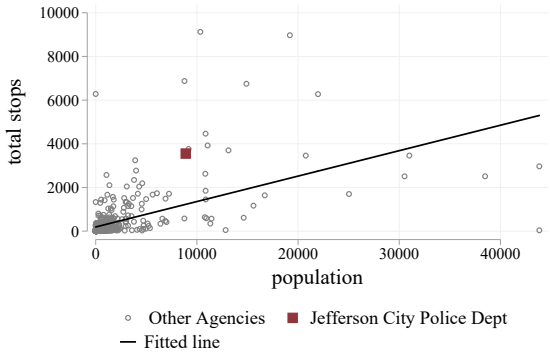
Figure 1: Comparison to other agencies by population for Jefferson City Police Dept

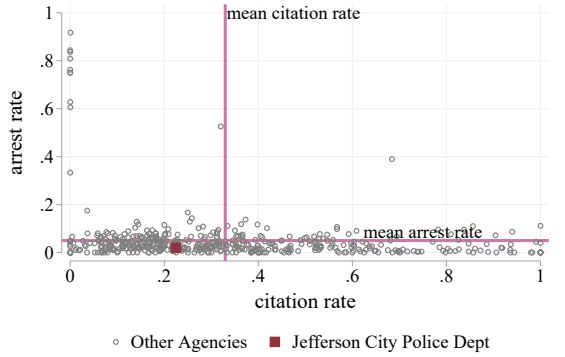
(a) Total stops



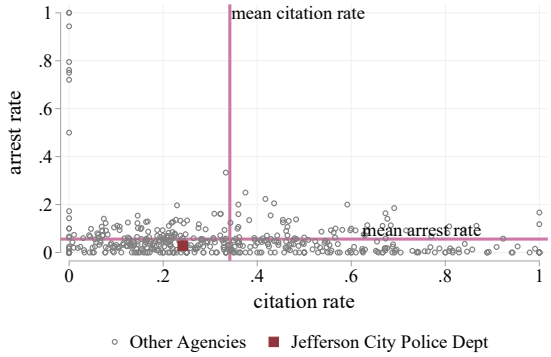
(b) Non-white total stops



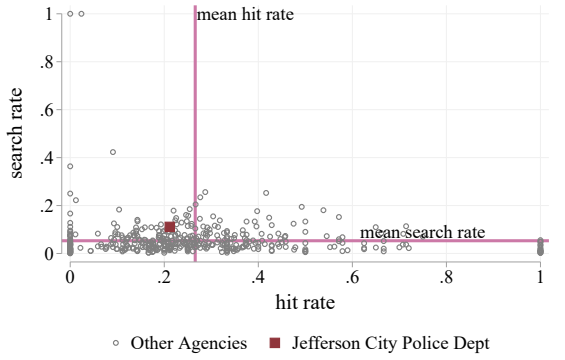
(c) Arrest and citation rate



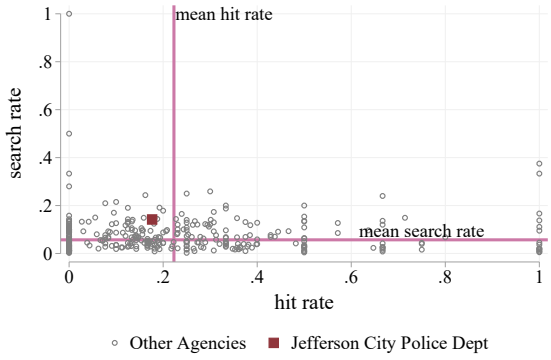
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

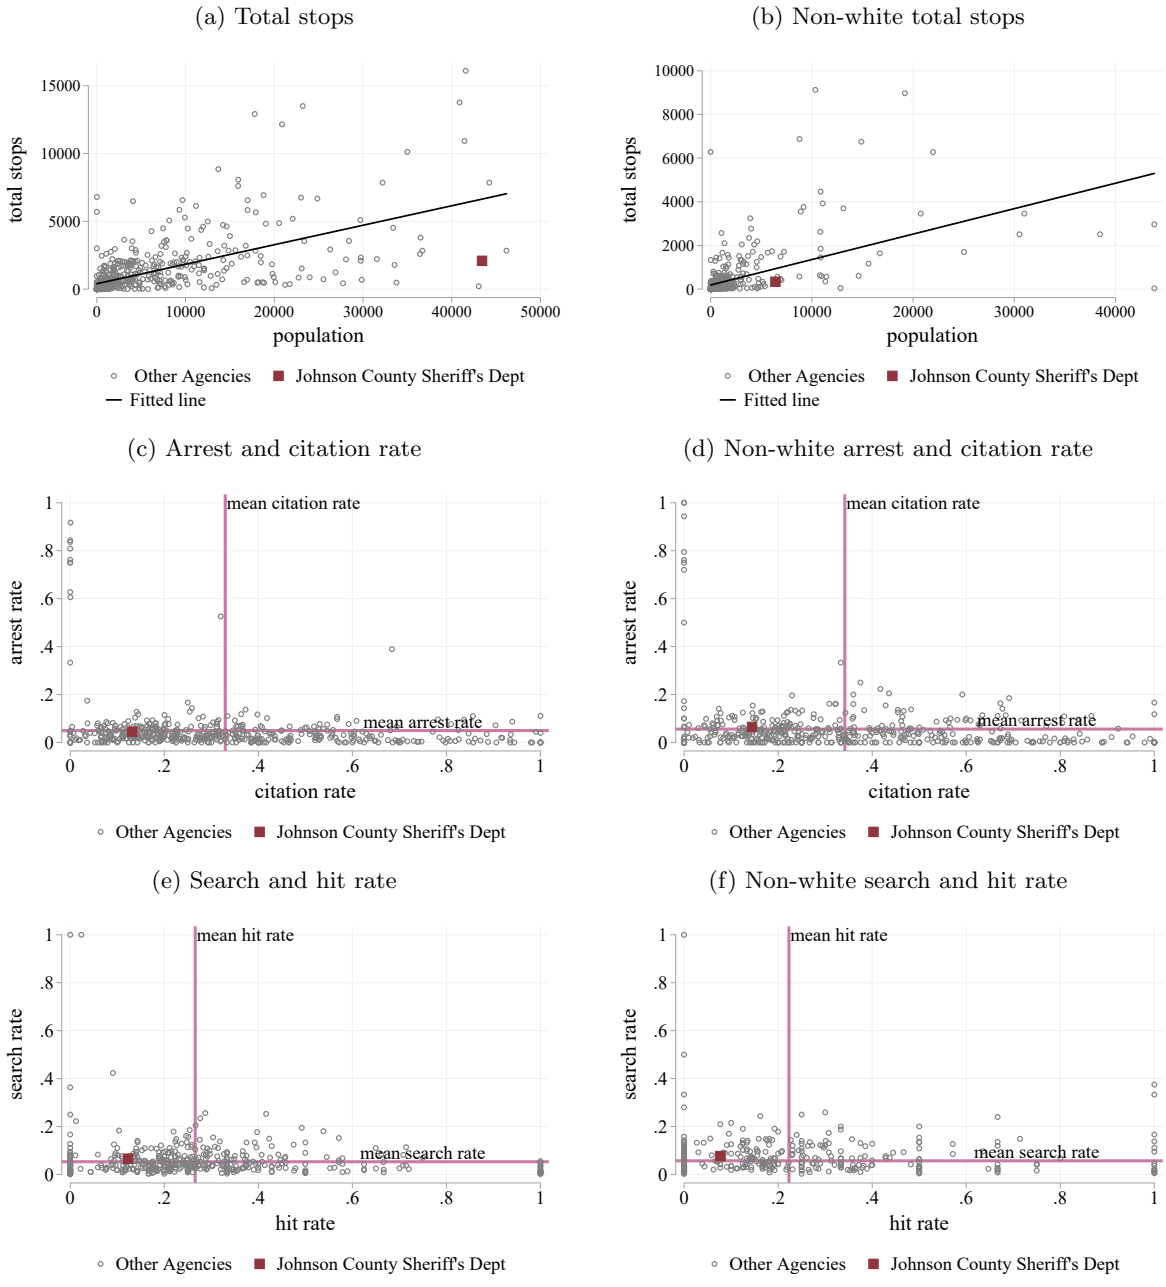
2020 Decennial pop.	41848	34920	1913	1753	217	706	2339
2020 Decennial pop. %	100	83.44	4.57	4.19	.52	1.69	5.59
Totals	.	.	.	.	.	.	.
All stops	2088	1749	213	64	1	38	23
Resident stops	1230	1073	102	20	0	23	12
Searches	138	112	17	7	0	1	1
Contraband	17	15	1	1	0	0	0
Arrests	94	72	16	5	0	0	1
Citations	275	226	33	14	0	2	0
Rates	.	.	.	.	.	.	.
Stop rate	4.81	4.72	12.55	3.35	.92	4.55	.84
Stop rate, residents	2.83	2.9	6.01	1.05	0	2.75	.44
Search rate	6.61	6.4	7.98	10.94	0	2.63	4.35
Contraband hit rate	12.32	13.39	5.88	14.29	.	0	0
Arrest rate	4.5	4.12	7.51	7.81	0	0	4.35
Citation rate	13.17	12.92	15.49	21.88	0	5.26	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Johnson County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

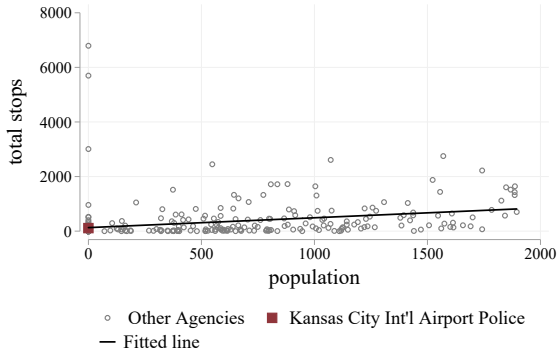
Arrest rate	2.7	0	15	0	.	0	0
Citation rate	21.62	10.94	35	55.56	.	33.33	25

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

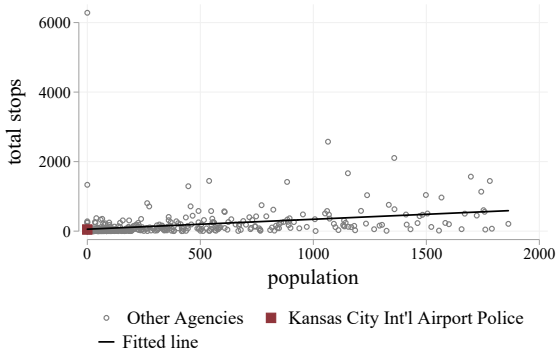
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Kansas City Int'l Airport Police

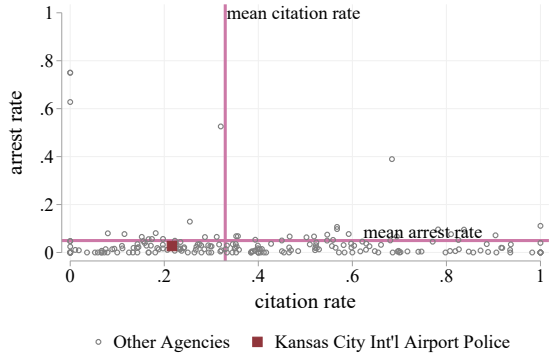
(a) Total stops



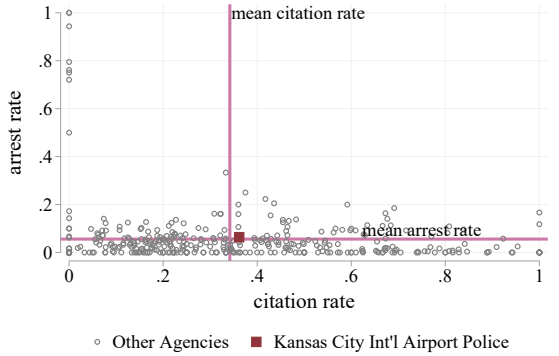
(b) Non-white total stops



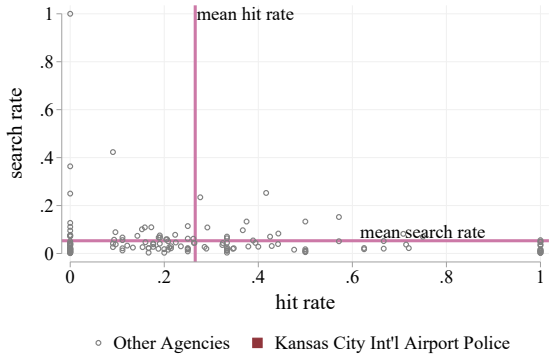
(c) Arrest and citation rate



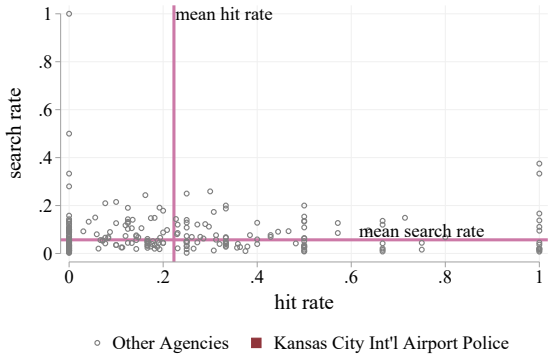
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

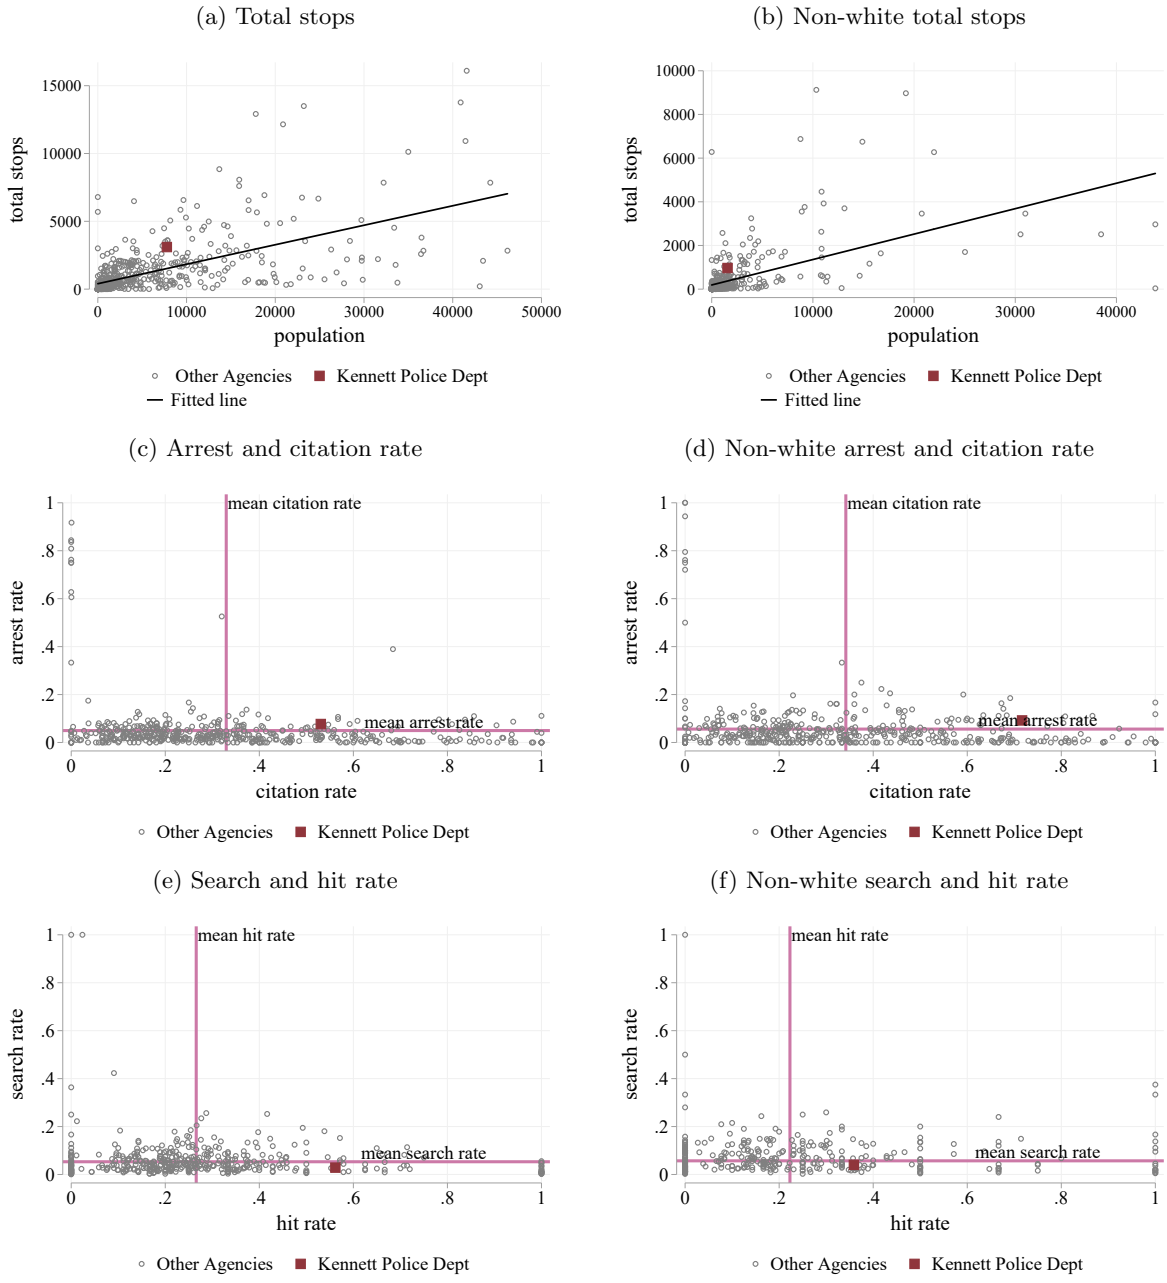
Arrests	239	150	65	24	0	0	0
Citations	1647	954	609	83	1	0	0
Rates	.	.	.	.	.	.	.
Stop rate	39.89	34.39	82.44	117.55	.	11.11	0
Stop rate, residents	20.08	16.42	48	56.38	.	11.11	0
Search rate	2.87	2.34	4.31	3.17	0	0	.
Contraband hit rate	56.18	72	34.38	42.86	.	.	.
Arrest rate	7.7	7.02	8.76	10.86	0	0	.
Citation rate	53.08	44.66	82.08	37.56	50	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Kennett Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

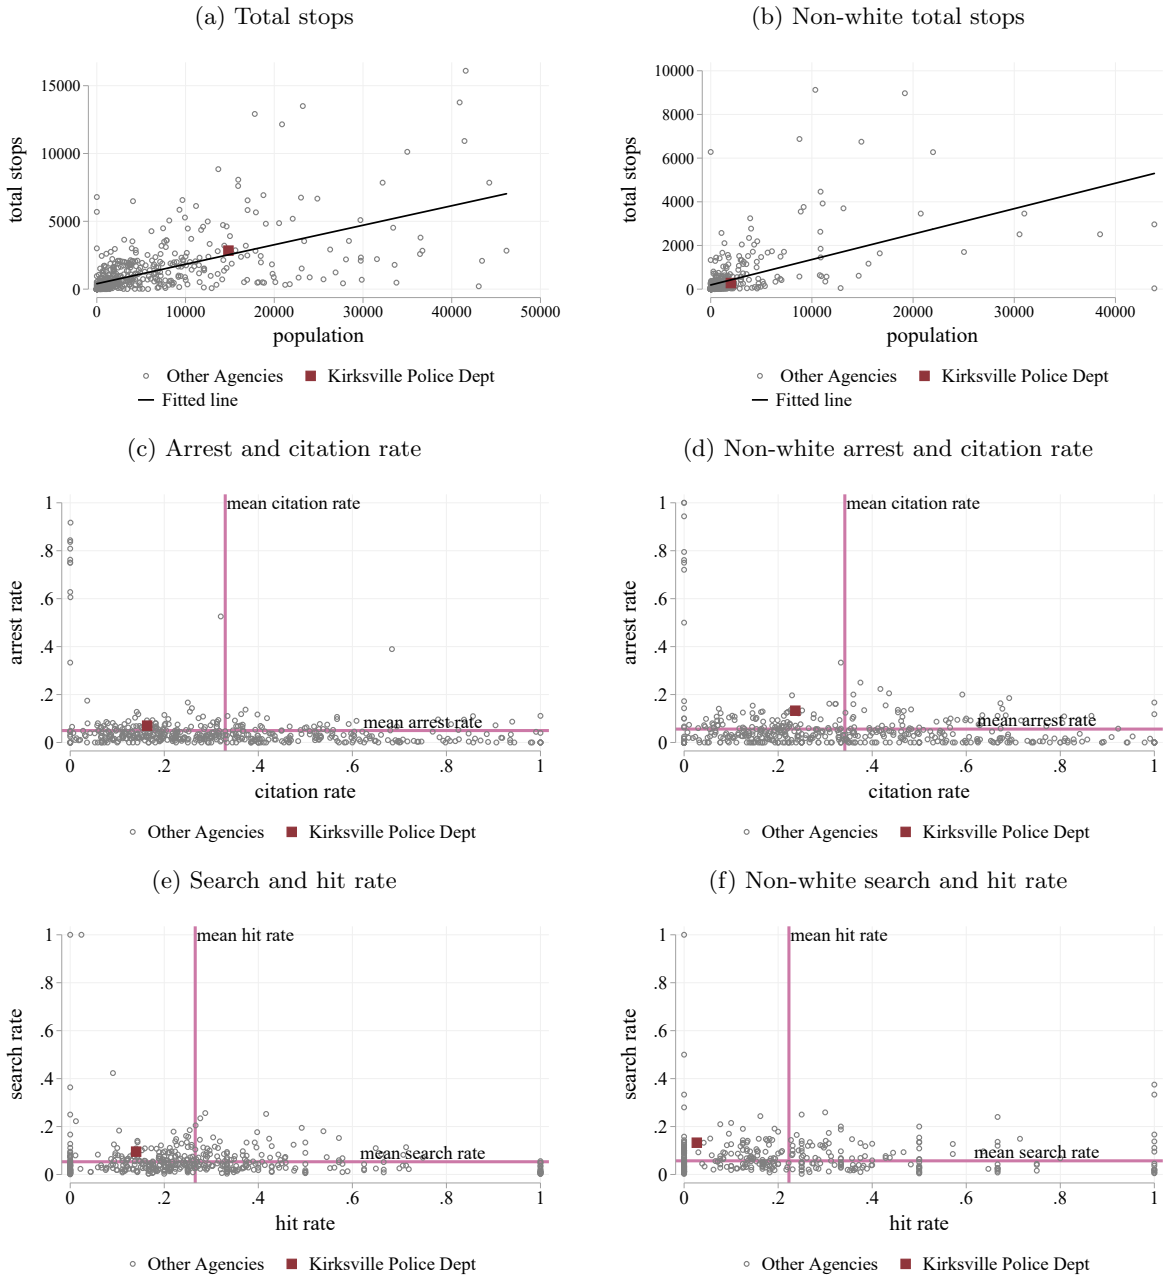
2020 Decennial pop.	14528	11993	916	432	23	571	593
2020 Decennial pop. %	100	82.55	6.31	2.97	.16	3.93	4.08
Totals	.	.	.	.	.	.	.
All stops	2841	2562	198	47	1	18	15
Resident stops	2166	1946	158	35	1	14	12
Searches	271	234	27	8	0	0	2
Contraband	38	37	1	0	0	0	0
Arrests	200	163	27	8	0	0	2
Citations	465	399	52	12	0	1	1
Rates	.	.	.	.	.	.	.
Stop rate	19.15	19.95	27.58	9.69	1.1	4.48	2.91
Stop rate, residents	14.6	15.16	22.01	7.22	1.1	3.48	2.33
Search rate	9.54	9.13	13.64	17.02	0	0	13.33
Contraband hit rate	14.02	15.81	3.7	0	.	.	0
Arrest rate	7.04	6.36	13.64	17.02	0	0	13.33
Citation rate	16.37	15.57	26.26	25.53	0	5.56	6.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Kirksville Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

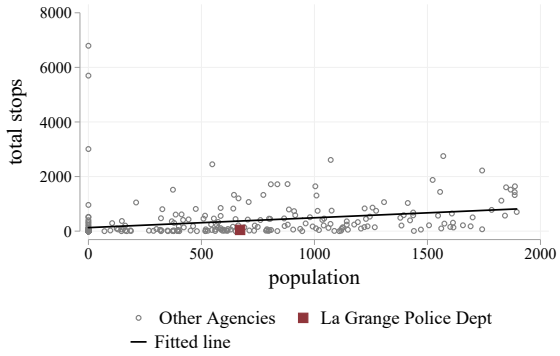
2022 ACS pop. %	100	77.35	20.27	1.04	0	0	2.38
2020 Decennial pop.	666	594	46	1	1	0	24
2020 Decennial pop. %	100	89.19	6.91	.15	.15	0	3.6
Totals	.	.	.	.	.	.	.
All stops	46	45	0	1	0	0	0
Resident stops	17	17	0	0	0	0	0
Searches	2	2	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	3	3	0	0	0	0	0
Citations	7	7	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	6.86	8.67	0	14.29	.	.	0
Stop rate, residents	2.53	3.28	0	0	.	.	0
Search rate	4.35	4.44	.	0	.	.	.
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	6.52	6.67	.	0	.	.	.
Citation rate	15.22	15.56	.	0	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

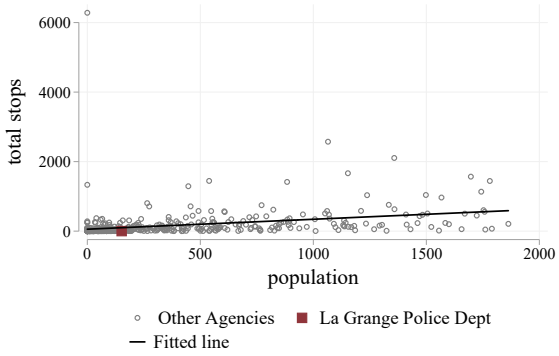
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for La Grange Police Dept

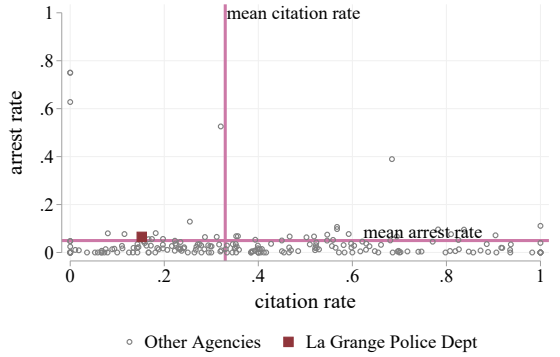
(a) Total stops



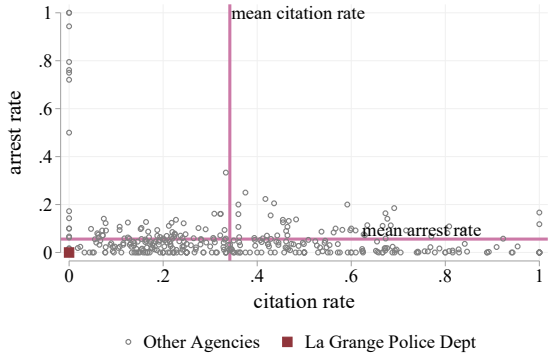
(b) Non-white total stops



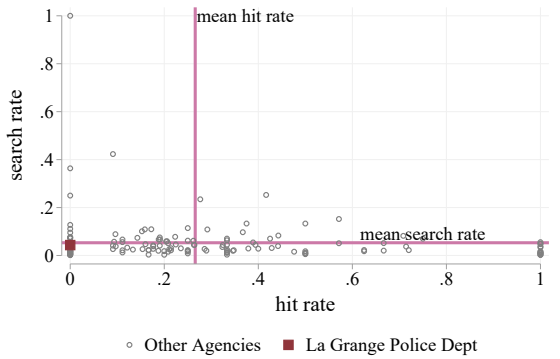
(c) Arrest and citation rate



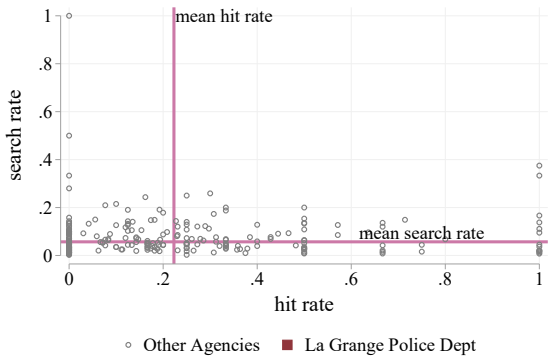
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

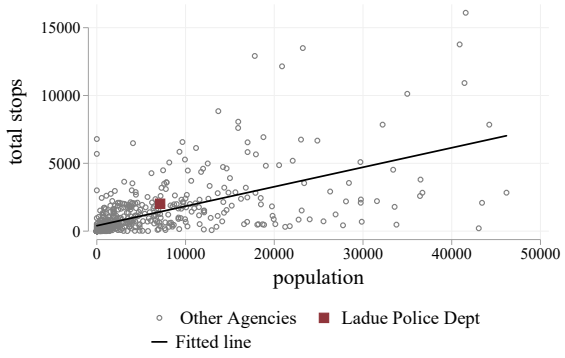
Arrests	30	17	12	1	0	0	0
Citations	581	391	132	8	0	33	17
Rates	.	.	.	.	.	.	.
Stop rate	28.28	23.69	718.52	20.65	.	14.43	21.79
Stop rate, residents	4.32	4.74	3.7	0	.	1.72	1.79
Search rate	1.54	1.18	3.35	5.26	0	0	0
Contraband hit rate	35.48	35.29	30.77	100	.	.	.
Arrest rate	1.49	1.18	3.09	5.26	0	0	0
Citation rate	28.81	27.19	34.02	42.11	0	39.29	20

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

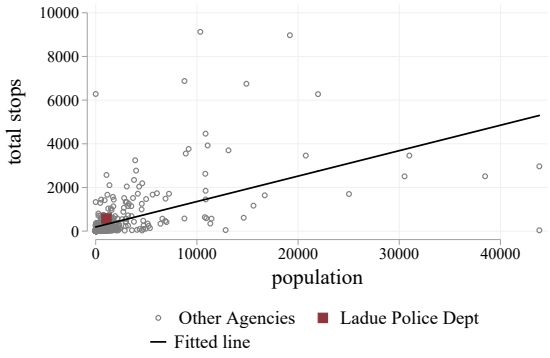
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Ladue Police Dept

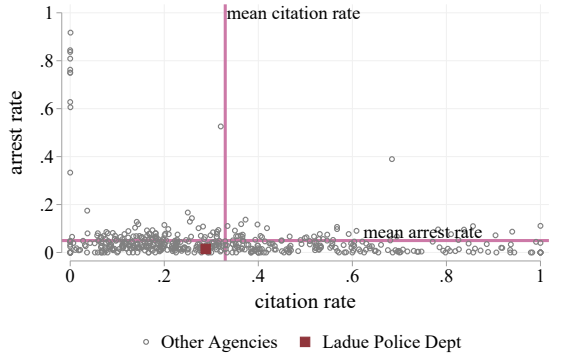
(a) Total stops



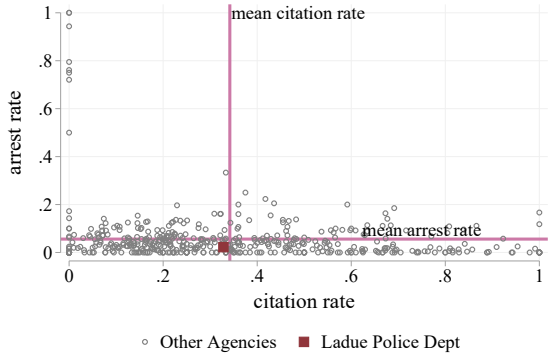
(b) Non-white total stops



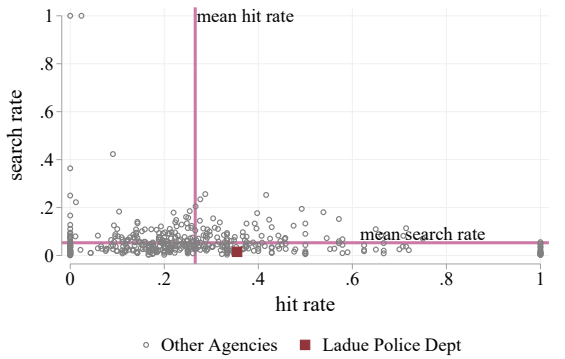
(c) Arrest and citation rate



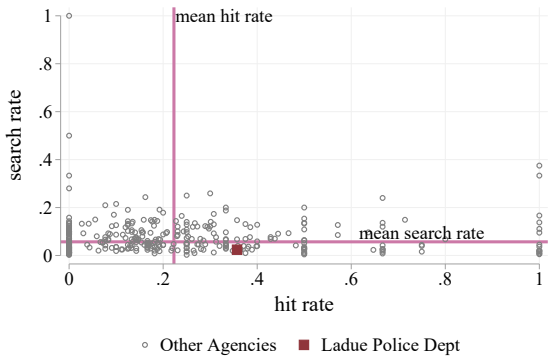
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

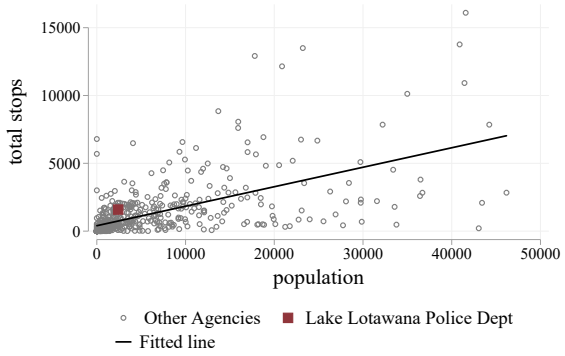
Searches	45	22	10	3	3	3	4
Contraband	3	1	2	0	0	0	0
Arrests	31	16	7	2	2	2	2
Citations	879	706	84	43	13	16	17
Rates	.	.	.	.	.	.	.
Stop rate	66	65.34	.	26.64	.	38.6	11.46
Stop rate, residents	3.99	4.41	.	.39	.	1.75	.4
Search rate	2.83	1.65	8.2	4.35	20	13.64	13.79
Contraband hit rate	6.67	4.55	20	0	0	0	0
Arrest rate	1.95	1.2	5.74	2.9	13.33	9.09	6.9
Citation rate	55.28	52.96	68.85	62.32	86.67	72.73	58.62

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

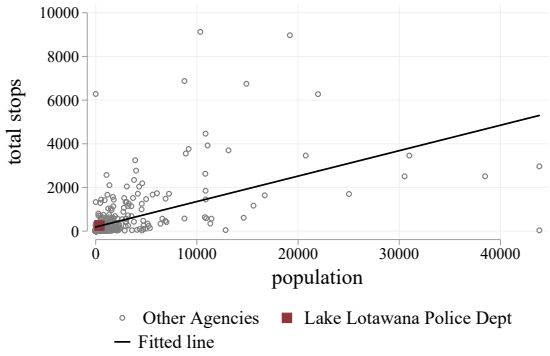
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Lake Lotawana Police Dept

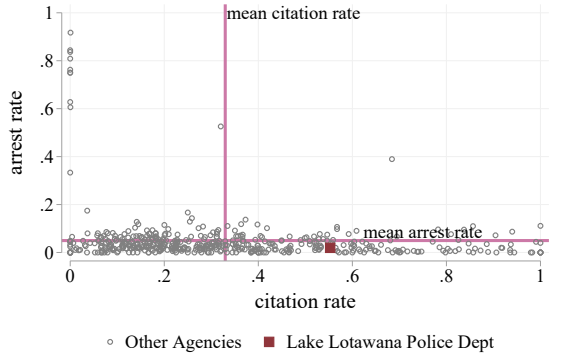
(a) Total stops



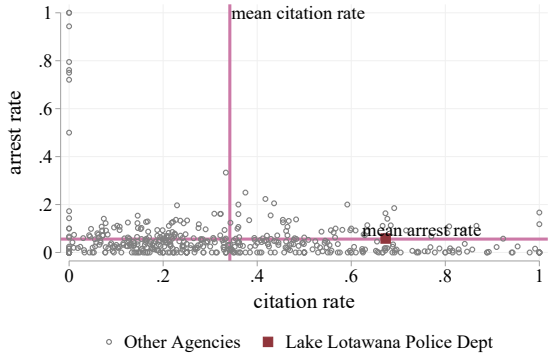
(b) Non-white total stops



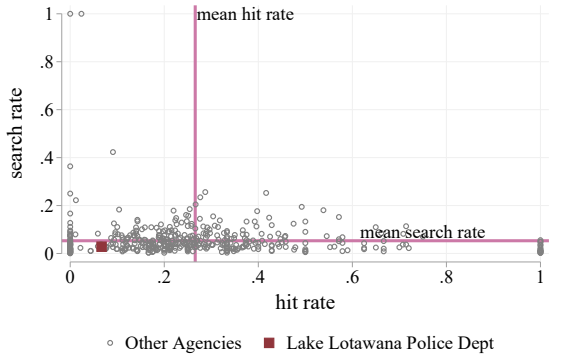
(c) Arrest and citation rate



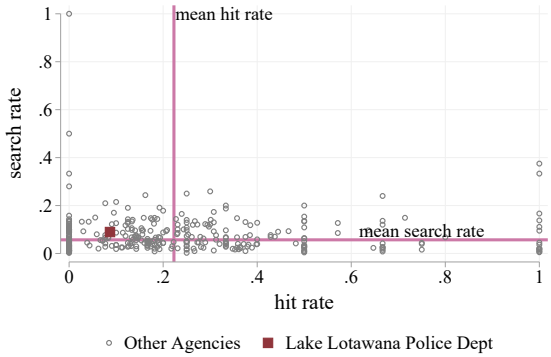
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

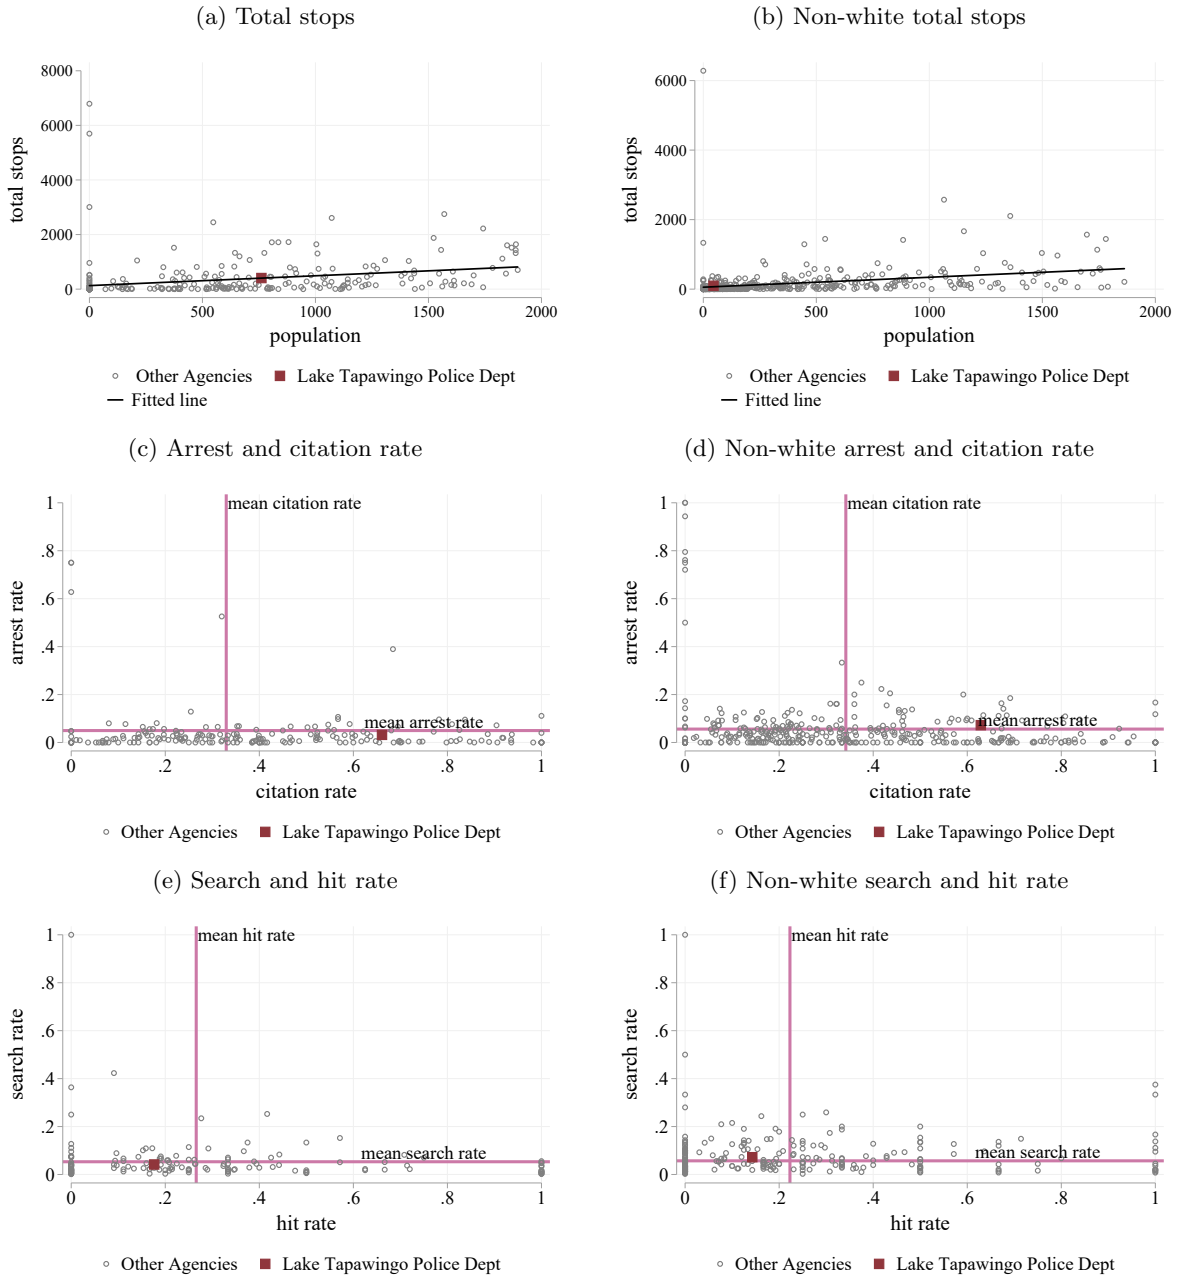
Searches	17	10	6	0	0	0	1
Contraband	3	2	0	0	0	0	1
Arrests	13	6	6	0	0	0	1
Citations	269	208	35	9	0	1	16
Rates	.	.	.	.	.	.	.
Stop rate	53.48	43.3	1900	.	0	16.67	88.46
Stop rate, residents	1.18	1.26	0	.	0	0	0
Search rate	4.18	3.23	10.53	0	.	0	4.35
Contraband hit rate	17.65	20	0	.	.	.	100
Arrest rate	3.19	1.94	10.53	0	.	0	4.35
Citation rate	66.09	67.1	61.4	56.25	.	100	69.57

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Lake Tapawingo Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

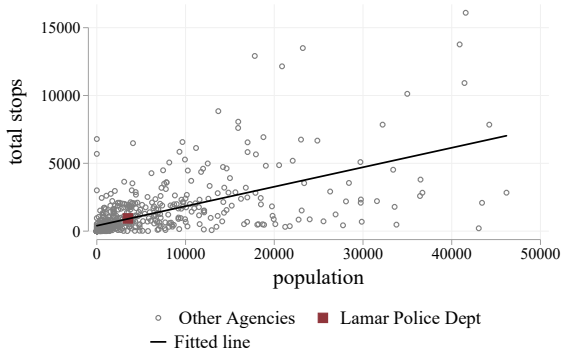
2020 Decennial pop.	3203	2902	14	72	32	15	168
2020 Decennial pop. %	100	90.6	.44	2.25	1	.47	5.25
Totals	.	.	.	.	.	.	.
All stops	940	908	11	19	1	1	0
Resident stops	561	548	3	9	0	1	0
Searches	24	23	0	1	0	0	0
Contraband	7	7	0	0	0	0	0
Arrests	12	12	0	0	0	0	0
Citations	206	196	3	6	1	0	0
Rates	.	.	.	.	.	.	.
Stop rate	26.85	27.84	33.33	25.33	.	.	0
Stop rate, residents	16.02	16.8	9.09	12	.	.	0
Search rate	2.55	2.53	0	5.26	0	0	.
Contraband hit rate	29.17	30.43	.	0	.	.	.
Arrest rate	1.28	1.32	0	0	0	0	.
Citation rate	21.91	21.59	27.27	31.58	100	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

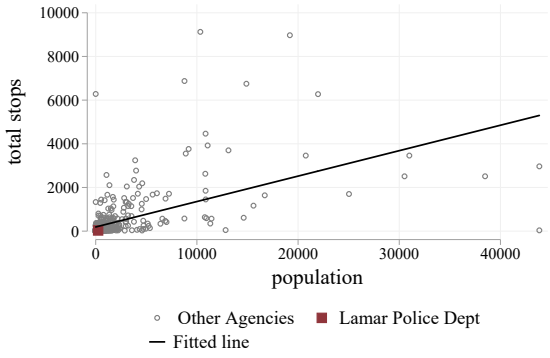
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Lamar Police Dept

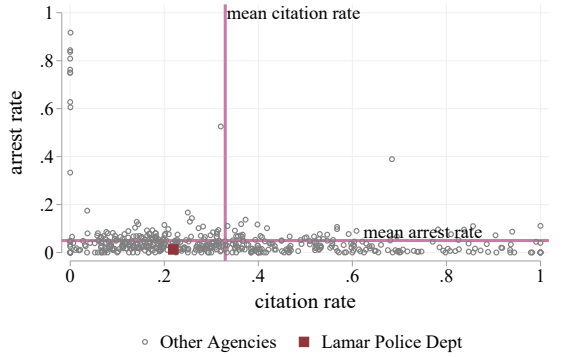
(a) Total stops



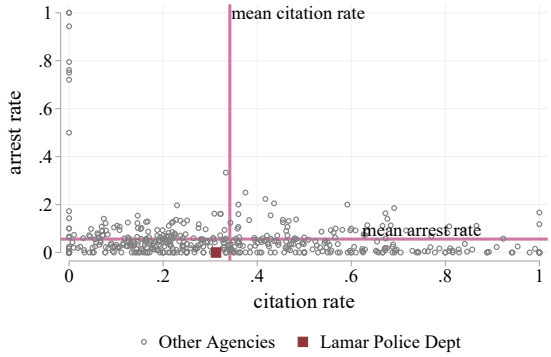
(b) Non-white total stops



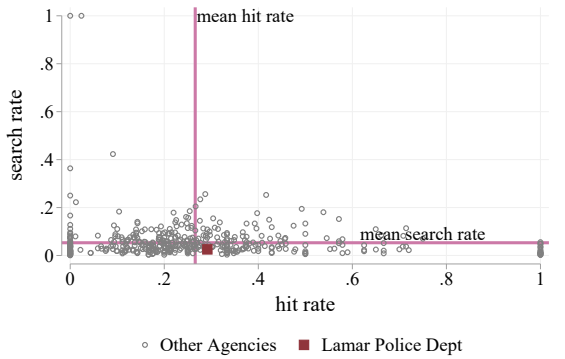
(c) Arrest and citation rate



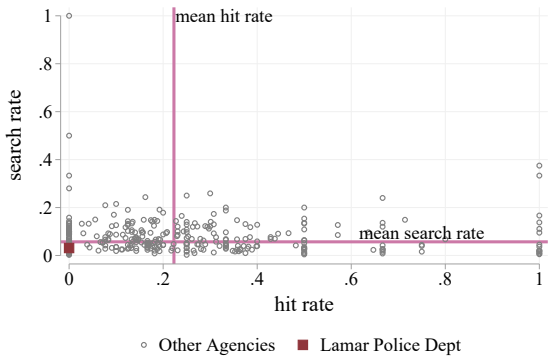
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

2.236 Laurie Police Dept

Table 1: Rates by Race for Laurie Police Dept

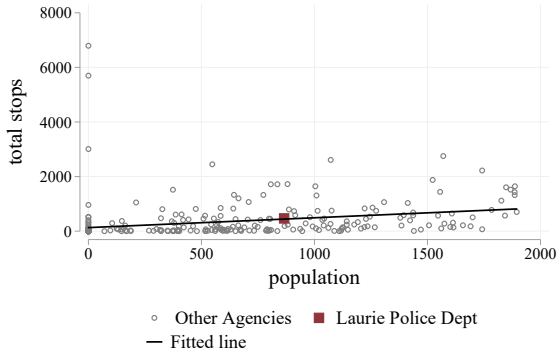
	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	866	800	9	0	0	5	52
2022 ACS pop. %	100	92.38	1.04	0	0	.58	6
2020 Decennial pop.	803	752	3	11	1	0	36
2020 Decennial pop. %	100	93.65	.37	1.37	.12	0	4.48
Totals	.	.	.	.	.	.	.
All stops	466	455	3	5	2	1	0
Resident stops	75	75	0	0	0	0	0
Searches	4	4	0	0	0	0	0
Contraband	2	2	0	0	0	0	0
Arrests	8	8	0	0	0	0	0
Citations	109	105	1	2	0	1	0
Rates	.	.	.	.	.	.	.
Stop rate	53.81	56.88	33.33	.	.	20	0
Stop rate, residents	8.66	9.38	0	.	.	0	0
Search rate	.86	.88	0	0	0	0	.
Contraband hit rate	50	50	.	.	.	.	.
Arrest rate	1.72	1.76	0	0	0	0	.
Citation rate	23.39	23.08	33.33	40	0	100	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

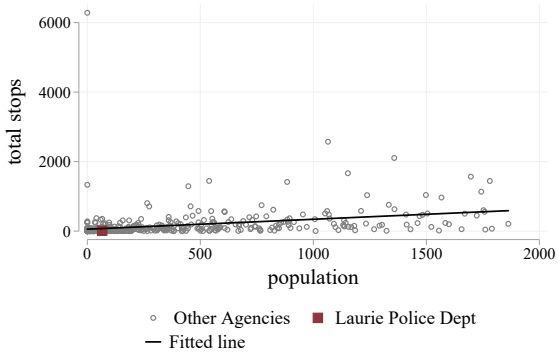
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Laurie Police Dept

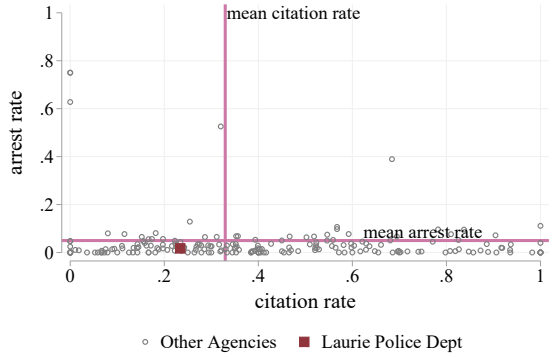
(a) Total stops



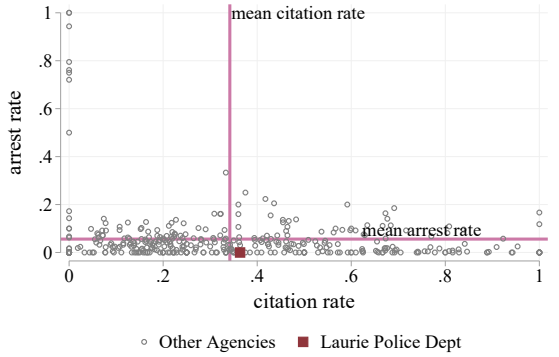
(b) Non-white total stops



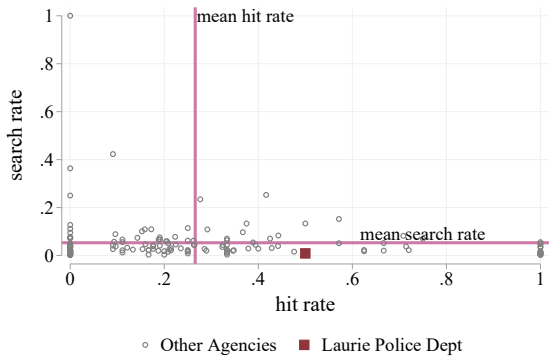
(c) Arrest and citation rate



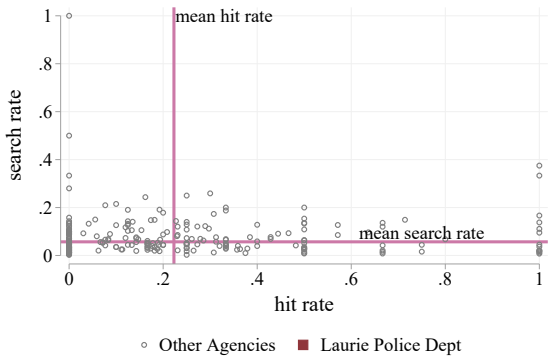
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

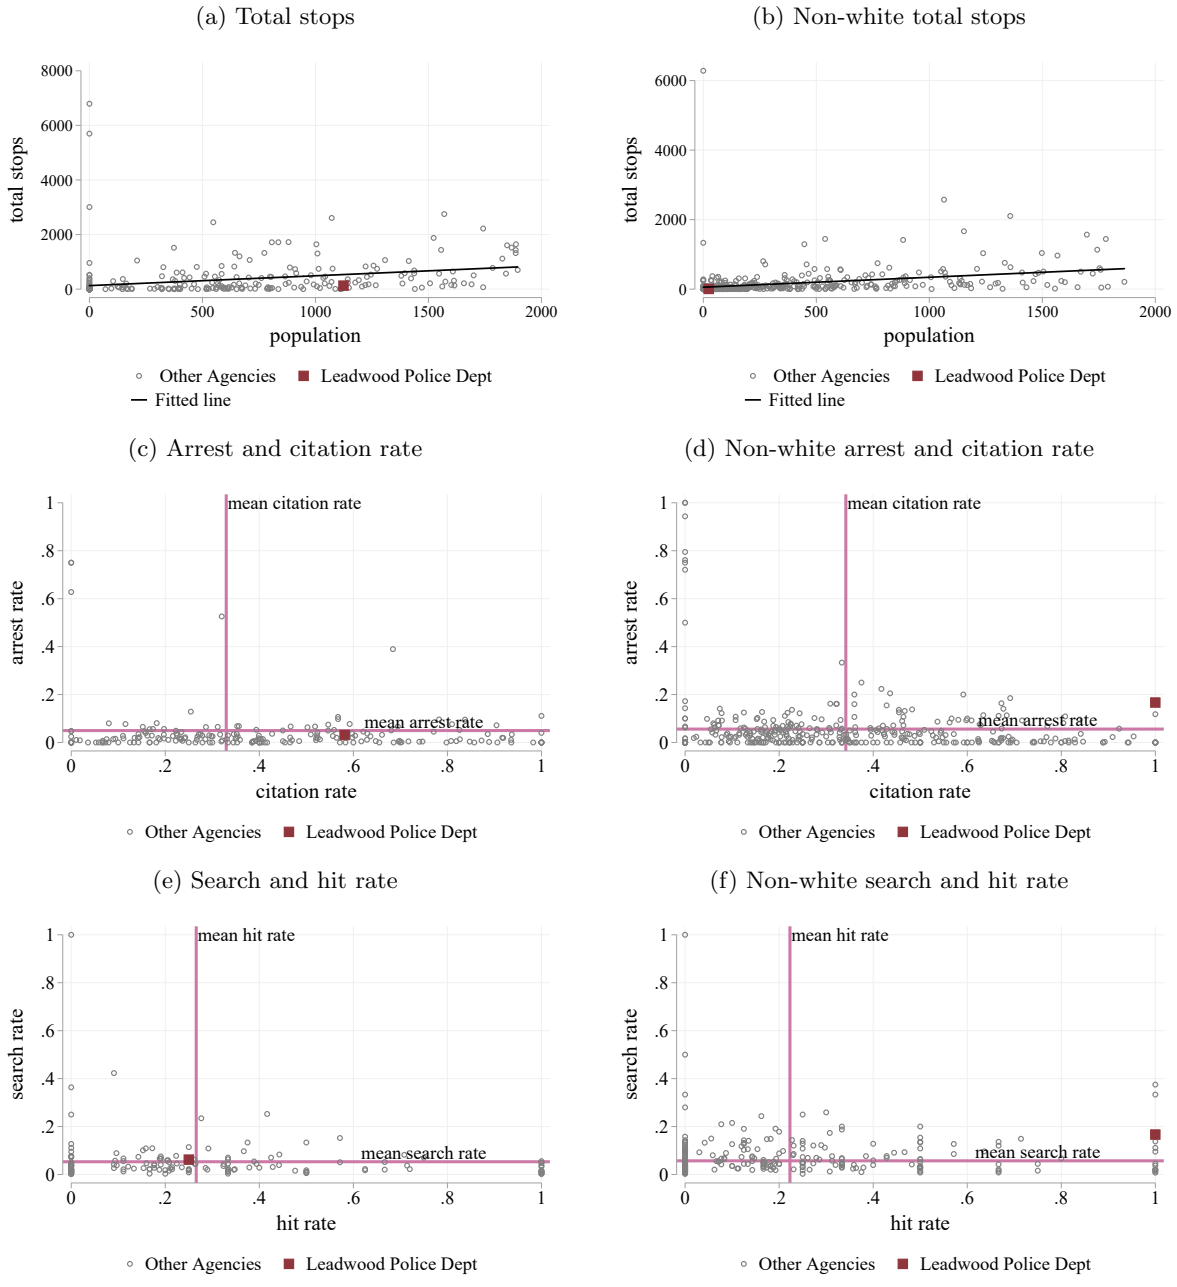
2020 Decennial pop.	842	774	4	13	1	0	50
2020 Decennial pop. %	100	91.92	.48	1.54	.12	0	5.94
Totals	.	.	.	.	.	.	.
All stops	129	123	4	1	0	0	1
Resident stops	36	32	3	0	0	0	1
Searches	8	7	0	0	0	0	1
Contraband	2	1	0	0	0	0	1
Arrests	4	3	0	0	0	0	1
Citations	75	68	4	1	0	0	2
Rates	.	.	.	.	.	.	.
Stop rate	11.48	11.18	.	25	.	0	7.14
Stop rate, residents	3.2	2.91	.	0	.	0	7.14
Search rate	6.2	5.69	0	0	.	.	100
Contraband hit rate	25	14.29	.	.	.	.	100
Arrest rate	3.1	2.44	0	0	.	.	100
Citation rate	58.14	55.28	100	100	.	.	200

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Leadwood Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

2.242 Leeton Police Dept

Table 1: Rates by Race for Leeton Police Dept

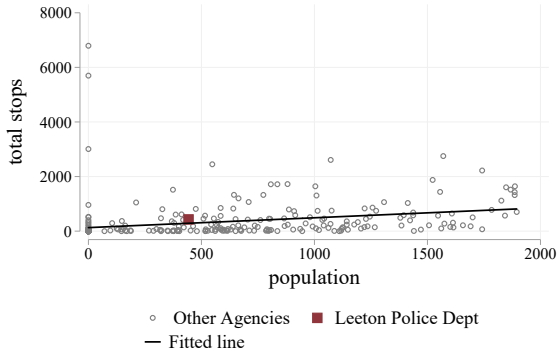
	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	443	427	0	5	0	0	11
2022 ACS pop. %	100	96.39	0	1.13	0	0	2.48
2020 Decennial pop.	392	369	0	1	3	0	19
2020 Decennial pop. %	100	94.13	0	.26	.77	0	4.85
Totals	.	.	.	.	.	.	.
All stops	429	429	0	0	0	0	0
Resident stops	410	410	0	0	0	0	0
Searches	19	19	0	0	0	0	0
Contraband	5	5	0	0	0	0	0
Arrests	15	15	0	0	0	0	0
Citations	380	380	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	96.84	100.47	.	0	.	.	0
Stop rate, residents	92.55	96.02	.	0	.	.	0
Search rate	4.43	4.43	.	.	.	.	.
Contraband hit rate	26.32	26.32	.	.	.	.	.
Arrest rate	3.5	3.5	.	.	.	.	.
Citation rate	88.58	88.58	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

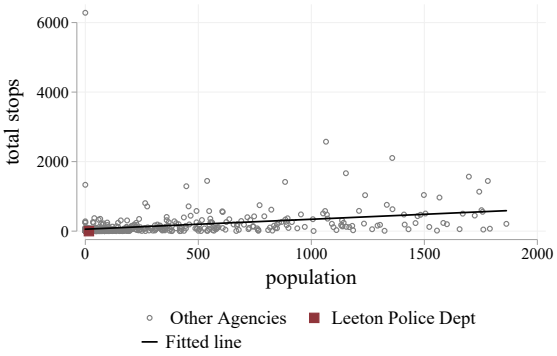
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Leeton Police Dept

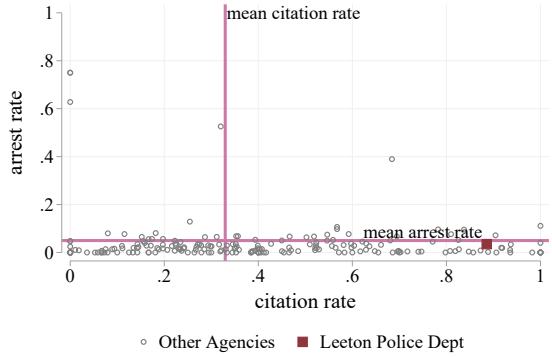
(a) Total stops



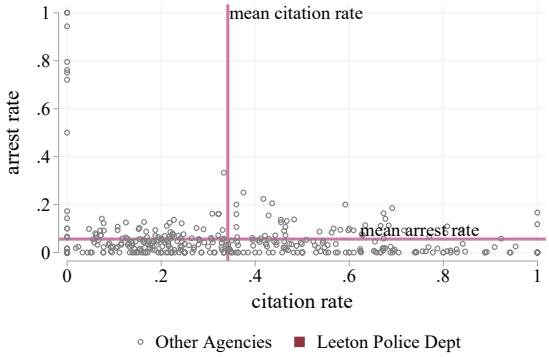
(b) Non-white total stops



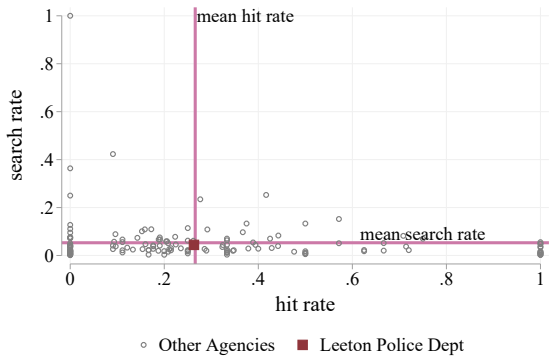
(c) Arrest and citation rate



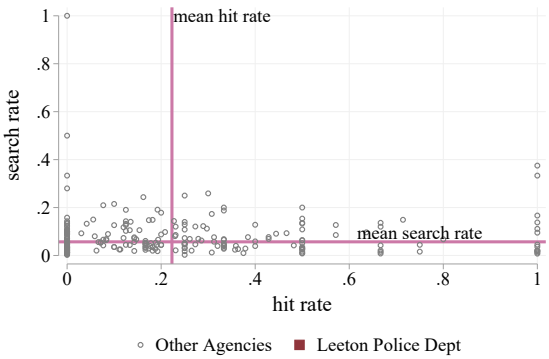
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

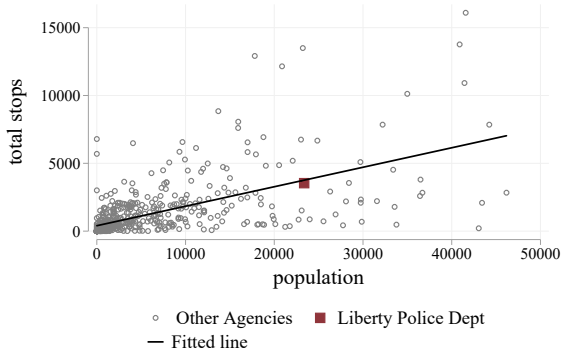
Searches	141	115	24	1	0	0	1
Contraband	40	35	4	0	0	0	1
Arrests	199	158	37	0	0	0	4
Citations	1903	1572	266	8	3	13	41
Rates	.	.	.	.	.	.	.
Stop rate	15.14	14.36	44.3	7.31	6.45	6.45	5.21
Stop rate, residents	4.73	4.79	10.18	1.83	2.15	1.34	.88
Search rate	3.99	4.04	4.75	1.19	0	0	1.41
Contraband hit rate	28.37	30.43	16.67	0	.	.	100
Arrest rate	5.62	5.55	7.33	0	0	0	5.63
Citation rate	53.79	55.2	52.67	9.52	50	54.17	57.75

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

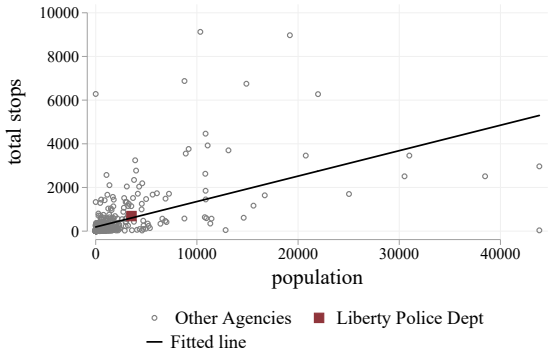
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Liberty Police Dept

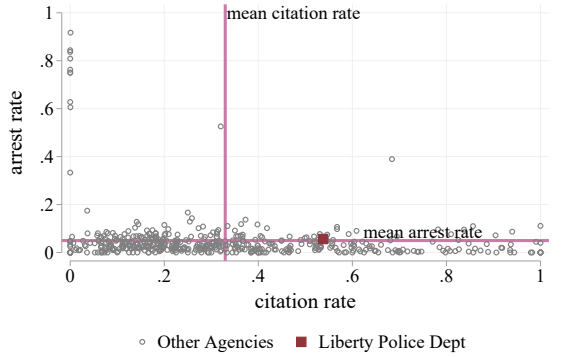
(a) Total stops



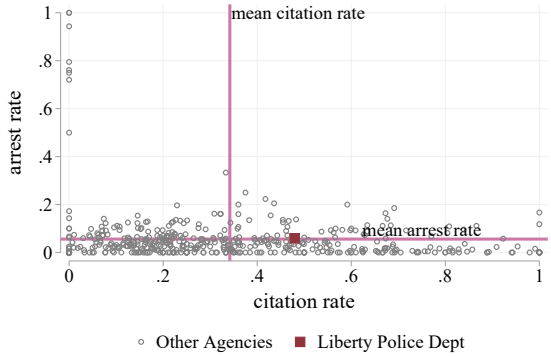
(b) Non-white total stops



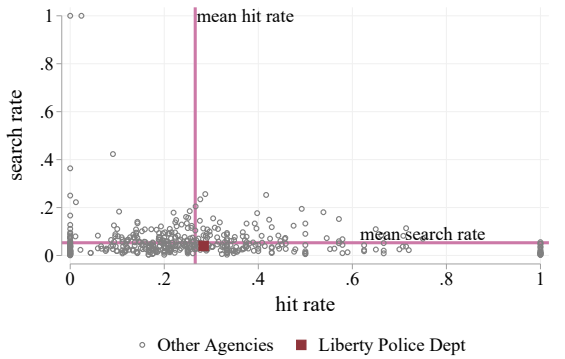
(c) Arrest and citation rate



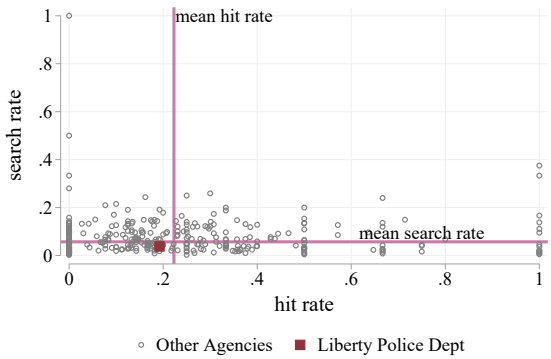
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

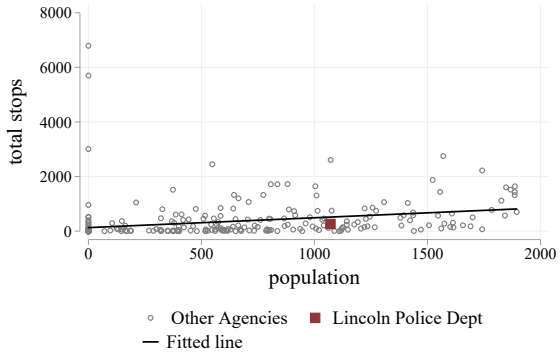
2020 Decennial pop.	853	804	0	15	2	6	26
2020 Decennial pop. %	100	94.26	0	1.76	.23	.7	3.05
Totals	.	.	.	.	.	.	.
All stops	265	257	5	1	1	0	1
Resident stops	31	30	0	1	0	0	0
Searches	29	28	1	0	0	0	0
Contraband	5	5	0	0	0	0	0
Arrests	13	12	1	0	0	0	0
Citations	59	58	0	0	0	0	1
Rates	.	.	.	.	.	.	.
Stop rate	24.74	27.08	6.25	100	8.33	0	7.69
Stop rate, residents	2.89	3.16	0	100	0	0	0
Search rate	10.94	10.89	20	0	0	.	0
Contraband hit rate	17.24	17.86	0	.	.	.	.
Arrest rate	4.91	4.67	20	0	0	.	0
Citation rate	22.26	22.57	0	0	0	.	100

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

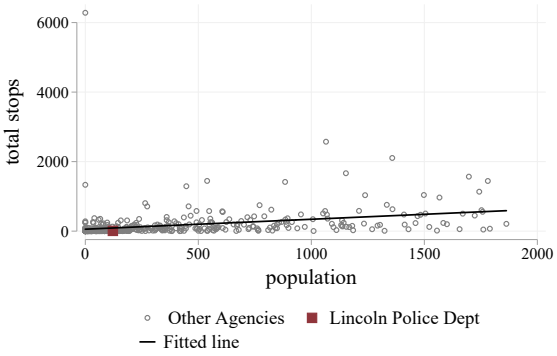
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Lincoln Police Dept

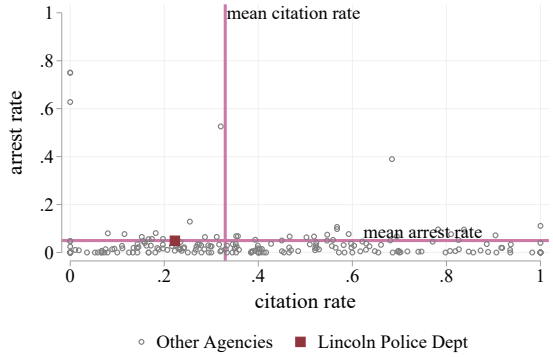
(a) Total stops



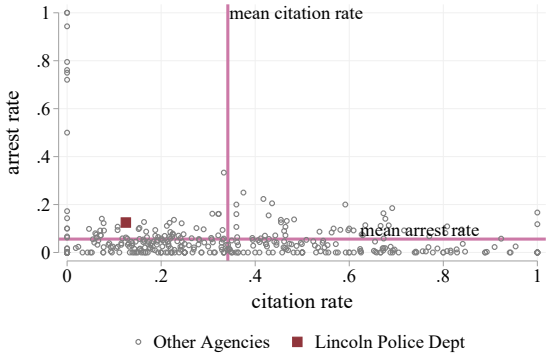
(b) Non-white total stops



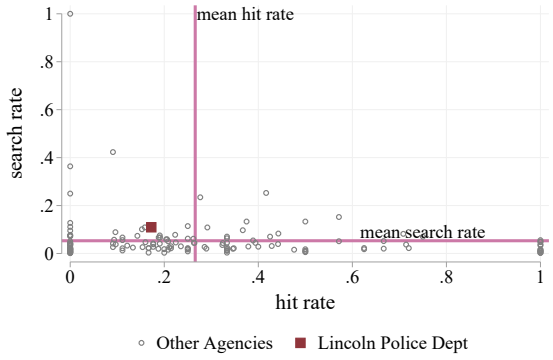
(c) Arrest and citation rate



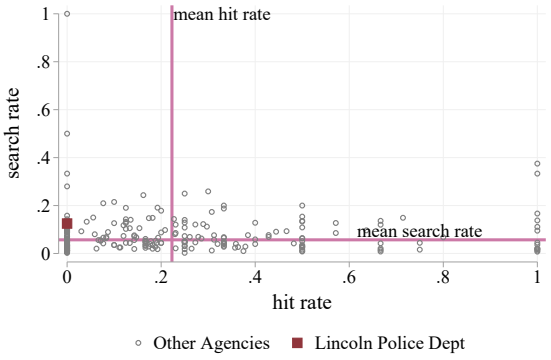
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

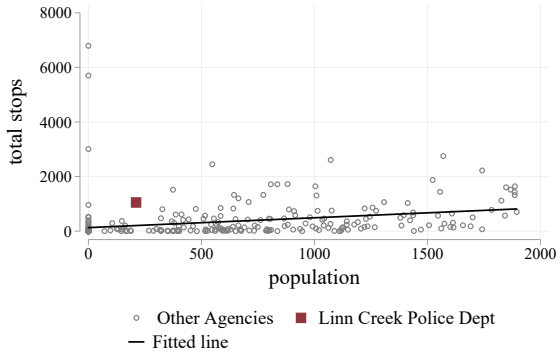
2020 Decennial pop. %	100	91.98	.62	.62	1.23	1.23	4.32
Totals	.	.	.	.	.	.	.
All stops	1050	956	43	38	0	6	7
Resident stops	22	21	0	1	0	0	0
Searches	23	23	0	0	0	0	0
Contraband	8	8	0	0	0	0	0
Arrests	6	6	0	0	0	0	0
Citations	509	466	19	16	0	4	4
Rates	.	.	.	.	.	.	.
Stop rate	497.63	482.83	.	.	.	300	63.64
Stop rate, residents	10.43	10.61	.	.	.	0	0
Search rate	2.19	2.41	0	0	.	0	0
Contraband hit rate	34.78	34.78	.	.	.	.	.
Arrest rate	.57	.63	0	0	.	0	0
Citation rate	48.48	48.74	44.19	42.11	.	66.67	57.14

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

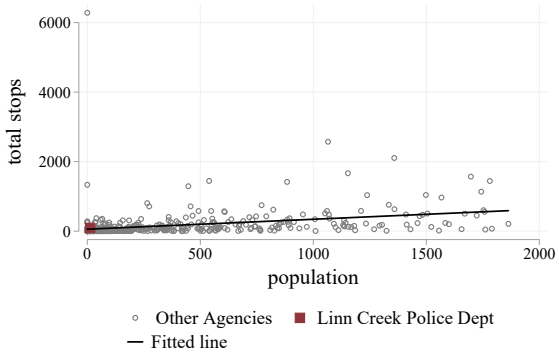
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Linn Creek Police Dept

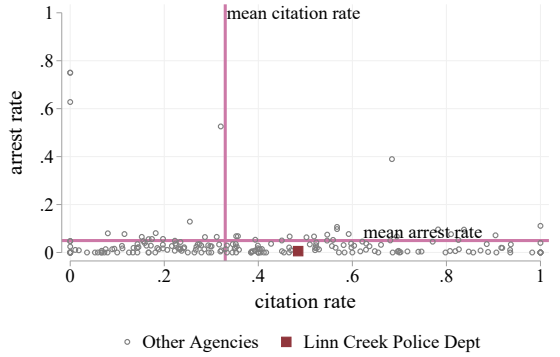
(a) Total stops



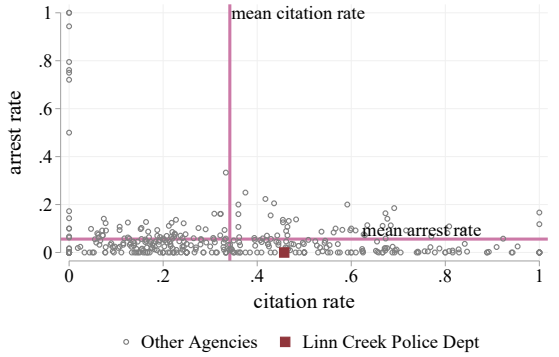
(b) Non-white total stops



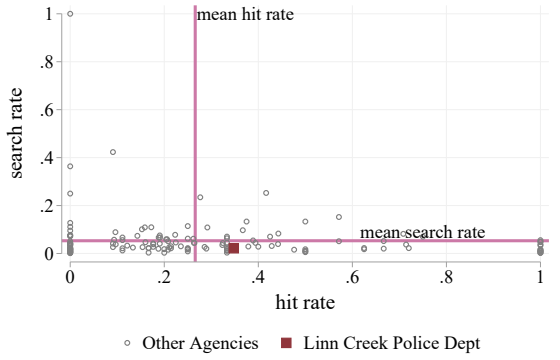
(c) Arrest and citation rate



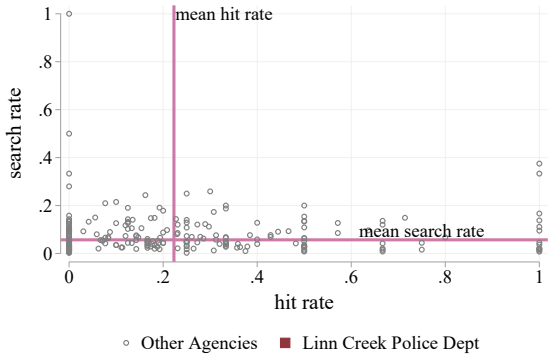
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

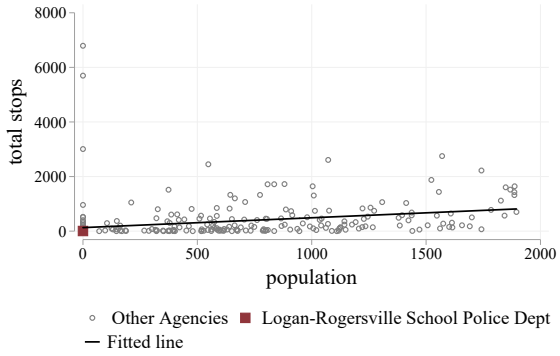
Arrests	0	0	0	0	0	0	0
Citations	2	2	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	.	.	.	.
Citation rate	40	40	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

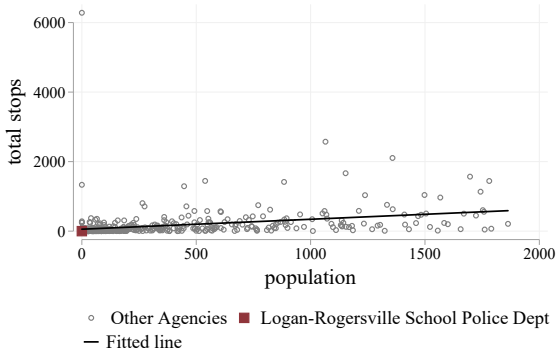
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Logan-Rogersville School Police Dept

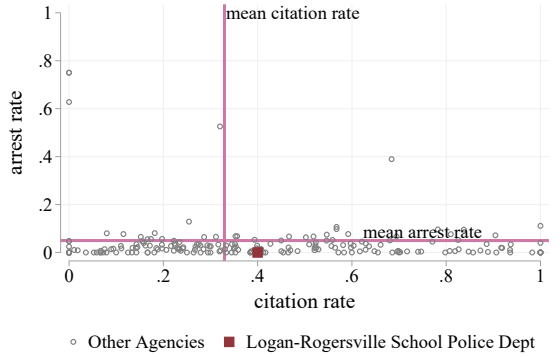
(a) Total stops



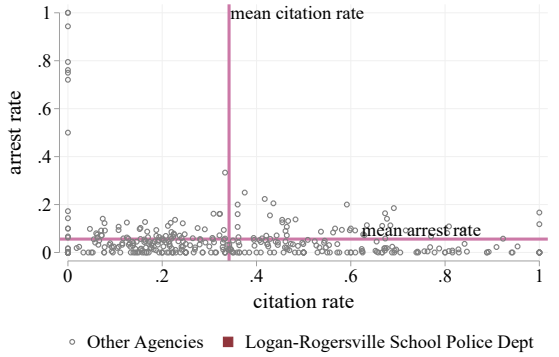
(b) Non-white total stops



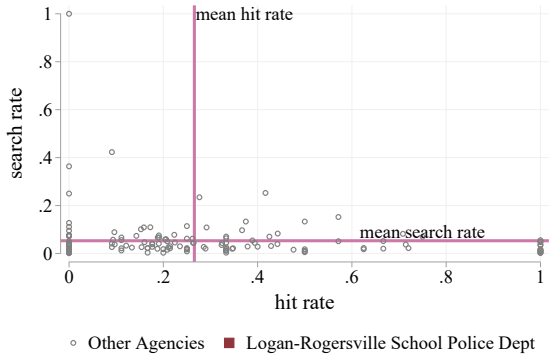
(c) Arrest and citation rate



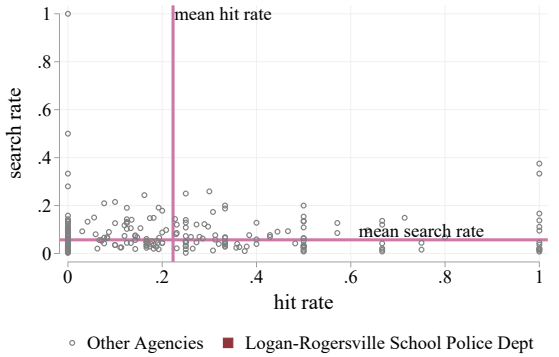
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

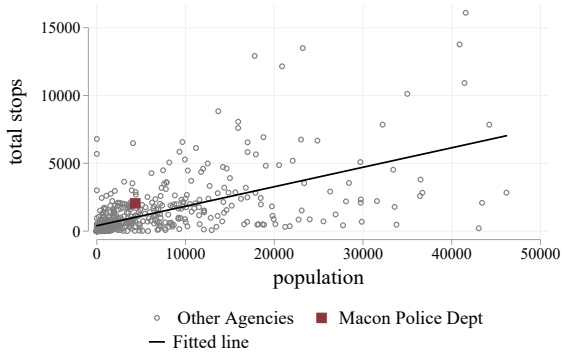
Searches	33	27	5	0	1	0	0
Contraband	6	5	1	0	0	0	0
Arrests	9	7	2	0	0	0	0
Citations	208	168	17	14	1	6	2
Rates	.	.	.	.	.	.	.
Stop rate	47.13	47.32	79.81	68.06	17.95	.	.98
Stop rate, residents	10.92	11.3	19.23	4.17	7.69	.	0
Search rate	1.61	1.51	3.01	0	14.29	0	0
Contraband hit rate	18.18	18.52	20	.	0	.	.
Arrest rate	.44	.39	1.2	0	0	0	0
Citation rate	10.17	9.38	10.24	28.57	14.29	20.69	66.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

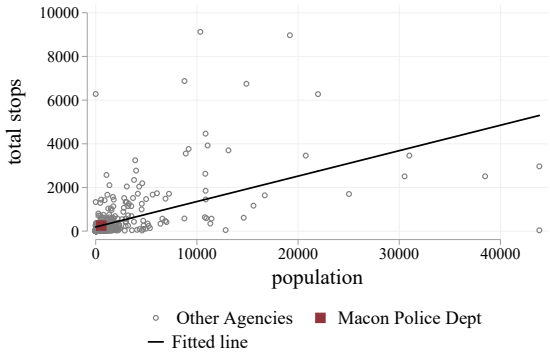
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Macon Police Dept

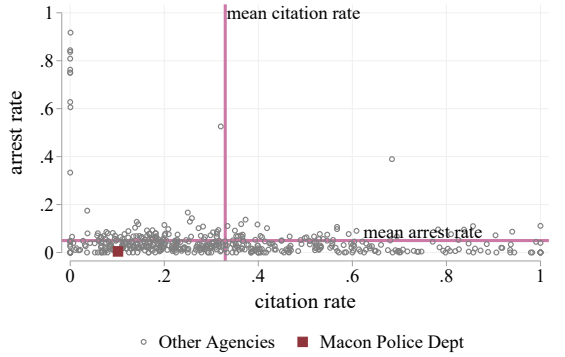
(a) Total stops



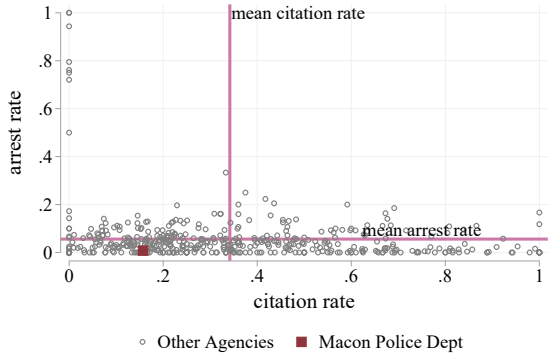
(b) Non-white total stops



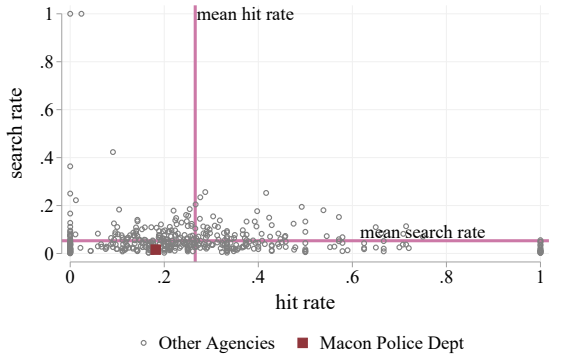
(c) Arrest and citation rate



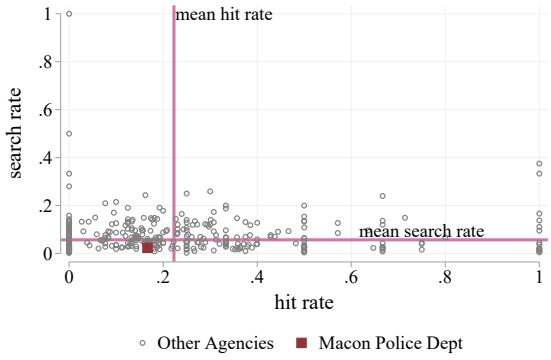
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

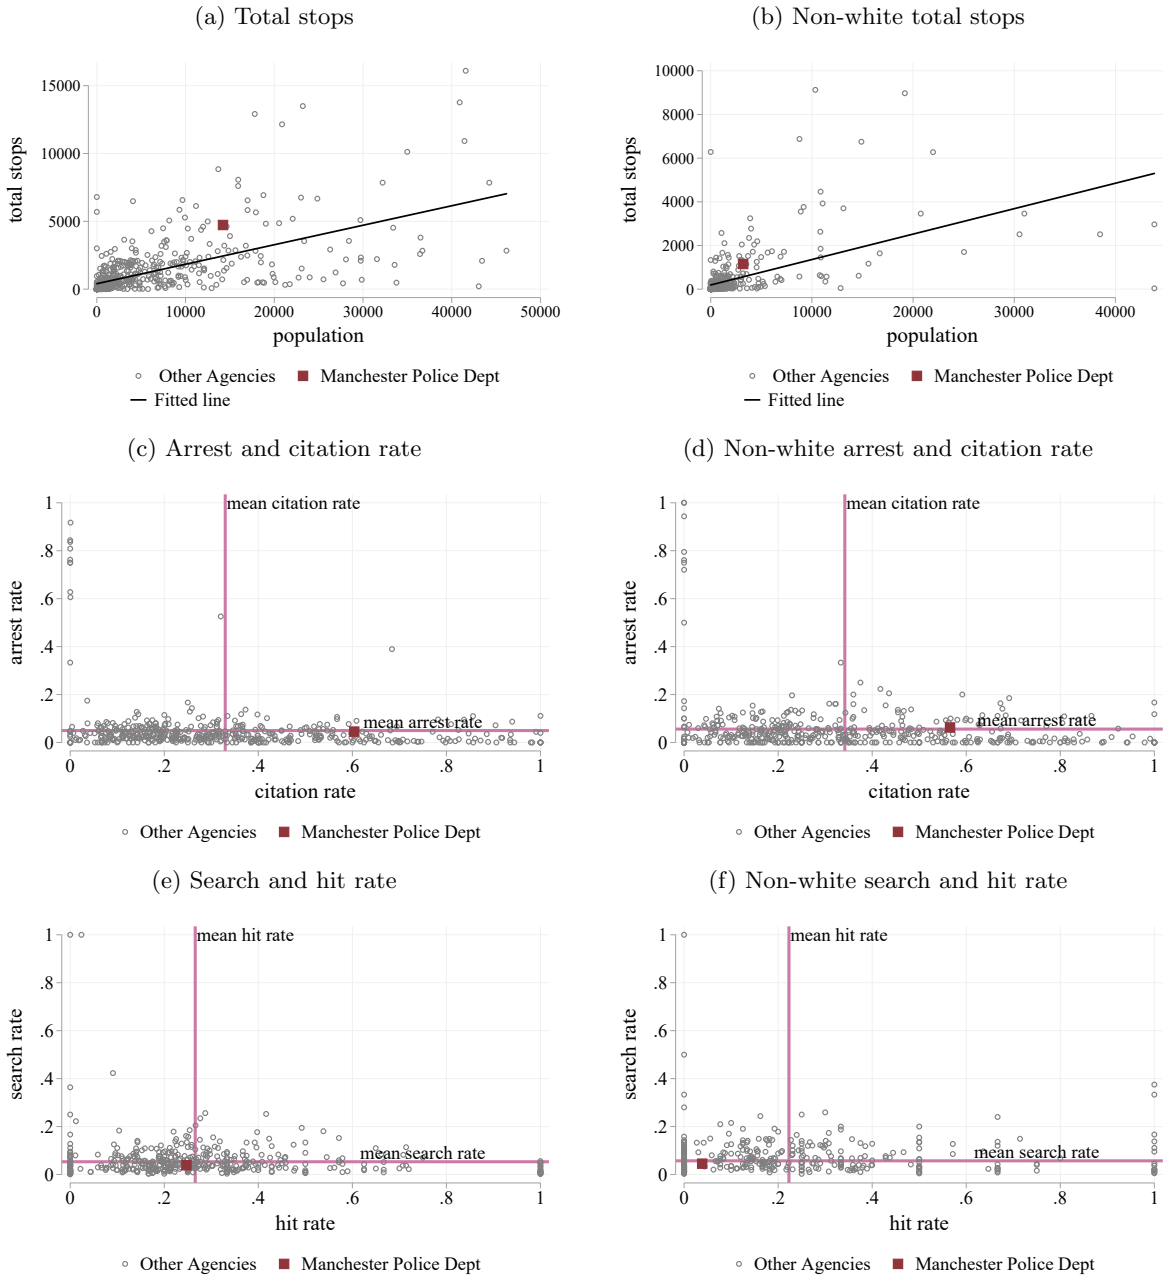
Resident stops	537	460	51	5	0	9	12
Searches	182	130	45	6	0	0	1
Contraband	45	43	2	0	0	0	0
Arrests	215	143	61	8	0	0	3
Citations	2856	2205	526	22	11	48	44
Rates	.	.	.	.	.	.	.
Stop rate	33.25	32.49	154.67	6.8	66.67	4.57	27.79
Stop rate, residents	3.78	4.18	9.71	1.13	0	.53	1.56
Search rate	3.85	3.63	5.54	20	0	0	.47
Contraband hit rate	24.73	33.08	4.44	0	.	.	0
Arrest rate	4.55	4	7.51	26.67	0	0	1.4
Citation rate	60.41	61.64	64.78	73.33	61.11	62.34	20.56

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Manchester Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

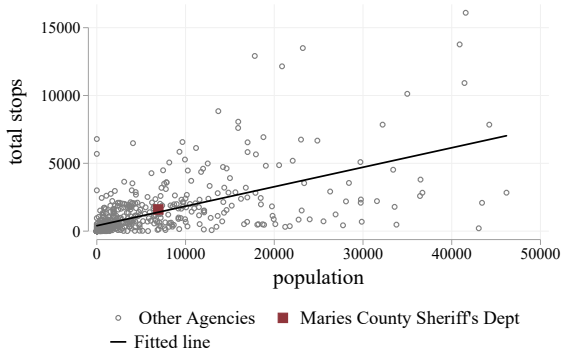
2020 Decennial pop.	6605	6174	11	91	28	7	294
2020 Decennial pop. %	100	93.47	.17	1.38	.42	.11	4.45
Totals	.	.	.	.	.	.	.
All stops	1598	1538	56	3	0	0	1
Resident stops	350	344	5	1	0	0	0
Searches	128	122	6	0	0	0	0
Contraband	13	13	0	0	0	0	0
Arrests	54	53	0	1	0	0	0
Citations	299	299	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	23.04	23.63	200	3.53	0	0	.41
Stop rate, residents	5.05	5.28	17.86	1.18	0	0	0
Search rate	8.01	7.93	10.71	0	.	.	0
Contraband hit rate	10.16	10.66	0	.	.	.	.
Arrest rate	3.38	3.45	0	33.33	.	.	0
Citation rate	18.71	19.44	0	0	.	.	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

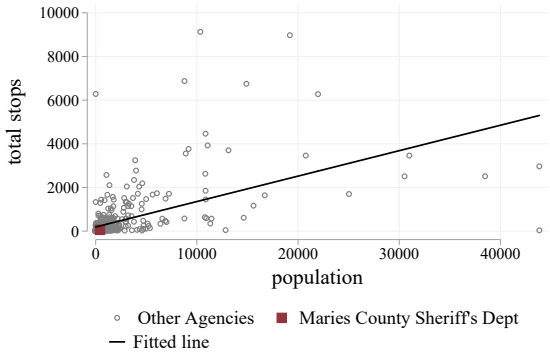
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Maries County Sheriff's Dept

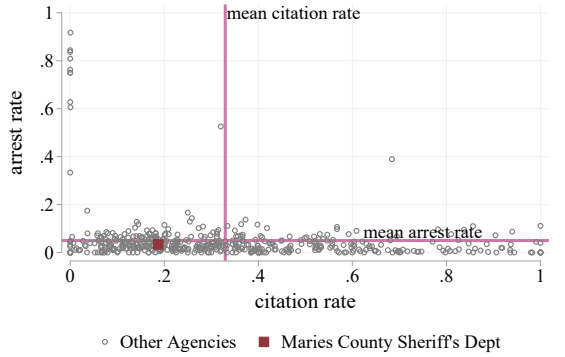
(a) Total stops



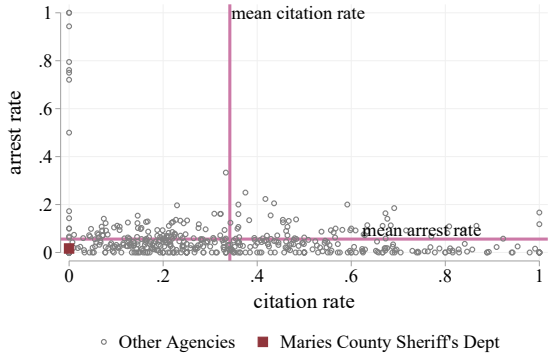
(b) Non-white total stops



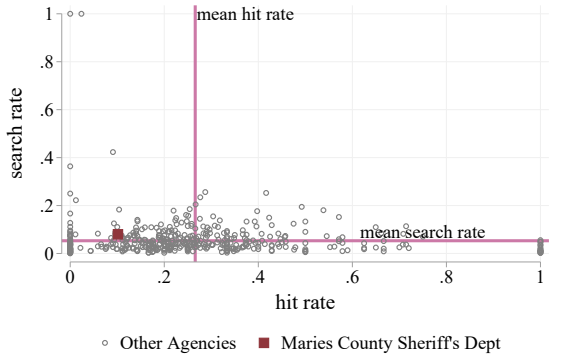
(c) Arrest and citation rate



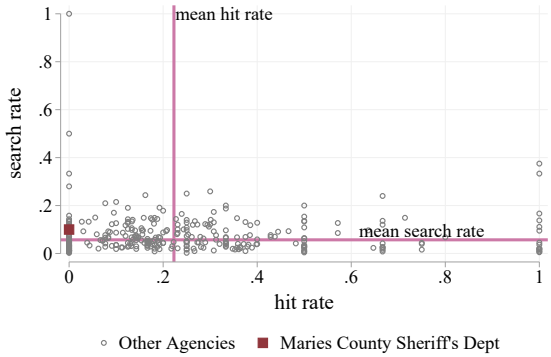
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
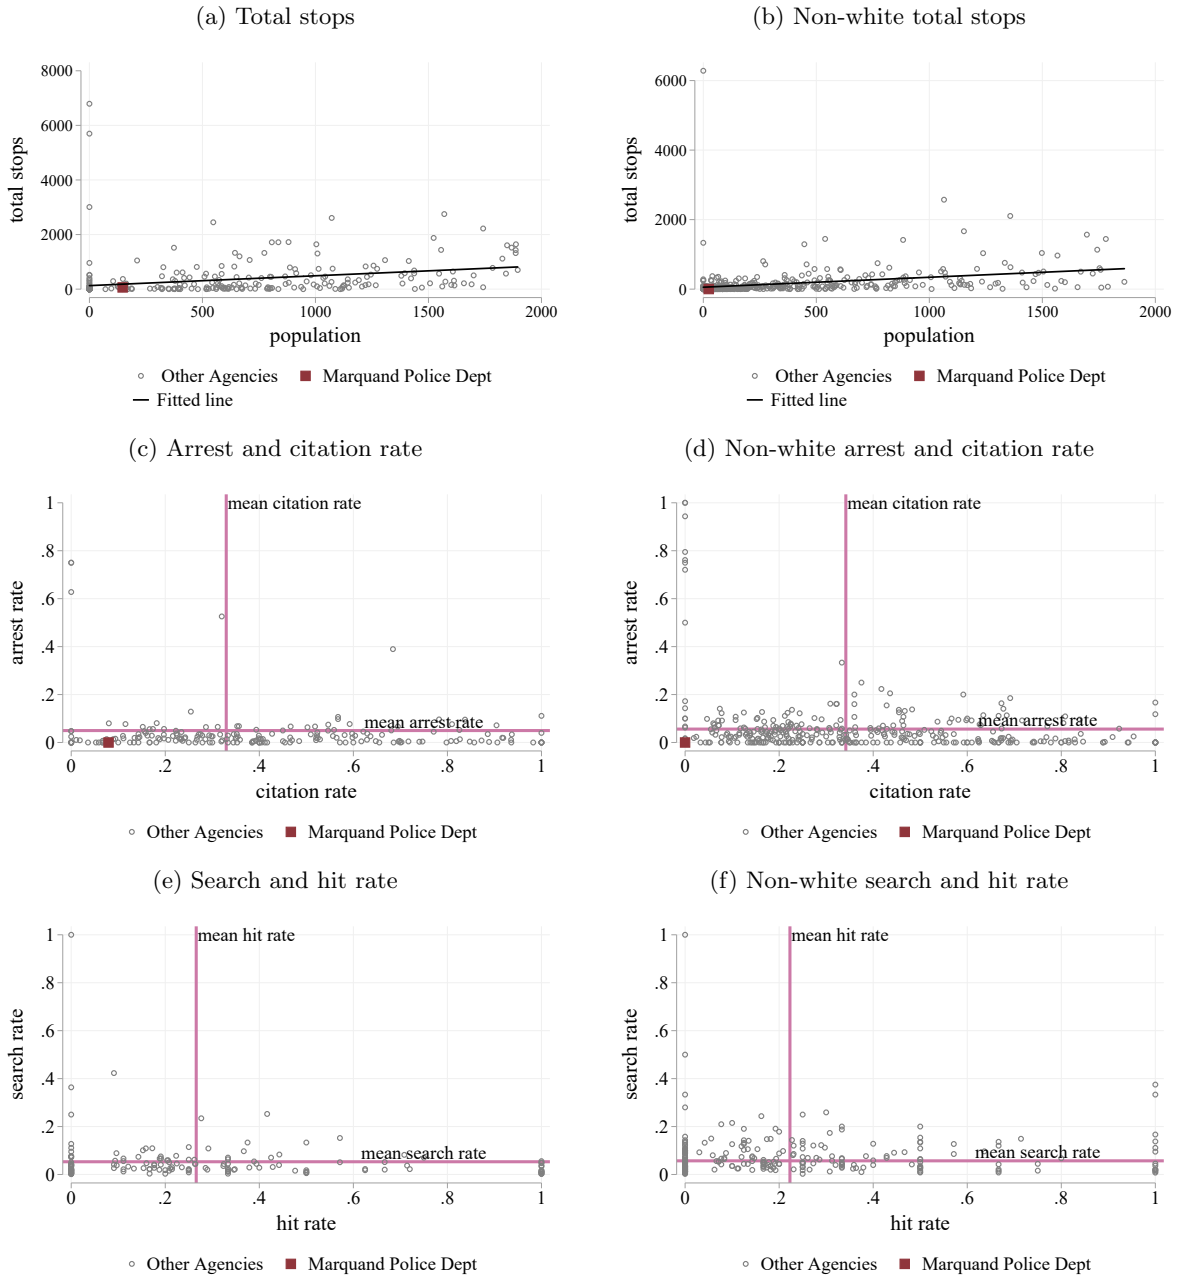
2022 ACS pop.	147	123	0	2	3	0	21
2022 ACS pop. %	100	83.67	0	1.36	2.04	0	14.29
2020 Decennial pop.	148	129	0	3	0	3	13
2020 Decennial pop. %	100	87.16	0	2.03	0	2.03	8.78
Totals	.	.	.	.	.	.	.
All stops	63	60	0	3	0	0	0
Resident stops	29	28	0	1	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	5	5	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	42.86	48.78	.	150	0	.	0
Stop rate, residents	19.73	22.76	.	50	0	.	0
Search rate	0	0	.	0	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	0	.	.	.
Citation rate	7.94	8.33	.	0	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Marquand Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

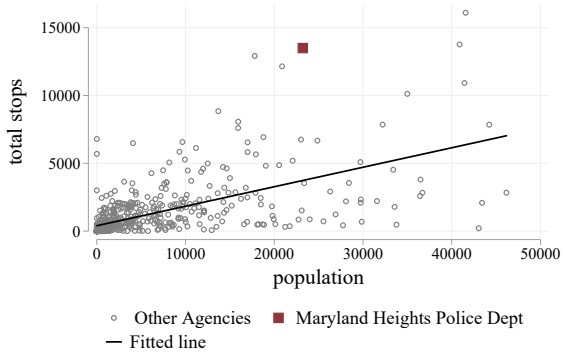
Citations	7524	3749	3351	149	42	137	96
Rates	.	.	.	.	.	.	.
Stop rate	58.13	45.84	180.46	40.87	1350	6.68	18.52
Stop rate, residents	8.68	7.39	21.05	7.07	533.33	1.89	7.04
Search rate	8.32	7.29	9.89	9.22	3.7	2.6	4.07
Contraband hit rate	22.89	25.88	20.88	12.5	0	42.86	22.22
Arrest rate	3.84	3.32	4.62	3.46	1.23	1.49	2.71
Citation rate	55.75	56.61	56.25	42.94	51.85	50.93	43.44

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

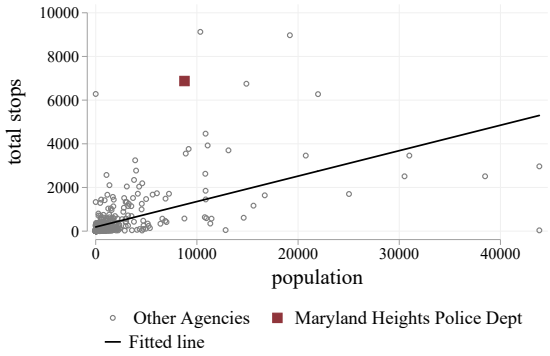
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Maryland Heights Police Dept

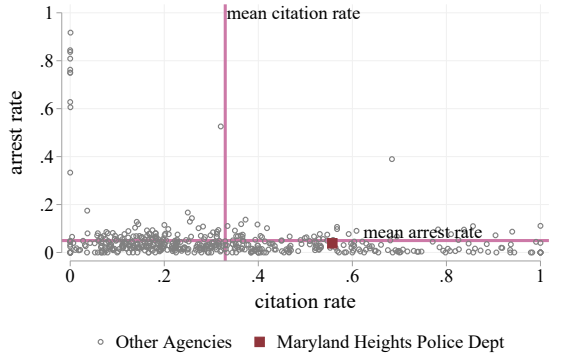
(a) Total stops



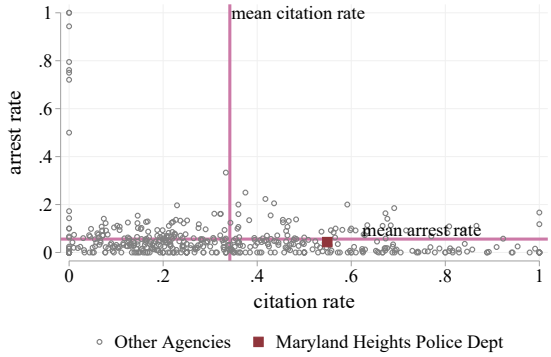
(b) Non-white total stops



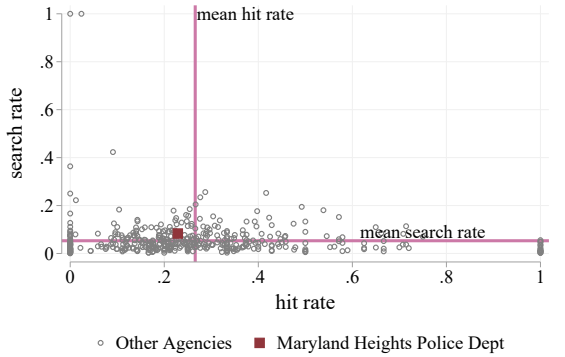
(c) Arrest and citation rate



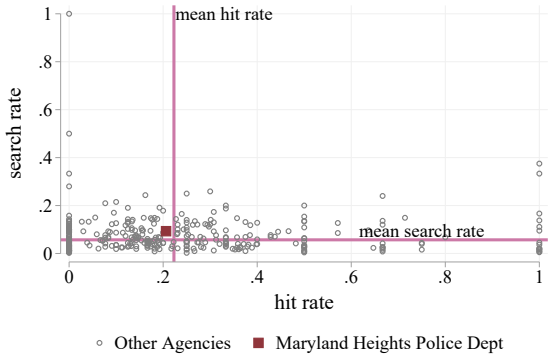
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

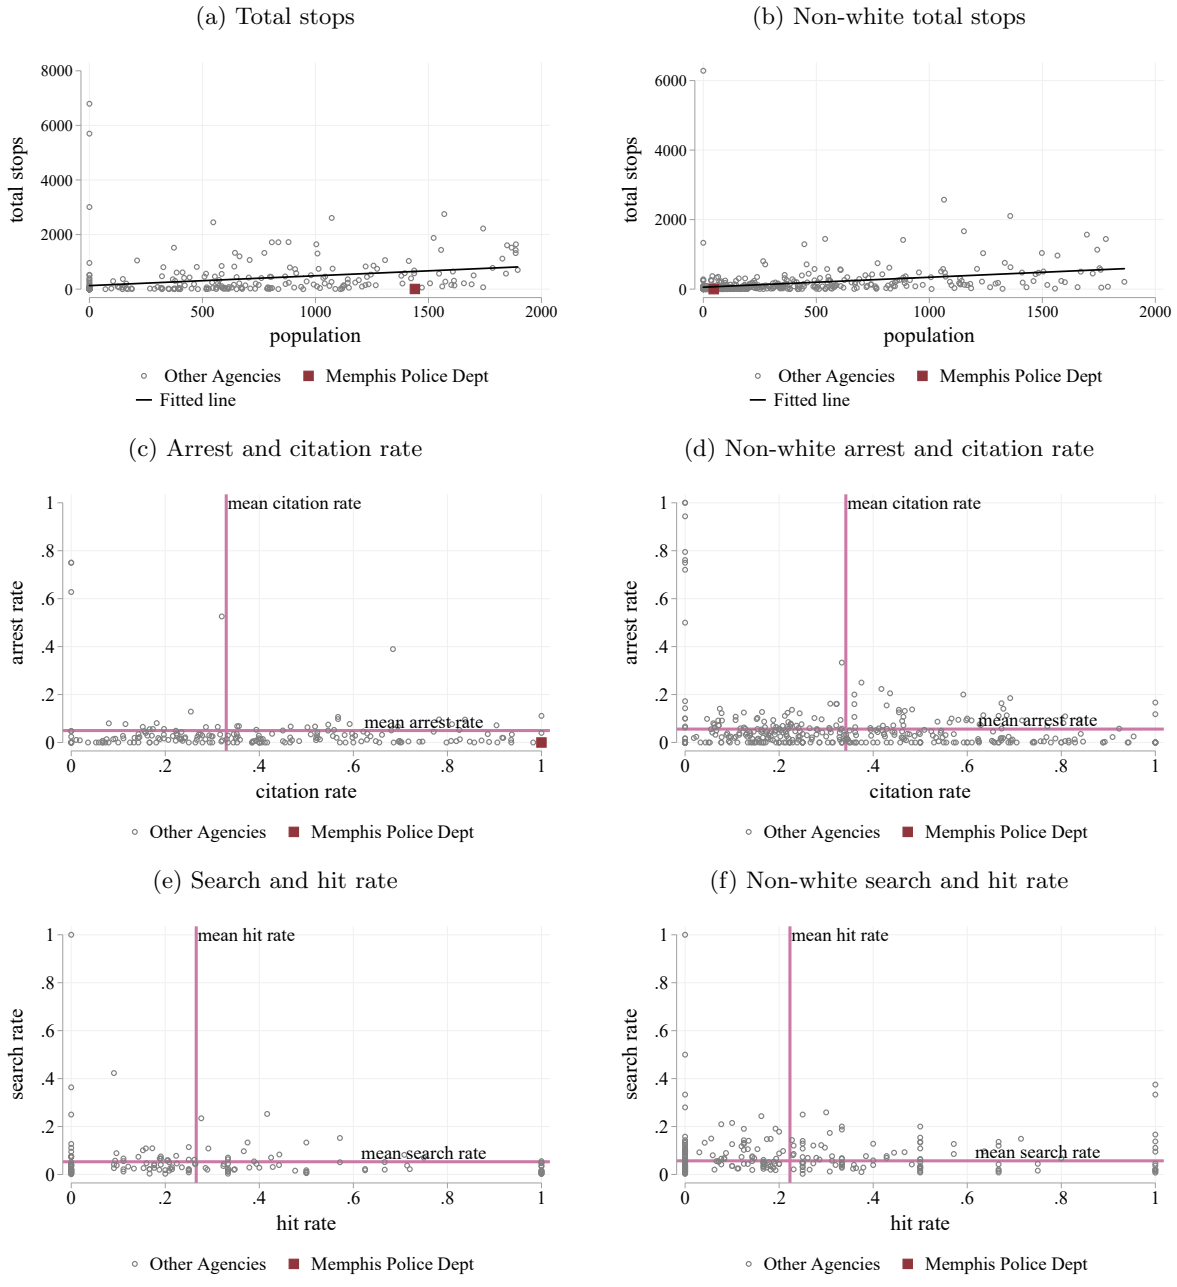
2022 ACS pop. %	100	96.81	.21	0	0	0	2.99
2020 Decennial pop.	1325	1256	0	8	4	0	57
2020 Decennial pop. %	100	94.79	0	.6	.3	0	4.3
Totals	.	.	.	.	.	.	.
All stops	7	7	0	0	0	0	0
Resident stops	0	0	0	0	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	7	7	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	.49	.5	0	.	.	.	0
Stop rate, residents	0	0	0	.	.	.	0
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	.	.	.	.
Citation rate	100	100	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Memphis Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

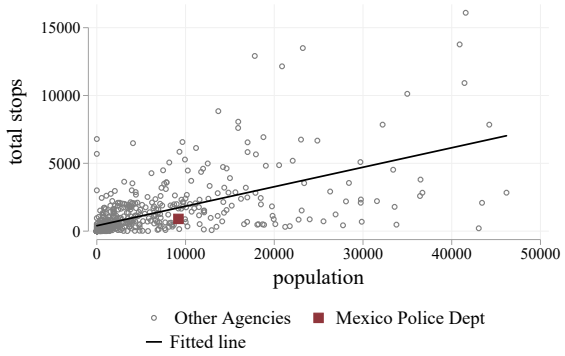
Resident stops	620	509	89	18	0	2	2
Searches	35	27	7	0	0	0	1
Contraband	7	5	2	0	0	0	0
Arrests	41	30	9	1	0	0	1
Citations	171	138	26	5	0	1	1
Rates	.	.	.	.	.	.	.
Stop rate	9.83	9.43	19.8	14.1	0	3.9	.7
Stop rate, residents	6.74	6.44	14.69	7.69	0	2.6	.46
Search rate	3.87	3.62	5.83	0	.	0	33.33
Contraband hit rate	20	18.52	28.57	.	.	.	0
Arrest rate	4.54	4.03	7.5	3.03	.	0	33.33
Citation rate	18.92	18.52	21.67	15.15	.	33.33	33.33

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

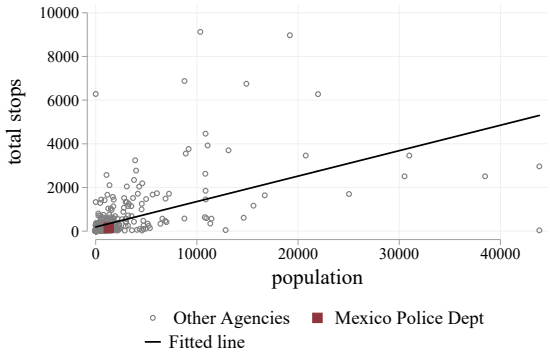
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Mexico Police Dept

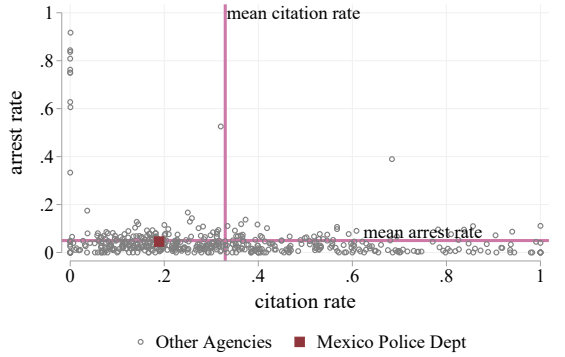
(a) Total stops



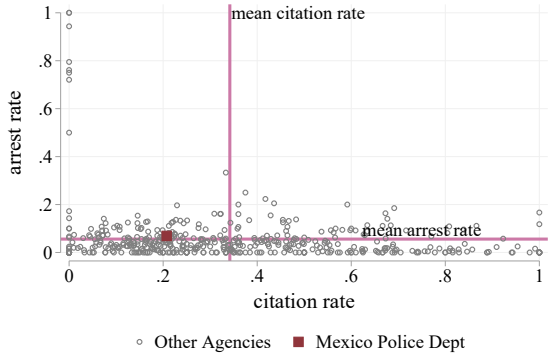
(b) Non-white total stops



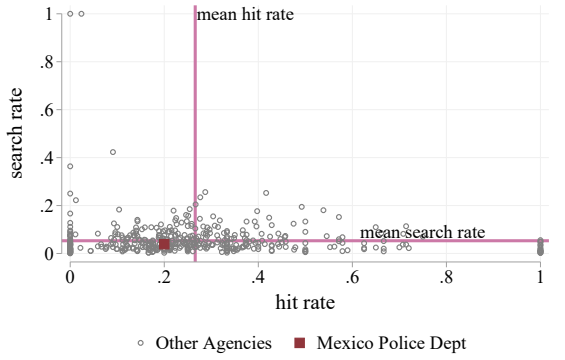
(c) Arrest and citation rate



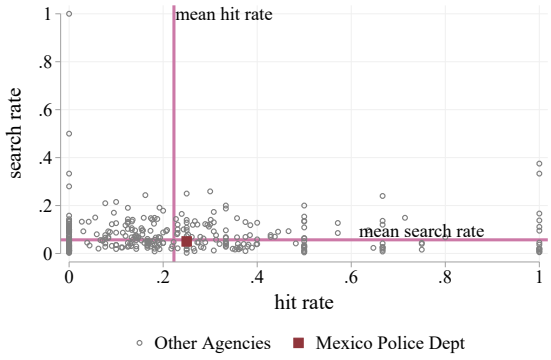
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

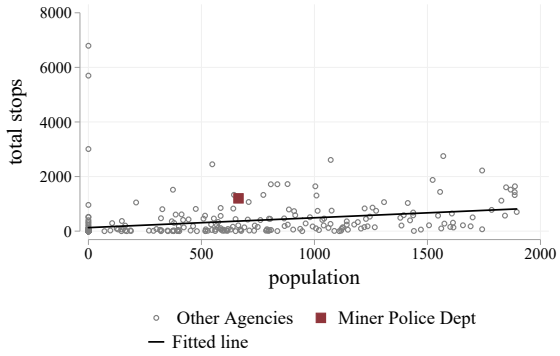
2020 Decennial pop. %	100	85.17	7.48	1.9	.27	1.36	3.81
Totals	.	.	.	.	.	.	.
All stops	1201	892	274	21	3	5	6
Resident stops	58	46	10	1	0	0	1
Searches	53	40	12	1	0	0	0
Contraband	14	13	1	0	0	0	0
Arrests	68	50	17	1	0	0	0
Citations	237	175	56	2	1	2	1
Rates	.	.	.	.	.	.	.
Stop rate	180.87	175.94	288.42	.	.	41.67	12
Stop rate, residents	8.73	9.07	10.53	.	.	0	2
Search rate	4.41	4.48	4.38	4.76	0	0	0
Contraband hit rate	26.42	32.5	8.33	0	.	.	.
Arrest rate	5.66	5.61	6.2	4.76	0	0	0
Citation rate	19.73	19.62	20.44	9.52	33.33	40	16.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

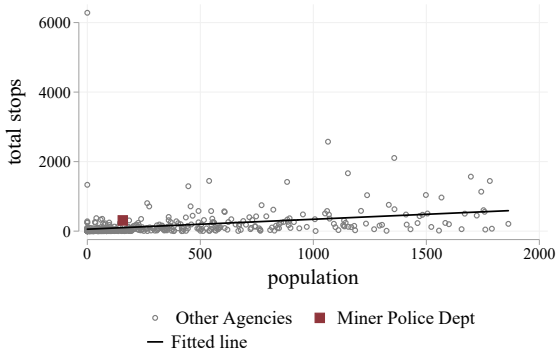
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Miner Police Dept

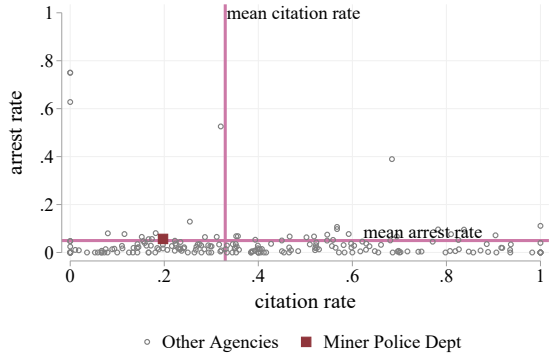
(a) Total stops



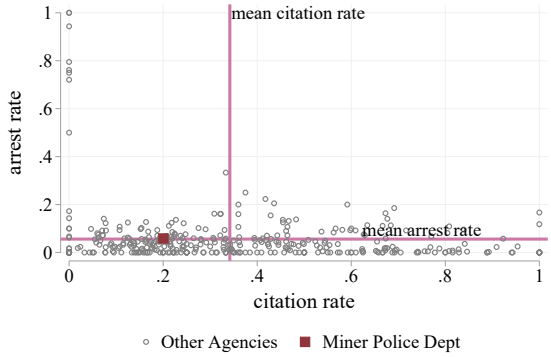
(b) Non-white total stops



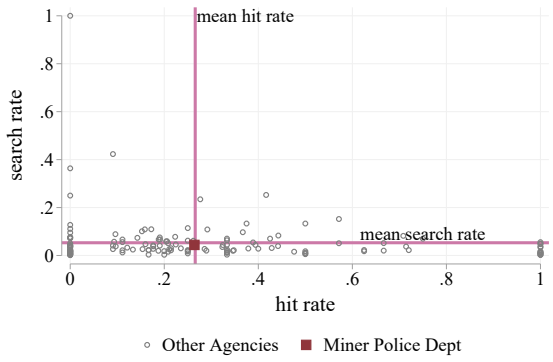
(c) Arrest and citation rate



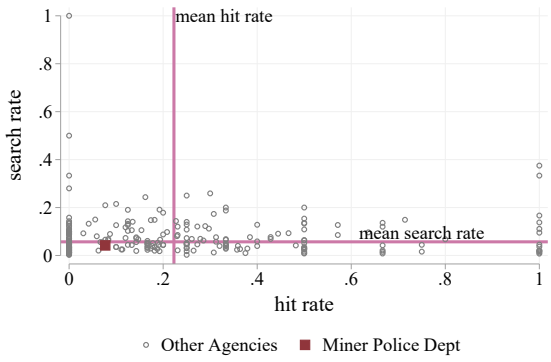
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

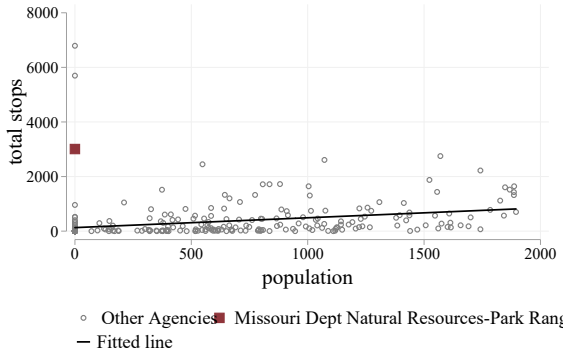
All stops	3008	2762	112	60	1	43	30
Resident stops	0	0	0	0	0	0	0
Searches	99	91	5	2	0	0	1
Contraband	12	10	2	0	0	0	0
Arrests	83	76	2	4	0	0	1
Citations	331	297	16	11	0	6	1
Rates	.	.	.	.	.	.	.
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	3.29	3.29	4.46	3.33	0	0	3.33
Contraband hit rate	12.12	10.99	40	0	.	.	0
Arrest rate	2.76	2.75	1.79	6.67	0	0	3.33
Citation rate	11	10.75	14.29	18.33	0	13.95	3.33

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

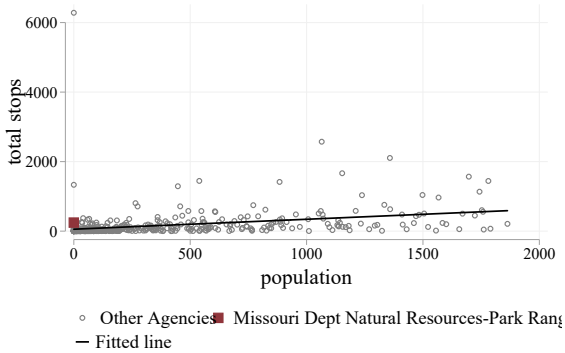
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Missouri Dept Natural Resources-Park Rangers

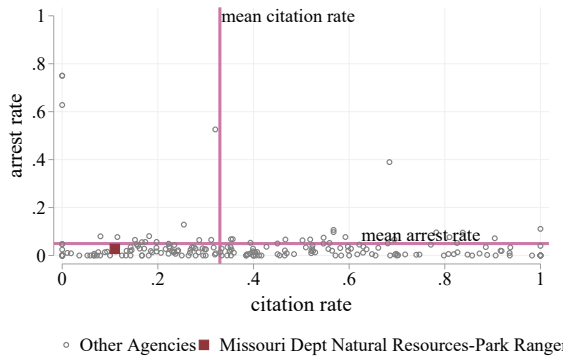
(a) Total stops



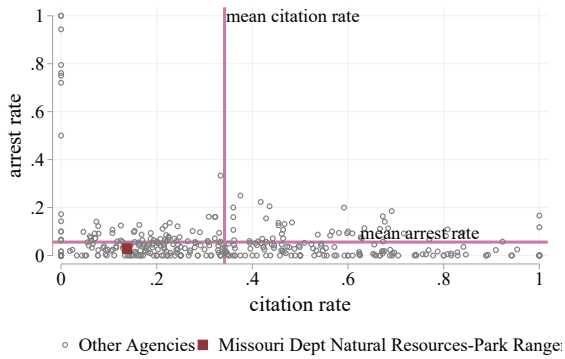
(b) Non-white total stops



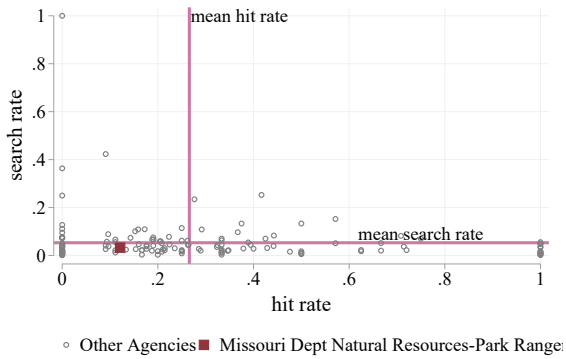
(c) Arrest and citation rate



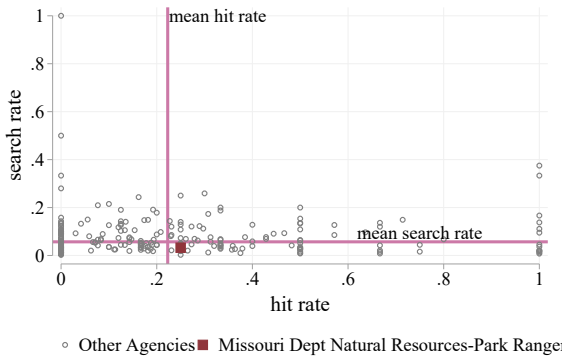
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

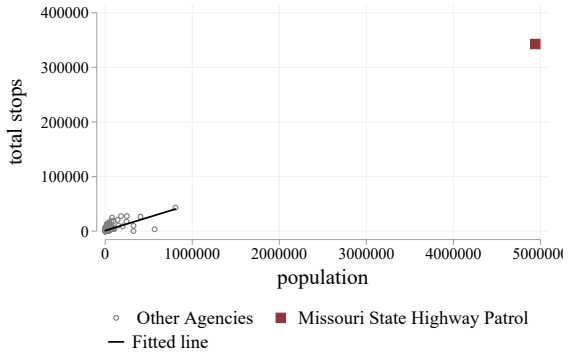
Arrests	11164	7899	2421	728	25	91	0
Citations	209376	162111	32225	11869	301	2870	0
Rates	.	.	.	.	.	.	.
Stop rate	6.94	7.24	7.27	7.72	3.38	4.28	0
Stop rate, residents	5.5	5.98	5.11	3.78	1.87	2.1	0
Search rate	3.78	3.3	6.13	6.95	6	3.16	.
Contraband hit rate	17.37	19.06	14.03	10.24	20.69	11.97	.
Arrest rate	3.26	2.78	6.22	4.94	5.18	2.02	.
Citation rate	61.08	57.06	82.78	80.47	62.32	63.82	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

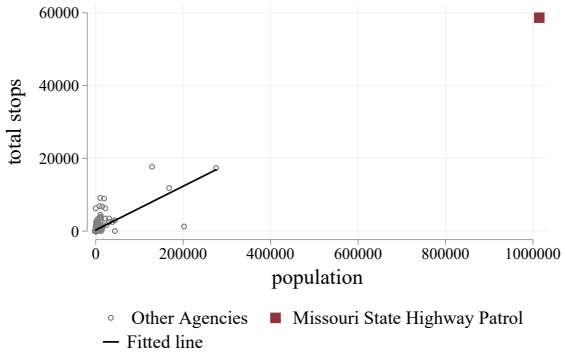
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Missouri State Highway Patrol

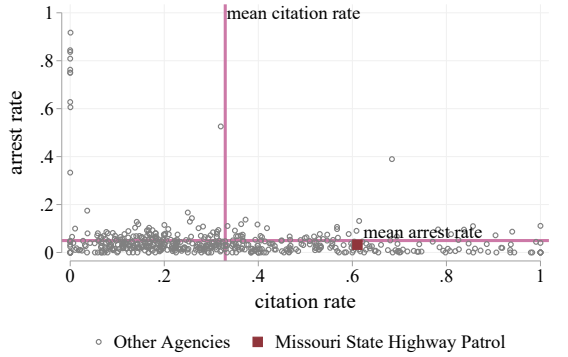
(a) Total stops



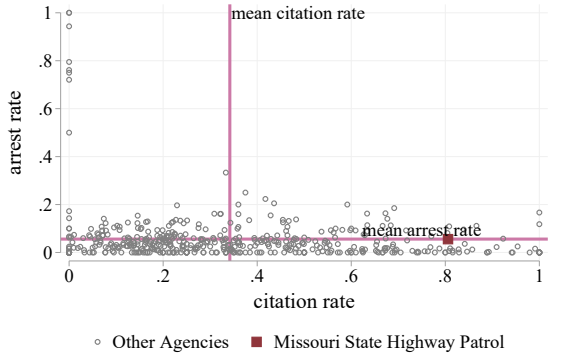
(b) Non-white total stops



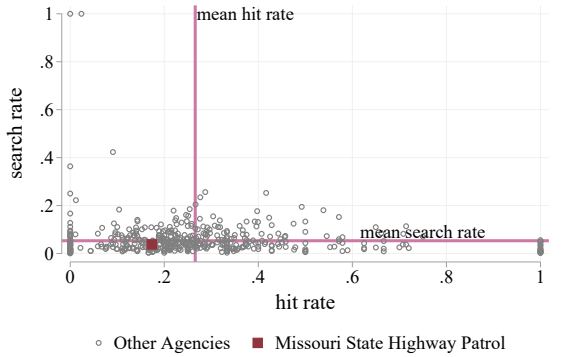
(c) Arrest and citation rate



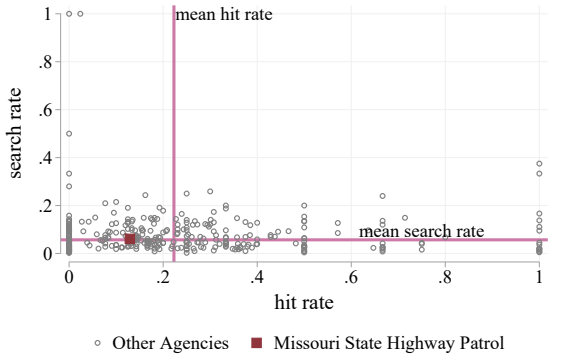
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

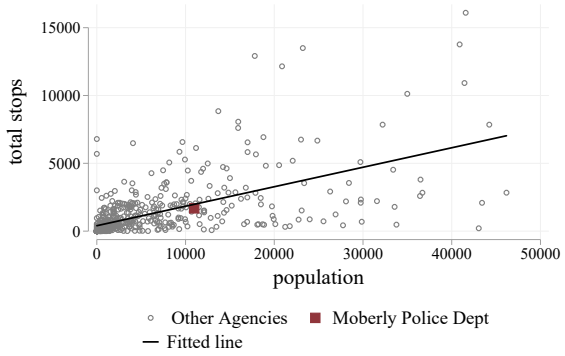
2020 Decennial pop. %	100	82.33	10.28	2.15	.44	.58	4.23
Totals	.	.	.	.	.	.	.
All stops	1681	1471	179	26	0	5	0
Resident stops	1135	977	140	15	0	3	0
Searches	105	89	15	1	0	0	0
Contraband	26	21	4	1	0	0	0
Arrests	78	62	15	1	0	0	0
Citations	383	331	45	6	0	1	0
Rates	.	.	.	.	.	.	.
Stop rate	15.31	16.14	15.76	10.53	0	7.94	0
Stop rate, residents	10.34	10.72	12.32	6.07	0	4.76	0
Search rate	6.25	6.05	8.38	3.85	.	0	.
Contraband hit rate	24.76	23.6	26.67	100	.	.	.
Arrest rate	4.64	4.21	8.38	3.85	.	0	.
Citation rate	22.78	22.5	25.14	23.08	.	20	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

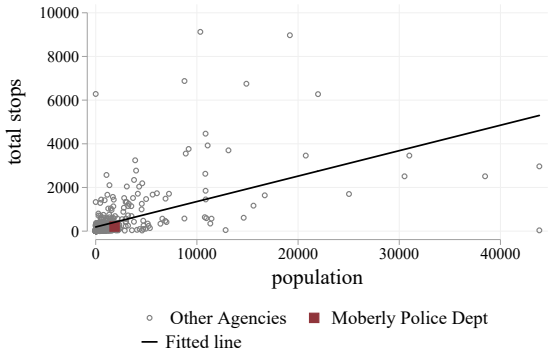
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Moberly Police Dept

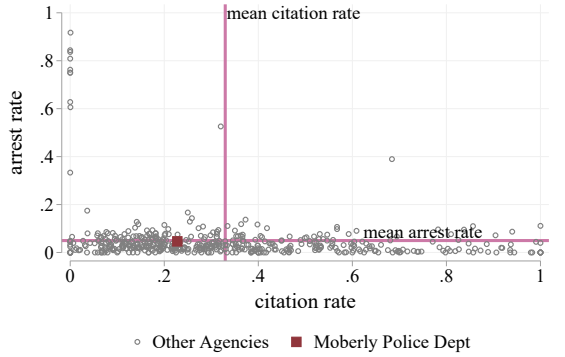
(a) Total stops



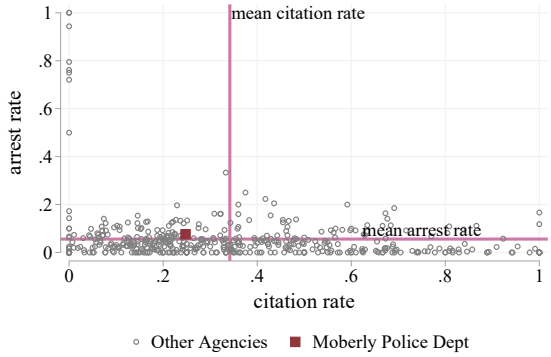
(b) Non-white total stops



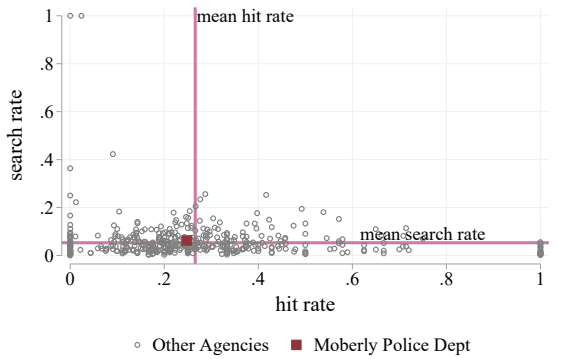
(c) Arrest and citation rate



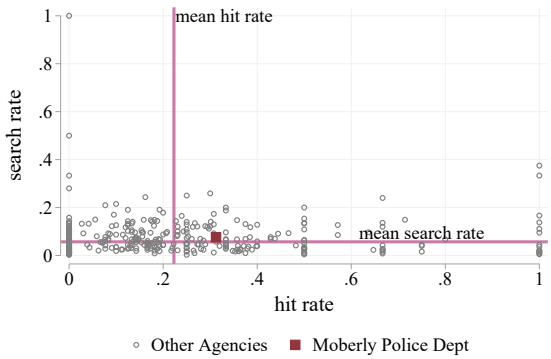
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

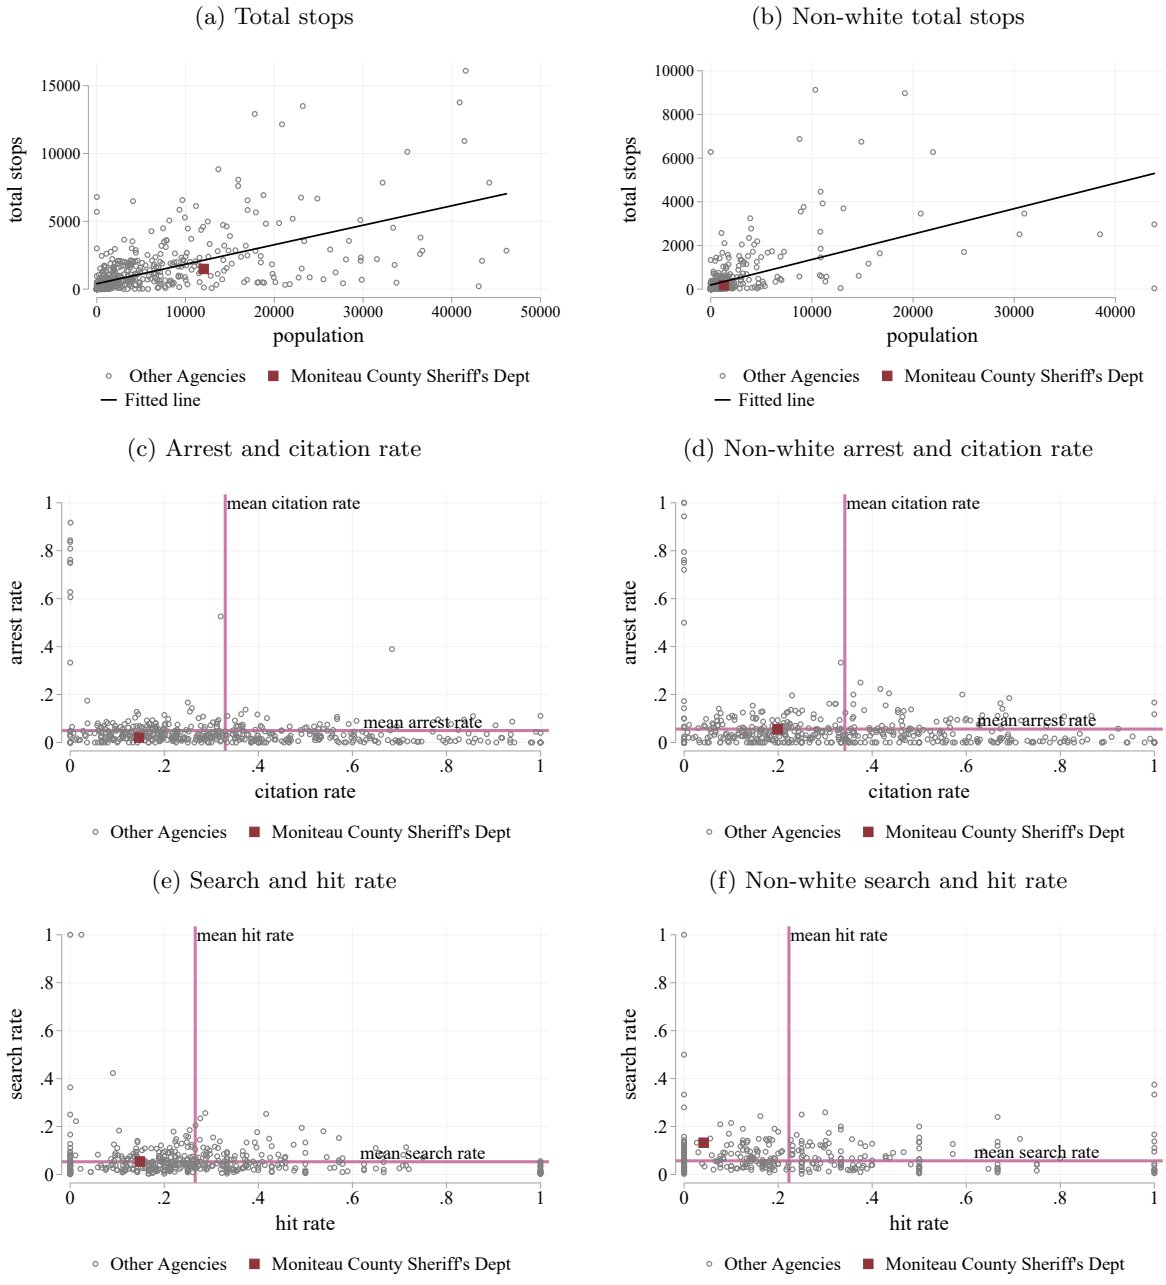
Contraband	12	11	0	1	0	0	0
Arrests	30	20	3	7	0	0	0
Citations	218	182	15	19	1	0	1
Rates	.	.	.	.	.	.	.
Stop rate	12.37	12.18	17.6	16.56	9.09	8.7	.68
Stop rate, residents	5.43	5.49	3.42	8.19	3.03	2.17	0
Search rate	5.44	4.36	9.72	17.17	0	0	0
Contraband hit rate	14.81	19.3	0	5.88	.	.	.
Arrest rate	2.01	1.53	4.17	7.07	0	0	0
Citation rate	14.64	13.91	20.83	19.19	33.33	0	33.33

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Moniteau County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

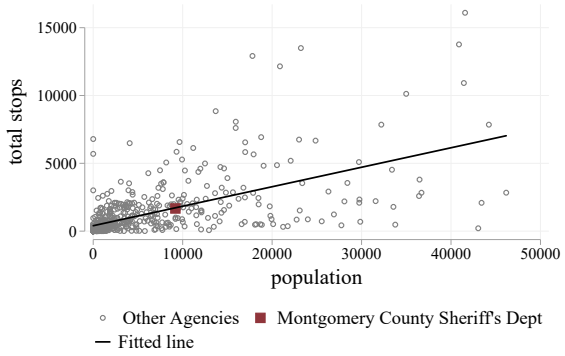
Resident stops	881	845	26	7	2	1	0
Searches	263	213	43	4	0	1	2
Contraband	66	51	14	1	0	0	0
Arrests	134	115	18	1	0	0	0
Citations	98	89	8	1	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	18.19	17.32	69.83	23.56	11.76	36	4.07
Stop rate, residents	9.59	9.9	14.53	4.02	5.88	4	0
Search rate	15.74	14.41	34.4	9.76	0	11.11	14.29
Contraband hit rate	25.1	23.94	32.56	25	.	0	0
Arrest rate	8.02	7.78	14.4	2.44	0	0	0
Citation rate	5.86	6.02	6.4	2.44	0	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

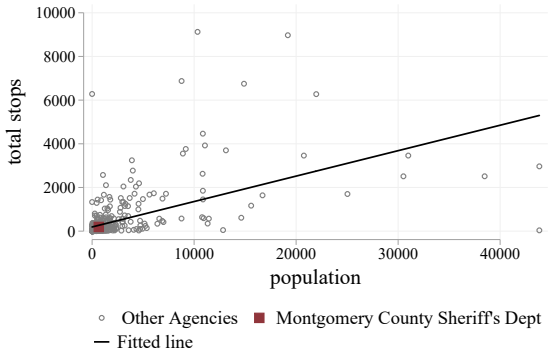
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Montgomery County Sheriff's Dept

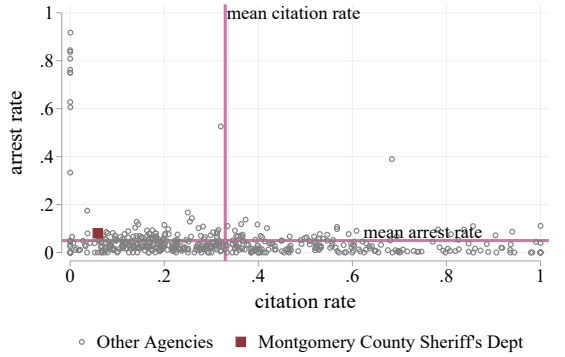
(a) Total stops



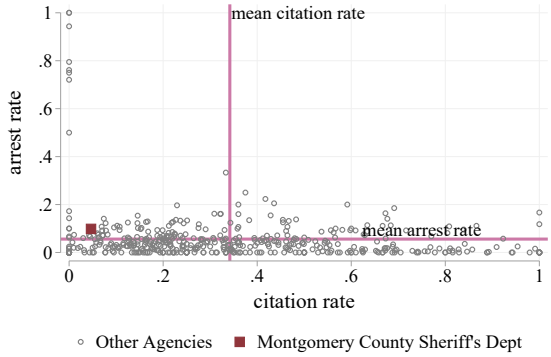
(b) Non-white total stops



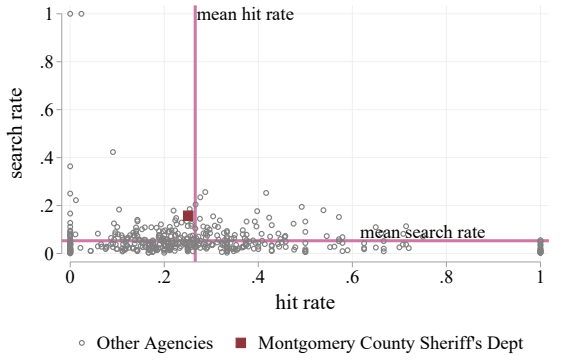
(c) Arrest and citation rate



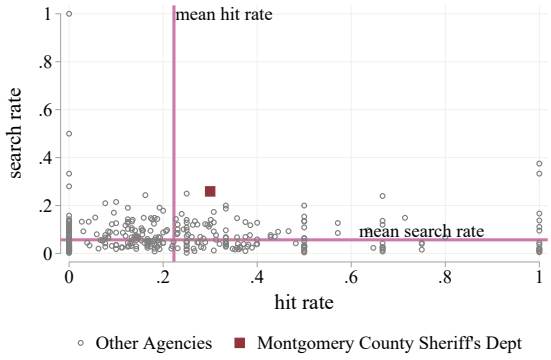
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

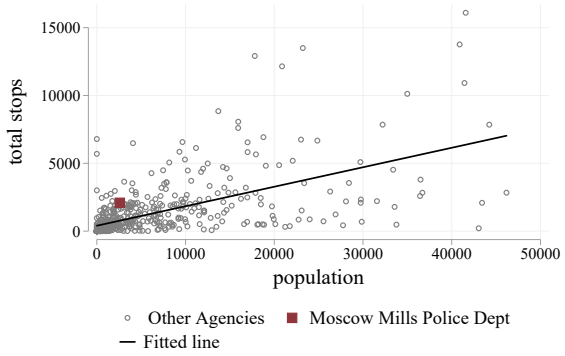
Contraband	2	2	0	0	0	0	0
Arrests	27	22	5	0	0	0	0
Citations	1284	1121	142	1	0	10	10
Rates	.	.	.	.	.	.	.
Stop rate	80.76	74.05	171.54	9.52	.	.	176.12
Stop rate, residents	7.8	7.95	11.38	1.19	.	.	0
Search rate	.86	.8	1.9	0	.	0	0
Contraband hit rate	11.11	14.29	0	.	.	.	.
Arrest rate	1.29	1.26	2.37	0	.	0	0
Citation rate	61.41	64.39	67.3	12.5	.	76.92	8.47

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

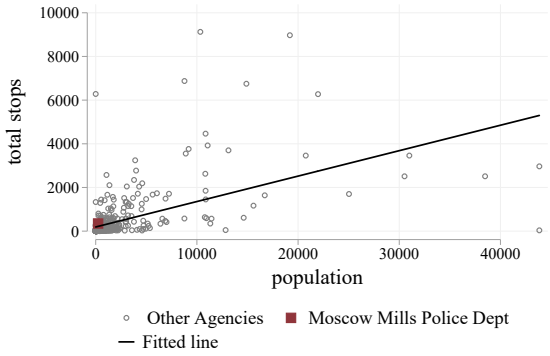
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Moscow Mills Police Dept

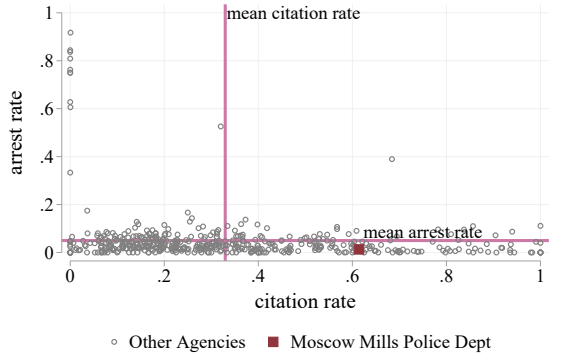
(a) Total stops



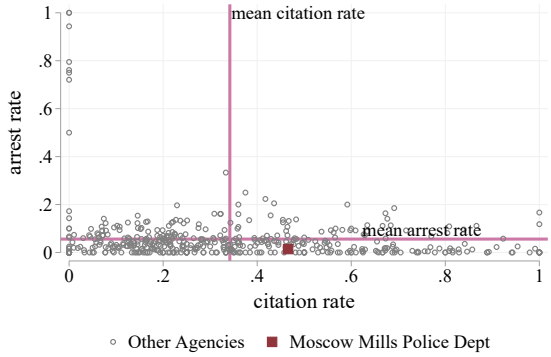
(b) Non-white total stops



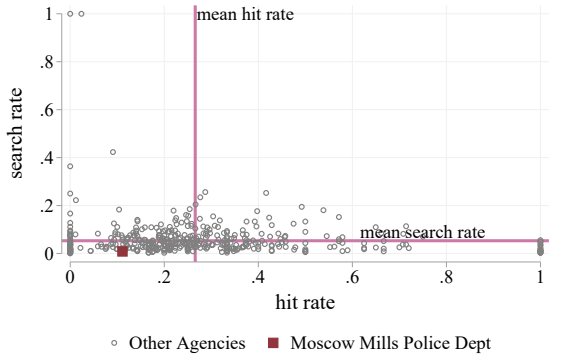
(c) Arrest and citation rate



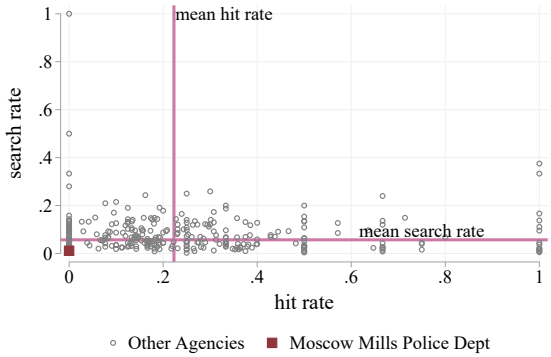
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

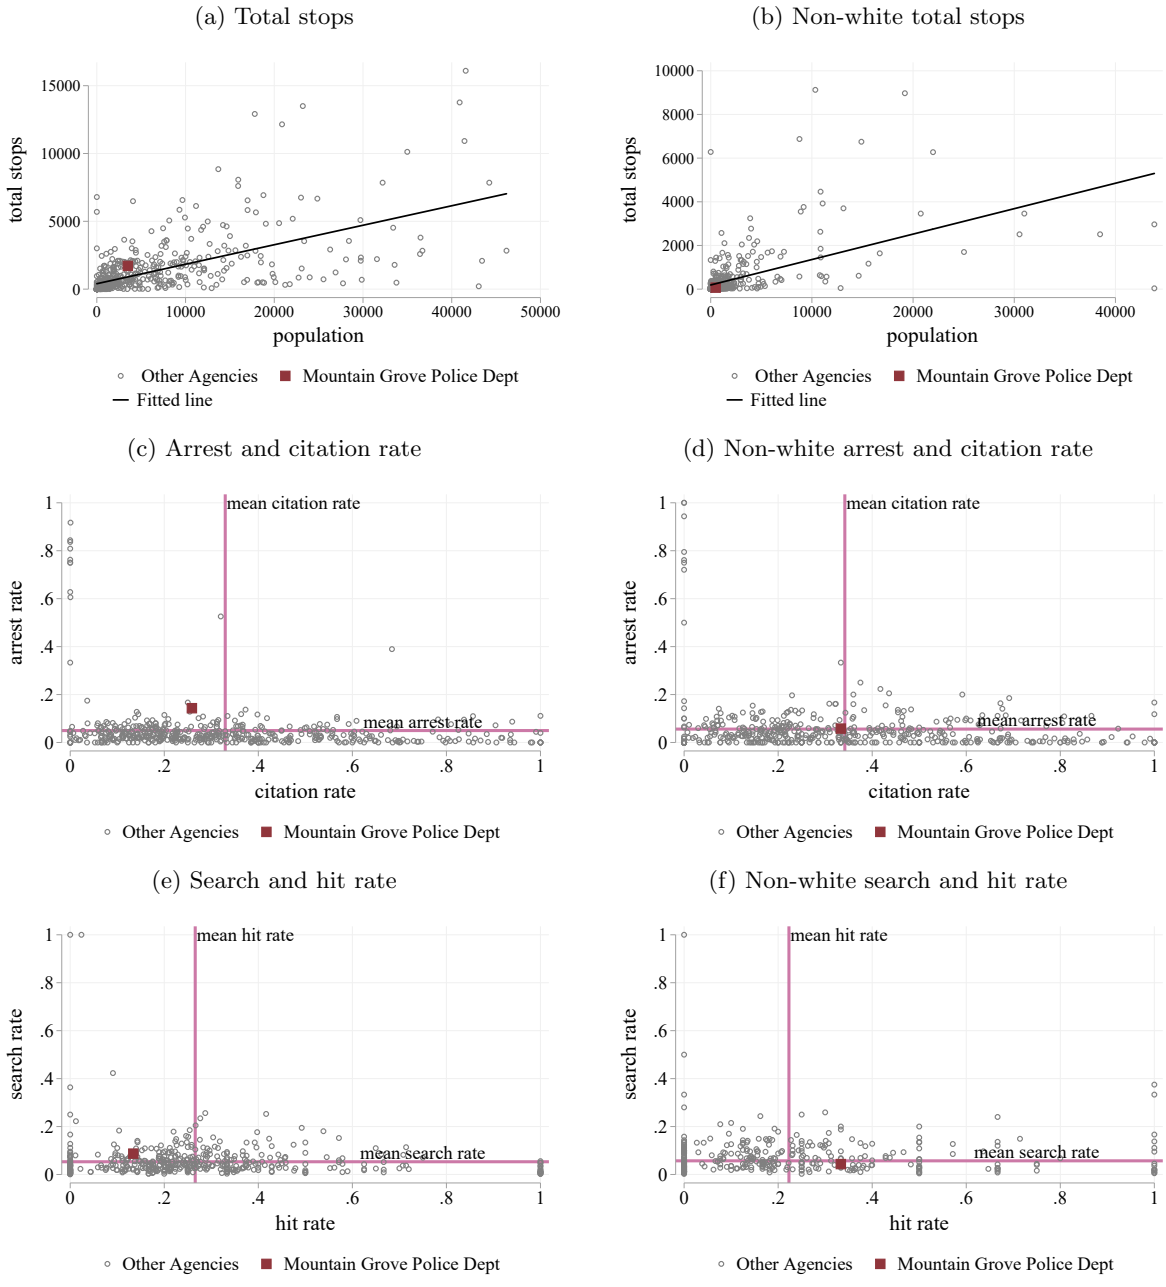
2020 Decennial pop. %	100	91.3	.43	2.16	.64	.3	5.17
Totals	.	.	.	.	.	.	.
All stops	1712	1643	41	18	2	4	4
Resident stops	677	651	12	8	2	3	1
Searches	149	146	3	0	0	0	0
Contraband	20	19	1	0	0	0	0
Arrests	245	241	4	0	0	0	0
Citations	443	420	15	5	0	2	1
Rates	.	.	.	.	.	.	.
Stop rate	48.98	54.75	2050	17.48	16.67	7.02	1.04
Stop rate, residents	19.37	21.69	600	7.77	16.67	5.26	.26
Search rate	8.7	8.89	7.32	0	0	0	0
Contraband hit rate	13.42	13.01	33.33	.	.	.	.
Arrest rate	14.31	14.67	9.76	0	0	0	0
Citation rate	25.88	25.56	36.59	27.78	0	50	25

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Mountain Grove Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

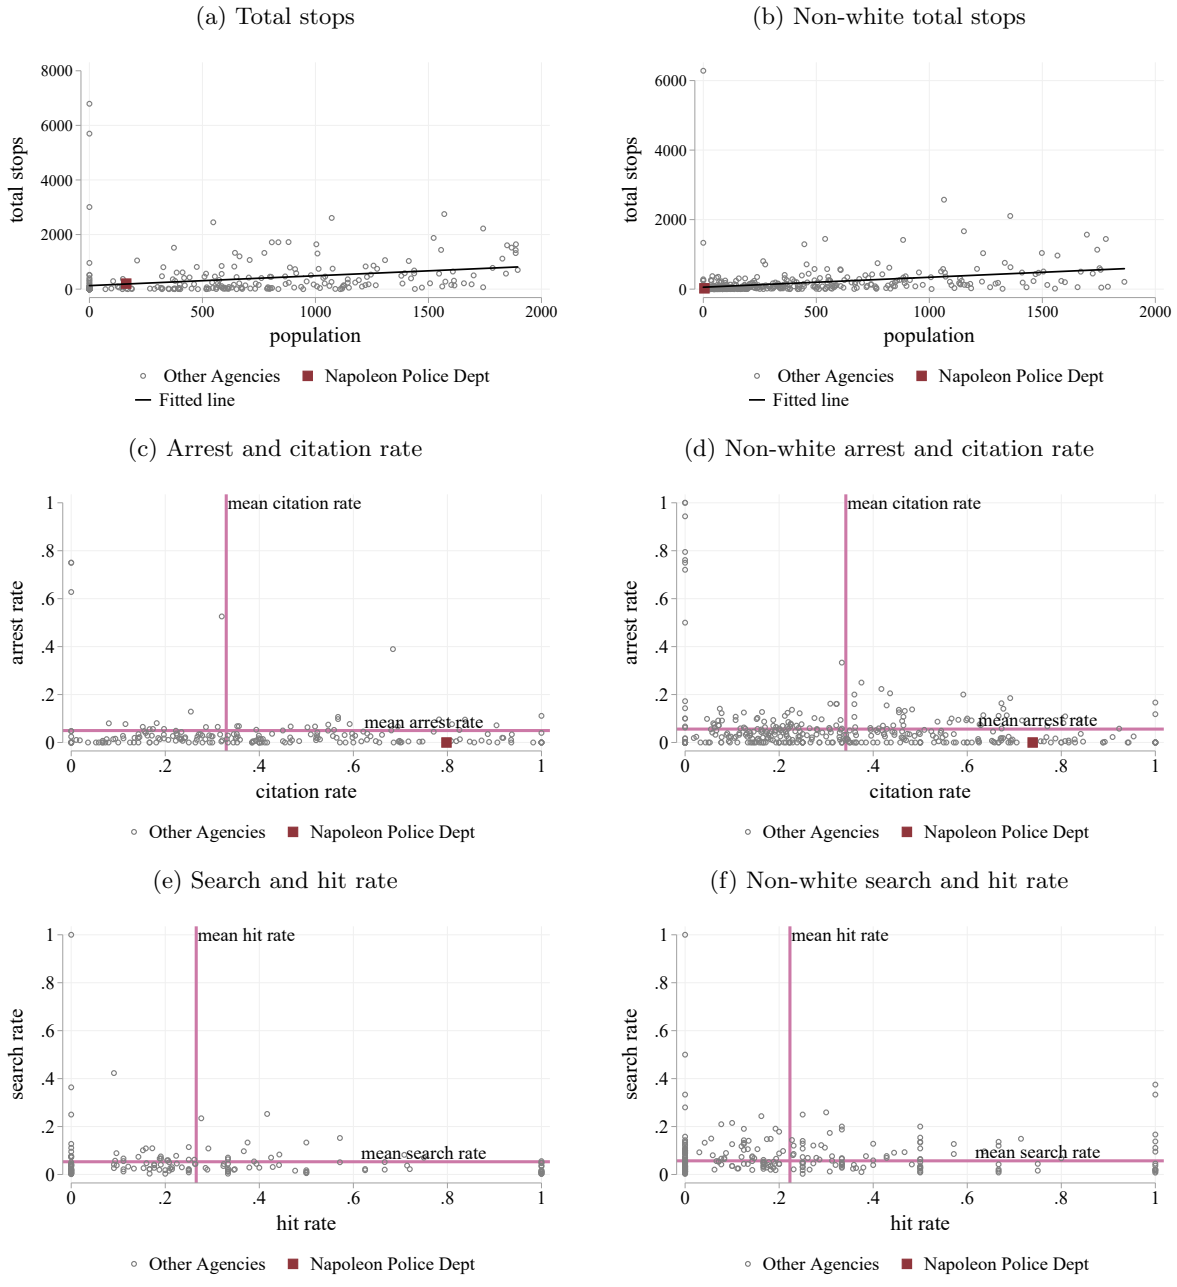
Table 1: Rates by Race for Napoleon Police Dept

	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	163	158	0	0	5	0	0
2022 ACS pop. %	100	96.93	0	0	3.07	0	0
2020 Decennial pop.	163	156	0	2	0	0	5
2020 Decennial pop. %	100	95.71	0	1.23	0	0	3.07
Totals	.	.	.	.	.	.	.
All stops	203	180	5	18	0	0	0
Resident stops	17	17	0	0	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	162	145	2	15	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	124.54	113.92	.	.	0	.	.
Stop rate, residents	10.43	10.76	.	.	0	.	.
Search rate	0	0	0	0	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	0	0	.	.	.
Citation rate	79.8	80.56	40	83.33	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Napoleon Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

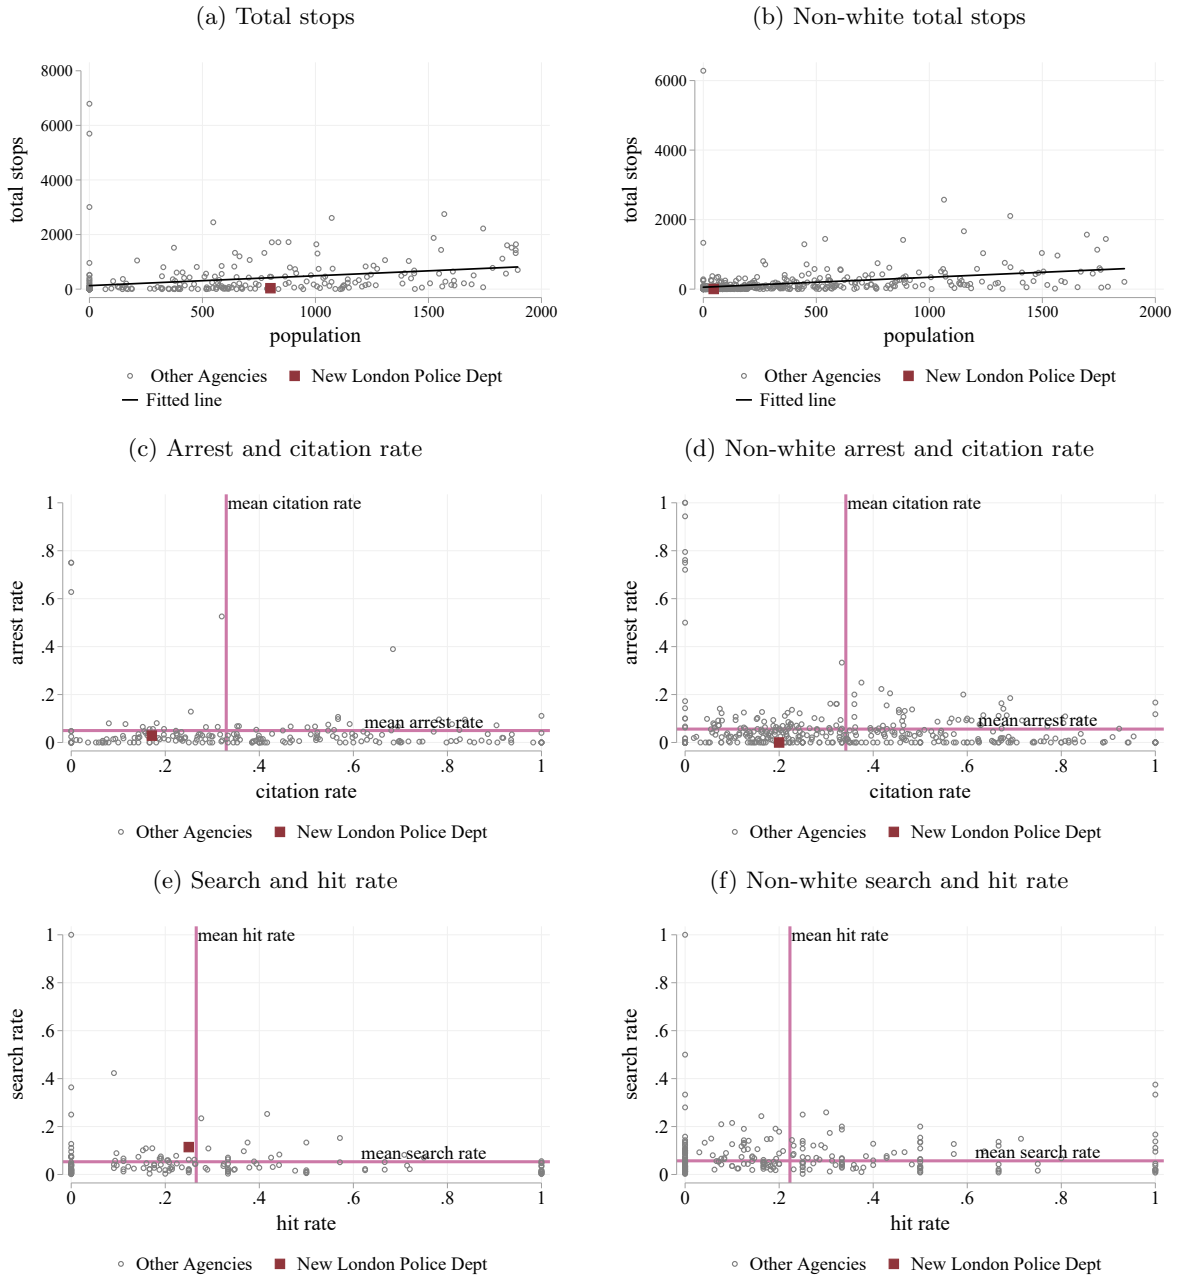
2020 Decennial pop.	712	630	35	8	1	1	37
2020 Decennial pop. %	100	88.48	4.92	1.12	.14	.14	5.2
Totals	.	.	.	.	.	.	.
All stops	35	30	5	0	0	0	0
Resident stops	4	4	0	0	0	0	0
Searches	4	4	0	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	1	1	0	0	0	0	0
Citations	6	5	1	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	4.37	3.97	20.83	.	.	0	0
Stop rate, residents	.5	.53	0	.	.	0	0
Search rate	11.43	13.33	0	.	.	.	.
Contraband hit rate	25	25	.	.	.	.	.
Arrest rate	2.86	3.33	0	.	.	.	.
Citation rate	17.14	16.67	20	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for New London Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Population	.	.	.	.	.	.	.
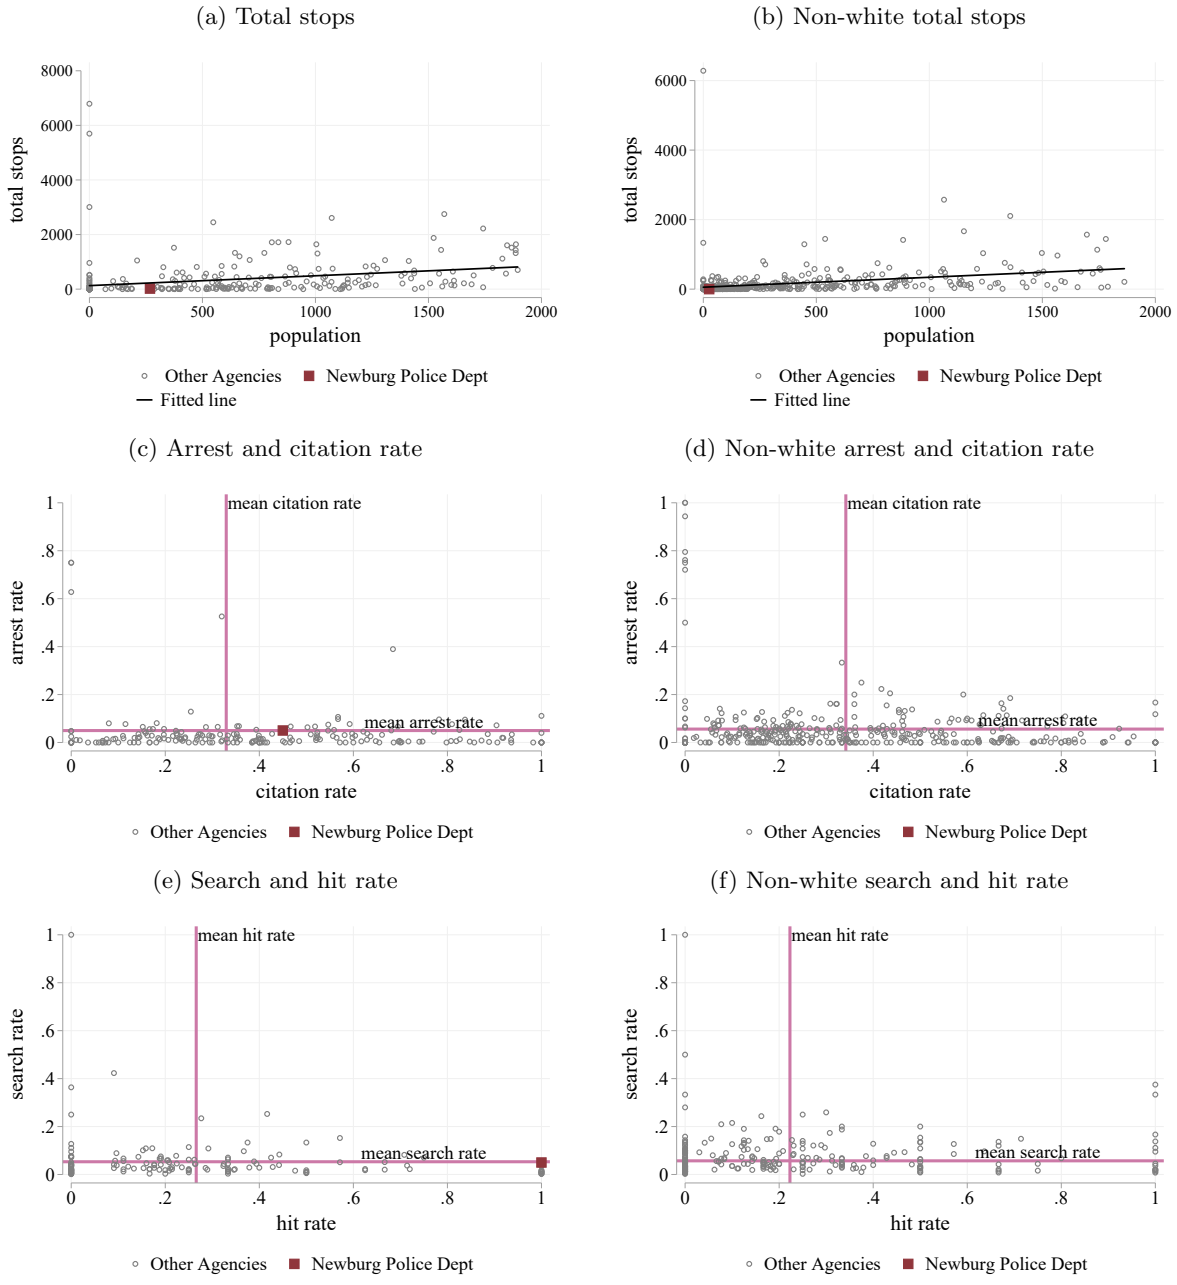
2022 ACS pop.	268	242	0	8	3	3	20
2022 ACS pop. %	100	90.3	0	2.99	1.12	1.12	7.46
2020 Decennial pop.	271	250	1	4	2	1	13
2020 Decennial pop. %	100	92.25	.37	1.48	.74	.37	4.8
Totals	.	.	.	.	.	.	.
All stops	20	20	0	0	0	0	0
Resident stops	13	13	0	0	0	0	0
Searches	1	1	0	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	1	1	0	0	0	0	0
Citations	9	9	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	7.46	8.26	.	0	0	0	0
Stop rate, residents	4.85	5.37	.	0	0	0	0
Search rate	5	5	.	.	.	.	.
Contraband hit rate	100	100	.	.	.	.	.
Arrest rate	5	5	.	.	.	.	.
Citation rate	45	45	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Newburg Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

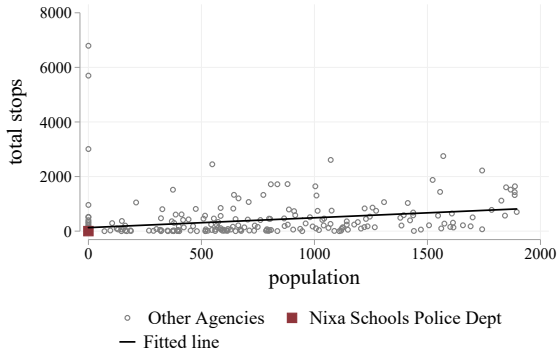
Resident stops	1	1	0	0	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	0	0	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	.	.	.	.
Citation rate	0	0	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

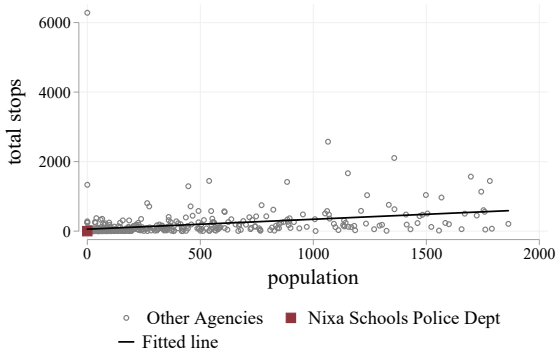
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Nixa Schools Police Dept

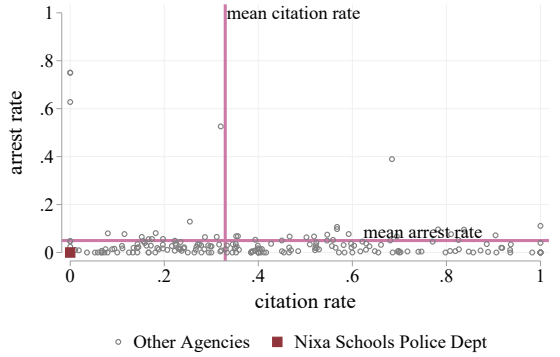
(a) Total stops



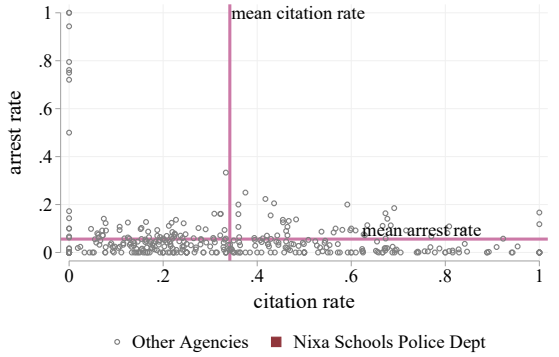
(b) Non-white total stops



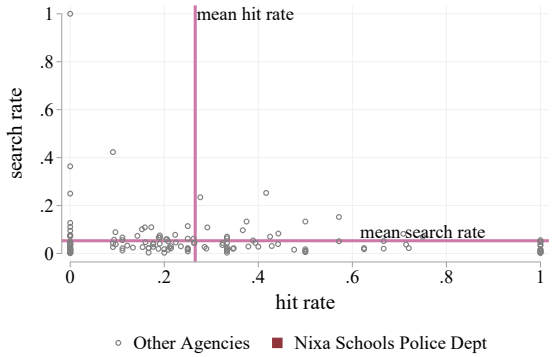
(c) Arrest and citation rate



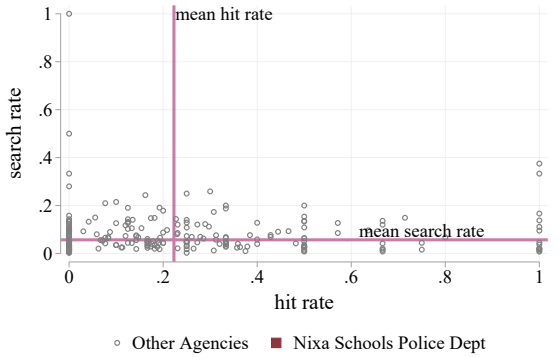
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

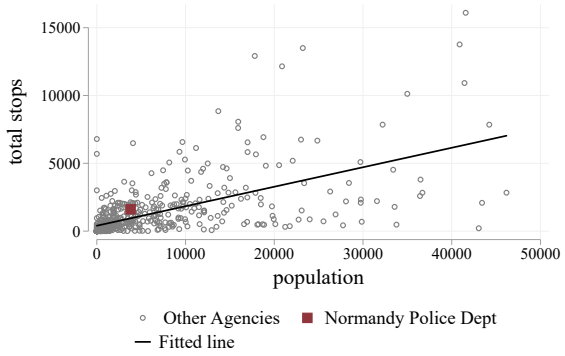
2020 Decennial pop. %	100	20.24	66.93	2.69	.26	6.94	2.95
Totals	.	.	.	.	.	.	.
All stops	1610	276	1281	4	0	6	43
Resident stops	91	14	72	0	0	1	4
Searches	40	4	35	0	0	0	1
Contraband	26	2	24	0	0	0	0
Arrests	25	2	23	0	0	0	0
Citations	1293	212	1064	2	0	6	9
Rates	.	.	.	.	.	.	.
Stop rate	42.26	36.95	49.36	15.38	.	3.45	14.93
Stop rate, residents	2.39	1.87	2.77	0	.	.57	1.39
Search rate	2.48	1.45	2.73	0	.	0	2.33
Contraband hit rate	65	50	68.57	.	.	.	0
Arrest rate	1.55	.72	1.8	0	.	0	0
Citation rate	80.31	76.81	83.06	50	.	100	20.93

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

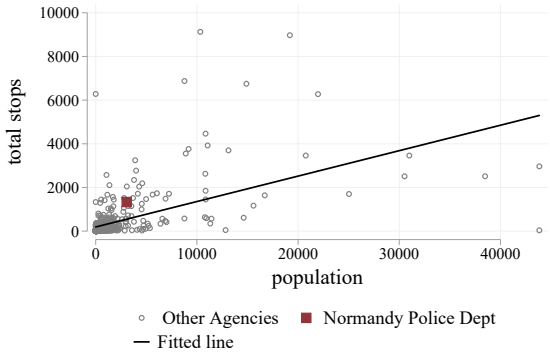
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Normandy Police Dept

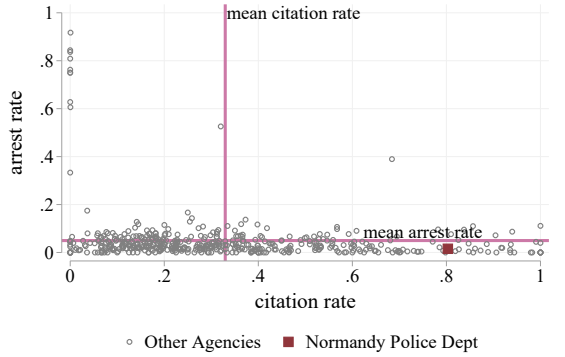
(a) Total stops



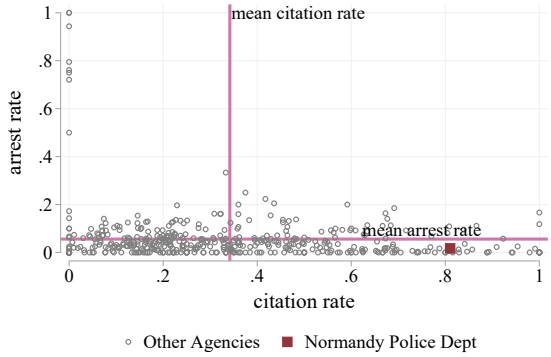
(b) Non-white total stops



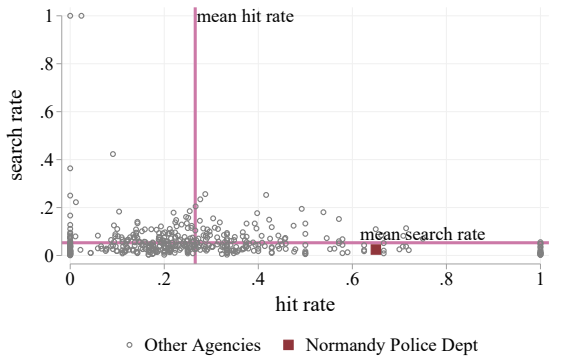
(c) Arrest and citation rate



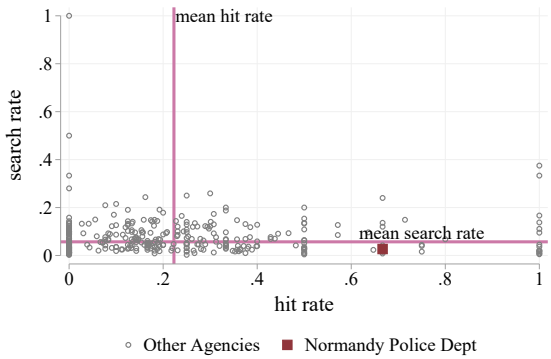
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Totals	.	.	.	.	.	.	.
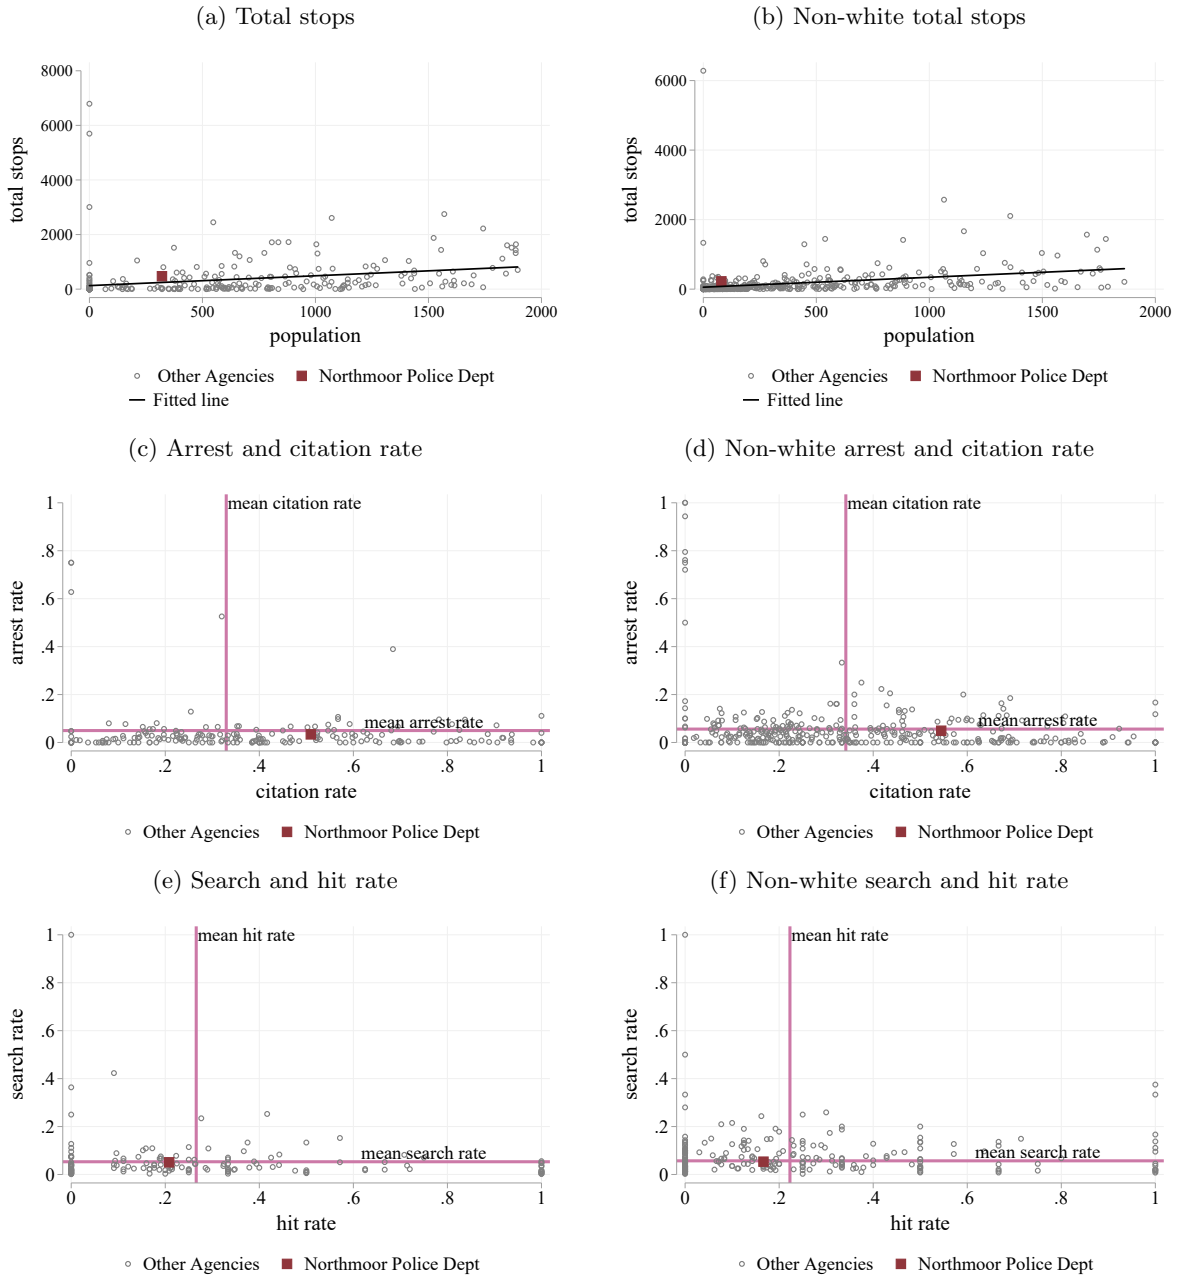
All stops	473	249	146	41	11	13	13
Resident stops	4	3	1	0	0	0	0
Searches	24	12	11	1	0	0	0
Contraband	5	3	2	0	0	0	0
Arrests	16	5	9	2	0	0	0
Citations	241	119	72	27	7	8	8
Rates	.	.	.	.	.	.	.
Stop rate	147.35	103.32	2433.33	117.14	220	54.17	32.5
Stop rate, residents	1.25	1.24	16.67	0	0	0	0
Search rate	5.07	4.82	7.53	2.44	0	0	0
Contraband hit rate	20.83	25	18.18	0	.	.	.
Arrest rate	3.38	2.01	6.16	4.88	0	0	0
Citation rate	50.95	47.79	49.32	65.85	63.64	61.54	61.54

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Northmoor Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

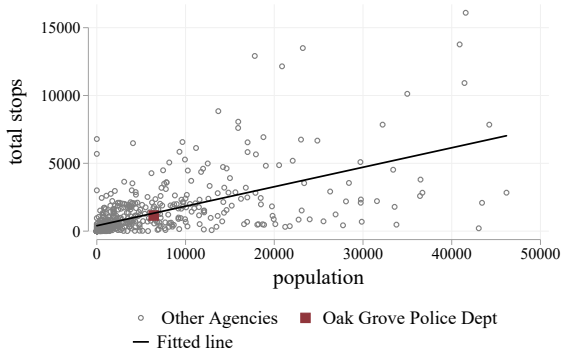
Searches	25	22	2	0	0	0	1
Contraband	8	8	0	0	0	0	0
Arrests	56	51	5	0	0	0	0
Citations	365	338	23	0	0	1	3
Rates	.	.	.	.	.	.	.
Stop rate	17.97	17.62	43.01	6.1	0	10.64	6.74
Stop rate, residents	8.12	8.2	10.75	2.44	0	8.51	3.37
Search rate	2.17	2.09	2.5	0	.	0	16.67
Contraband hit rate	32	36.36	0	.	.	.	0
Arrest rate	4.87	4.83	6.25	0	.	0	0
Citation rate	31.71	32.04	28.75	0	.	20	50

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

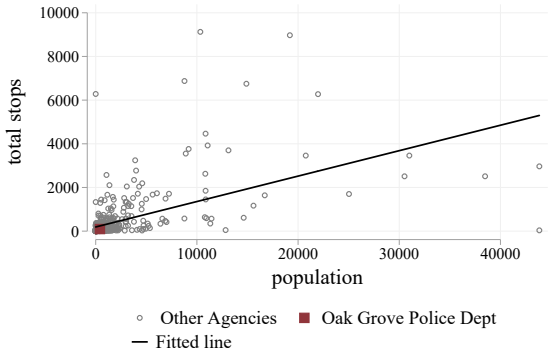
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Oak Grove Police Dept

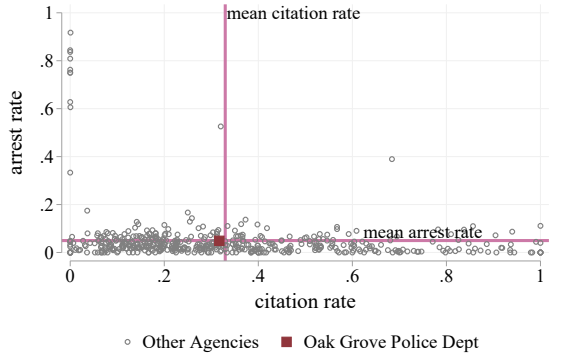
(a) Total stops



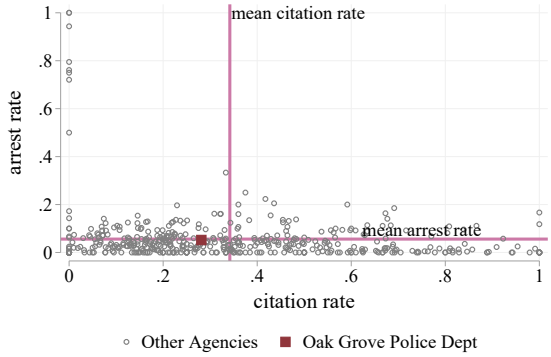
(b) Non-white total stops



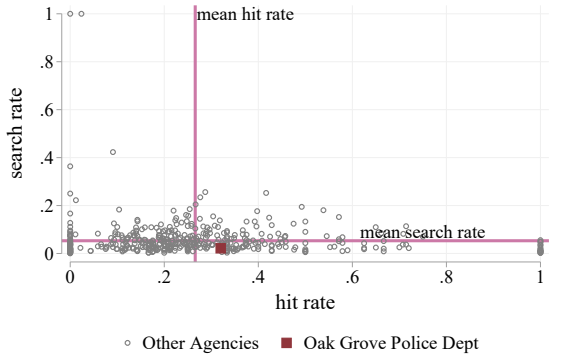
(c) Arrest and citation rate



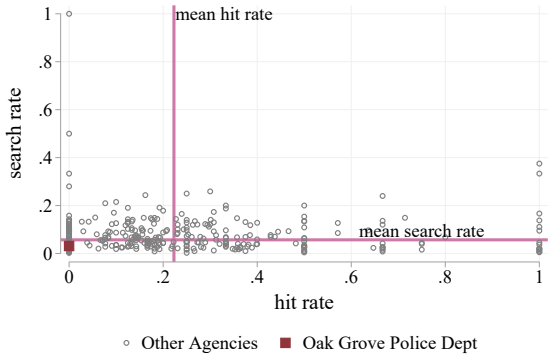
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

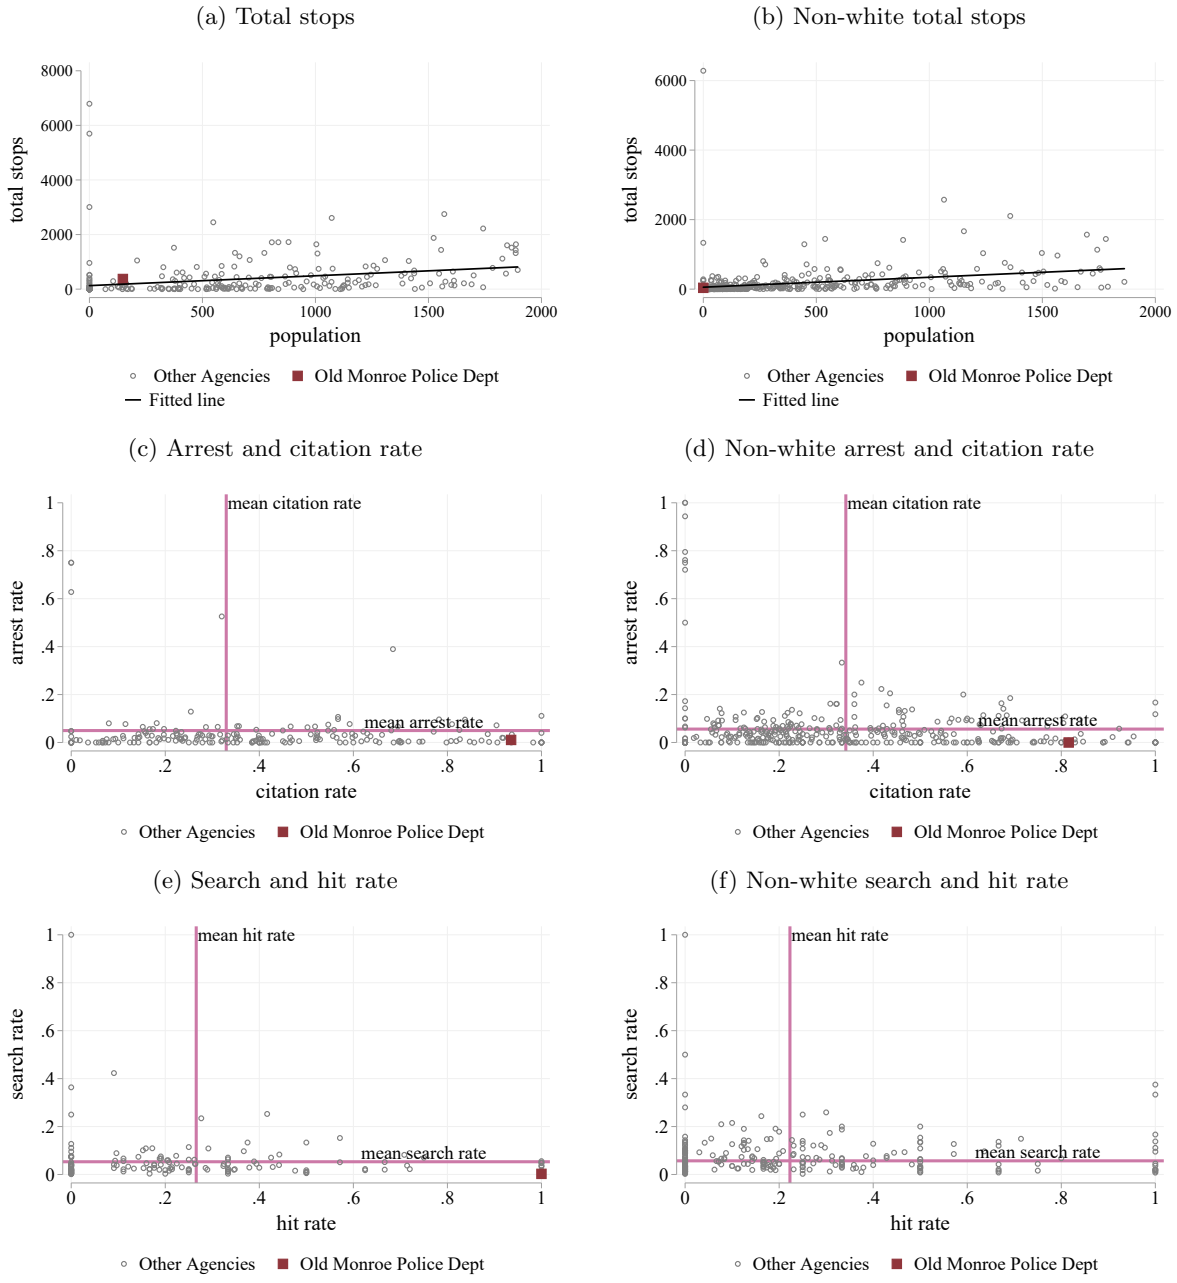
2022 ACS pop. %	100	100	0	0	0	0	0
2020 Decennial pop.	192	186	0	5	1	0	0
2020 Decennial pop. %	100	96.88	0	2.6	.52	0	0
Totals	.	.	.	.	.	.	.
All stops	372	334	17	0	0	2	19
Resident stops	1	1	0	0	0	0	0
Searches	1	1	0	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	4	4	0	0	0	0	0
Citations	348	317	17	0	0	2	12
Rates	.	.	.	.	.	.	.
Stop rate	251.35	225.68	.	.	.	.	.
Stop rate, residents	.68	.68	.	.	.	.	.
Search rate	.27	.3	0	.	.	0	0
Contraband hit rate	100	100	.	.	.	.	.
Arrest rate	1.08	1.2	0	.	.	0	0
Citation rate	93.55	94.91	100	.	.	100	63.16

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Old Monroe Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

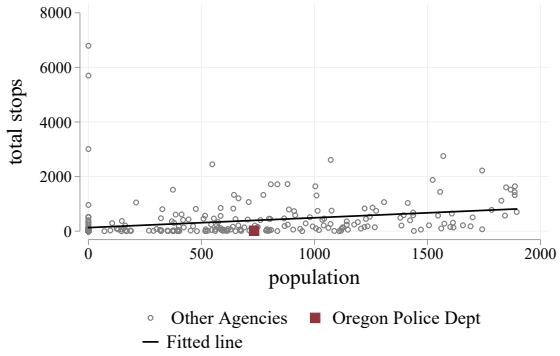
2022 ACS pop. %	100	90.18	2.18	0	.95	0	6.68
2020 Decennial pop.	657	627	2	6	1	0	21
2020 Decennial pop. %	100	95.43	.3	.91	.15	0	3.2
Totals	.	.	.	.	.	.	.
All stops	15	15	0	0	0	0	0
Resident stops	13	13	0	0	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	1	1	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	2.05	2.27	0	.	0	.	0
Stop rate, residents	1.77	1.97	0	.	0	.	0
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	.	.	.	.
Citation rate	6.67	6.67	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

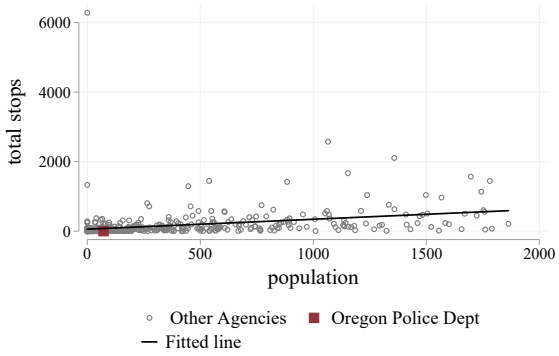
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Oregon Police Dept

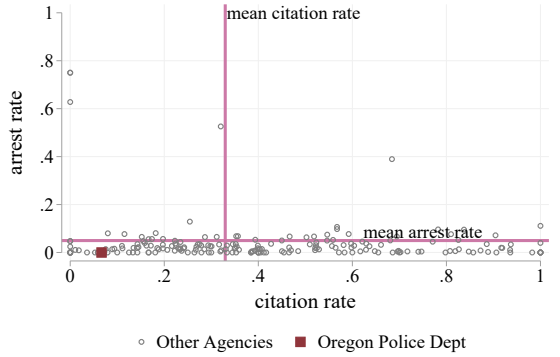
(a) Total stops



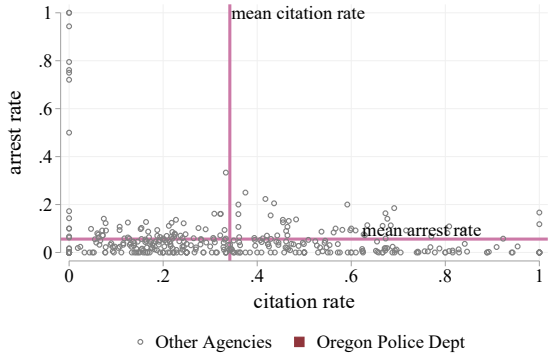
(b) Non-white total stops



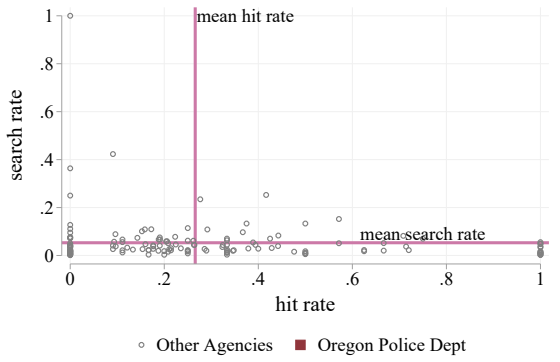
(c) Arrest and citation rate



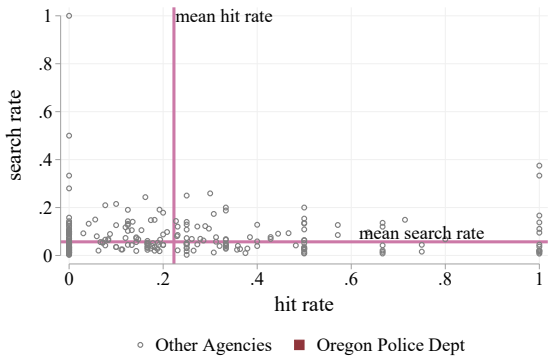
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

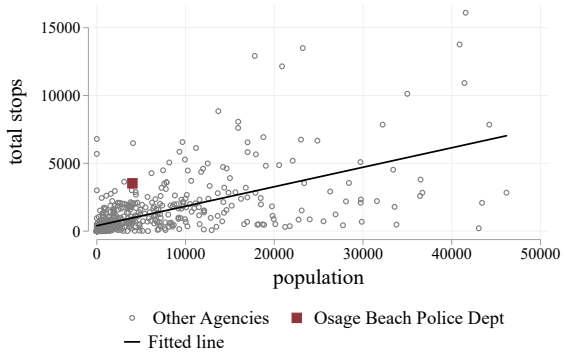
2020 Decennial pop. %	100	86.6	1.7	6.23	.33	1.37	3.77
Totals	.	.	.	.	.	.	.
All stops	3525	3340	134	36	2	9	4
Resident stops	762	713	39	7	1	2	0
Searches	113	99	10	4	0	0	0
Contraband	19	17	2	0	0	0	0
Arrests	61	50	7	4	0	0	0
Citations	781	732	37	12	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	87.88	95.24	116.52	12.54	5	.	2.31
Stop rate, residents	19	20.33	33.91	2.44	2.5	.	0
Search rate	3.21	2.96	7.46	11.11	0	0	0
Contraband hit rate	16.81	17.17	20	0	.	.	.
Arrest rate	1.73	1.5	5.22	11.11	0	0	0
Citation rate	22.16	21.92	27.61	33.33	0	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

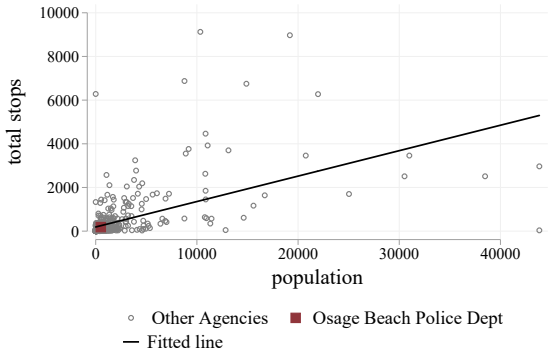
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Osage Beach Police Dept

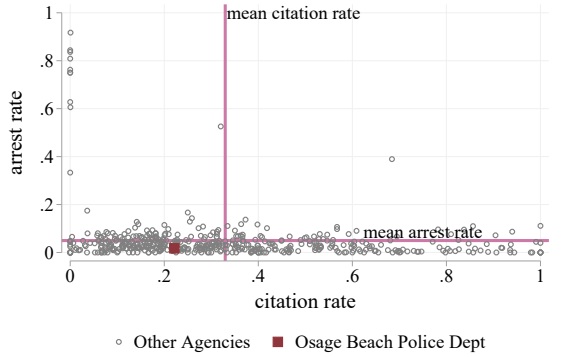
(a) Total stops



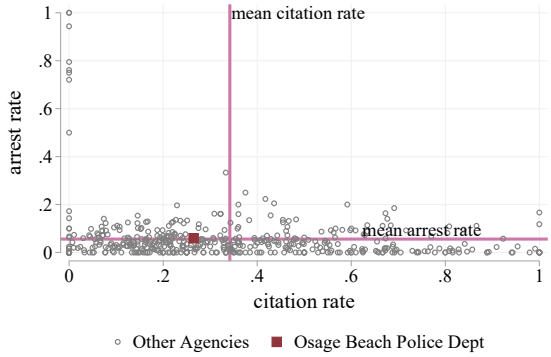
(b) Non-white total stops



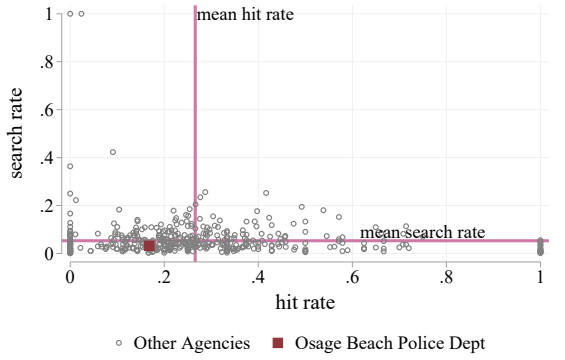
(c) Arrest and citation rate



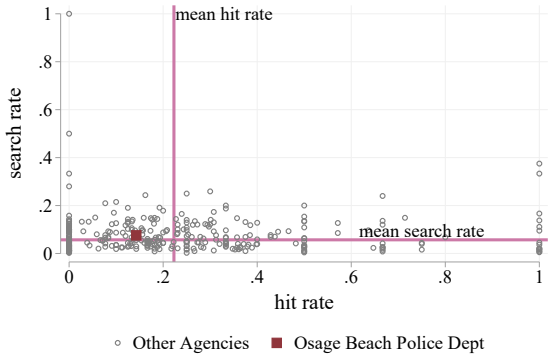
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

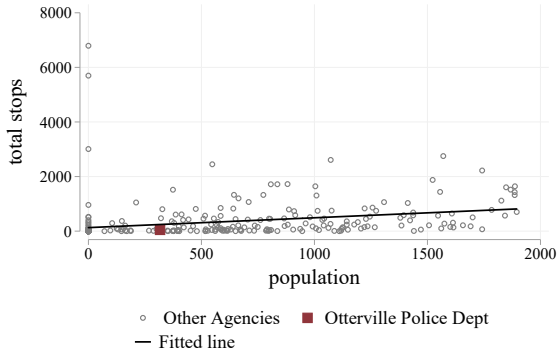
2020 Decennial pop.	318	298	1	5	0	0	14
2020 Decennial pop. %	100	93.71	.31	1.57	0	0	4.4
Totals	.	.	.	.	.	.	.
All stops	47	45	0	2	0	0	0
Resident stops	10	10	0	0	0	0	0
Searches	6	6	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	0	0	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	14.83	14.66	.	200	.	.	0
Stop rate, residents	3.15	3.26	.	0	.	.	0
Search rate	12.77	13.33	.	0	.	.	.
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	0	0	.	0	.	.	.
Citation rate	0	0	.	0	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

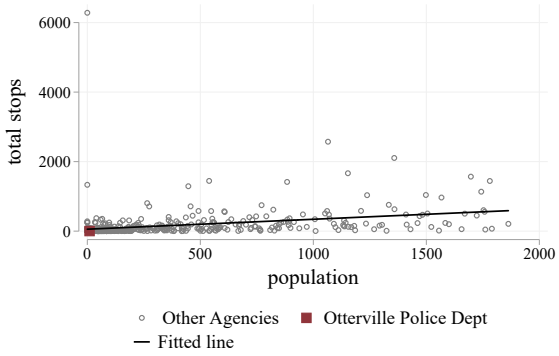
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Otterville Police Dept

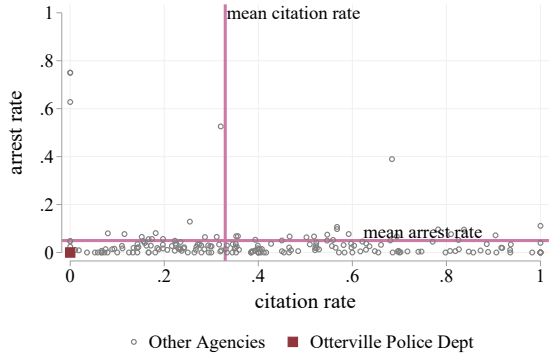
(a) Total stops



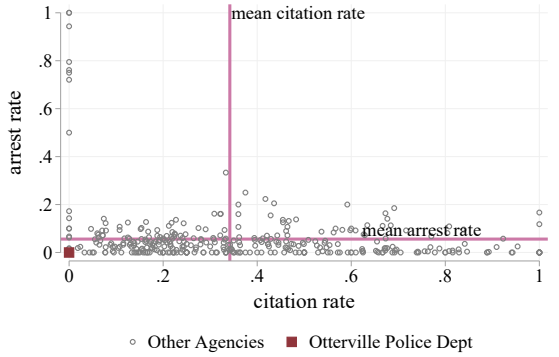
(b) Non-white total stops



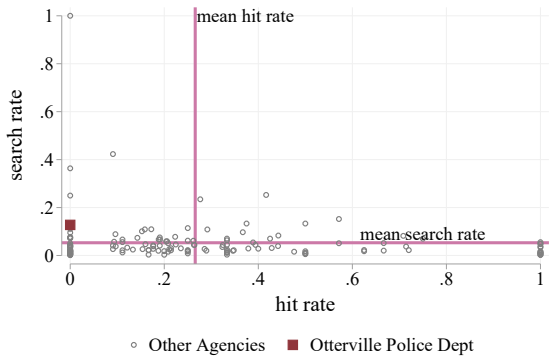
(c) Arrest and citation rate



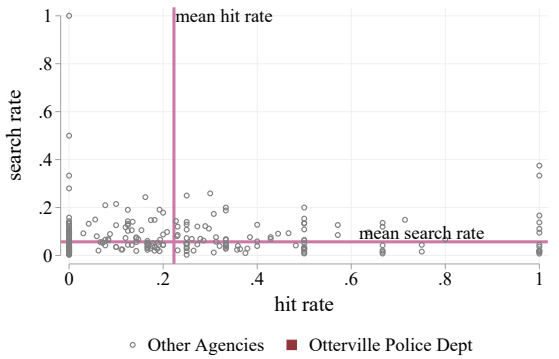
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

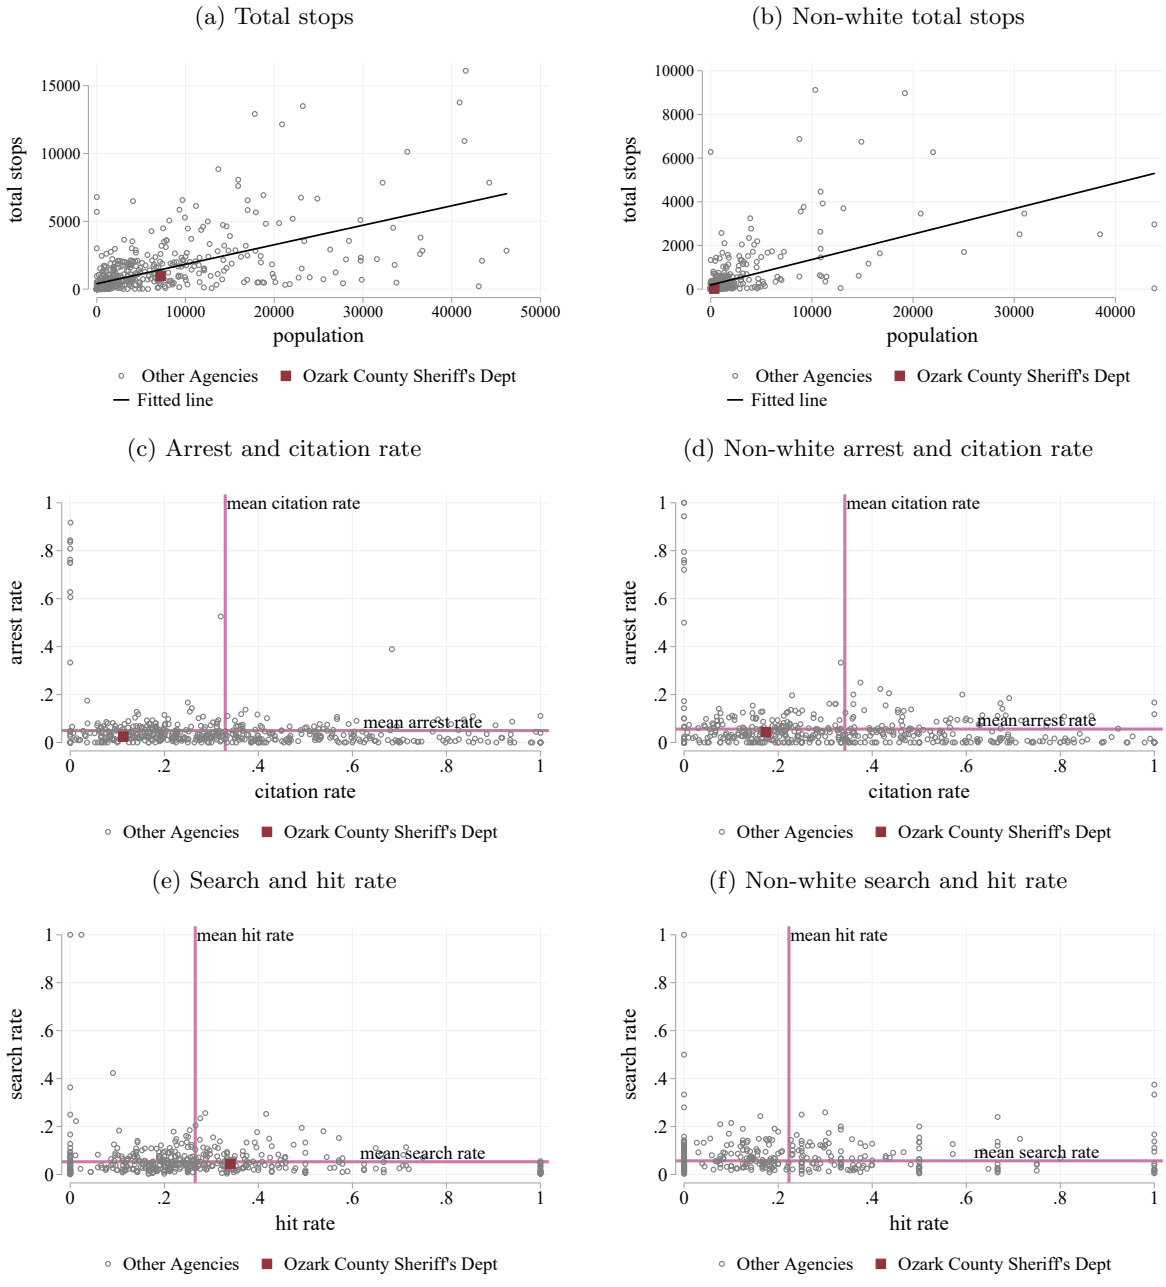
2020 Decennial pop.	6947	6519	19	72	37	14	286
2020 Decennial pop. %	100	93.84	.27	1.04	.53	.2	4.12
Totals	.	.	.	.	.	.	.
All stops	984	961	3	8	0	0	12
Resident stops	675	669	1	5	0	0	0
Searches	44	44	0	0	0	0	0
Contraband	15	15	0	0	0	0	0
Arrests	24	23	0	1	0	0	0
Citations	111	107	1	3	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	13.67	14.04	33.33	8	0	.	4.18
Stop rate, residents	9.38	9.77	11.11	5	0	.	0
Search rate	4.47	4.58	0	0	.	.	0
Contraband hit rate	34.09	34.09	.	.	.	.	.
Arrest rate	2.44	2.39	0	12.5	.	.	0
Citation rate	11.28	11.13	33.33	37.5	.	.	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Ozark County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

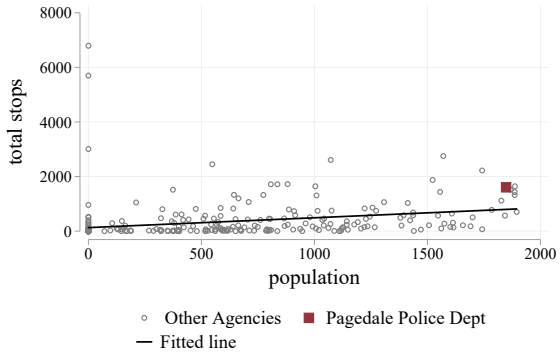
Contraband	1	0	1	0	0	0	0
Arrests	5	0	5	0	0	0	0
Citations	1189	119	1050	0	0	9	11
Rates	.	.	.	.	.	.	.
Stop rate	86.9	243.28	82.21	0	.	220	32.14
Stop rate, residents	8.23	10.45	8.26	0	.	0	5.36
Search rate	.31	.61	.28	.	.	0	0
Contraband hit rate	20	0	25	.	.	.	.
Arrest rate	.31	0	.35	.	.	0	0
Citation rate	74.03	73.01	74.26	.	.	81.82	61.11

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

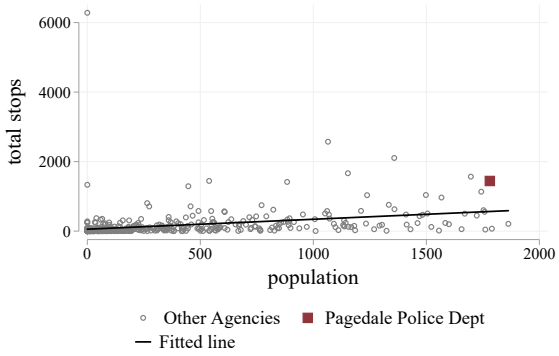
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Pagedale Police Dept

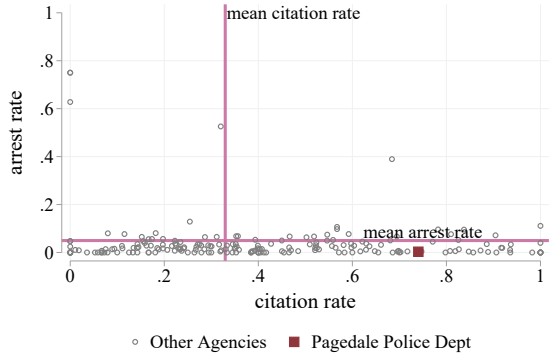
(a) Total stops



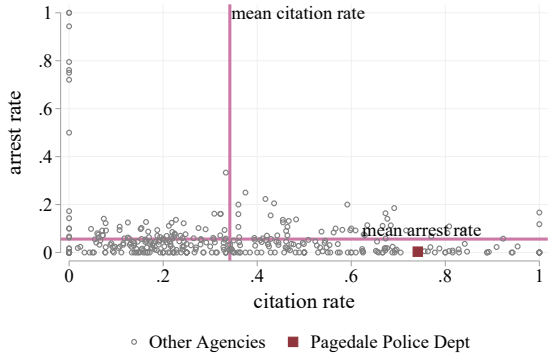
(b) Non-white total stops



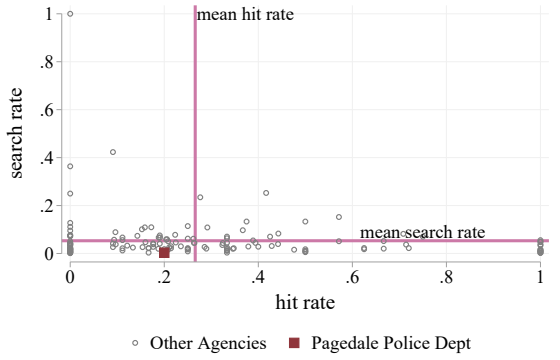
(c) Arrest and citation rate



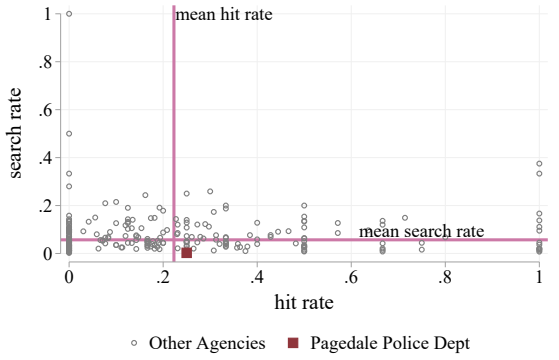
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

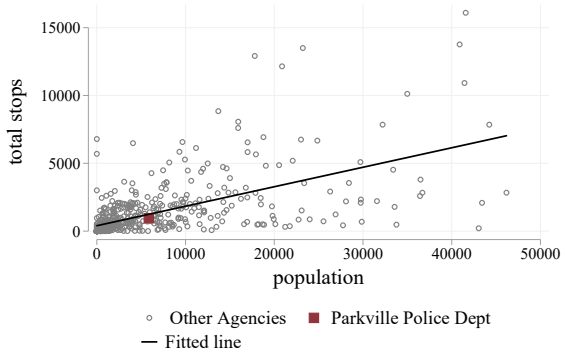
All stops	954	709	157	57	2	17	12
Resident stops	193	152	28	5	1	4	3
Searches	50	26	19	4	1	0	0
Contraband	10	5	4	1	0	0	0
Arrests	48	25	17	5	1	0	0
Citations	330	249	55	21	1	2	2
Rates	.	.	.	.	.	.	.
Stop rate	16.28	14.17	75.85	21.11	13.33	7.05	3.48
Stop rate, residents	3.29	3.04	13.53	1.85	6.67	1.66	.87
Search rate	5.24	3.67	12.1	7.02	50	0	0
Contraband hit rate	20	19.23	21.05	25	0	.	.
Arrest rate	5.03	3.53	10.83	8.77	50	0	0
Citation rate	34.59	35.12	35.03	36.84	50	11.76	16.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

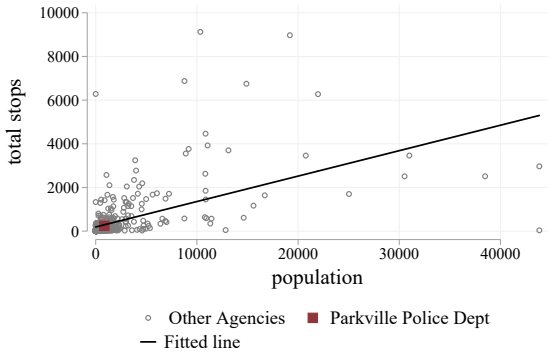
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Parkville Police Dept

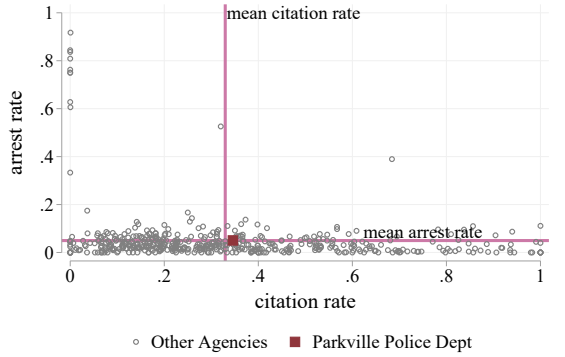
(a) Total stops



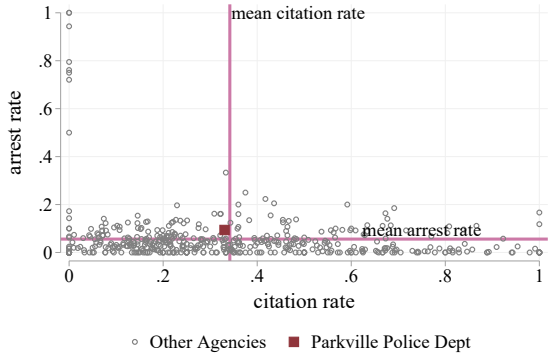
(b) Non-white total stops



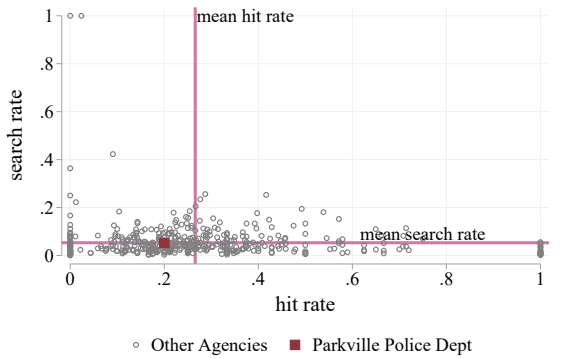
(c) Arrest and citation rate



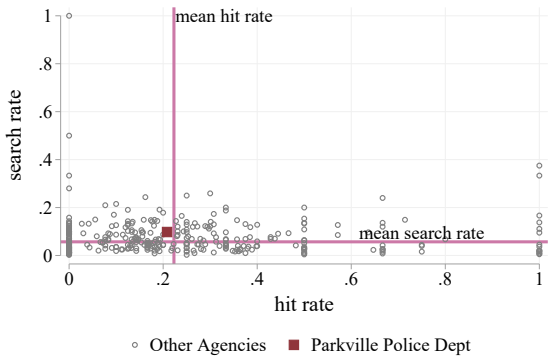
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

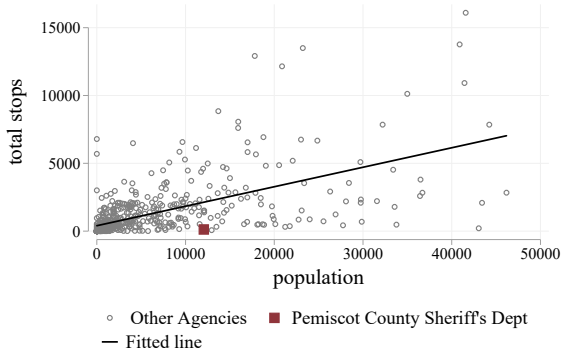
2020 Decennial pop.	11628	8040	2888	269	29	24	378
2020 Decennial pop. %	100	69.14	24.84	2.31	.25	.21	3.25
Totals	.	.	.	.	.	.	.
All stops	123	82	36	5	0	0	0
Resident stops	16	14	2	0	0	0	0
Searches	14	10	3	1	0	0	0
Contraband	10	9	1	0	0	0	0
Arrests	4	3	1	0	0	0	0
Citations	0	0	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	1.02	.97	1.26	1.53	0	0	0
Stop rate, residents	.13	.17	.07	0	0	0	0
Search rate	11.38	12.2	8.33	20	.	.	.
Contraband hit rate	71.43	90	33.33	0	.	.	.
Arrest rate	3.25	3.66	2.78	0	.	.	.
Citation rate	0	0	0	0	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

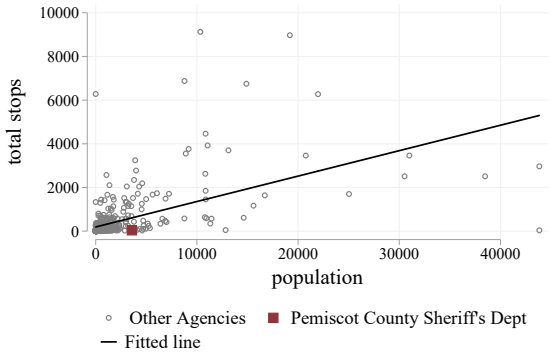
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Pemiscot County Sheriff's Dept

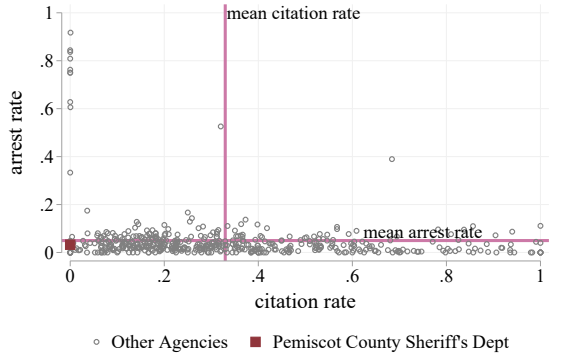
(a) Total stops



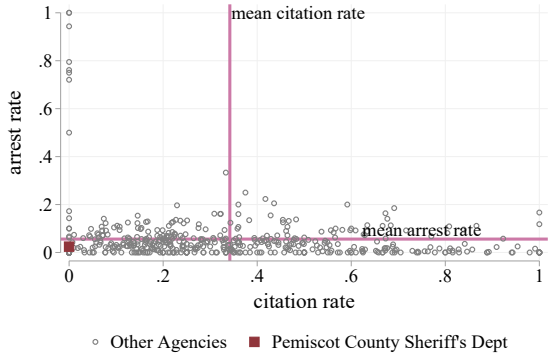
(b) Non-white total stops



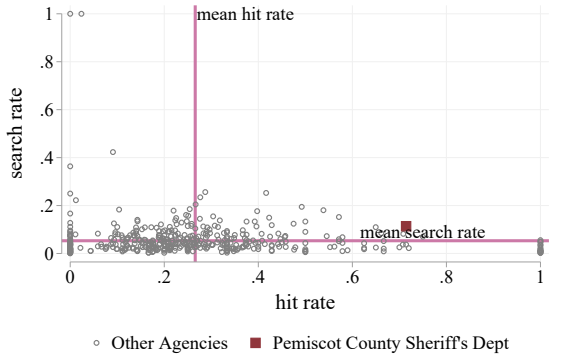
(c) Arrest and citation rate



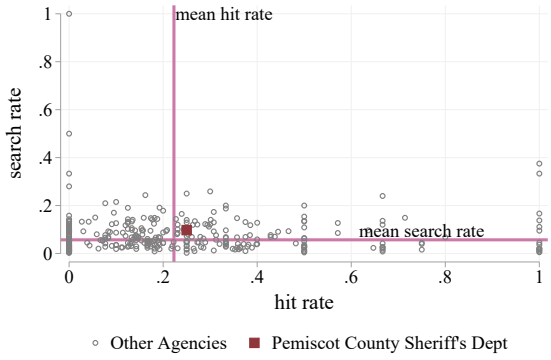
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

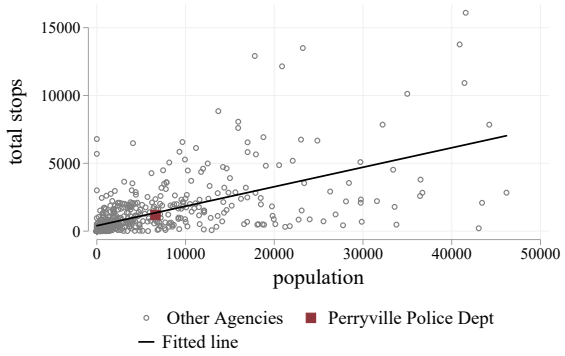
Resident stops	502	469	13	11	1	6	2
Searches	46	38	7	1	0	0	0
Contraband	4	4	0	0	0	0	0
Arrests	46	39	6	1	0	0	0
Citations	259	239	16	4	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	17.95	18.29	50.48	9.25	.	8.18	1.48
Stop rate, residents	7.59	7.81	12.38	4.85	.	5.45	.74
Search rate	3.88	3.46	13.21	4.76	0	0	0
Contraband hit rate	8.7	10.53	0	0	.	.	.
Arrest rate	3.88	3.55	11.32	4.76	0	0	0
Citation rate	21.82	21.77	30.19	19.05	0	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

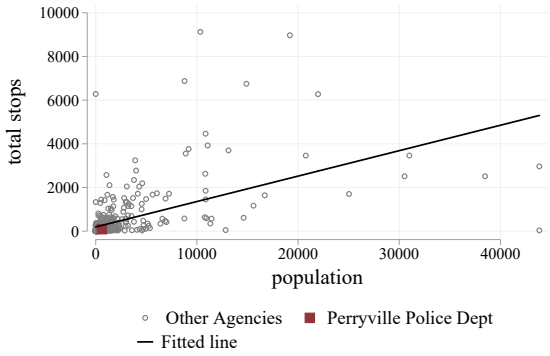
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Perryville Police Dept

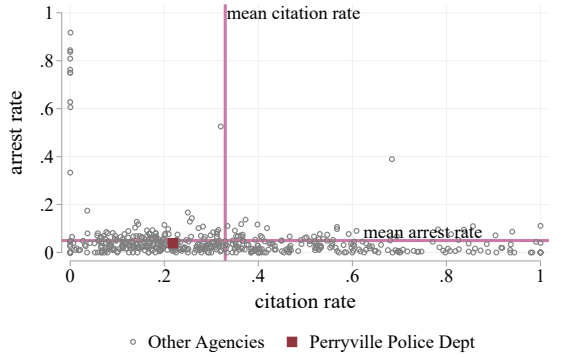
(a) Total stops



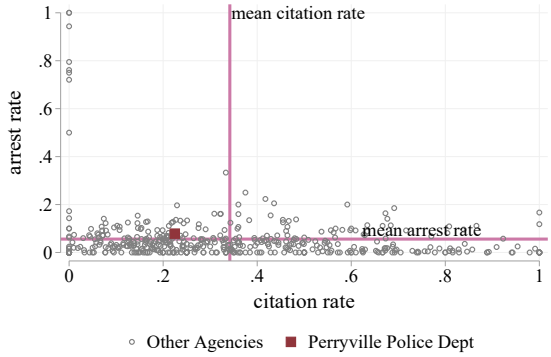
(b) Non-white total stops



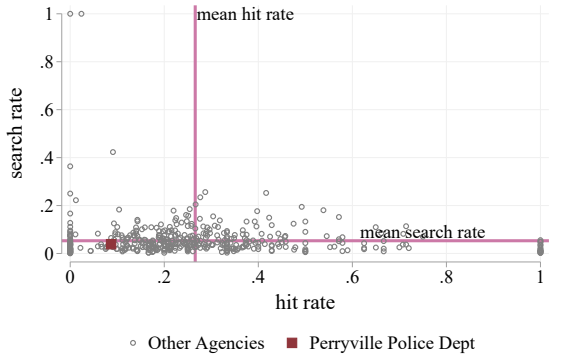
(c) Arrest and citation rate



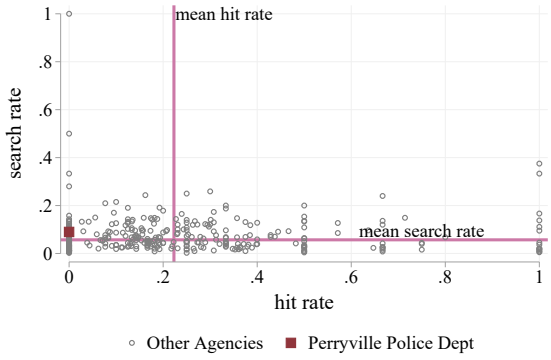
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

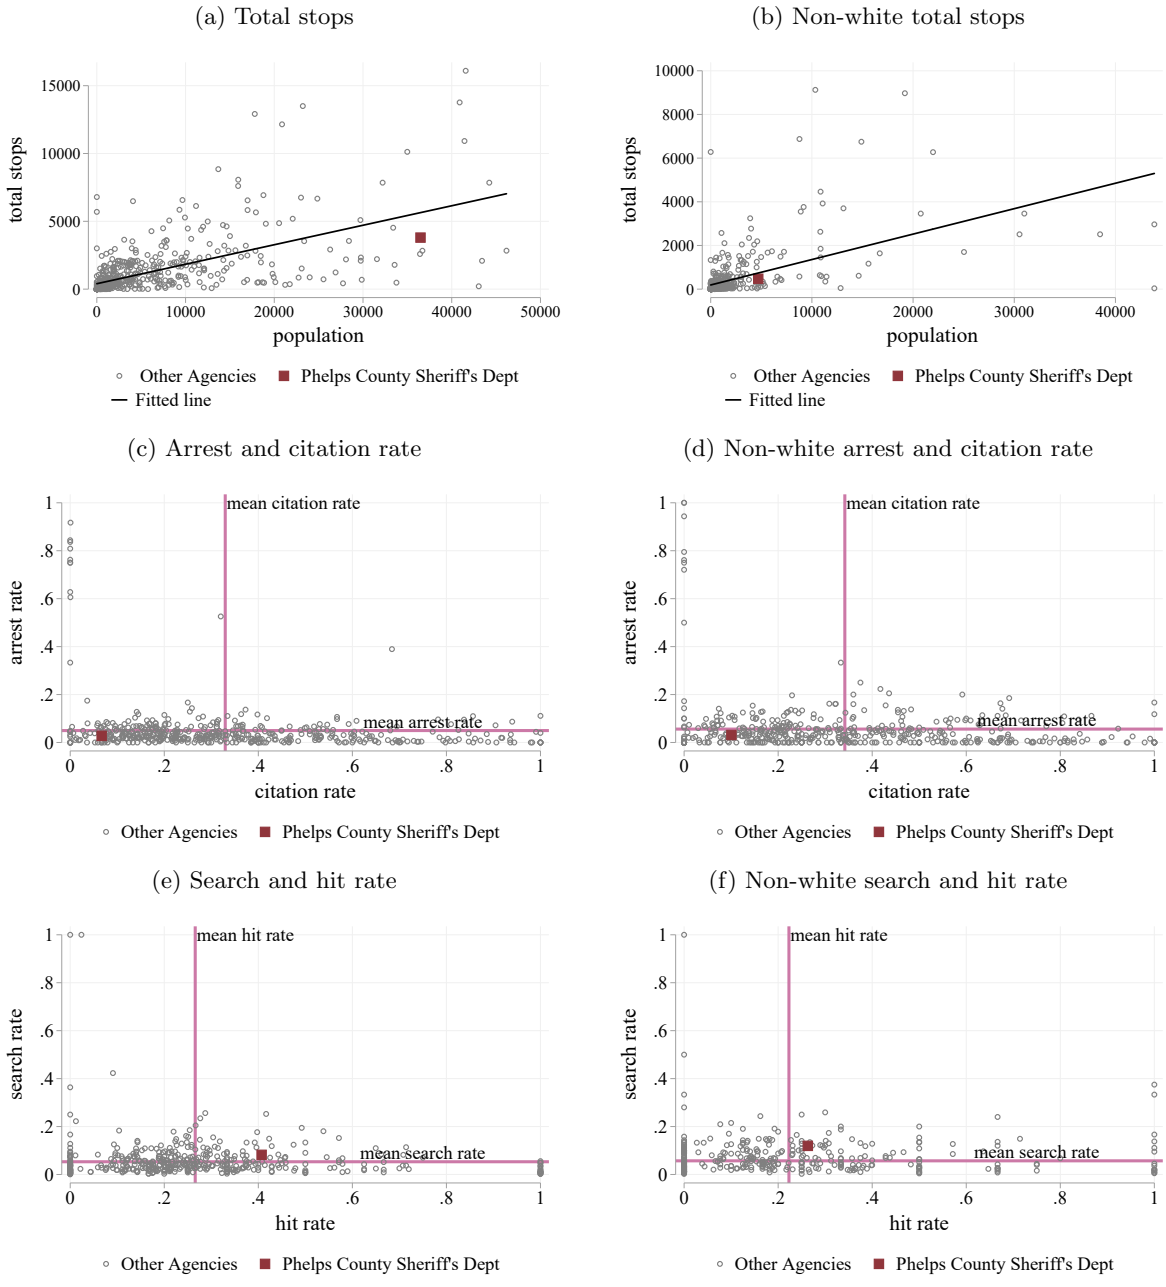
2020 Decennial pop.	35493	30532	801	828	193	1275	1864
2020 Decennial pop. %	100	86.02	2.26	2.33	.54	3.59	5.25
Totals	.	.	.	.	.	.	.
All stops	3800	3323	214	145	6	38	74
Resident stops	2276	2101	82	34	3	19	37
Searches	312	255	22	27	0	4	4
Contraband	127	112	8	6	0	0	1
Arrests	105	90	9	5	0	0	1
Citations	254	206	19	11	0	5	13
Rates	.	.	.	.	.	.	.
Stop rate	10.42	10.46	32.04	16.88	2.93	2.91	3.41
Stop rate, residents	6.24	6.61	12.28	3.96	1.46	1.46	1.71
Search rate	8.21	7.67	10.28	18.62	0	10.53	5.41
Contraband hit rate	40.71	43.92	36.36	22.22	.	0	25
Arrest rate	2.76	2.71	4.21	3.45	0	0	1.35
Citation rate	6.68	6.2	8.88	7.59	0	13.16	17.57

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Phelps County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

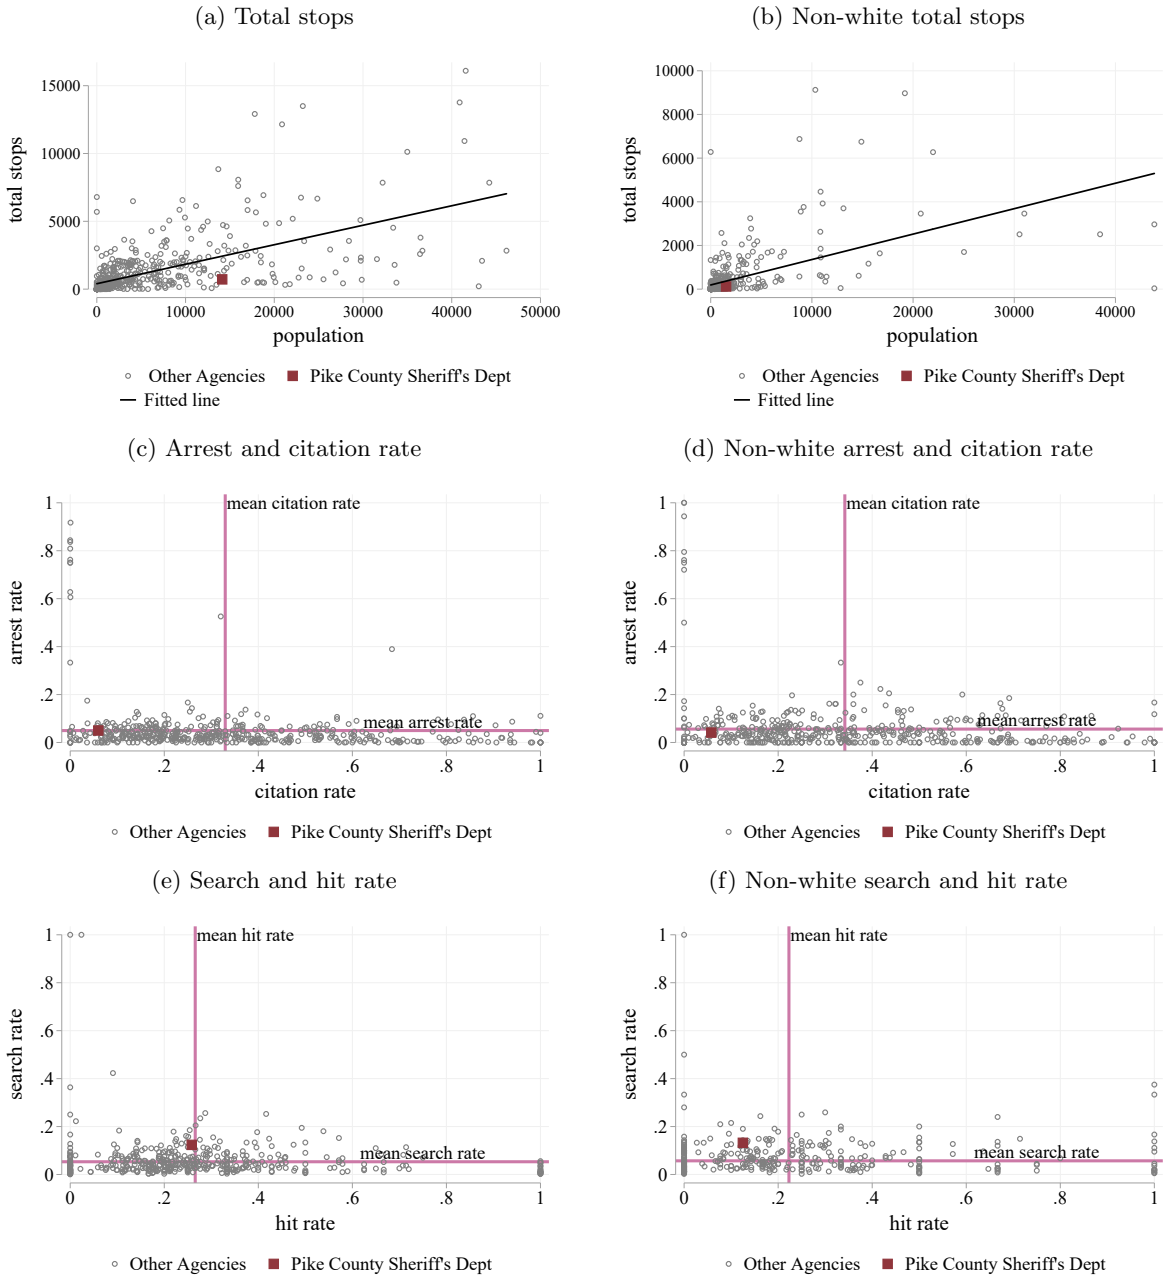
2022 ACS pop. %	100	89.23	6.01	1.92	.	.39	2.7
2020 Decennial pop.	13512	11906	836	253	.	17	465
2020 Decennial pop. %	100	88.11	6.19	1.87	.	.13	3.44
Totals	.	.	.	.	.	.	.
All stops	720	599	80	21	.	4	16
Resident stops	418	363	43	8	.	0	4
Searches	89	73	14	1	.	0	1
Contraband	23	21	2	0	.	0	0
Arrests	36	31	4	0	.	0	1
Citations	43	36	5	1	.	1	0
Rates	.	.	.	.	.	.	.
Stop rate	5.09	4.75	9.42	7.75	.	7.27	4.2
Stop rate, residents	2.96	2.88	5.06	2.95	.	0	1.05
Search rate	12.36	12.19	17.5	4.76	.	0	6.25
Contraband hit rate	25.84	28.77	14.29	0	.	.	0
Arrest rate	5	5.18	5	0	.	0	6.25
Citation rate	5.97	6.01	6.25	4.76	.	25	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Pike County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

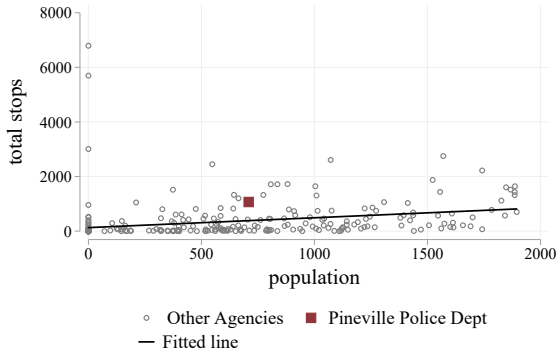
Arrests	56	32	3	17	0	4	0
Citations	597	452	36	76	2	22	9
Rates	.	.	.	.	.	.	.
Stop rate	150.63	133.96	400	.	35.71	.	36.59
Stop rate, residents	10.44	11.27	0	.	0	.	0
Search rate	4.59	3.74	3.33	11.88	0	9.68	0
Contraband hit rate	22.45	31.25	50	0	.	0	.
Arrest rate	5.24	3.74	5	16.83	0	12.9	0
Citation rate	55.9	52.8	60	75.25	40	70.97	60

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

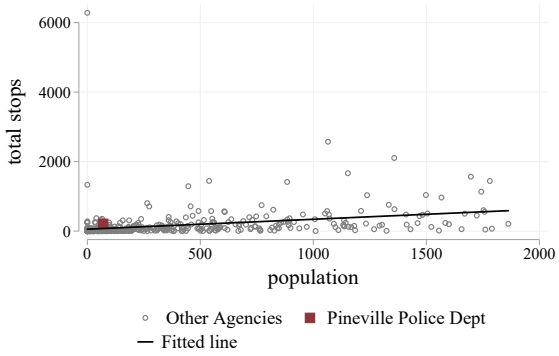
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Pineville Police Dept

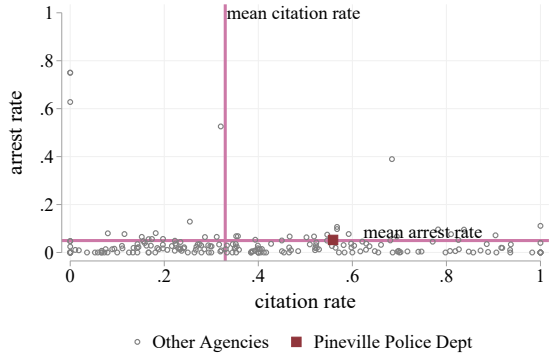
(a) Total stops



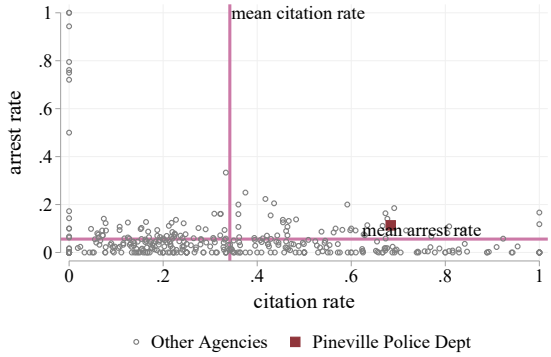
(b) Non-white total stops



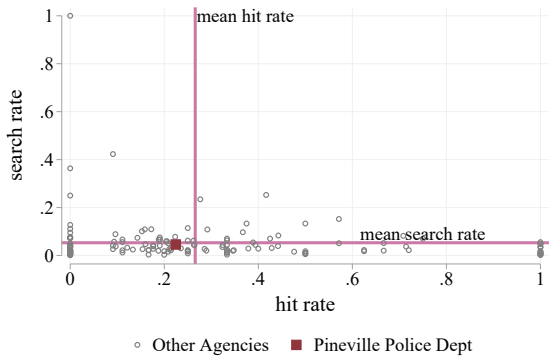
(c) Arrest and citation rate



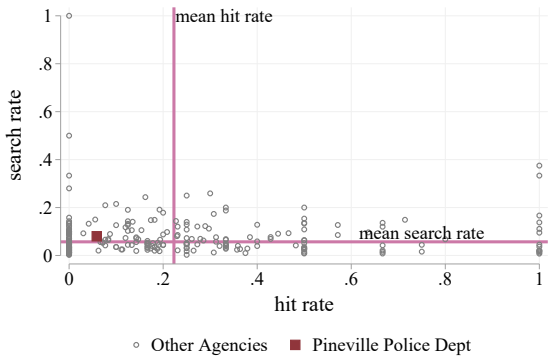
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

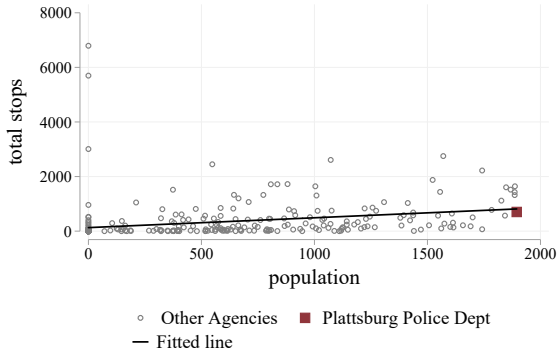
Contraband	10	8	2	0	0	0	0
Arrests	18	15	2	1	0	0	0
Citations	211	175	18	9	2	3	4
Rates	.	.	.	.	.	.	.
Stop rate	37.04	37.76	38.79	100	.	21.74	7.02
Stop rate, residents	11.45	10.4	23.28	39.13	.	13.04	4.39
Search rate	2.28	1.78	6.67	4.35	0	0	12.5
Contraband hit rate	62.5	72.73	66.67	0	.	.	0
Arrest rate	2.56	2.43	4.44	4.35	0	0	0
Citation rate	30.06	28.36	40	39.13	50	60	50

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

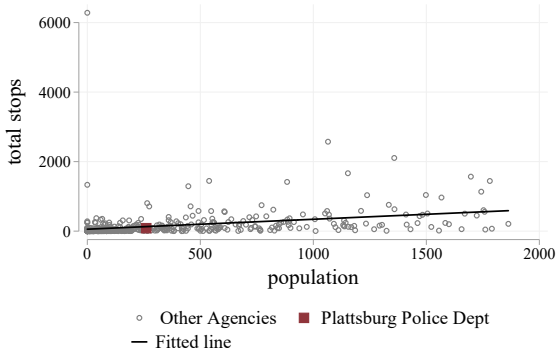
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Plattsburg Police Dept

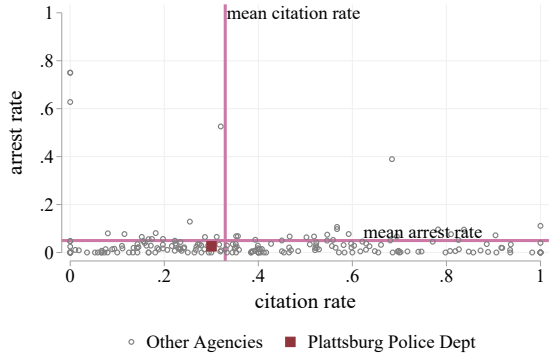
(a) Total stops



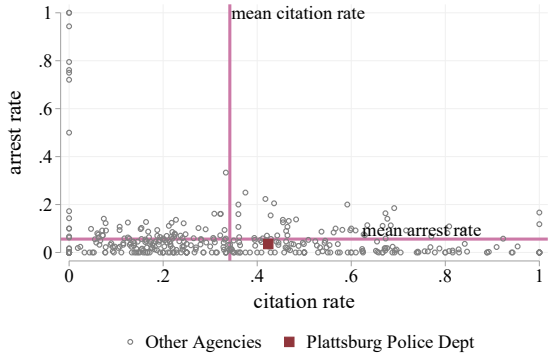
(b) Non-white total stops



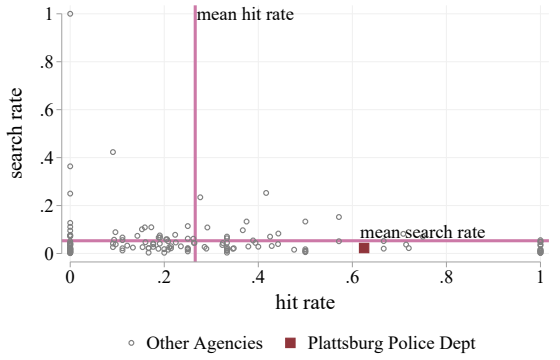
(c) Arrest and citation rate



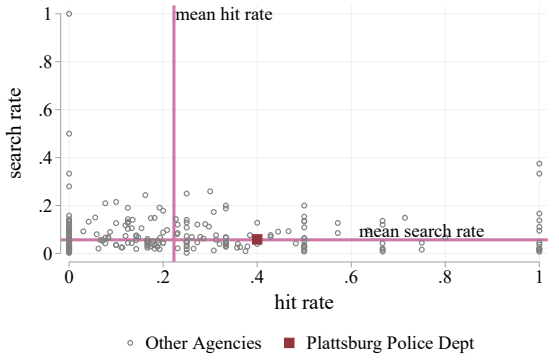
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

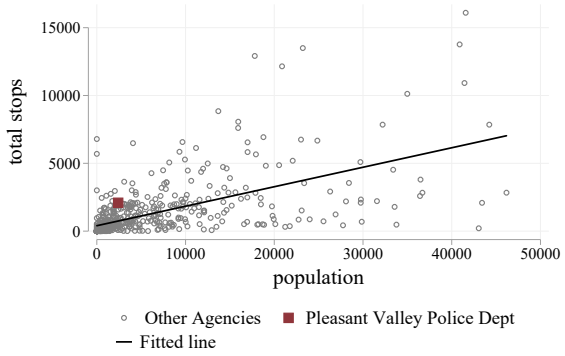
2020 Decennial pop.	2201	1796	122	114	21	15	133
2020 Decennial pop. %	100	81.6	5.54	5.18	.95	.68	6.04
Totals	.	.	.	.	.	.	.
All stops	2092	1381	431	167	19	46	48
Resident stops	129	96	18	8	1	2	4
Searches	80	44	30	5	0	0	1
Contraband	9	9	0	0	0	0	0
Arrests	57	32	18	3	1	1	2
Citations	910	555	192	97	12	23	31
Rates	.	.	.	.	.	.	.
Stop rate	86.88	64.71	1346.88	112.84	111.76	219.05	28.24
Stop rate, residents	5.36	4.5	56.25	5.41	5.88	9.52	2.35
Search rate	3.82	3.19	6.96	2.99	0	0	2.08
Contraband hit rate	11.25	20.45	0	0	.	.	0
Arrest rate	2.72	2.32	4.18	1.8	5.26	2.17	4.17
Citation rate	43.5	40.19	44.55	58.08	63.16	50	64.58

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

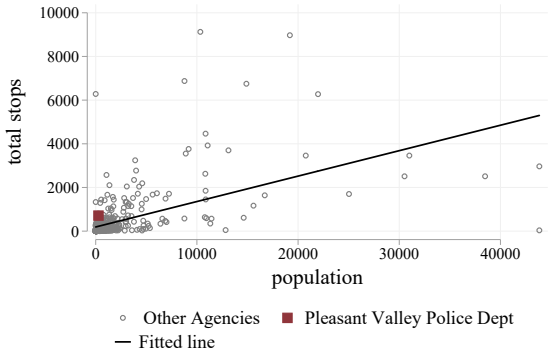
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Pleasant Valley Police Dept

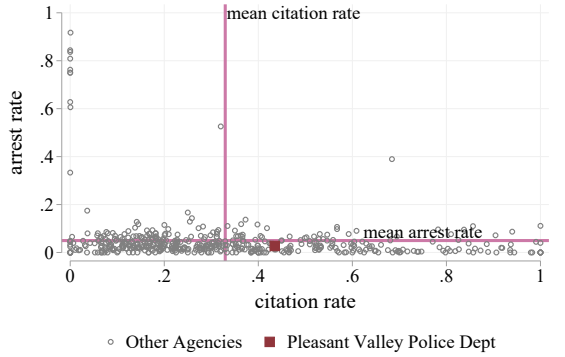
(a) Total stops



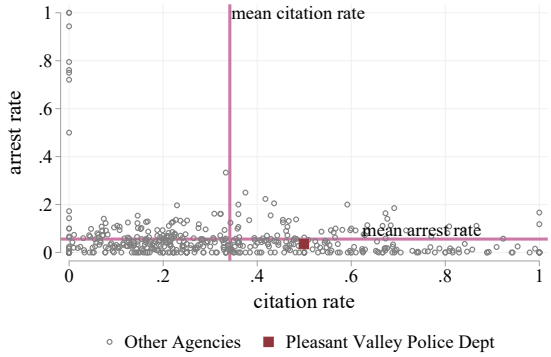
(b) Non-white total stops



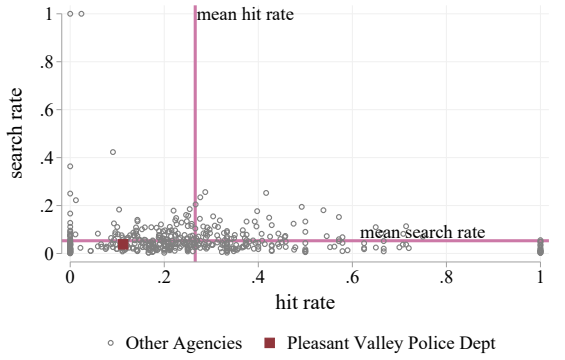
(c) Arrest and citation rate



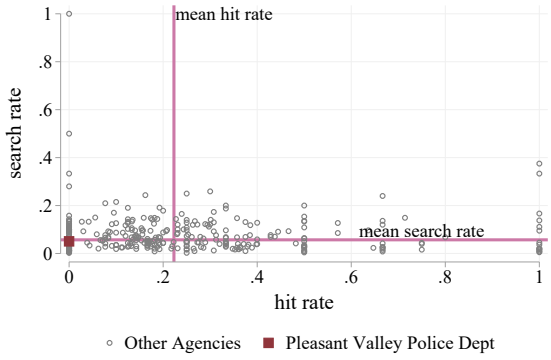
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

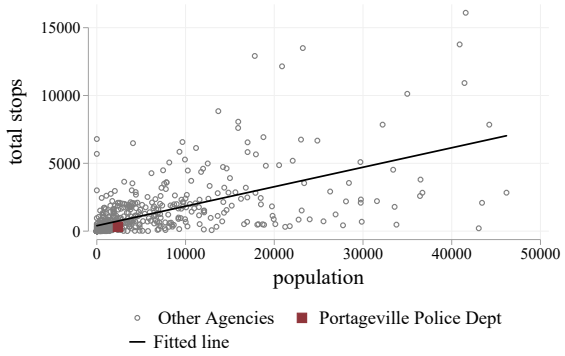
Searches	35	34	1	0	0	0	0
Contraband	11	10	1	0	0	0	0
Arrests	17	11	6	0	0	0	0
Citations	72	54	18	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	13.3	14.59	25.5	7.14	0	.	.23
Stop rate, residents	9.1	10.16	16.56	7.14	0	.	0
Search rate	11.04	14.35	1.3	0	.	.	0
Contraband hit rate	31.43	29.41	100	.	.	.	.
Arrest rate	5.36	4.64	7.79	0	.	.	0
Citation rate	22.71	22.78	23.38	0	.	.	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

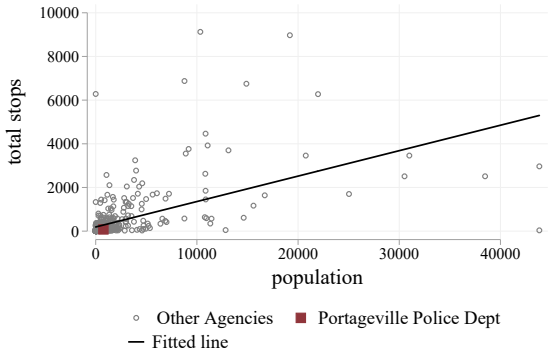
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Portageville Police Dept

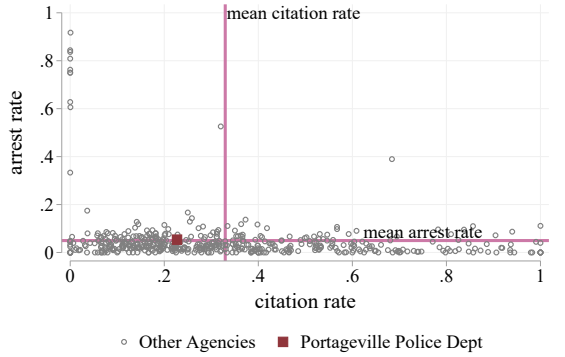
(a) Total stops



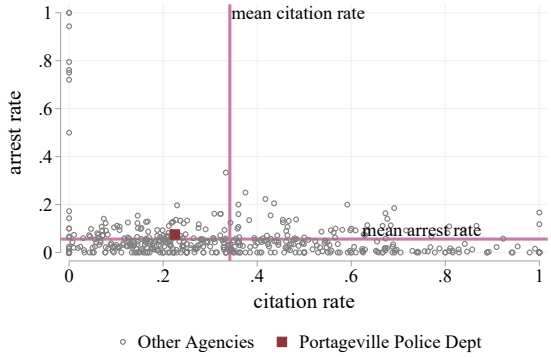
(b) Non-white total stops



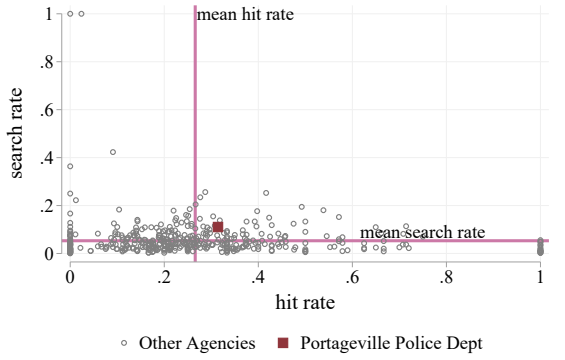
(c) Arrest and citation rate



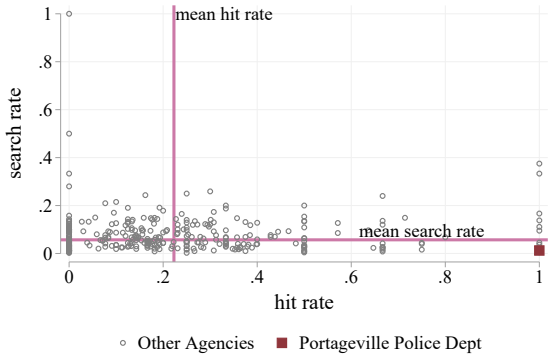
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

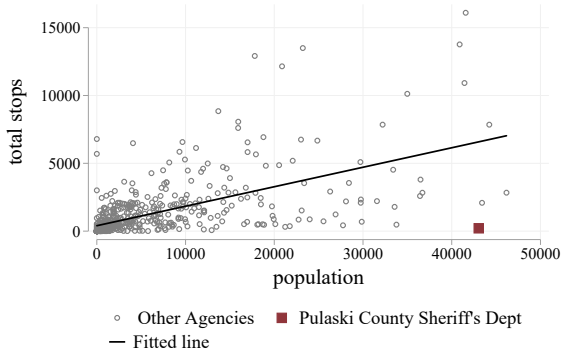
2020 Decennial pop. %	100	67.65	11.76	10.65	.65	3.71	5.58
Totals	.	.	.	.	.	.	.
All stops	210	162	34	10	1	1	2
Resident stops	4	3	1	0	0	0	0
Searches	8	6	2	0	0	0	0
Contraband	3	3	0	0	0	0	0
Arrests	8	5	3	0	0	0	0
Citations	89	65	16	7	0	0	1
Rates	.	.	.	.	.	.	.
Stop rate	.49	.54	.77	.22	.33	.08	.04
Stop rate, residents	.01	.01	.02	0	0	0	0
Search rate	3.81	3.7	5.88	0	0	0	0
Contraband hit rate	37.5	50	0	.	.	.	.
Arrest rate	3.81	3.09	8.82	0	0	0	0
Citation rate	42.38	40.12	47.06	70	0	0	50

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

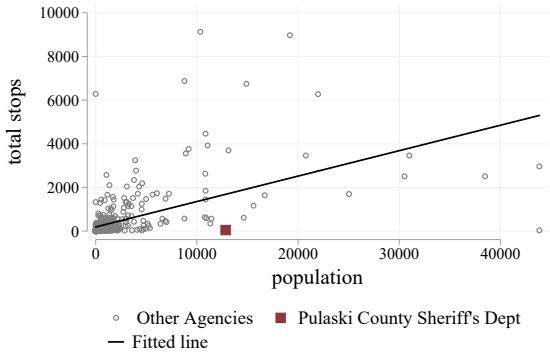
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Pulaski County Sheriff's Dept

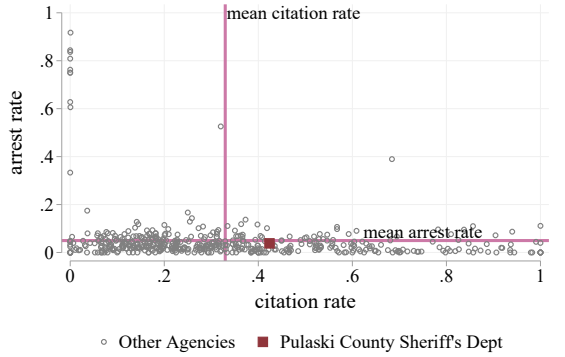
(a) Total stops



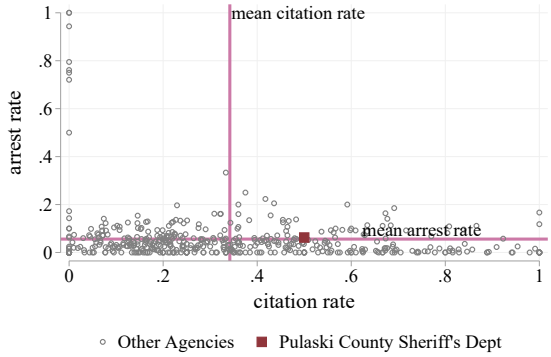
(b) Non-white total stops



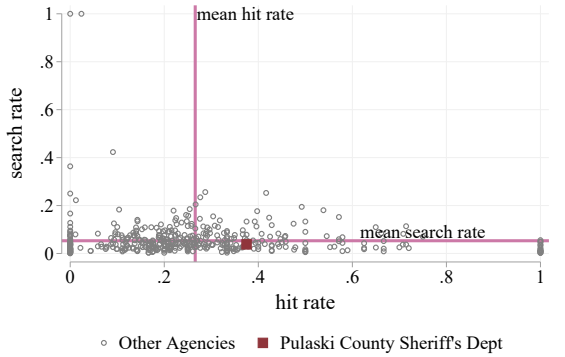
(c) Arrest and citation rate



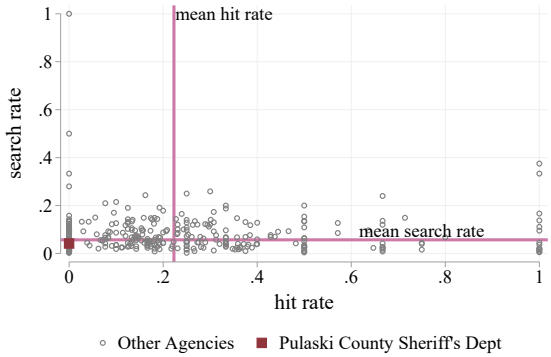
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Population	.	.	.	.	.	.	.
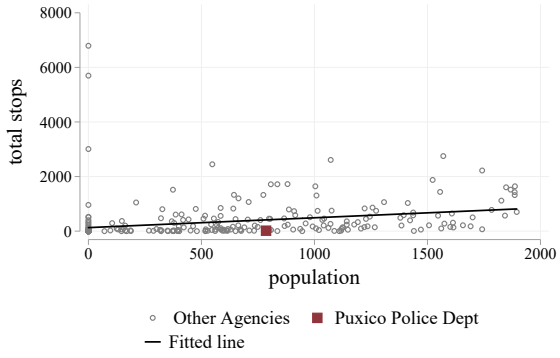
2022 ACS pop.	786	775	0	2	0	0	10
2022 ACS pop. %	100	98.6	0	.25	0	0	1.27
2020 Decennial pop.	650	602	4	11	1	7	25
2020 Decennial pop. %	100	92.62	.62	1.69	.15	1.08	3.85
Totals	.	.	.	.	.	.	.
All stops	17	17	0	0	0	0	0
Resident stops	12	12	0	0	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	17	17	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	2.16	2.19	.	0	.	.	0
Stop rate, residents	1.53	1.55	.	0	.	.	0
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	.	.	.	.
Citation rate	100	100	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

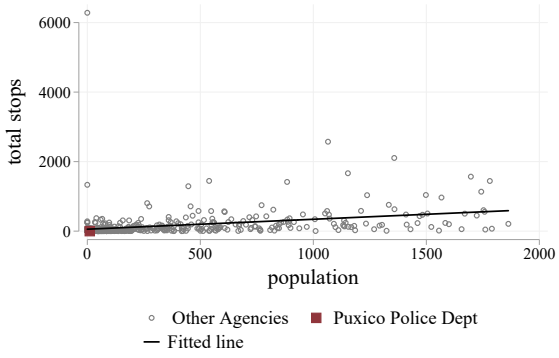
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Puxico Police Dept

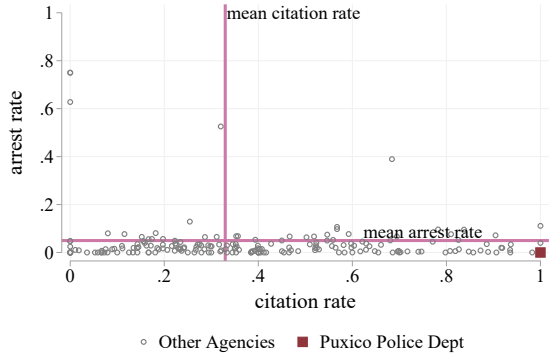
(a) Total stops



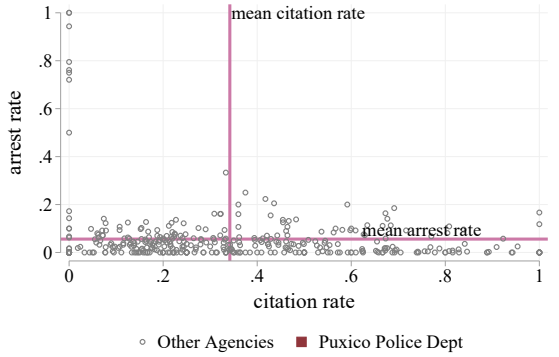
(b) Non-white total stops



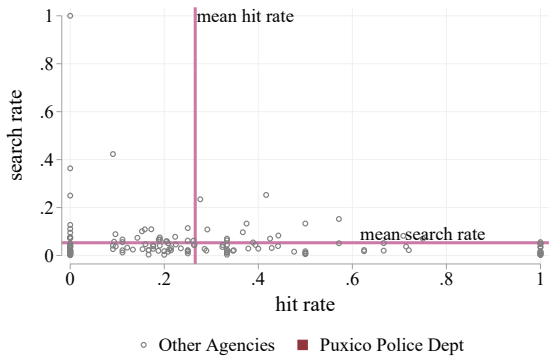
(c) Arrest and citation rate



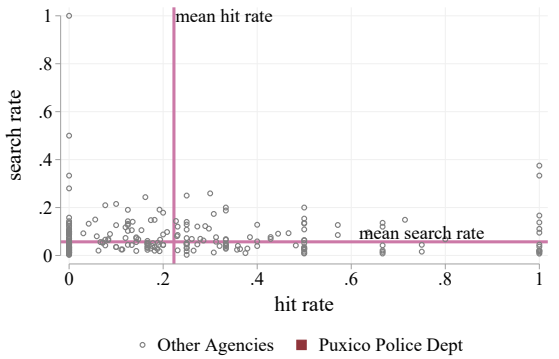
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

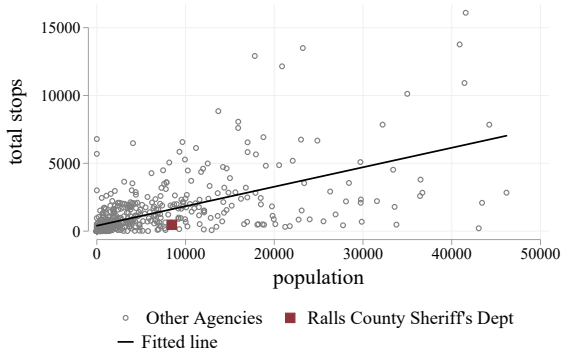
2020 Decennial pop. %	100	94.4	1.04	.91	.17	.19	3.29
Totals	.	.	.	.	.	.	.
All stops	470	391	50	18	4	4	3
Resident stops	127	123	2	1	1	0	0
Searches	57	47	6	3	1	0	0
Contraband	11	10	1	0	0	0	0
Arrests	32	30	1	0	1	0	0
Citations	66	50	10	4	1	0	1
Rates	.	.	.	.	.	.	.
Stop rate	5.55	4.93	27.17	28.13	80	40	1.04
Stop rate, residents	1.5	1.55	1.09	1.56	20	0	0
Search rate	12.13	12.02	12	16.67	25	0	0
Contraband hit rate	19.3	21.28	16.67	0	0	.	.
Arrest rate	6.81	7.67	2	0	25	0	0
Citation rate	14.04	12.79	20	22.22	25	0	33.33

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

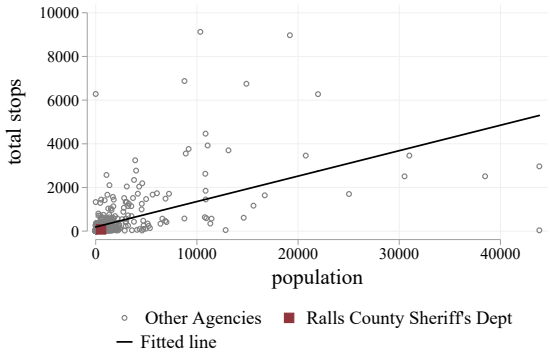
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Ralls County Sheriff's Dept

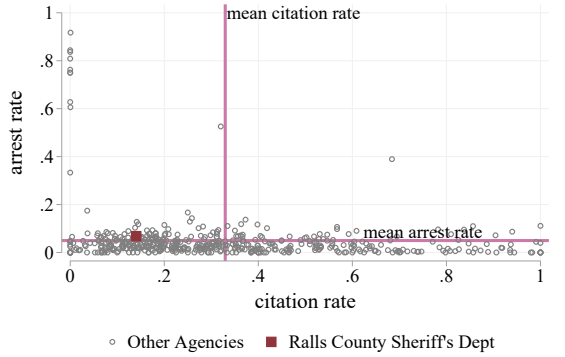
(a) Total stops



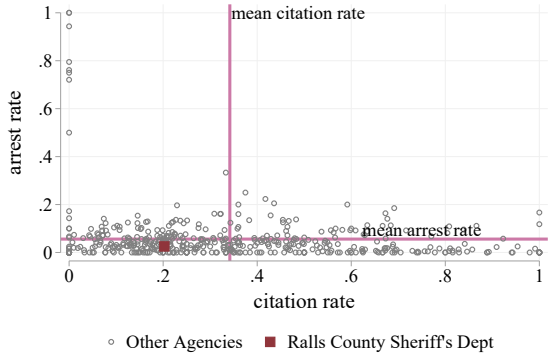
(b) Non-white total stops



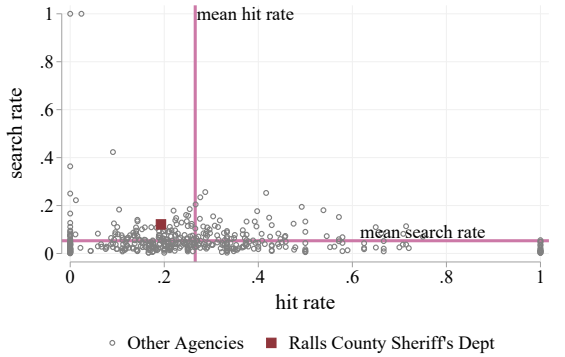
(c) Arrest and citation rate



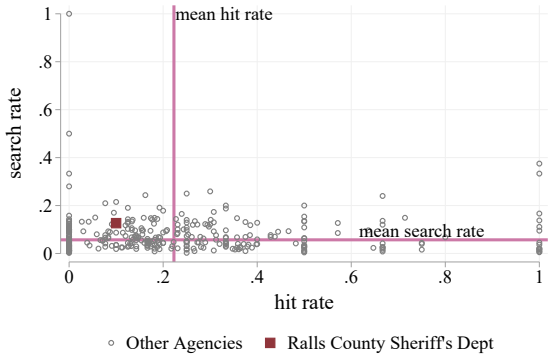
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

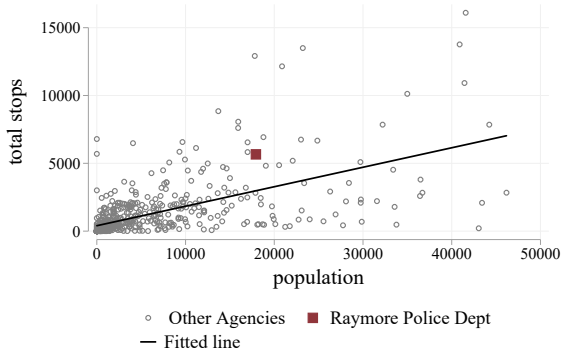
Arrests	133	63	60	7	0	2	1
Citations	1528	1082	346	63	0	8	29
Rates	.	.	.	.	.	.	.
Stop rate	31.57	29.09	62.93	26.94	80	16.39	6.41
Stop rate, residents	14.85	13.73	30.91	8.49	20	7.54	2.89
Search rate	3.64	2.66	7.1	4.35	0	4	1.22
Contraband hit rate	18.93	22.73	15.29	12.5	.	0	0
Arrest rate	2.35	1.52	5.01	3.8	0	4	1.22
Citation rate	27	26.12	28.91	34.24	0	16	35.37

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

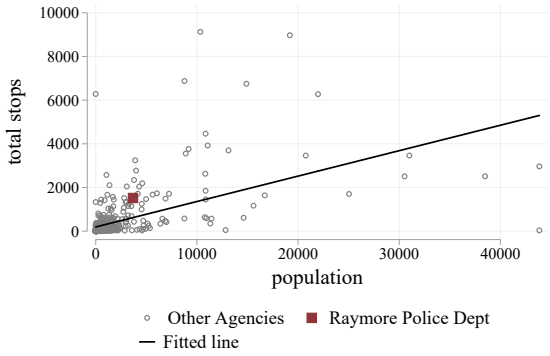
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Raymore Police Dept

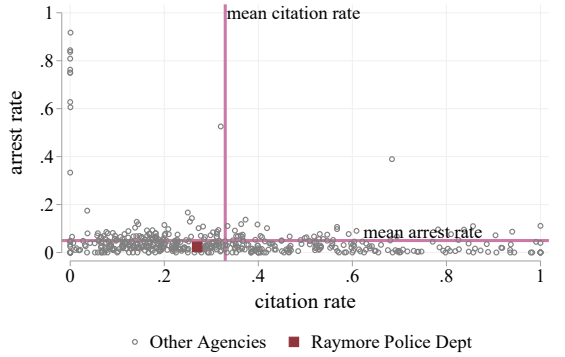
(a) Total stops



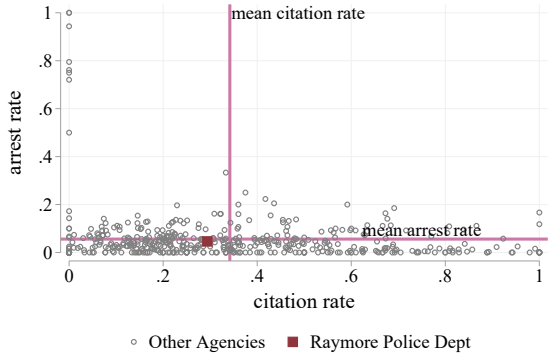
(b) Non-white total stops



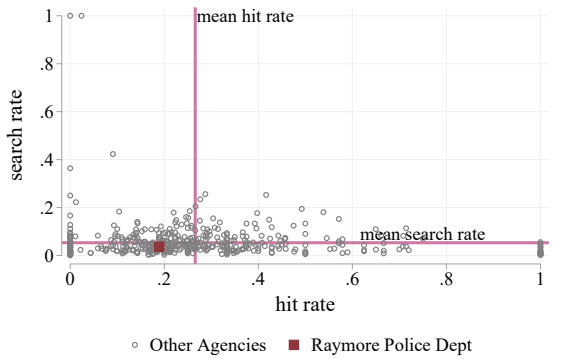
(c) Arrest and citation rate



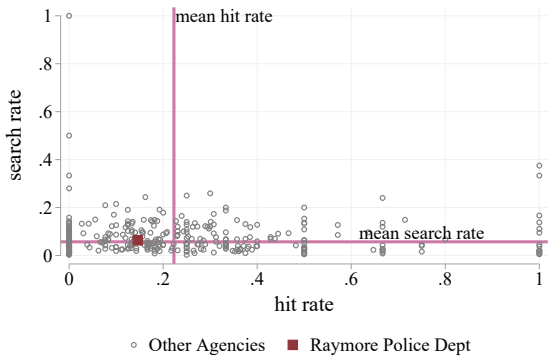
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

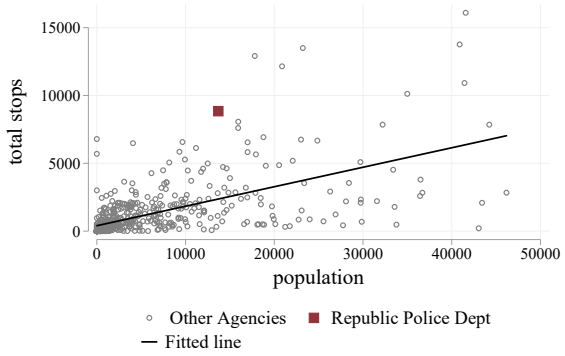
Resident stops	2701	2546	67	65	1	18	4
Searches	455	394	31	26	0	4	0
Contraband	80	66	6	7	0	1	0
Arrests	365	319	22	22	0	2	0
Citations	2665	2433	92	114	4	15	7
Rates	.	.	.	.	.	.	.
Stop rate	64.61	65.46	100.91	71.31	20	25.98	4.02
Stop rate, residents	19.73	20.6	20.24	13.92	1.54	8.82	.67
Search rate	5.14	4.87	9.28	7.81	0	7.55	0
Contraband hit rate	17.58	16.75	19.35	26.92	.	25	.
Arrest rate	4.13	3.94	6.59	6.61	0	3.77	0
Citation rate	30.13	30.08	27.54	34.23	30.77	28.3	29.17

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

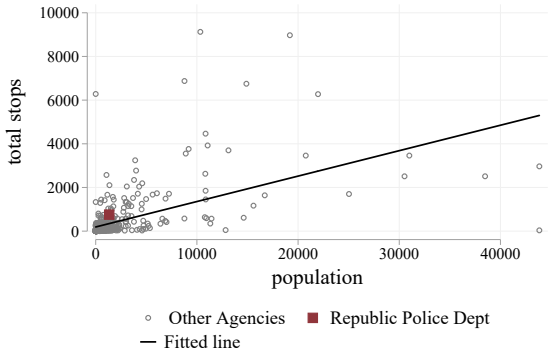
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Republic Police Dept

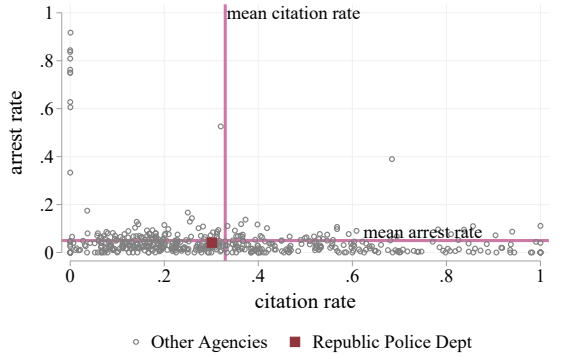
(a) Total stops



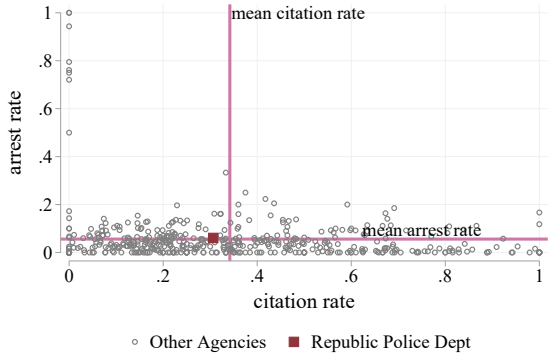
(b) Non-white total stops



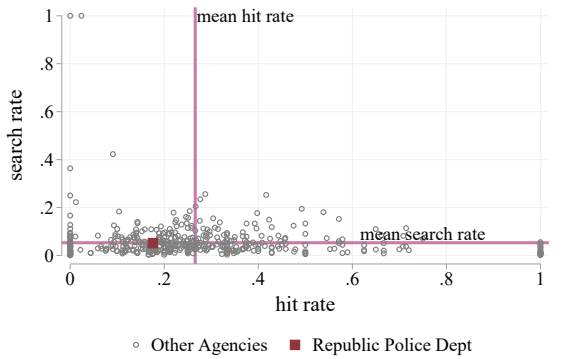
(c) Arrest and citation rate



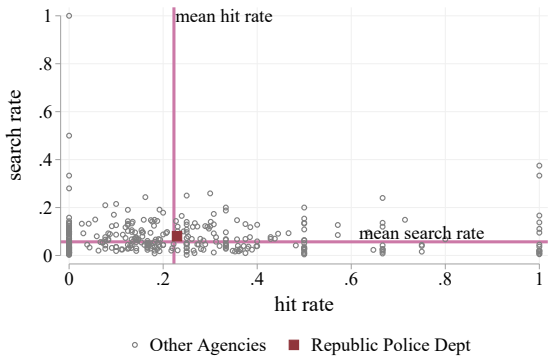
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

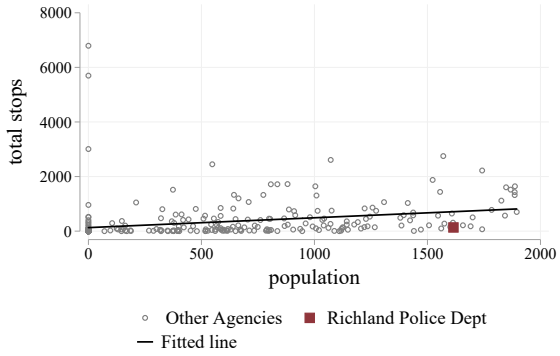
2022 ACS pop. %	100	88.3	.31	4.89	.06	0	8.92
2020 Decennial pop.	1327	1177	1	37	8	12	92
2020 Decennial pop. %	100	88.7	.08	2.79	.6	.9	6.93
Totals	.	.	.	.	.	.	.
All stops	135	132	3	0	0	0	0
Resident stops	39	38	1	0	0	0	0
Searches	9	8	1	0	0	0	0
Contraband	1	0	1	0	0	0	0
Arrests	9	8	1	0	0	0	0
Citations	70	69	1	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	8.36	9.26	60	0	0	.	0
Stop rate, residents	2.41	2.66	20	0	0	.	0
Search rate	6.67	6.06	33.33	.	.	.	.
Contraband hit rate	11.11	0	100	.	.	.	.
Arrest rate	6.67	6.06	33.33	.	.	.	.
Citation rate	51.85	52.27	33.33	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

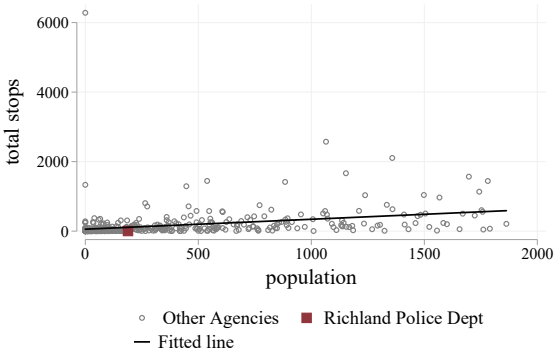
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Richland Police Dept

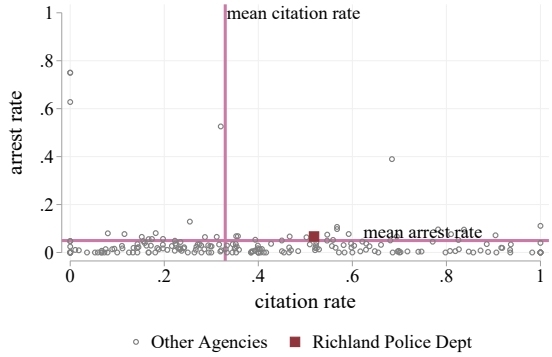
(a) Total stops



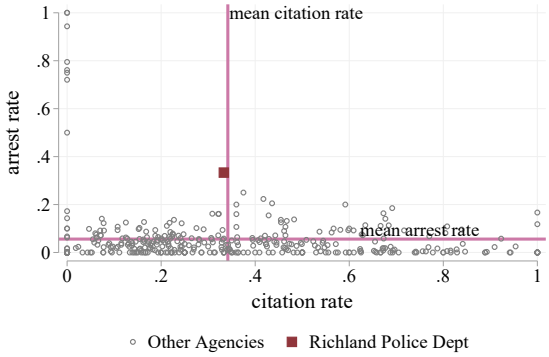
(b) Non-white total stops



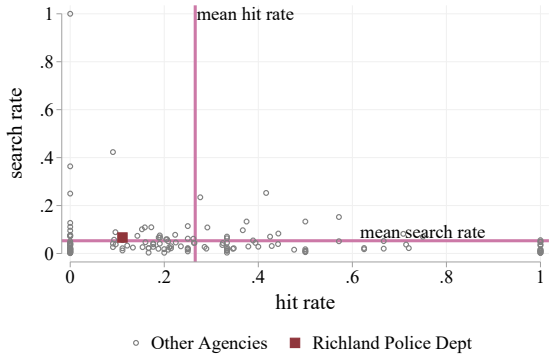
(c) Arrest and citation rate



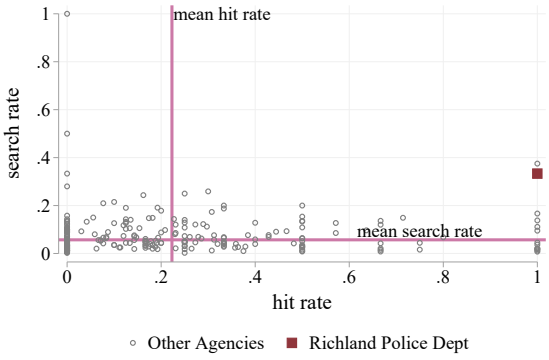
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

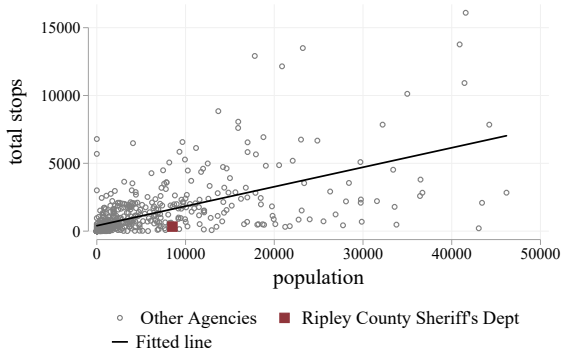
2020 Decennial pop.	8291	7744	20	67	33	27	400
2020 Decennial pop. %	100	93.4	.24	.81	.4	.33	4.82
Totals	.	.	.	.	.	.	.
All stops	334	321	8	5	0	0	0
Resident stops	228	220	3	5	0	0	0
Searches	65	63	2	0	0	0	0
Contraband	32	31	1	0	0	0	0
Arrests	39	39	0	0	0	0	0
Citations	133	128	2	3	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	3.92	4.04	72.73	5.38	0	0	0
Stop rate, residents	2.67	2.77	27.27	5.38	0	0	0
Search rate	19.46	19.63	25	0	.	.	.
Contraband hit rate	49.23	49.21	50	.	.	.	.
Arrest rate	11.68	12.15	0	0	.	.	.
Citation rate	39.82	39.88	25	60	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

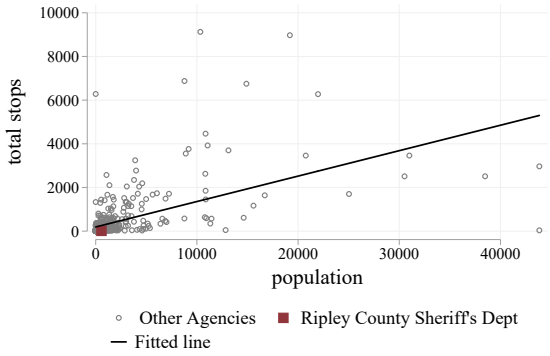
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Ripley County Sheriff's Dept

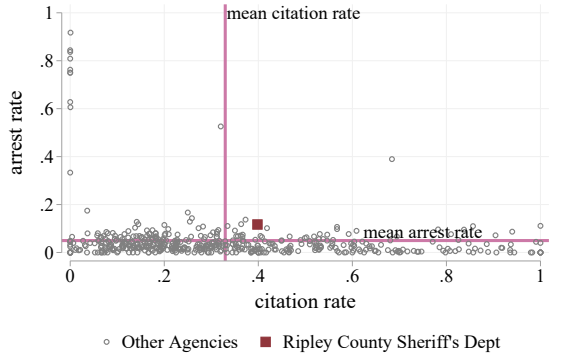
(a) Total stops



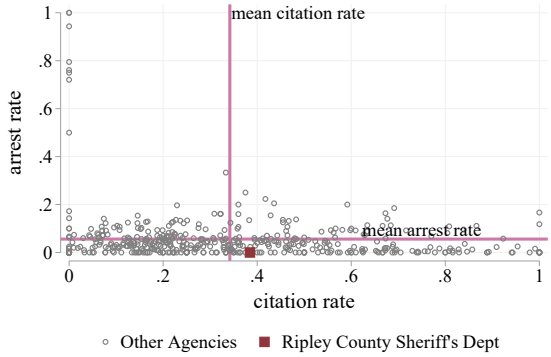
(b) Non-white total stops



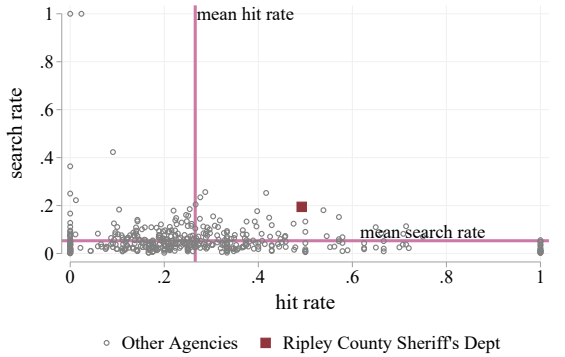
(c) Arrest and citation rate



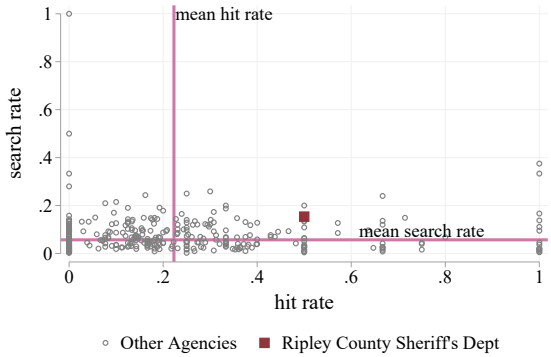
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

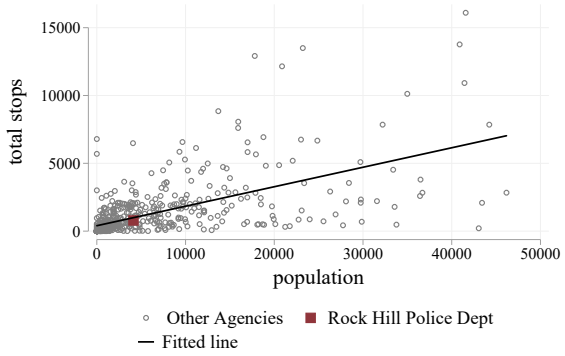
2020 Decennial pop.	3755	2678	660	123	5	89	200
2020 Decennial pop. %	100	71.32	17.58	3.28	.13	2.37	5.33
Totals	.	.	.	.	.	.	.
All stops	788	556	192	0	1	8	31
Resident stops	44	33	11	0	0	0	0
Searches	9	8	1	0	0	0	0
Contraband	2	2	0	0	0	0	0
Arrests	6	5	1	0	0	0	0
Citations	625	448	168	0	1	6	2
Rates	.	.	.	.	.	.	.
Stop rate	19.07	20.81	18.05	0	.	7.41	24.22
Stop rate, residents	1.06	1.24	1.03	0	.	0	0
Search rate	1.14	1.44	.52	.	0	0	0
Contraband hit rate	22.22	25	0	.	.	.	.
Arrest rate	.76	.9	.52	.	0	0	0
Citation rate	79.31	80.58	87.5	.	100	75	6.45

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

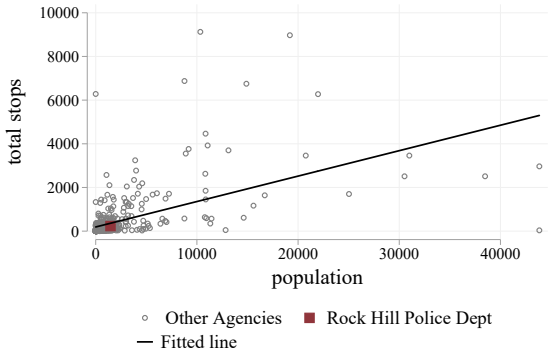
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Rock Hill Police Dept

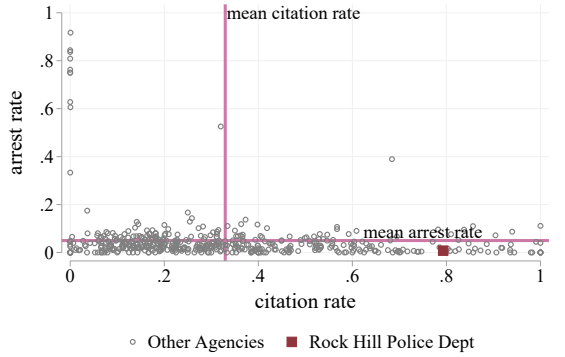
(a) Total stops



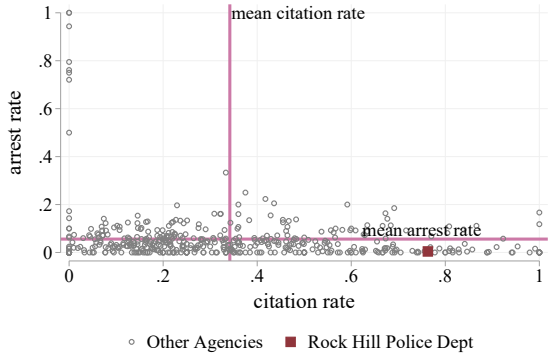
(b) Non-white total stops



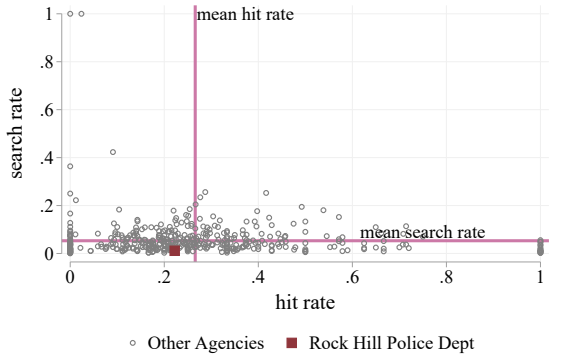
(c) Arrest and citation rate



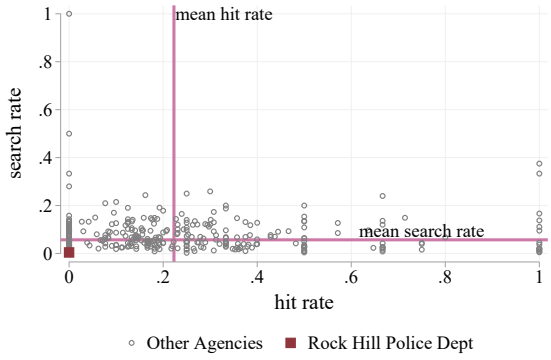
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

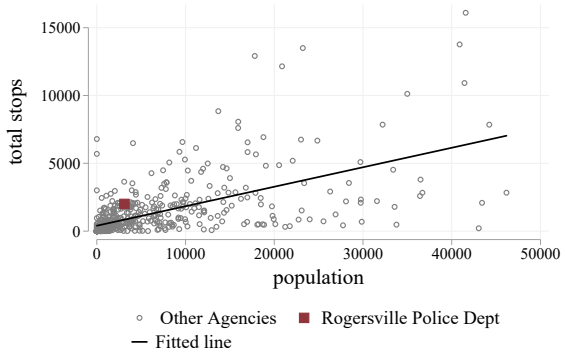
Contraband	13	6	6	1	0	0	0
Arrests	26	20	4	1	0	1	0
Citations	923	865	35	14	1	4	4
Rates	.	.	.	.	.	.	.
Stop rate	64.56	66.05	.	147.62	.	.	2.7
Stop rate, residents	24.42	25.03	.	33.33	.	.	2.25
Search rate	2.34	1.9	10.29	6.45	100	12.5	0
Contraband hit rate	27.66	16.67	85.71	50	0	0	.
Arrest rate	1.29	1.06	5.88	3.23	0	12.5	0
Citation rate	45.94	45.65	51.47	45.16	100	50	66.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

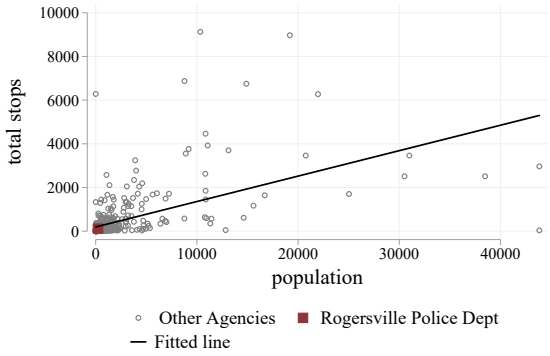
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Rogersville Police Dept

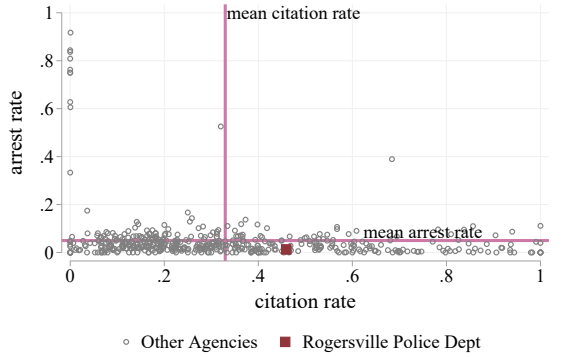
(a) Total stops



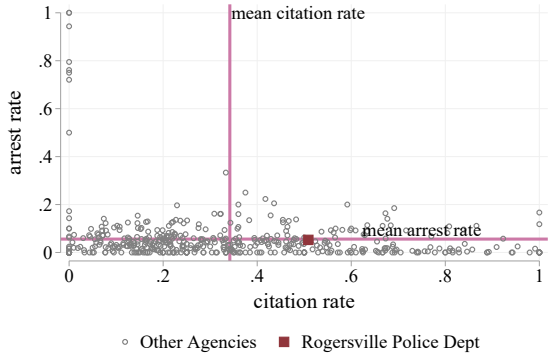
(b) Non-white total stops



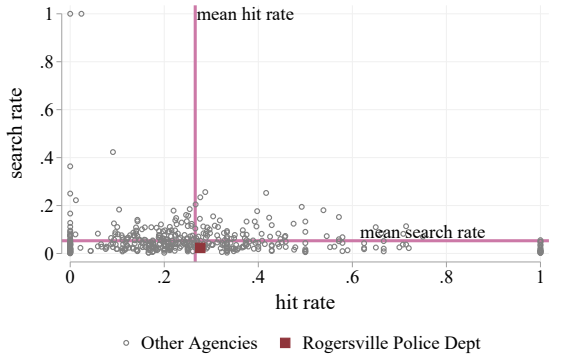
(c) Arrest and citation rate



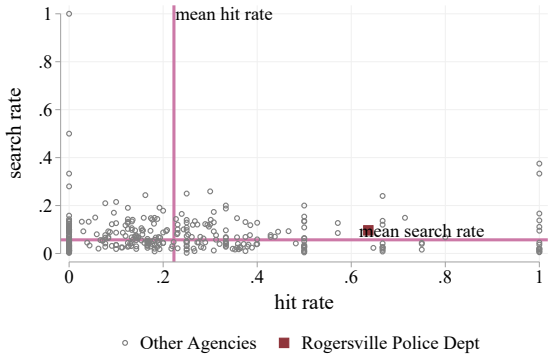
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

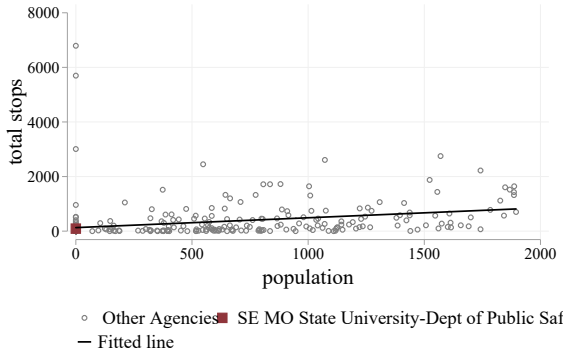
Contraband	1	1	0	0	0	0	0
Arrests	1	1	0	0	0	0	0
Citations	1	0	1	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	1.08	1.37	0	0	.	0	.
Contraband hit rate	100	100	.	.	.	.	.
Arrest rate	1.08	1.37	0	0	.	0	.
Citation rate	1.08	0	6.25	0	.	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

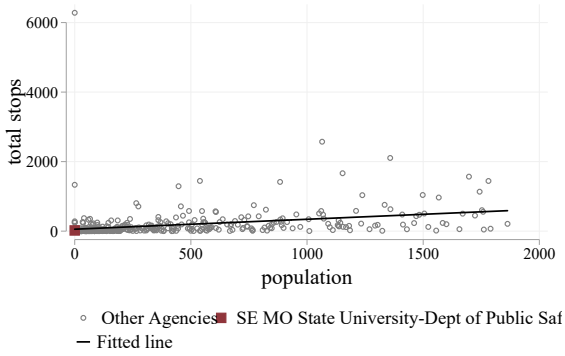
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for SE MO State University-Dept of Public Safety

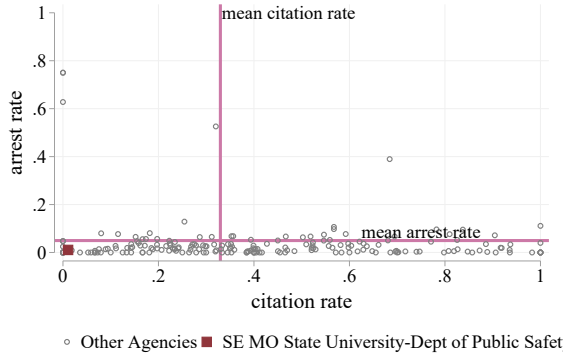
(a) Total stops



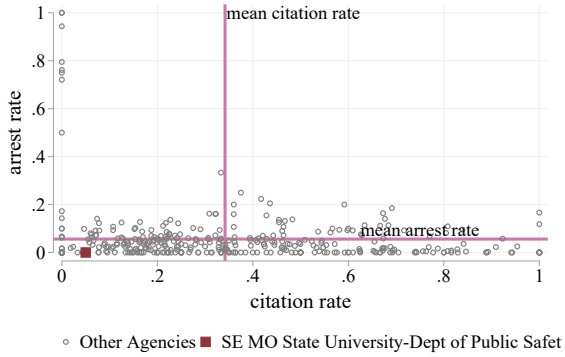
(b) Non-white total stops



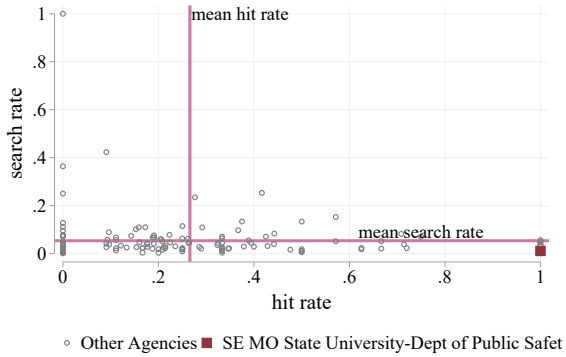
(c) Arrest and citation rate



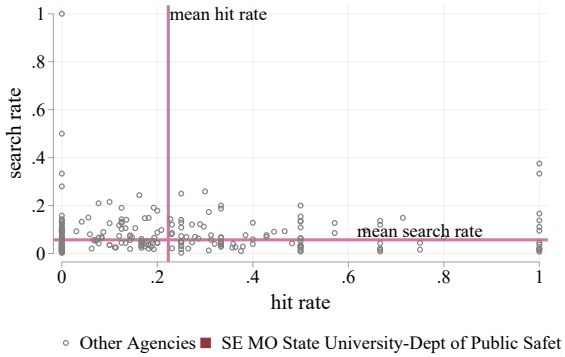
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

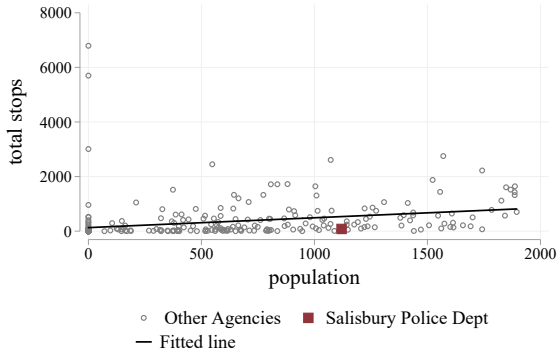
2020 Decennial pop.	1152	1080	26	7	3	1	35
2020 Decennial pop. %	100	93.75	2.26	.61	.26	.09	3.04
Totals	.	.	.	.	.	.	.
All stops	81	74	4	2	0	1	0
Resident stops	48	44	3	0	0	1	0
Searches	3	2	1	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	2	1	1	0	0	0	0
Citations	0	0	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	7.23	7.07	6.78	50	.	.	0
Stop rate, residents	4.29	4.2	5.08	0	.	.	0
Search rate	3.7	2.7	25	0	.	0	.
Contraband hit rate	0	0	0	.	.	.	.
Arrest rate	2.47	1.35	25	0	.	0	.
Citation rate	0	0	0	0	.	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

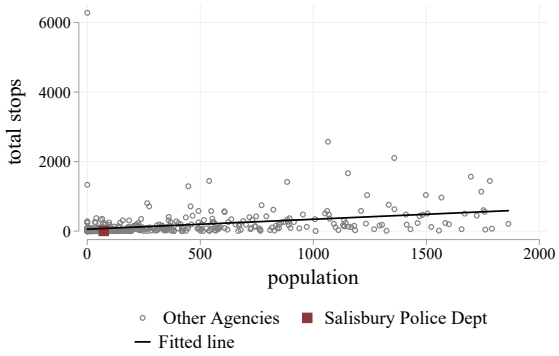
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Salisbury Police Dept

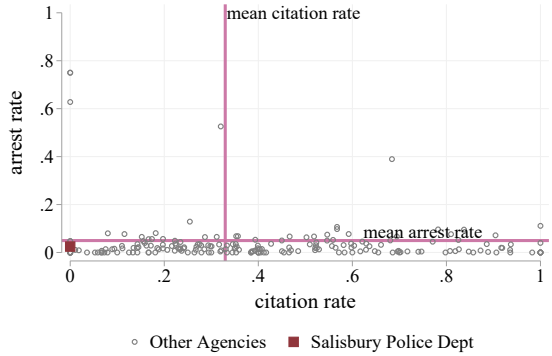
(a) Total stops



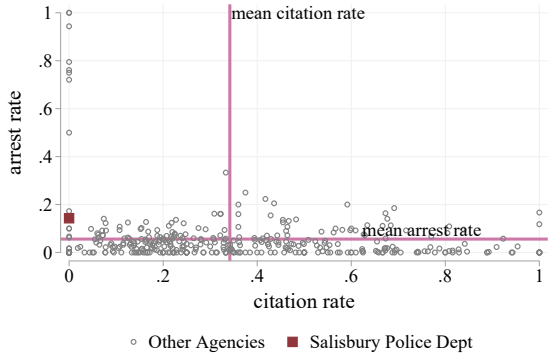
(b) Non-white total stops



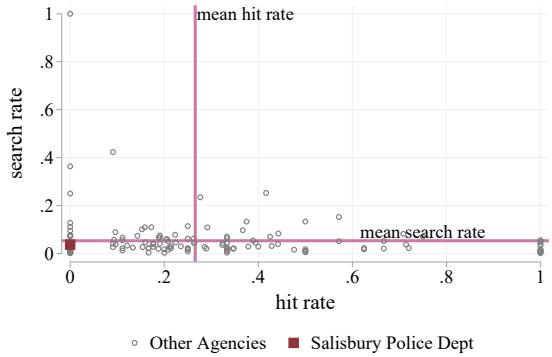
(c) Arrest and citation rate



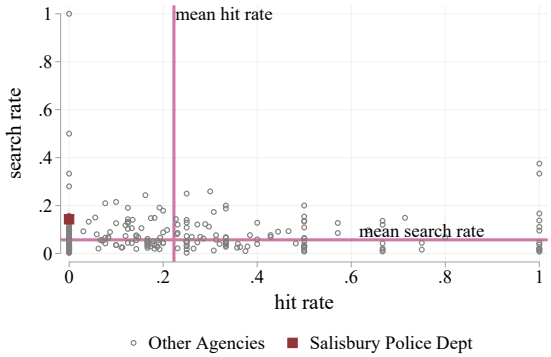
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

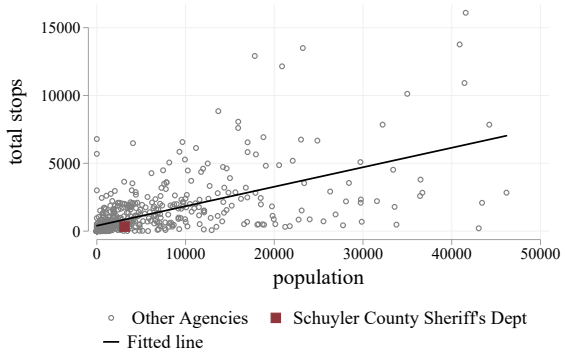
2020 Decennial pop.	2990	2884	0	23	1	15	67
2020 Decennial pop. %	100	96.45	0	.77	.03	.5	2.24
Totals	.	.	.	.	.	.	.
All stops	331	309	10	6	1	4	1
Resident stops	78	76	0	1	1	0	0
Searches	8	7	1	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	6	6	0	0	0	0	0
Citations	91	82	4	3	0	2	0
Rates	.	.	.	.	.	.	.
Stop rate	10.61	10.36	62.5	22.22	100	12.12	1.16
Stop rate, residents	2.5	2.55	0	3.7	100	0	0
Search rate	2.42	2.27	10	0	0	0	0
Contraband hit rate	12.5	14.29	0	.	.	.	.
Arrest rate	1.81	1.94	0	0	0	0	0
Citation rate	27.49	26.54	40	50	0	50	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

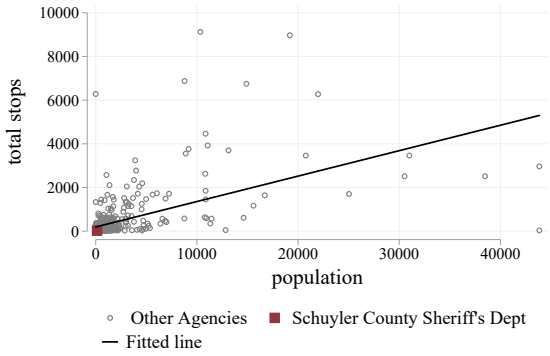
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Schuyler County Sheriff's Dept

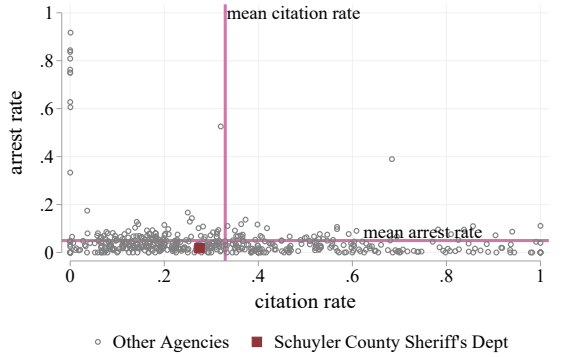
(a) Total stops



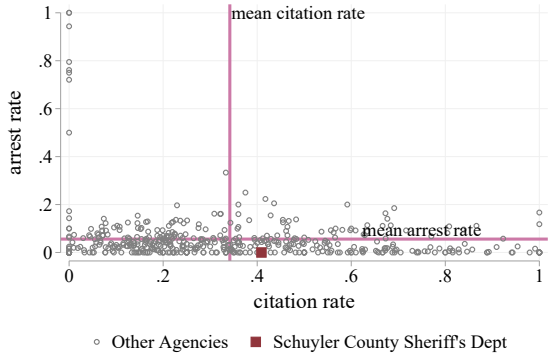
(b) Non-white total stops



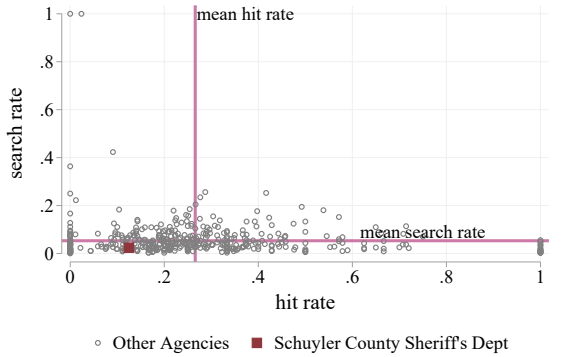
(c) Arrest and citation rate



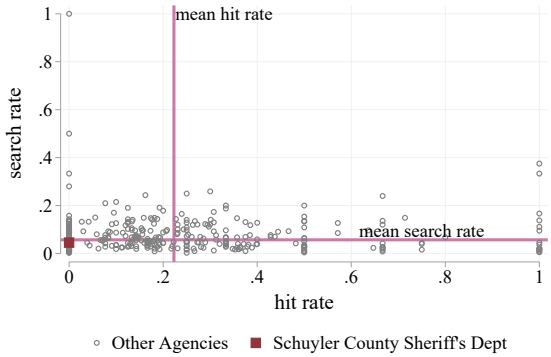
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

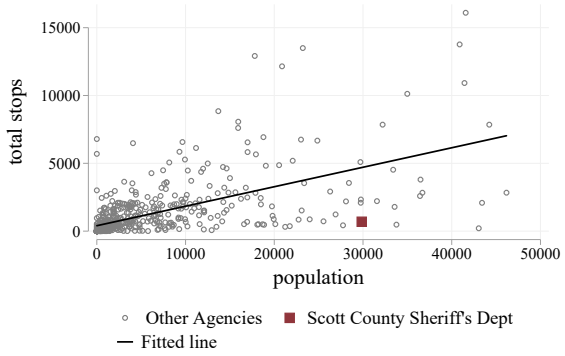
2022 ACS pop. %	100	84.25	10.58	1.92	.09	.24	3.66
2020 Decennial pop.	28941	24103	3015	551	62	116	1094
2020 Decennial pop. %	100	83.28	10.42	1.9	.21	.4	3.78
Totals	.	.	.	.	.	.	.
All stops	693	593	86	13	0	0	1
Resident stops	453	402	46	5	0	0	0
Searches	32	28	4	0	0	0	0
Contraband	10	7	3	0	0	0	0
Arrests	18	16	2	0	0	0	0
Citations	58	53	4	1	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	2.32	2.36	2.72	2.27	0	0	.09
Stop rate, residents	1.52	1.6	1.46	.87	0	0	0
Search rate	4.62	4.72	4.65	0	.	.	0
Contraband hit rate	31.25	25	75	.	.	.	.
Arrest rate	2.6	2.7	2.33	0	.	.	0
Citation rate	8.37	8.94	4.65	7.69	.	.	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

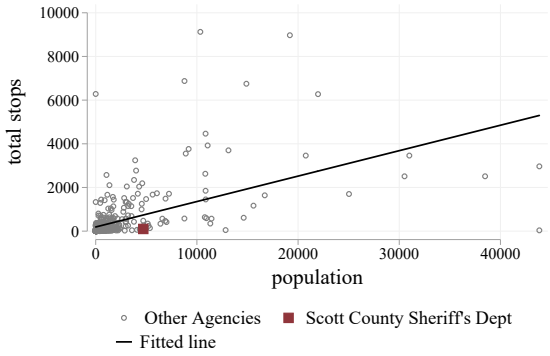
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Scott County Sheriff's Dept

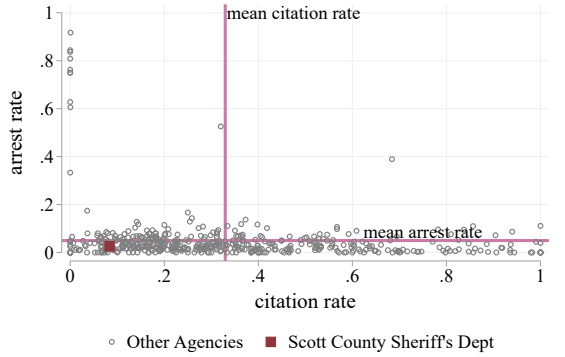
(a) Total stops



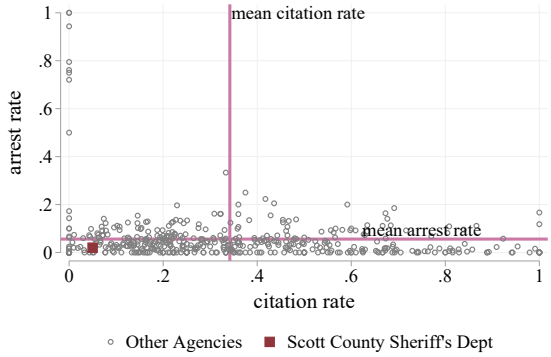
(b) Non-white total stops



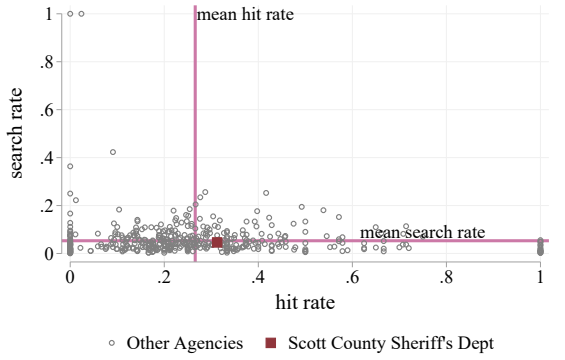
(c) Arrest and citation rate



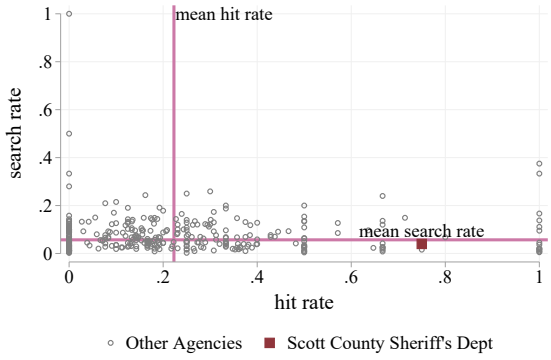
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

2.407 Senath Police Dept

Table 1: Rates by Race for Senath Police Dept

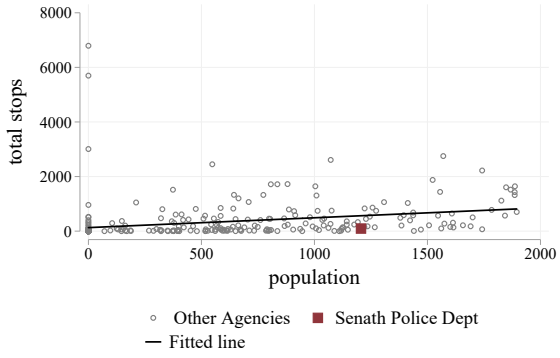
	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	1206	642	23	476	1	0	348
2022 ACS pop. %	100	53.23	1.91	39.47	.08	0	28.86
2020 Decennial pop.	1202	821	29	322	5	0	25
2020 Decennial pop. %	100	68.3	2.41	26.79	.42	0	2.08
Totals	.	.	.	.	.	.	.
All stops	95	66	1	28	0	0	0
Resident stops	75	56	0	19	0	0	0
Searches	24	20	0	4	0	0	0
Contraband	10	6	0	4	0	0	0
Arrests	37	33	0	4	0	0	0
Citations	65	51	0	14	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	7.88	10.28	4.35	5.88	0	.	0
Stop rate, residents	6.22	8.72	0	3.99	0	.	0
Search rate	25.26	30.3	0	14.29	.	.	.
Contraband hit rate	41.67	30	.	100	.	.	.
Arrest rate	38.95	50	0	14.29	.	.	.
Citation rate	68.42	77.27	0	50	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

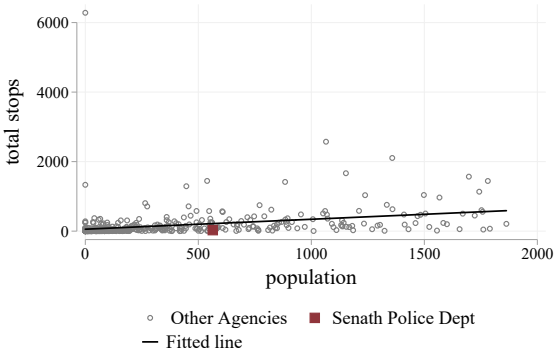
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Senath Police Dept

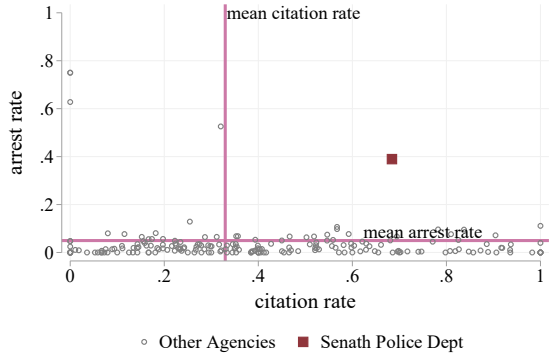
(a) Total stops



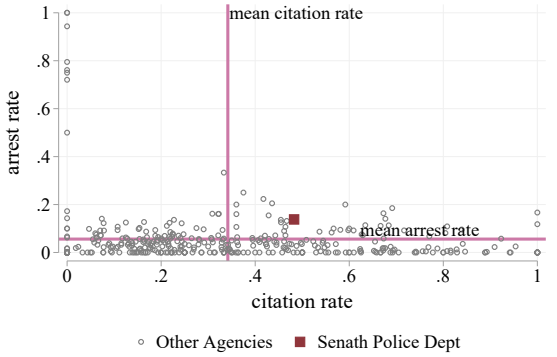
(b) Non-white total stops



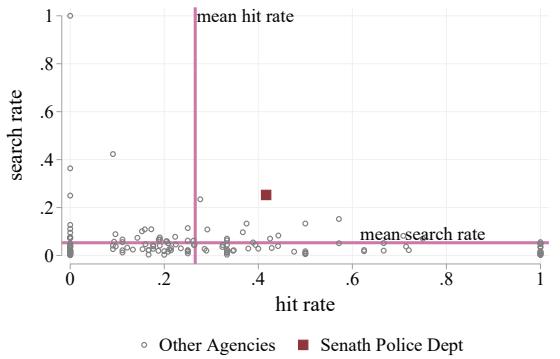
(c) Arrest and citation rate



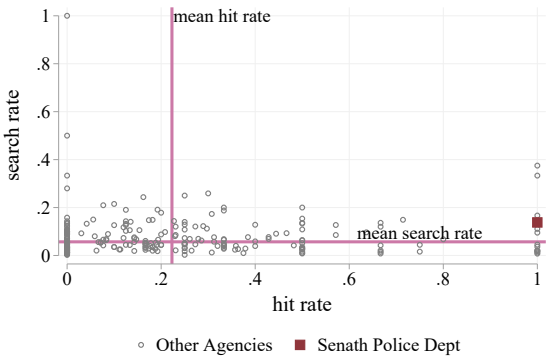
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

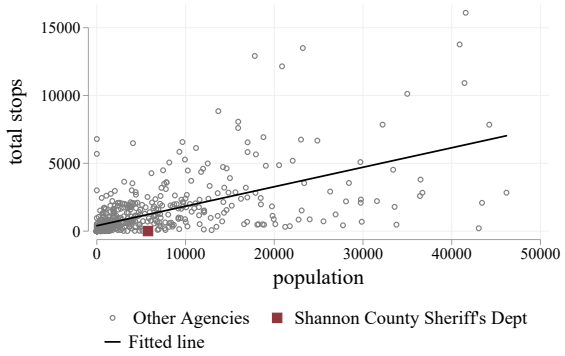
2020 Decennial pop.	5496	5066	3	79	35	13	300
2020 Decennial pop. %	100	92.18	.05	1.44	.64	.24	5.46
Totals	.	.	.	.	.	.	.
All stops	6	5	0	1	0	0	0
Resident stops	3	3	0	0	0	0	0
Searches	1	1	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	2	1	0	1	0	0	0
Citations	0	0	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	.1	.09	0	5.56	0	0	0
Stop rate, residents	.05	.06	0	0	0	0	0
Search rate	16.67	20	.	0	.	.	.
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	33.33	20	.	100	.	.	.
Citation rate	0	0	.	0	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

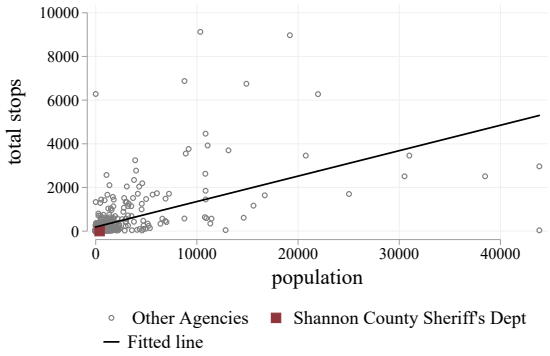
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Shannon County Sheriff's Dept

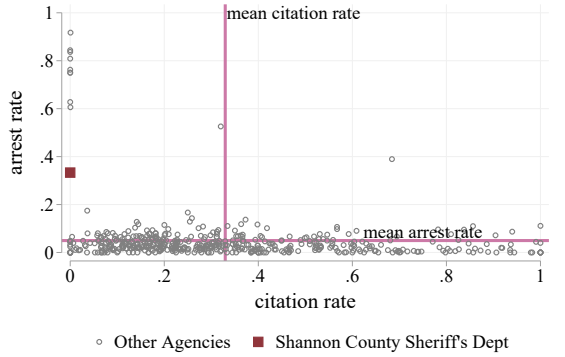
(a) Total stops



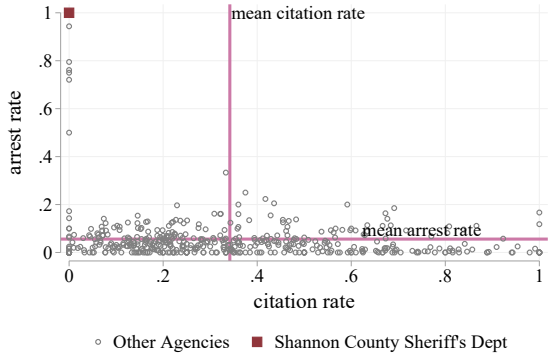
(b) Non-white total stops



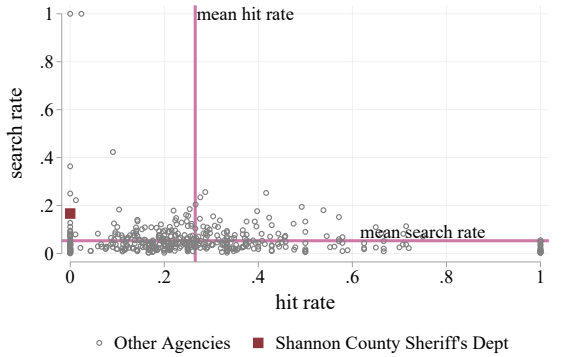
(c) Arrest and citation rate



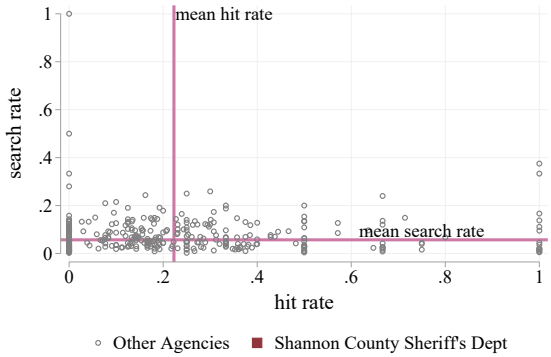
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

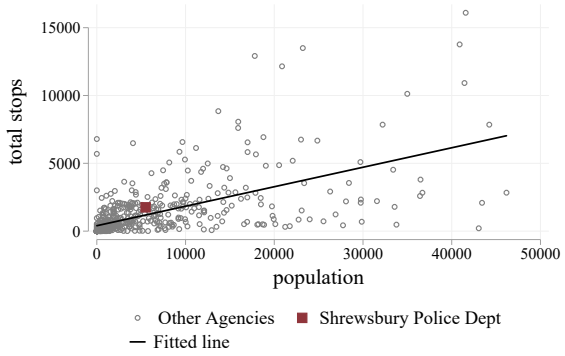
Arrests	17	12	5	0	0	0	0
Citations	1213	809	352	3	2	14	33
Rates	.	.	.	.	.	.	.
Stop rate	31.9	27.31	128.06	12.66	60	5.21	11.55
Stop rate, residents	2.27	2.22	4.59	2.53	0	.25	2.21
Search rate	.34	.26	.4	10	0	0	0
Contraband hit rate	16.67	33.33	0	0	.	.	.
Arrest rate	.97	1.02	1	0	0	0	0
Citation rate	69.16	69.09	70.12	30	66.67	66.67	70.21

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

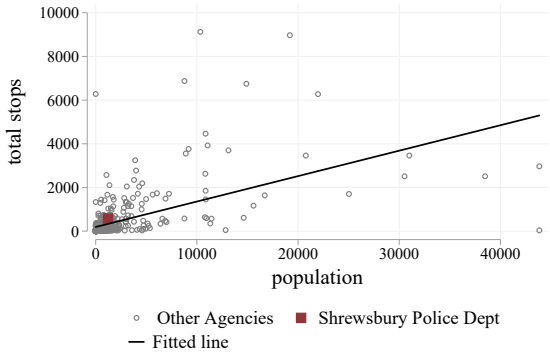
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Shrewsbury Police Dept

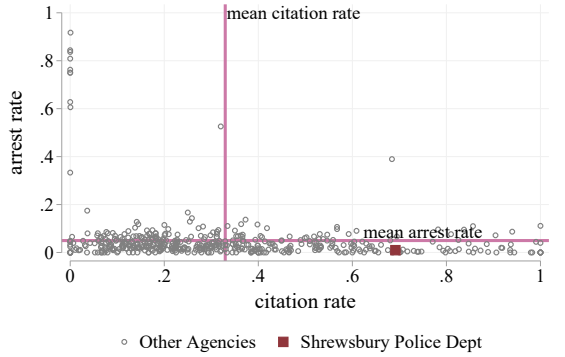
(a) Total stops



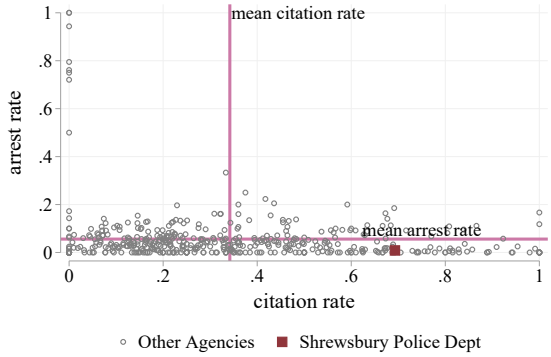
(b) Non-white total stops



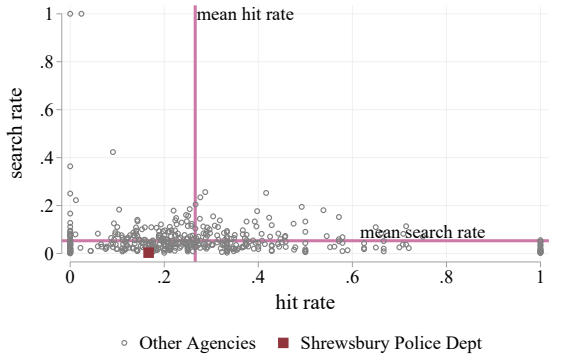
(c) Arrest and citation rate



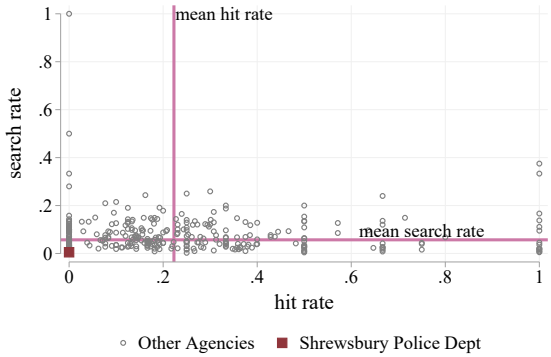
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

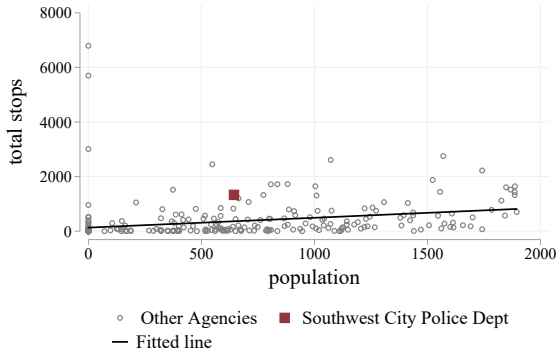
Arrests	99	81	0	14	1	1	2
Citations	727	469	15	192	16	17	18
Rates	.	.	.	.	.	.	.
Stop rate	206.52	450	.	76.66	81.82	.	9.78
Stop rate, residents	44.1	81.73	.	28.12	9.09	.	1.09
Search rate	7.37	7.69	0	7.61	0	0	14.81
Contraband hit rate	14.29	16.67	.	9.09	.	.	0
Arrest rate	7.44	8.65	0	4.84	3.7	3.85	7.41
Citation rate	54.66	50.11	60	66.44	59.26	65.38	66.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

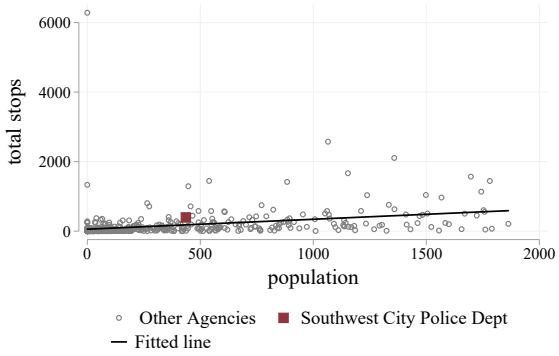
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Southwest City Police Dept

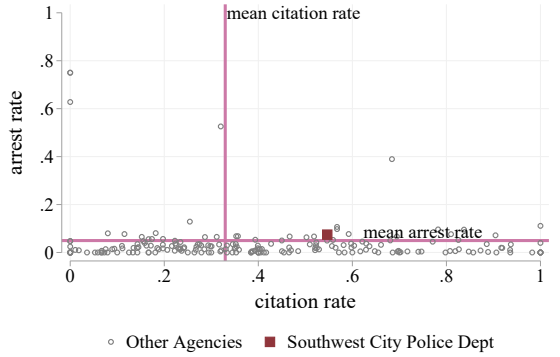
(a) Total stops



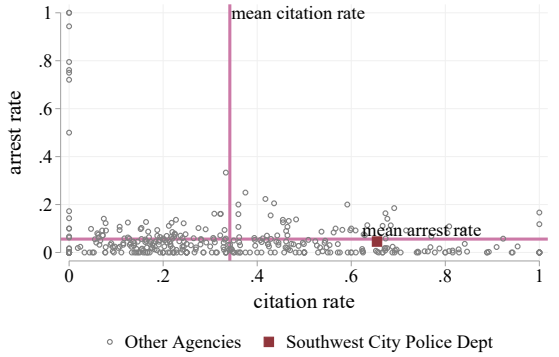
(b) Non-white total stops



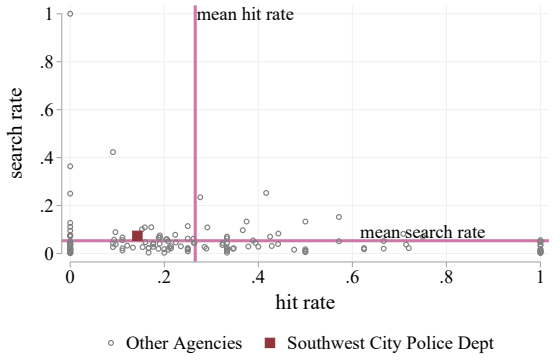
(c) Arrest and citation rate



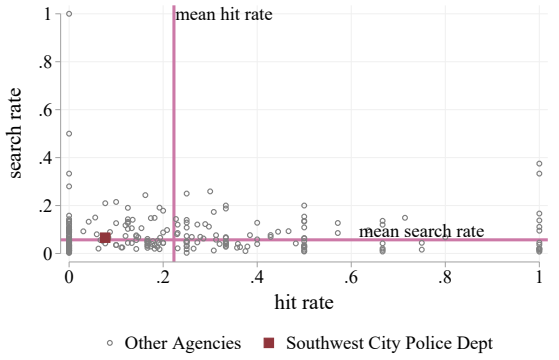
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

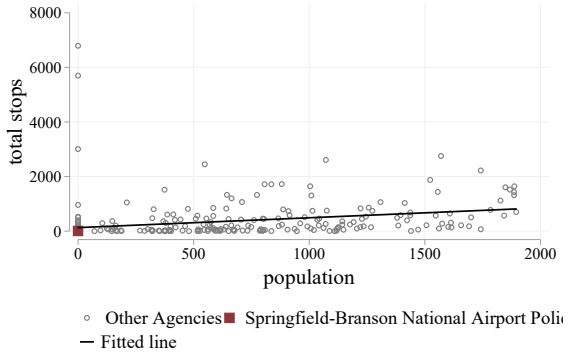
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	1	1	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	0	0	.	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	.	.	.	.	.
Citation rate	16.67	16.67	.	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

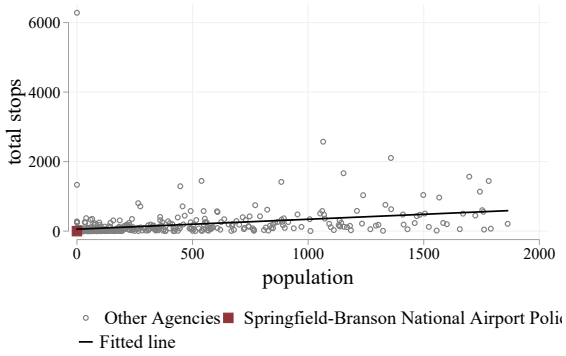
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Springfield-Branson National Airport Police

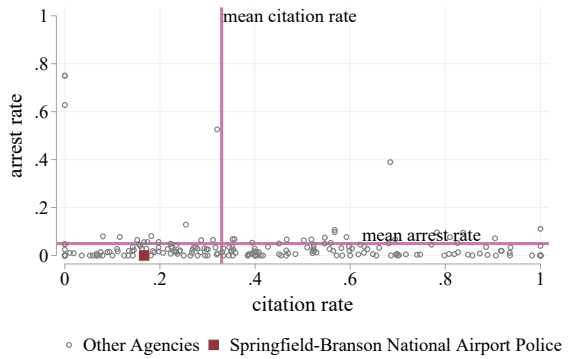
(a) Total stops



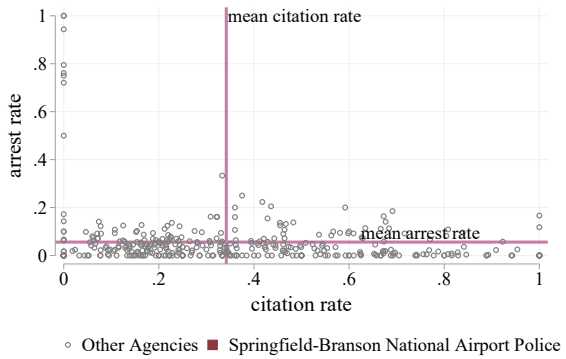
(b) Non-white total stops



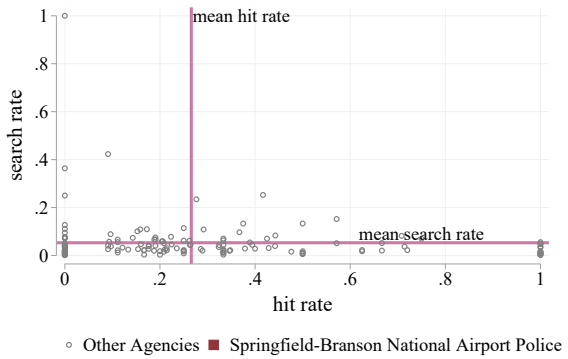
(c) Arrest and citation rate



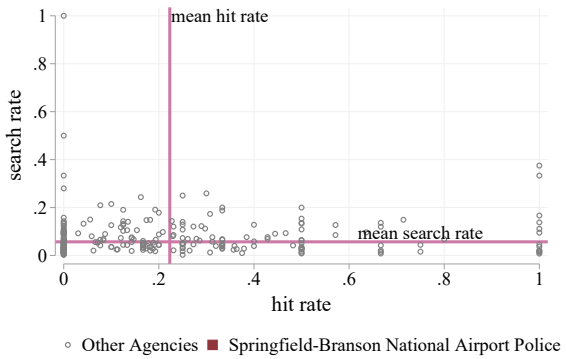
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
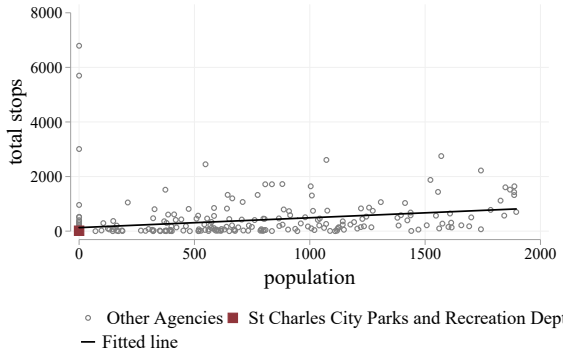
Citations	1	1	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	0	0	0	0	.	0	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	0	0	0	0	.	0	.
Citation rate	6.67	10	0	0	.	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

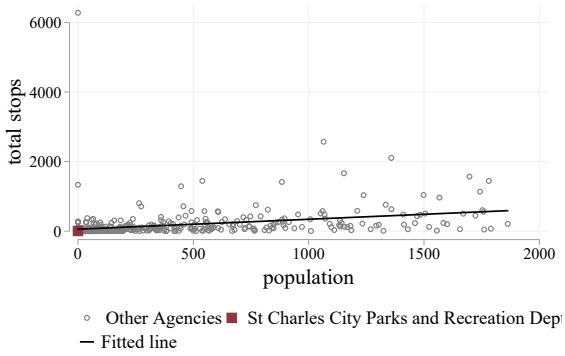
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for St Charles City Parks and Recreation Dept

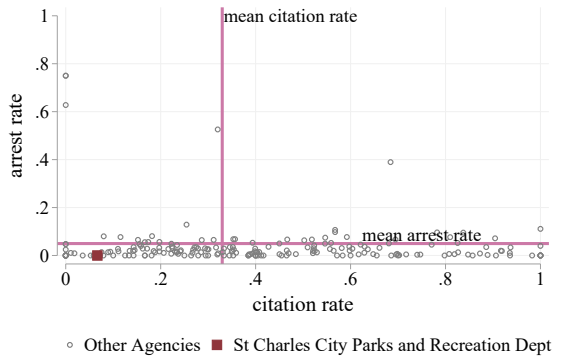
(a) Total stops



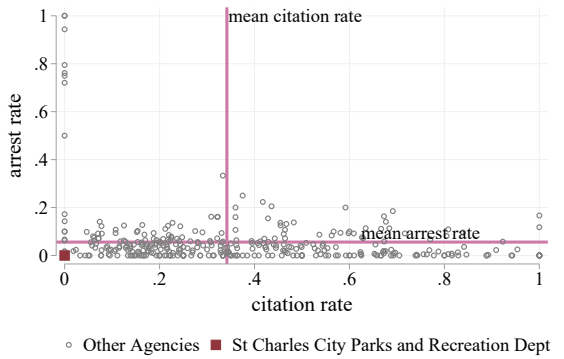
(b) Non-white total stops



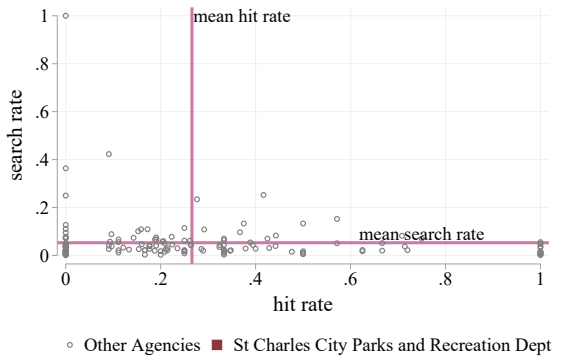
(c) Arrest and citation rate



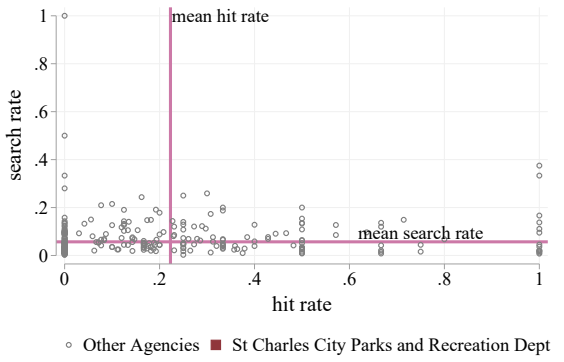
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

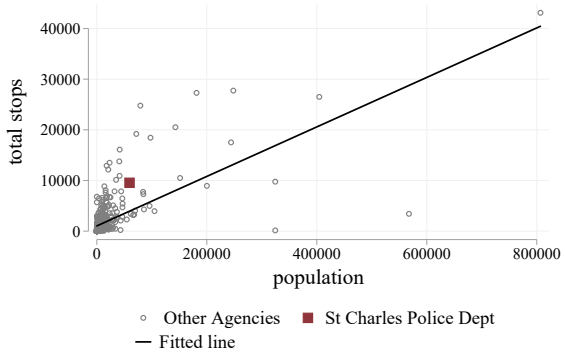
2020 Decennial pop.	57313	46280	4056	2755	83	1809	2330
2020 Decennial pop. %	100	80.75	7.08	4.81	.14	3.16	4.07
Totals	.	.	.	.	.	.	.
All stops	9545	5621	3261	165	9	93	396
Resident stops	3358	2478	629	74	2	38	137
Searches	570	312	235	15	1	0	7
Contraband	113	76	34	2	0	0	1
Arrests	506	285	205	12	0	0	4
Citations	4464	2568	1708	70	1	37	80
Rates	.	.	.	.	.	.	.
Stop rate	16.04	11.61	80.6	5.37	6.43	4.35	11.1
Stop rate, residents	5.64	5.12	15.55	2.41	1.43	1.78	3.84
Search rate	5.97	5.55	7.21	9.09	11.11	0	1.77
Contraband hit rate	19.82	24.36	14.47	13.33	0	.	14.29
Arrest rate	5.3	5.07	6.29	7.27	0	0	1.01
Citation rate	46.77	45.69	52.38	42.42	11.11	39.78	20.2

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

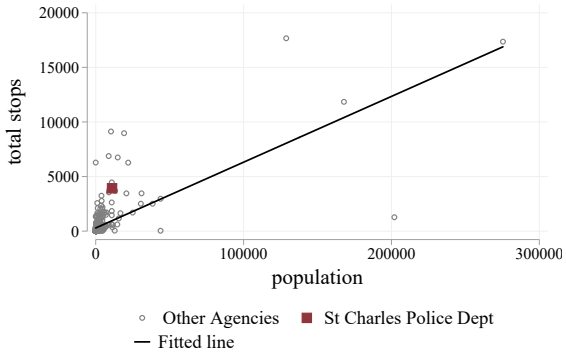
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for St Charles Police Dept

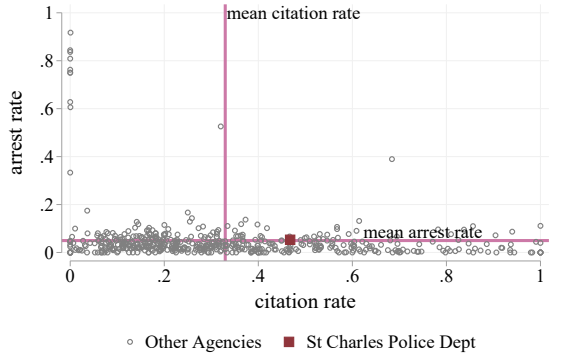
(a) Total stops



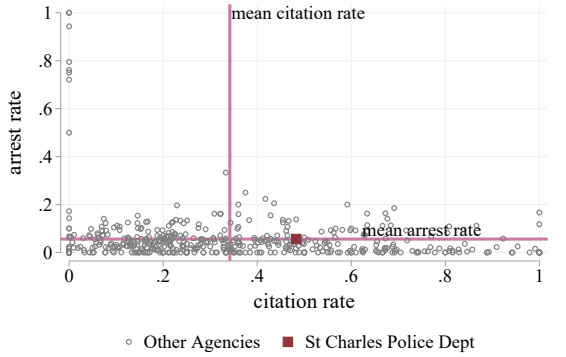
(b) Non-white total stops



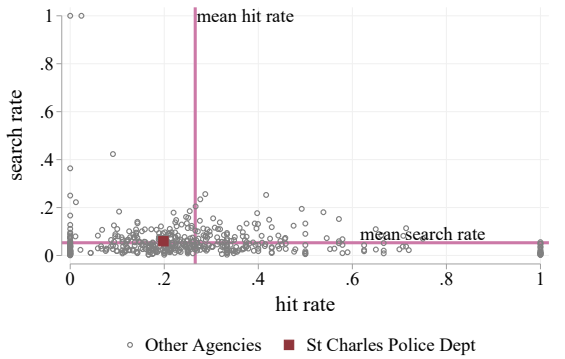
(c) Arrest and citation rate



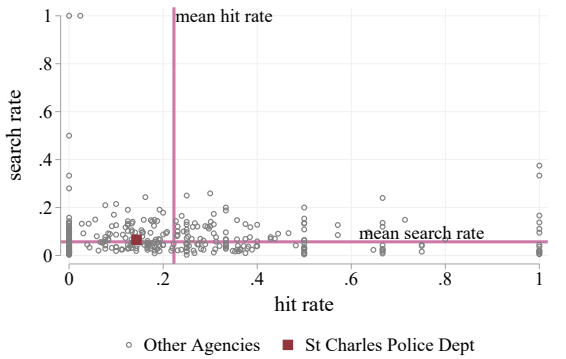
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

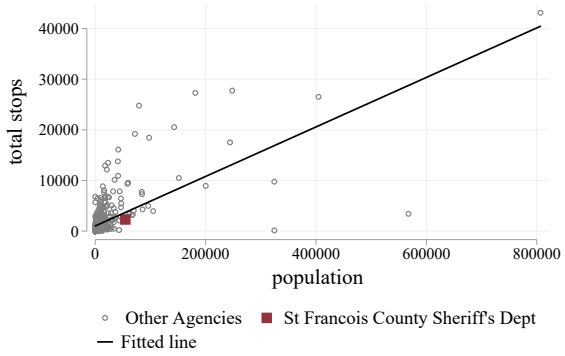
Arrests	230	224	4	1	0	0	1
Citations	24	23	0	0	0	1	0
Rates	.	.	.	.	.	.	.
Stop rate	4.23	4.41	5.29	3.35	0	.7	.17
Stop rate, residents	2.76	3.02	1.19	0	0	0	0
Search rate	13.13	13.39	6.86	9.09	.	50	50
Contraband hit rate	39.93	40.34	28.57	33.33	.	0	50
Arrest rate	9.97	10.34	3.92	3.03	.	0	25
Citation rate	1.04	1.06	0	0	.	50	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

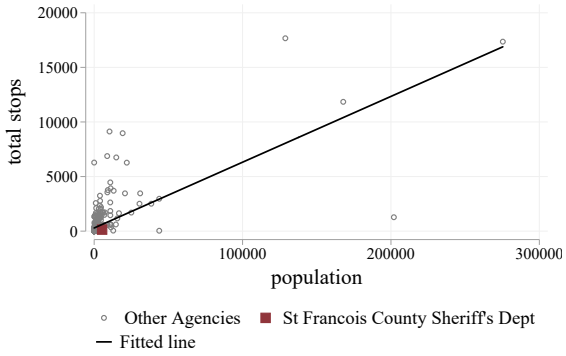
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for St Francois County Sheriff's Dept

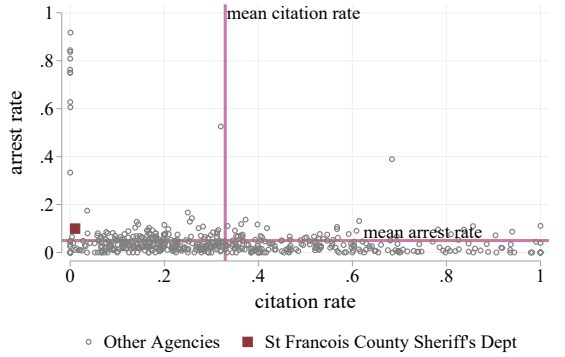
(a) Total stops



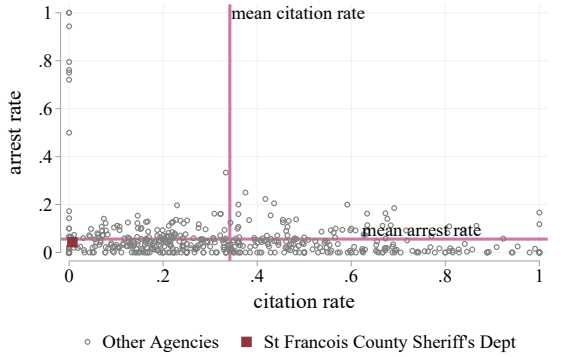
(b) Non-white total stops



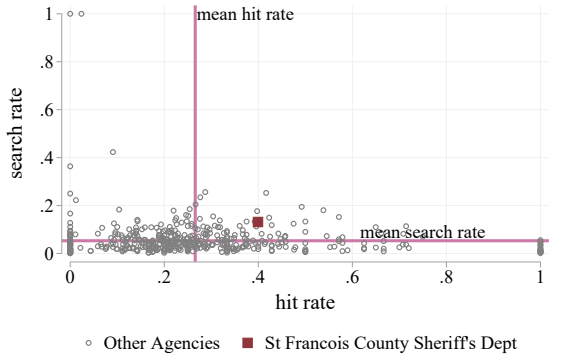
(c) Arrest and citation rate



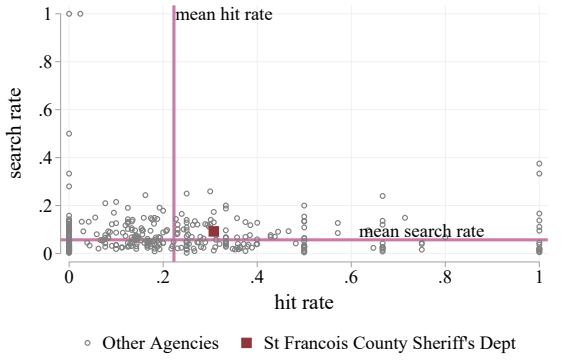
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

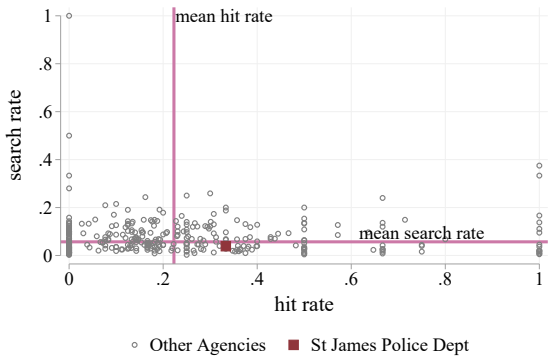
(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

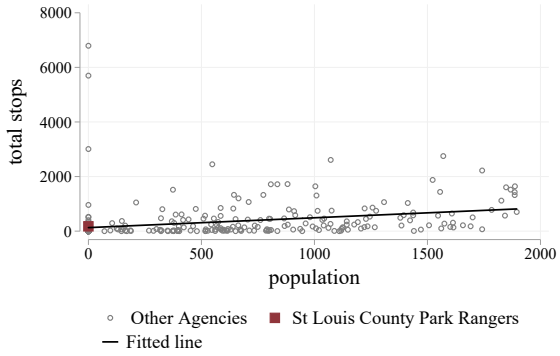
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	.57	.92	0	0	0	0	0
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	1.14	.92	2.56	0	0	0	0
Citation rate	26.7	22.02	23.08	44.44	100	87.5	20

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

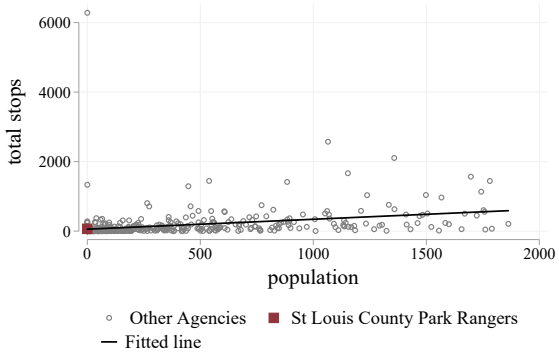
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for St Louis County Park Rangers

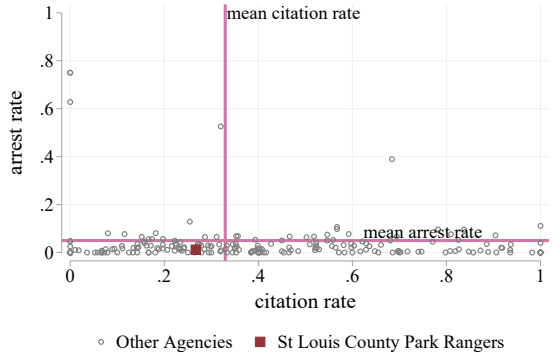
(a) Total stops



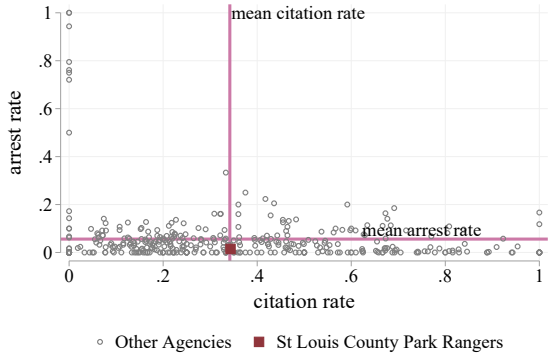
(b) Non-white total stops



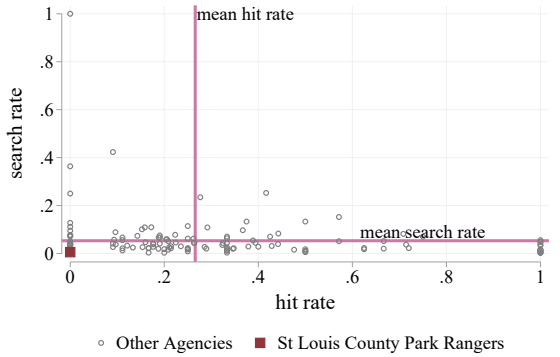
(c) Arrest and citation rate



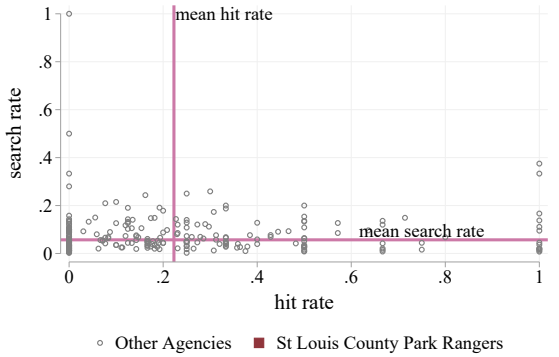
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

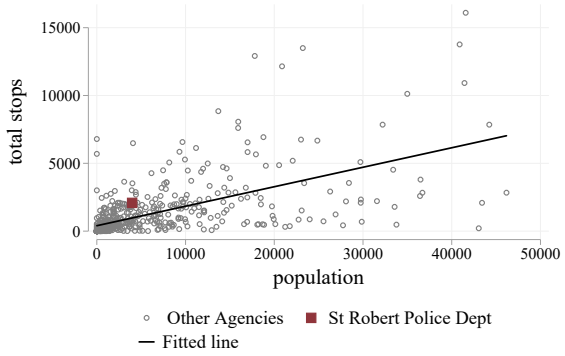
Contraband hit rate	36.67	40	35.29	16.67	.	.	50
Arrest rate	3.55	3.1	5.18	3.67	0	0	3.7
Citation rate	19.29	17.07	23.2	29.36	0	27.27	24.07

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

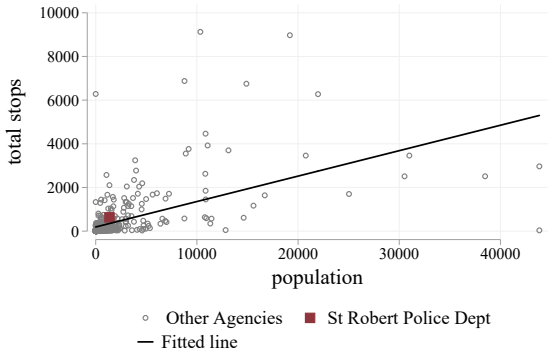
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for St Robert Police Dept

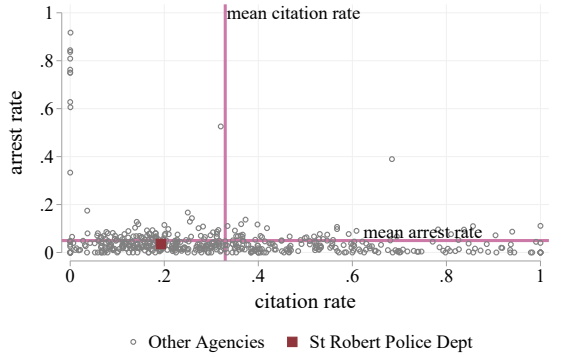
(a) Total stops



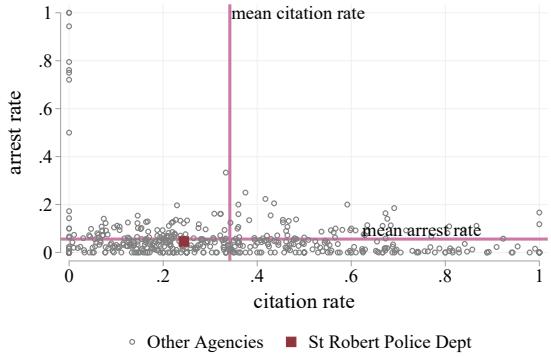
(b) Non-white total stops



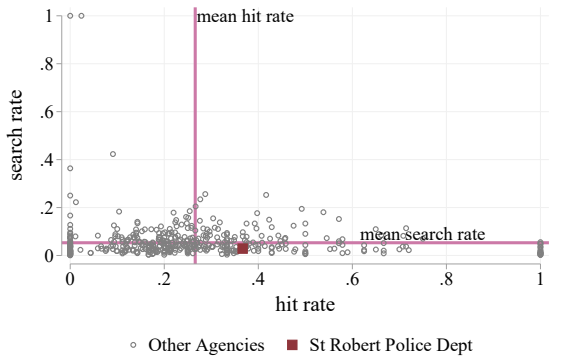
(c) Arrest and citation rate



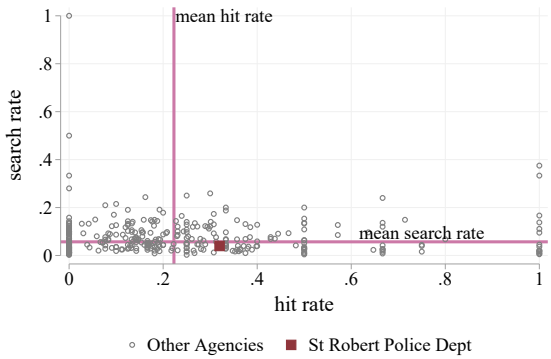
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

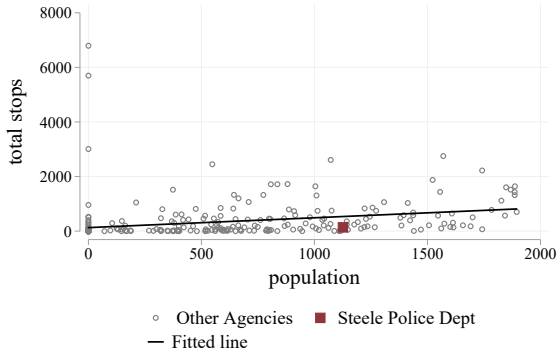
2020 Decennial pop.	1379	1038	229	31	5	13	63
2020 Decennial pop. %	100	75.27	16.61	2.25	.36	.94	4.57
Totals	.	.	.	.	.	.	.
All stops	138	91	46	1	0	0	0
Resident stops	106	70	35	1	0	0	0
Searches	21	14	7	0	0	0	0
Contraband	12	7	5	0	0	0	0
Arrests	4	2	2	0	0	0	0
Citations	46	29	17	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	12.26	10.09	24.08	25	.	.	0
Stop rate, residents	9.41	7.76	18.32	25	.	.	0
Search rate	15.22	15.38	15.22	0	.	.	.
Contraband hit rate	57.14	50	71.43	.	.	.	.
Arrest rate	2.9	2.2	4.35	0	.	.	.
Citation rate	33.33	31.87	36.96	0	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

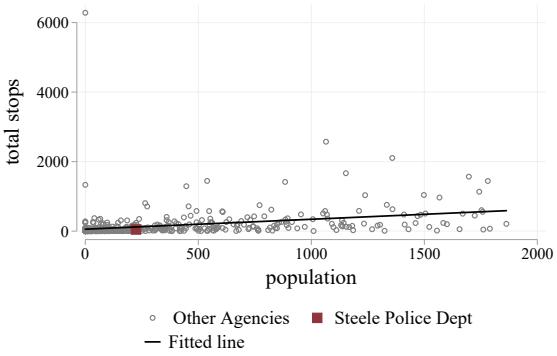
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Steele Police Dept

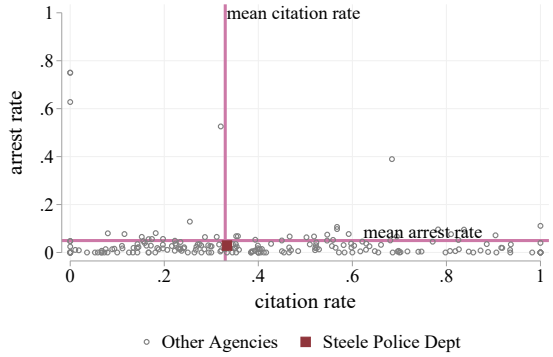
(a) Total stops



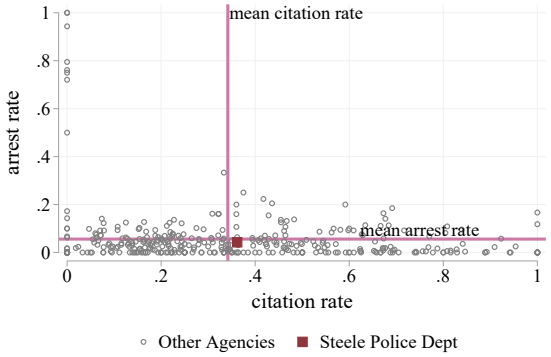
(b) Non-white total stops



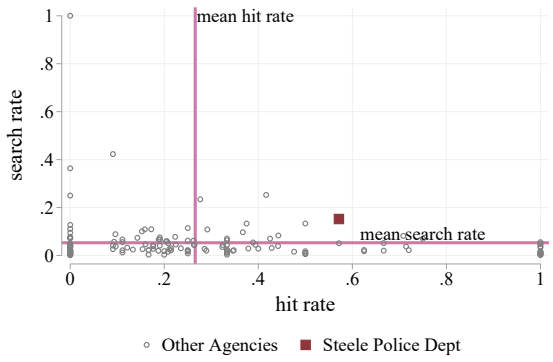
(c) Arrest and citation rate



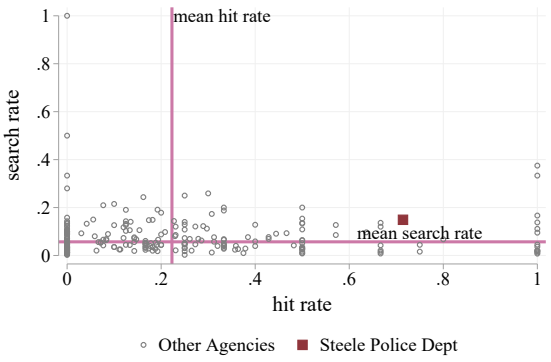
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

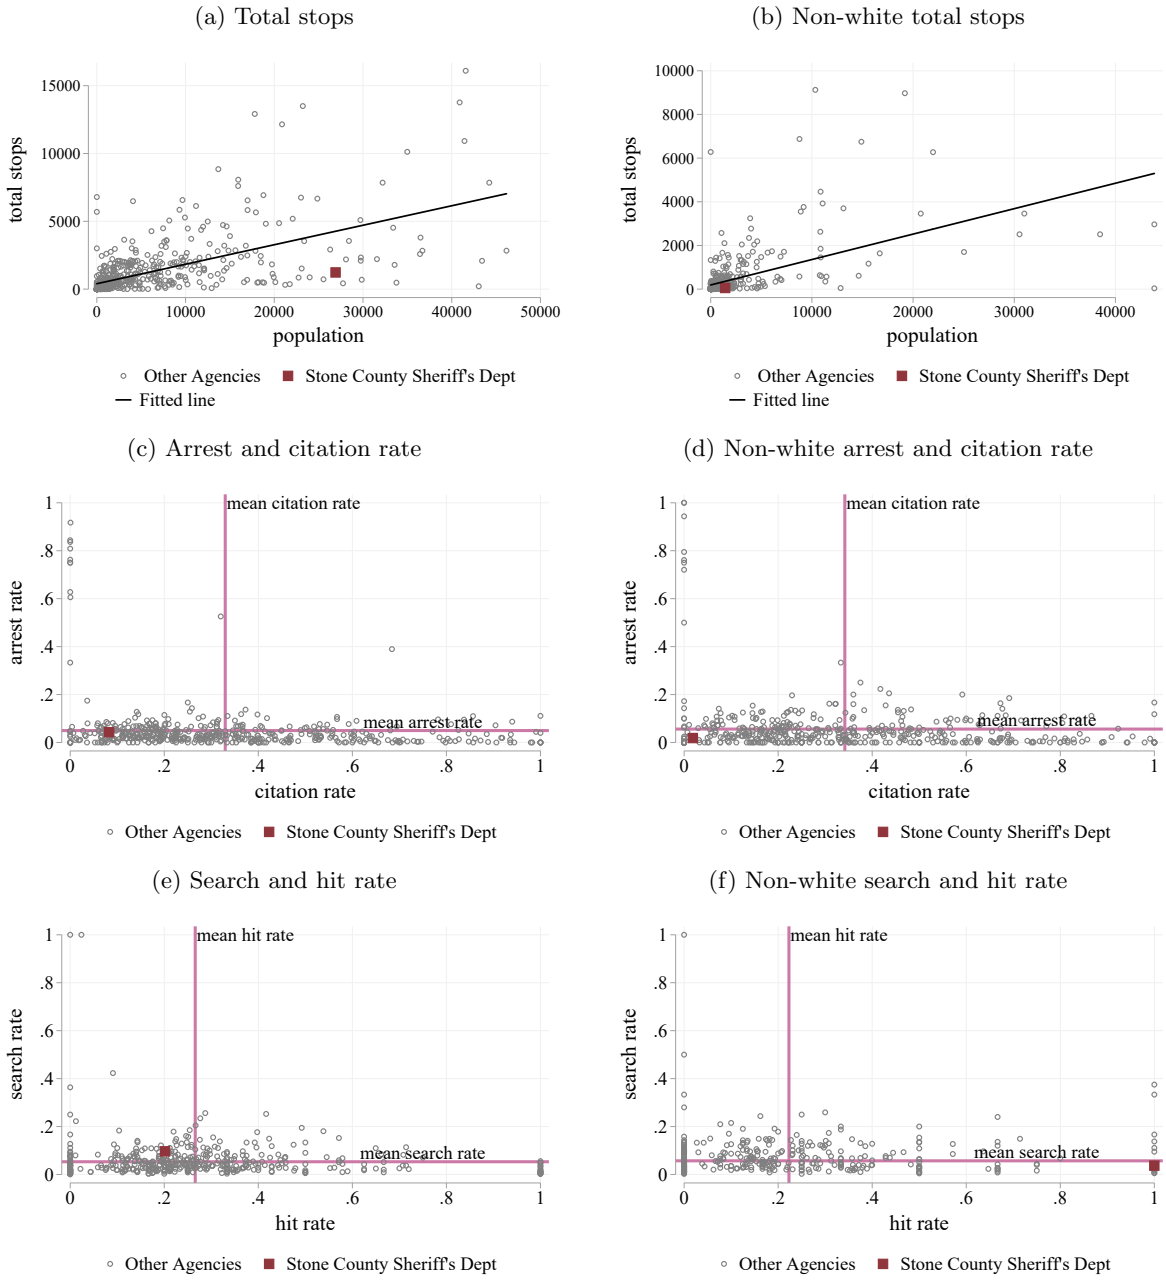
Arrests	53	52	1	0	0	0	0
Citations	102	101	1	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	4.58	4.62	22.81	5.33	3.51	6.33	.4
Stop rate, residents	2.54	2.63	5.26	1.24	3.51	2.53	0
Search rate	9.66	9.93	7.69	3.33	0	0	0
Contraband hit rate	20.17	18.8	100	100	.	.	.
Arrest rate	4.3	4.41	7.69	0	0	0	0
Citation rate	8.28	8.57	7.69	0	0	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Stone County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

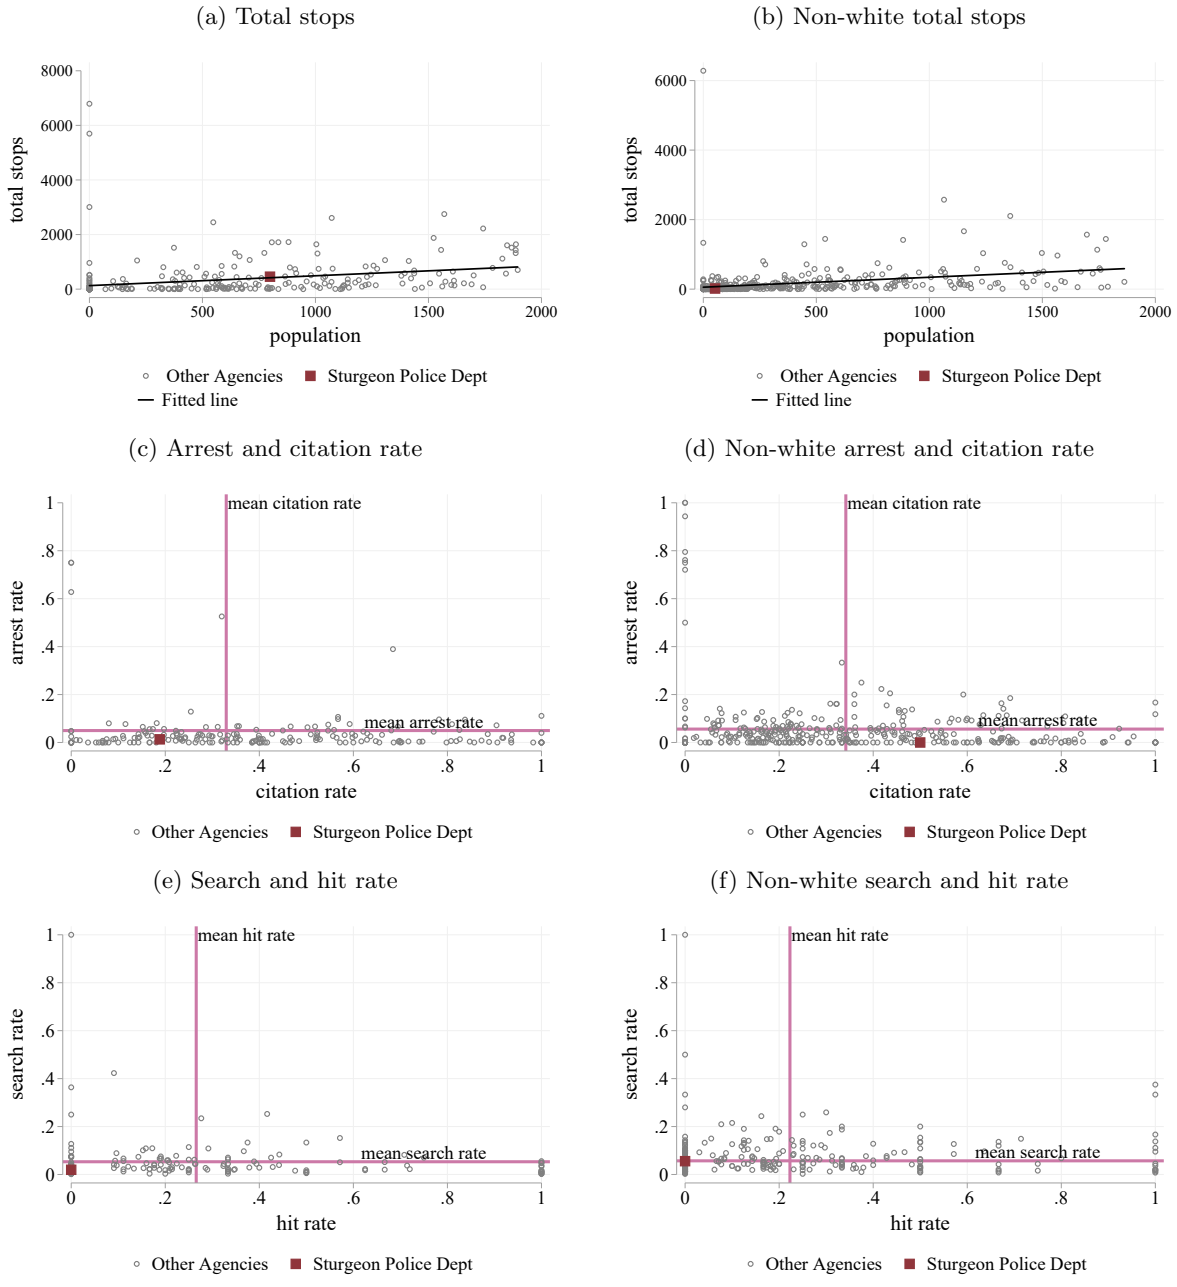
Searches	9	8	0	1	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	6	6	0	0	0	0	0
Citations	86	77	5	4	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	57.2	58.77	333.33	233.33	0	.	0
Stop rate, residents	19.4	20.48	33.33	33.33	0	.	0
Search rate	1.97	1.82	0	14.29	.	0	.
Contraband hit rate	0	0	.	0	.	.	.
Arrest rate	1.31	1.37	0	0	.	0	.
Citation rate	18.82	17.54	50	57.14	.	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Sturgeon Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
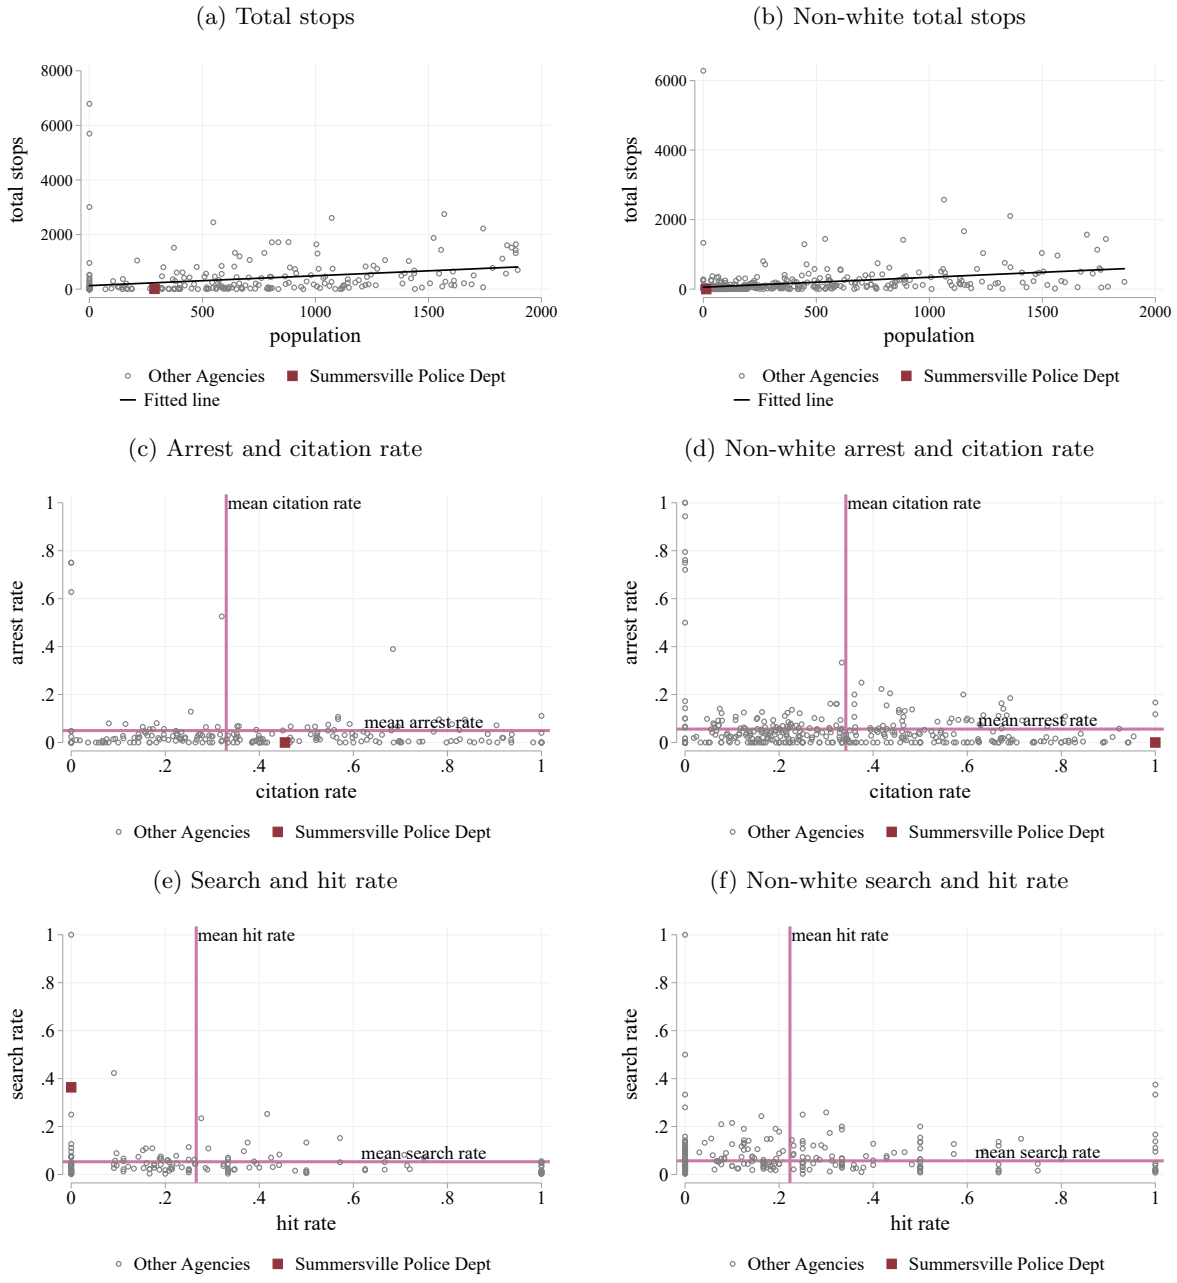
2022 ACS pop.	288	275	0	0	0	2	11
2022 ACS pop. %	100	95.49	0	0	0	.69	3.82
2020 Decennial pop.	338	321	0	4	2	1	10
2020 Decennial pop. %	100	94.97	0	1.18	.59	.3	2.96
Totals	.	.	.	.	.	.	.
All stops	11	10	1	0	0	0	0
Resident stops	8	8	0	0	0	0	0
Searches	4	4	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	5	3	2	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	3.82	3.64	.	.	.	0	0
Stop rate, residents	2.78	2.91	.	.	.	0	0
Search rate	36.36	40	0	.	.	.	.
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	0	0	0	.	.	.	.
Citation rate	45.45	30	200	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Summersville Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

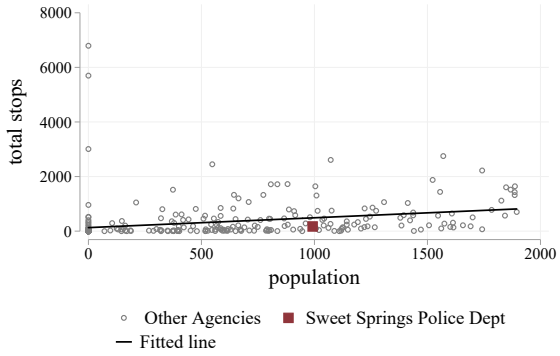
2020 Decennial pop.	1031	952	16	14	.	9	38
2020 Decennial pop. %	100	92.34	1.55	1.36	.	.87	3.69
Totals	.	.	.	.	.	.	.
All stops	171	163	7	1	.	0	0
Resident stops	74	73	1	0	.	0	0
Searches	12	9	2	1	.	0	0
Contraband	9	6	2	1	.	0	0
Arrests	11	9	2	0	.	0	0
Citations	49	46	2	1	.	0	0
Rates	.	.	.	.	.	.	.
Stop rate	17.24	17.4	58.33	7.69	.	.	0
Stop rate, residents	7.46	7.79	8.33	0	.	.	0
Search rate	7.02	5.52	28.57	100	.	.	.
Contraband hit rate	75	66.67	100	100	.	.	.
Arrest rate	6.43	5.52	28.57	0	.	.	.
Citation rate	28.65	28.22	28.57	100	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

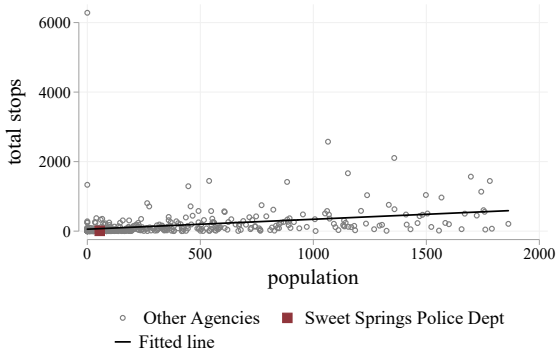
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Sweet Springs Police Dept

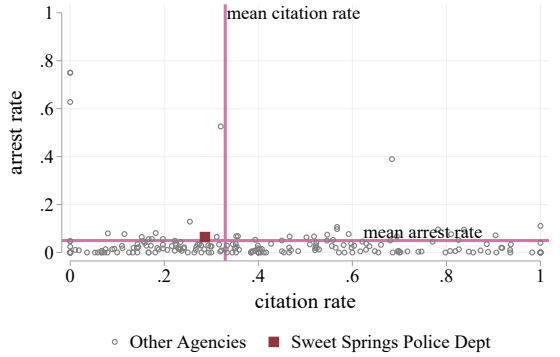
(a) Total stops



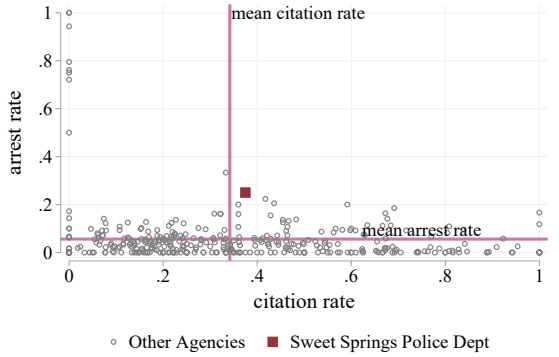
(b) Non-white total stops



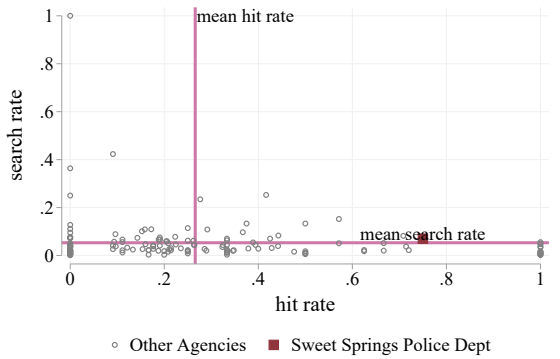
(c) Arrest and citation rate



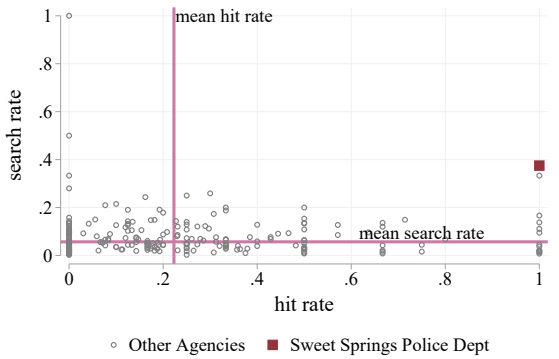
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

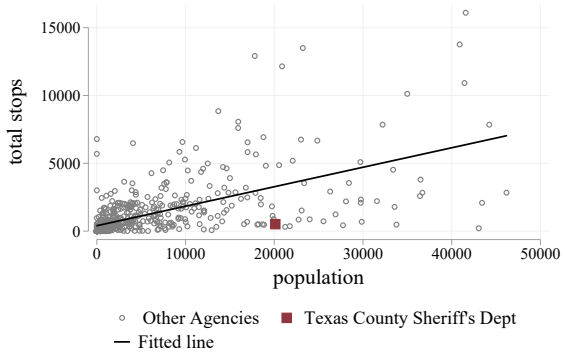
Searches	33	30	1	2	0	0	0
Contraband	4	3	1	0	0	0	0
Arrests	66	65	0	1	0	0	0
Citations	73	68	1	2	0	1	1
Rates	.	.	.	.	.	.	.
Stop rate	2.56	2.68	1.79	2.25	.6	4.26	.5
Stop rate, residents	1.65	1.77	.65	.9	0	1.06	.2
Search rate	6.4	6.19	9.09	20	0	0	0
Contraband hit rate	12.12	10	100	0	.	.	.
Arrest rate	12.79	13.4	0	10	0	0	0
Citation rate	14.15	14.02	9.09	20	0	25	20

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

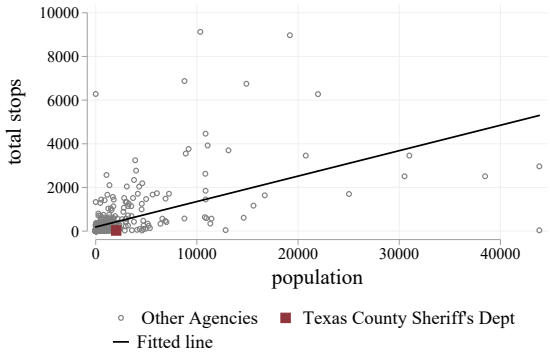
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Texas County Sheriff's Dept

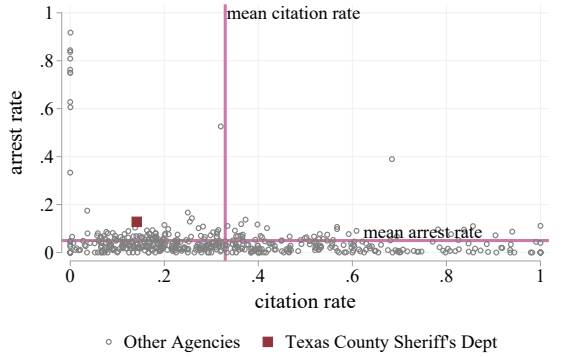
(a) Total stops



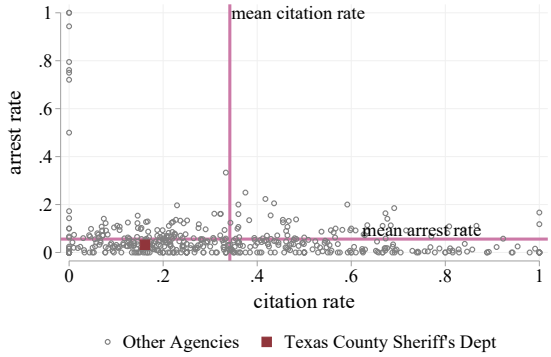
(b) Non-white total stops



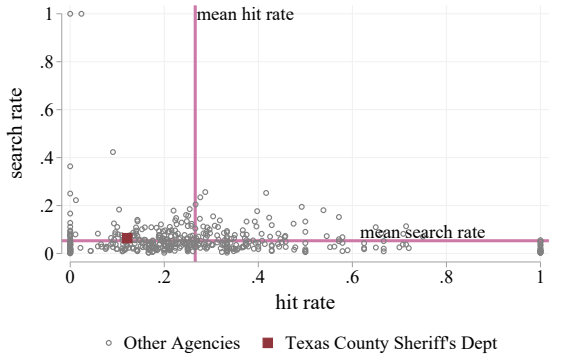
(c) Arrest and citation rate



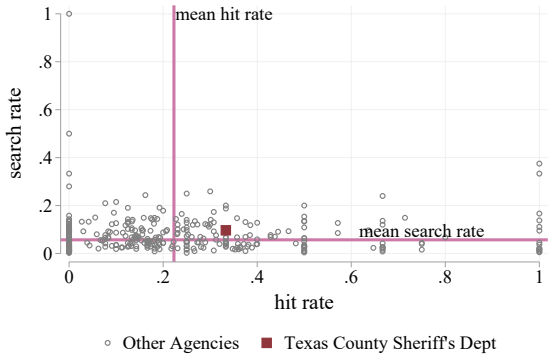
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

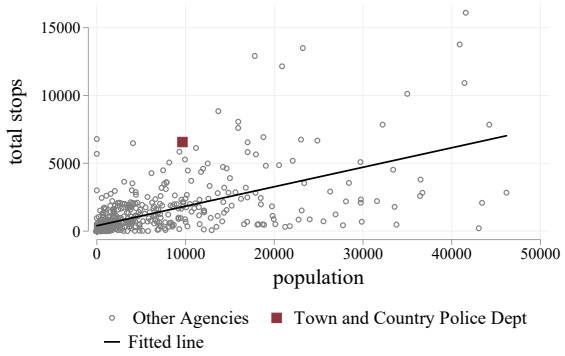
Searches	92	60	27	4	0	1	0
Contraband	17	15	2	0	0	0	0
Arrests	177	109	63	3	0	2	0
Citations	2008	1366	597	7	7	29	2
Rates	.	.	.	.	.	.	.
Stop rate	68.07	62.88	640.45	22.52	366.67	9.63	2.68
Stop rate, residents	4.42	4.99	8.64	.9	33.33	.75	0
Search rate	1.4	1.2	1.92	16	0	.97	0
Contraband hit rate	18.48	25	7.41	0	.	0	.
Arrest rate	2.69	2.18	4.47	12	0	1.94	0
Citation rate	30.56	27.31	42.37	28	31.82	28.16	22.22

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

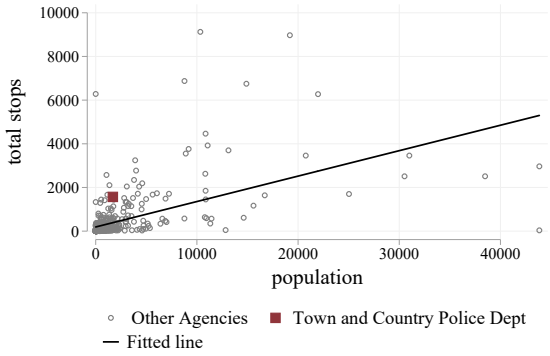
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Town and Country Police Dept

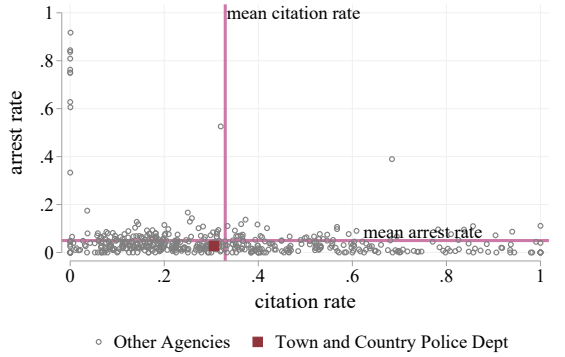
(a) Total stops



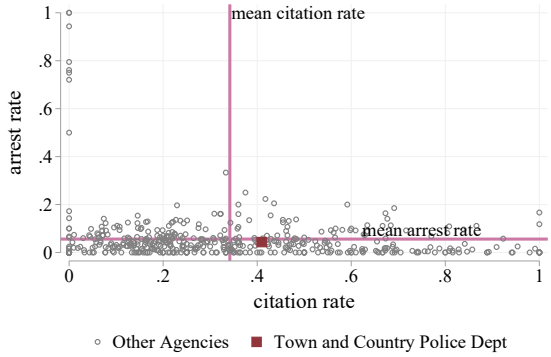
(b) Non-white total stops



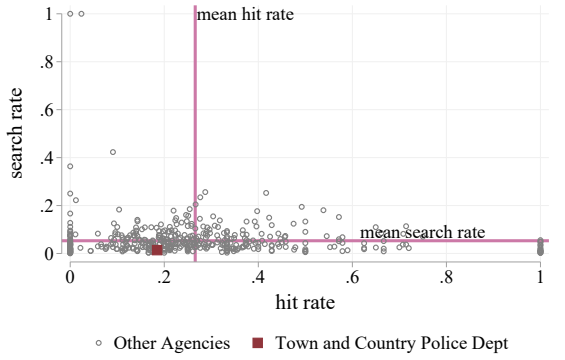
(c) Arrest and citation rate



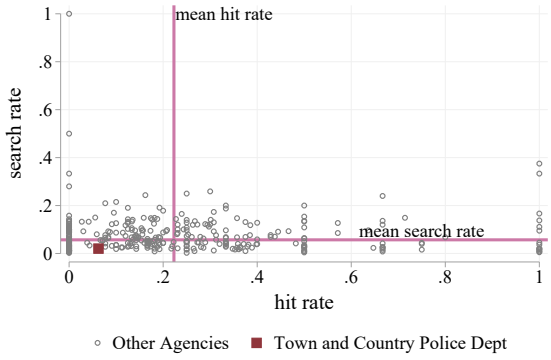
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

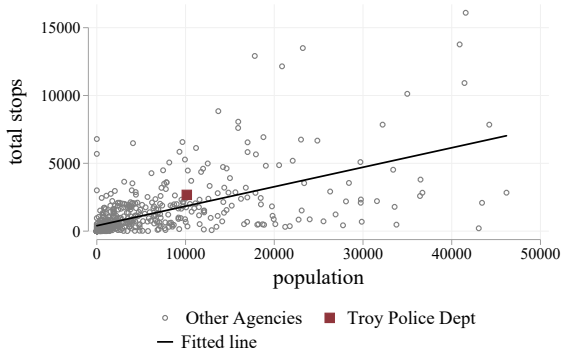
Arrests	160	146	10	2	0	0	2
Citations	486	434	33	11	0	0	8
Rates	.	.	.	.	.	.	.
Stop rate	26.36	24.99	77.46	22.88	0	9.3	18.35
Stop rate, residents	9.76	9.29	28.69	10.13	0	4.65	4.11
Search rate	3.4	3.49	2.65	2.86	.	0	3.45
Contraband hit rate	37.36	37.8	20	50	.	.	50
Arrest rate	5.99	6.21	5.29	2.86	.	0	3.45
Citation rate	18.18	18.45	17.46	15.71	.	0	13.79

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

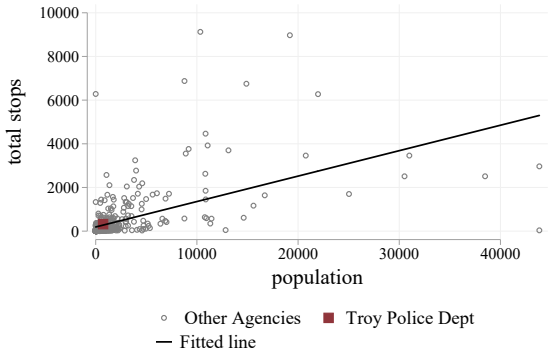
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Troy Police Dept

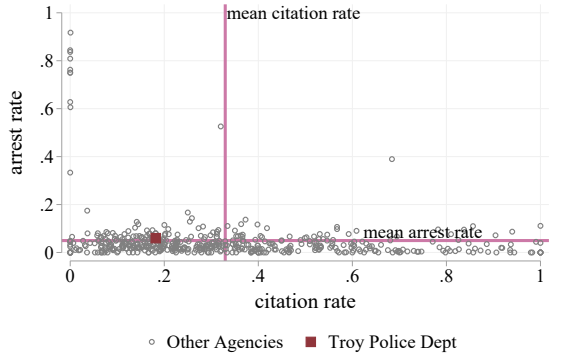
(a) Total stops



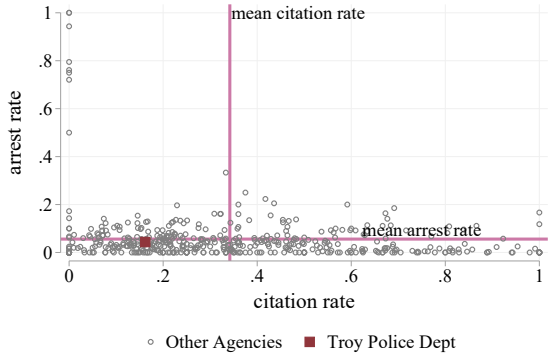
(b) Non-white total stops



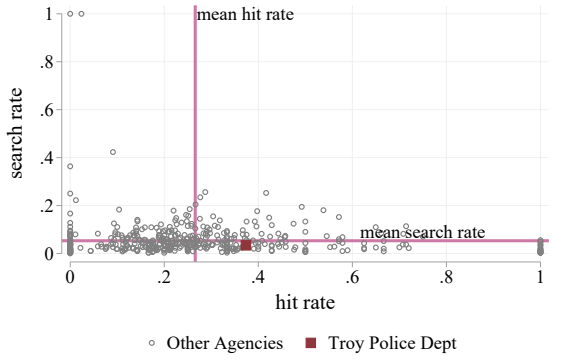
(c) Arrest and citation rate



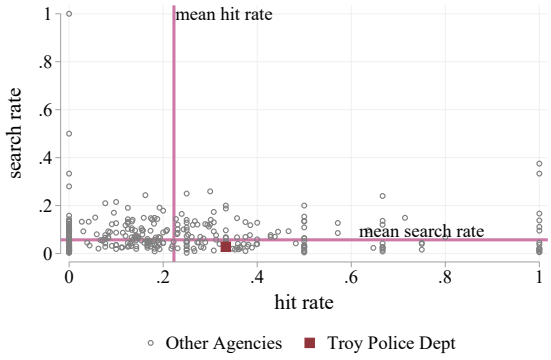
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

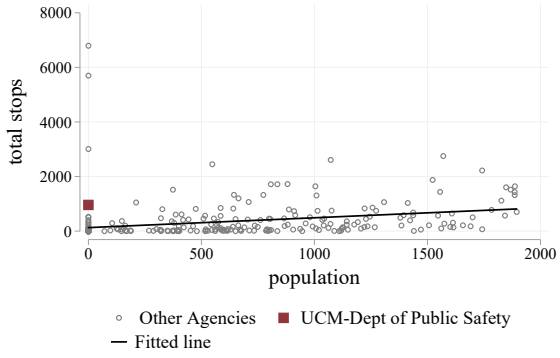
Arrests	42	25	14	3	0	0	0
Citations	225	157	53	8	0	6	1
Rates	.	.	.	.	.	.	.
Stop rate	.	.	.	.	.	.	.
Stop rate, residents	.	.	.	.	.	.	.
Search rate	3.54	3.54	4.29	3.03	0	0	0
Contraband hit rate	32.35	41.67	11.11	0	.	.	.
Arrest rate	4.37	3.69	6.67	9.09	0	0	0
Citation rate	23.44	23.16	25.24	24.24	0	25	7.14

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

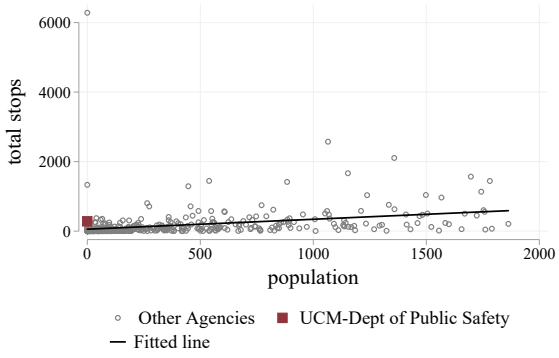
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for UCM-Dept of Public Safety

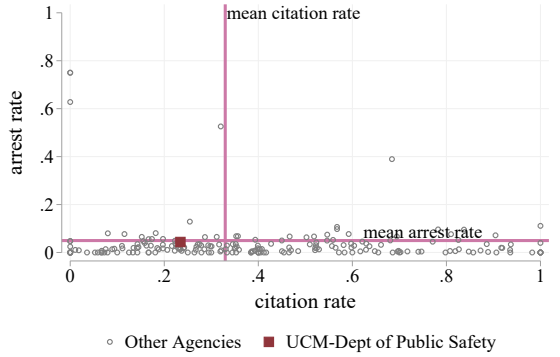
(a) Total stops



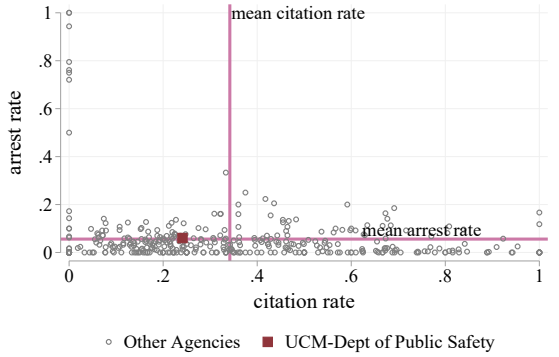
(b) Non-white total stops



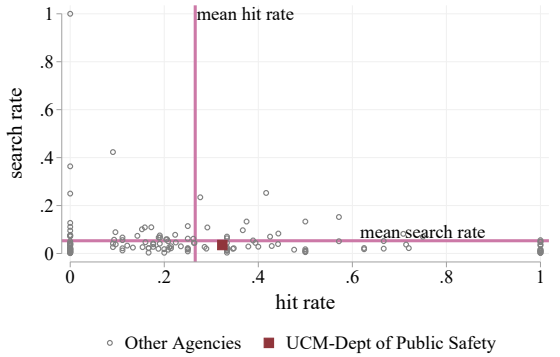
(c) Arrest and citation rate



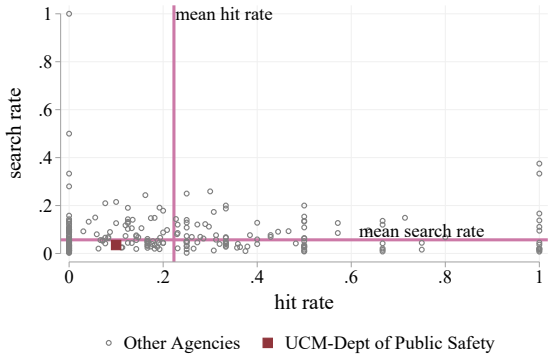
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

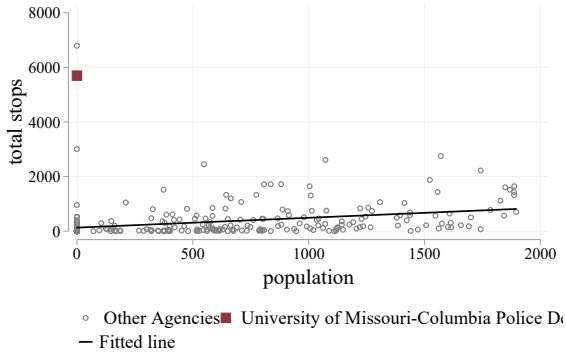
Search rate	3.93	3.85	5.12	4.84	0	1.55	1.69
Contraband hit rate	44.2	42.86	41.67	66.67	.	100	100
Arrest rate	5.63	5.22	8.75	6.45	0	3.1	1.69
Citation rate	17.38	16.96	20.6	14.52	7.14	13.18	16.38

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

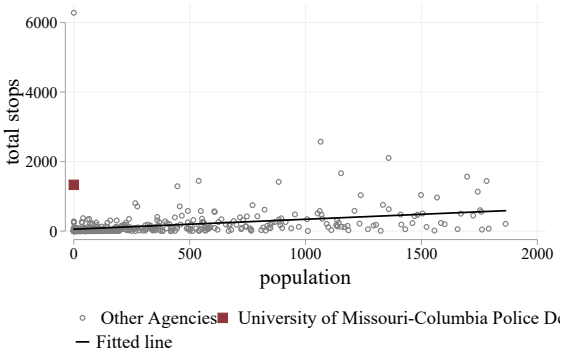
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for University of Missouri-Columbia Police Dept

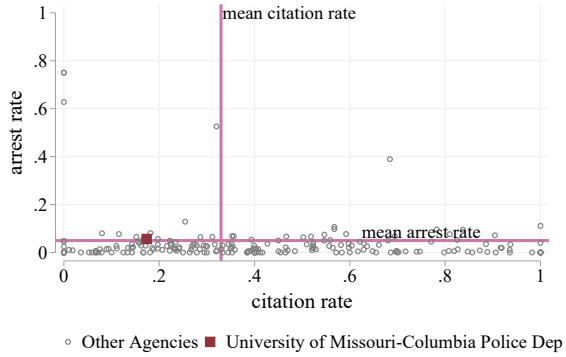
(a) Total stops



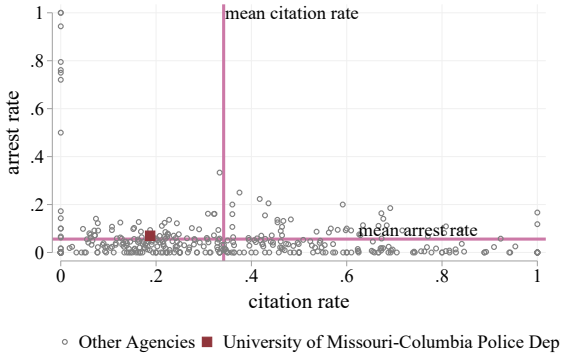
(b) Non-white total stops



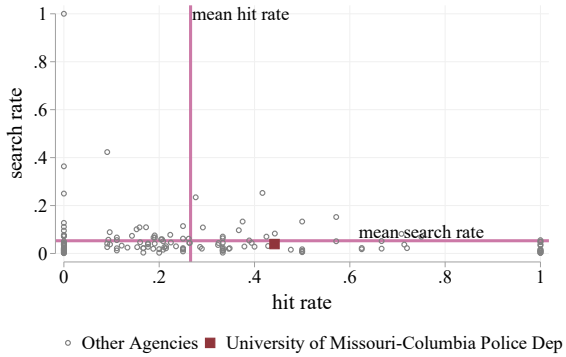
(c) Arrest and citation rate



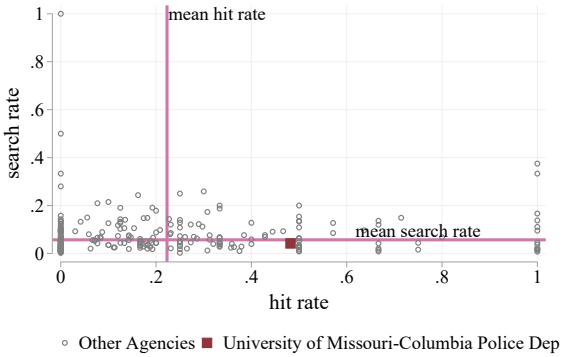
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

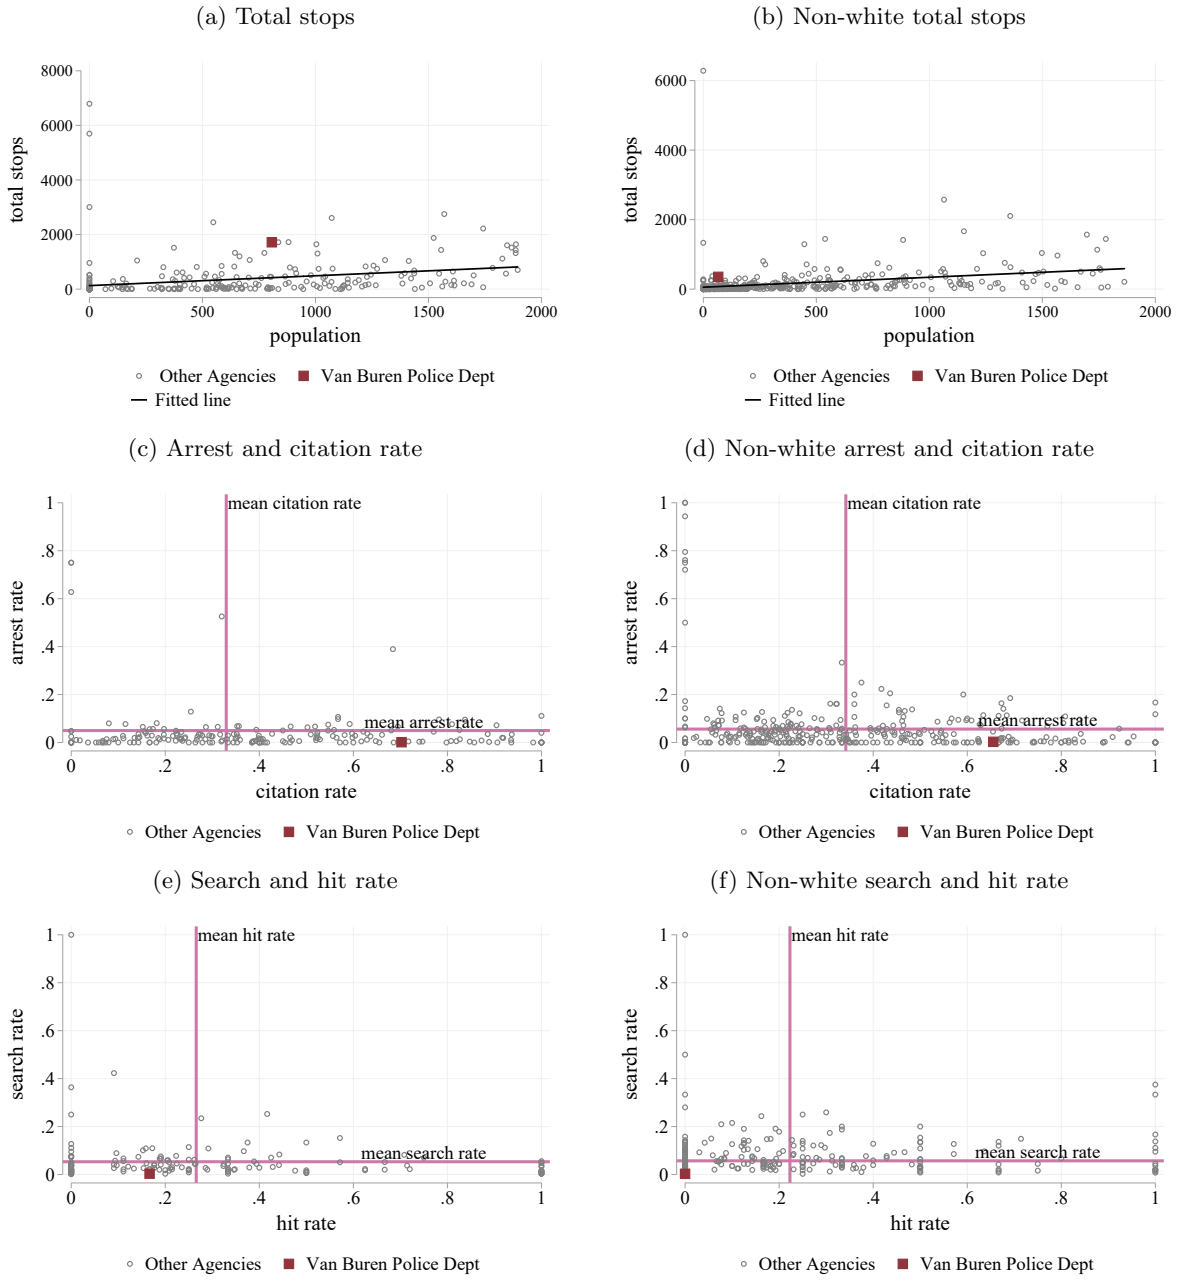
2020 Decennial pop. %	100	93.88	.52	.7	.17	.17	4.55
Totals	.	.	.	.	.	.	.
All stops	1717	1363	129	92	43	44	46
Resident stops	84	82	1	1	0	0	0
Searches	6	5	1	0	0	0	0
Contraband	1	1	0	0	0	0	0
Arrests	2	1	1	0	0	0	0
Citations	1206	974	87	66	25	26	28
Rates	.	.	.	.	.	.	.
Stop rate	212.76	183.94	6450	.	.	.	71.88
Stop rate, residents	10.41	11.07	50	.	.	.	0
Search rate	.35	.37	.78	0	0	0	0
Contraband hit rate	16.67	20	0	.	.	.	.
Arrest rate	.12	.07	.78	0	0	0	0
Citation rate	70.24	71.46	67.44	71.74	58.14	59.09	60.87

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Van Buren Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

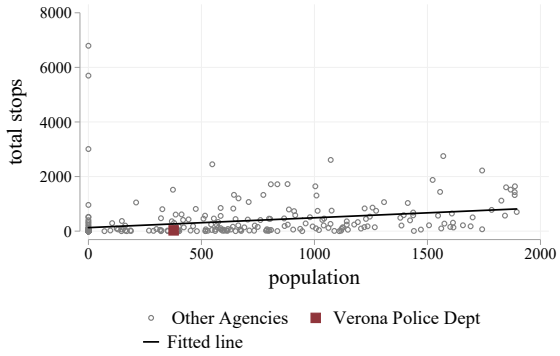
2022 ACS pop. %	100	57.29	0	38.73	.27	.27	27.85
2020 Decennial pop.	343	223	1	104	2	0	13
2020 Decennial pop. %	100	65.01	.29	30.32	.58	0	3.79
Totals	.	.	.	.	.	.	.
All stops	28	23	0	5	0	0	0
Resident stops	11	8	0	3	0	0	0
Searches	2	2	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	0	0	0	0	0	0	0
Citations	16	12	0	4	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	7.43	10.65	.	3.42	0	0	0
Stop rate, residents	2.92	3.7	.	2.05	0	0	0
Search rate	7.14	8.7	.	0	.	.	.
Contraband hit rate	0	0	.	.	.	.	.
Arrest rate	0	0	.	0	.	.	.
Citation rate	57.14	52.17	.	80	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

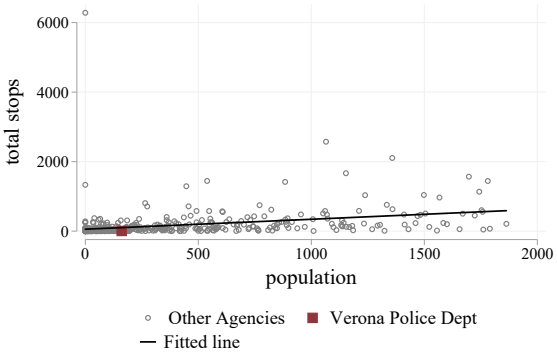
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Verona Police Dept

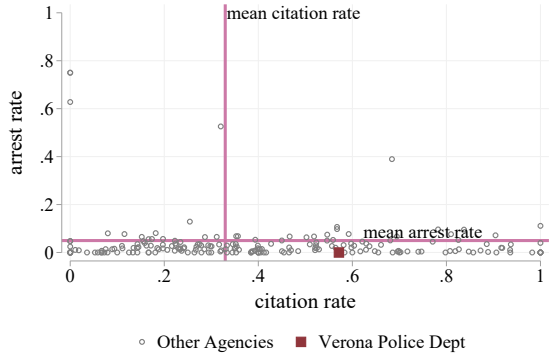
(a) Total stops



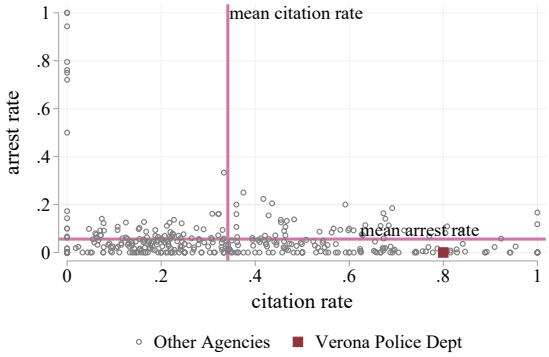
(b) Non-white total stops



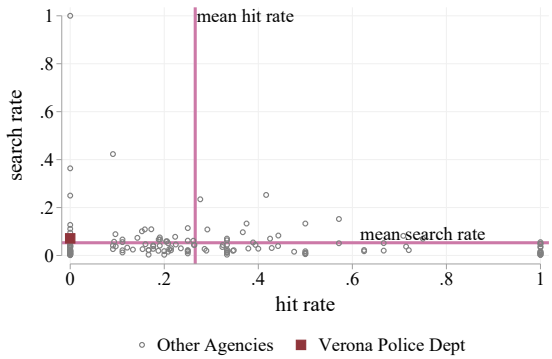
(c) Arrest and citation rate



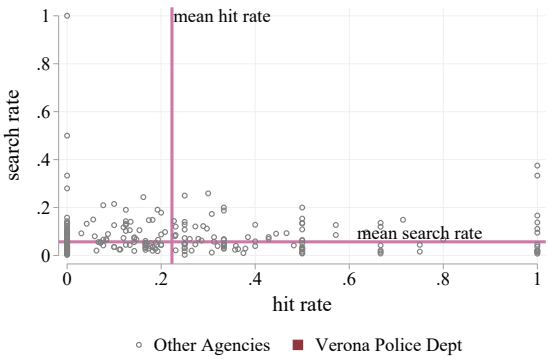
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Notes: Data reported by the agency to the Attorney General's Office covering traffic stops in 2023.

2.475 Vienna Police Dept

Table 1: Rates by Race for Vienna Police Dept

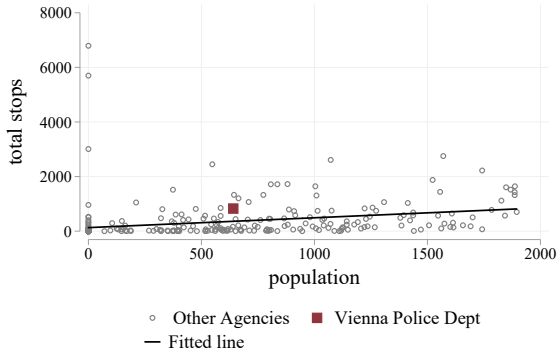
	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	641	580	1	0	41	0	19
2022 ACS pop. %	100	90.48	.16	0	6.4	0	2.96
2020 Decennial pop.	468	427	1	15	1	3	21
2020 Decennial pop. %	100	91.24	.21	3.21	.21	.64	4.49
Totals	.	.	.	.	.	.	.
All stops	827	710	59	33	1	8	16
Resident stops	11	11	0	0	0	0	0
Searches	18	10	6	1	1	0	0
Contraband	2	2	0	0	0	0	0
Arrests	12	6	4	1	1	0	0
Citations	337	288	17	15	1	6	10
Rates	.	.	.	.	.	.	.
Stop rate	129.02	122.41	5900	.	2.44	.	84.21
Stop rate, residents	1.72	1.9	0	.	0	.	0
Search rate	2.18	1.41	10.17	3.03	100	0	0
Contraband hit rate	11.11	20	0	0	0	.	.
Arrest rate	1.45	.85	6.78	3.03	100	0	0
Citation rate	40.75	40.56	28.81	45.45	100	75	62.5

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

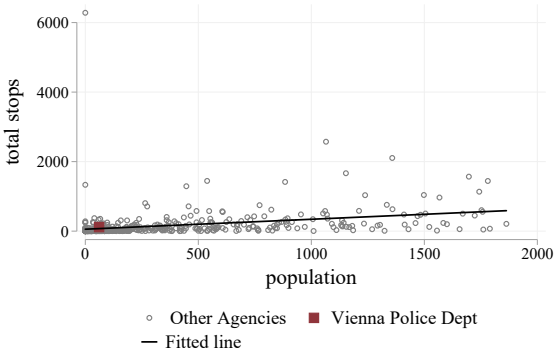
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Vienna Police Dept

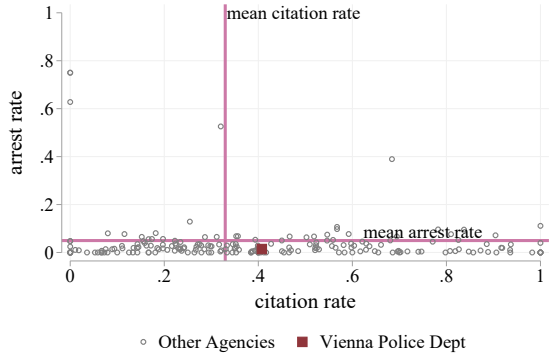
(a) Total stops



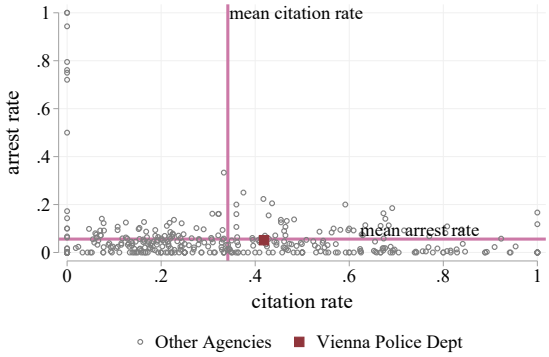
(b) Non-white total stops



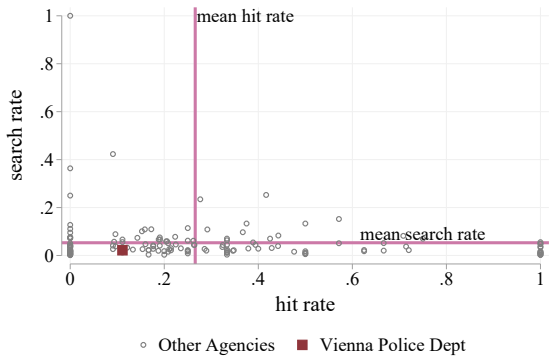
(c) Arrest and citation rate



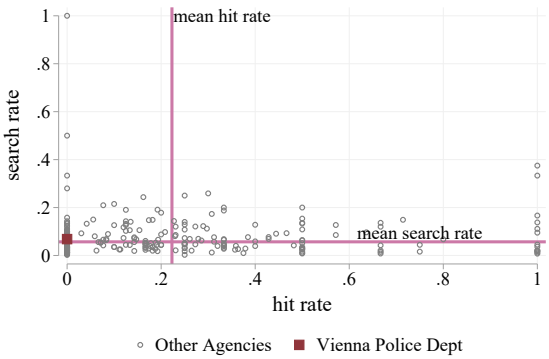
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

2.478 Warren County Sheriff's Dept

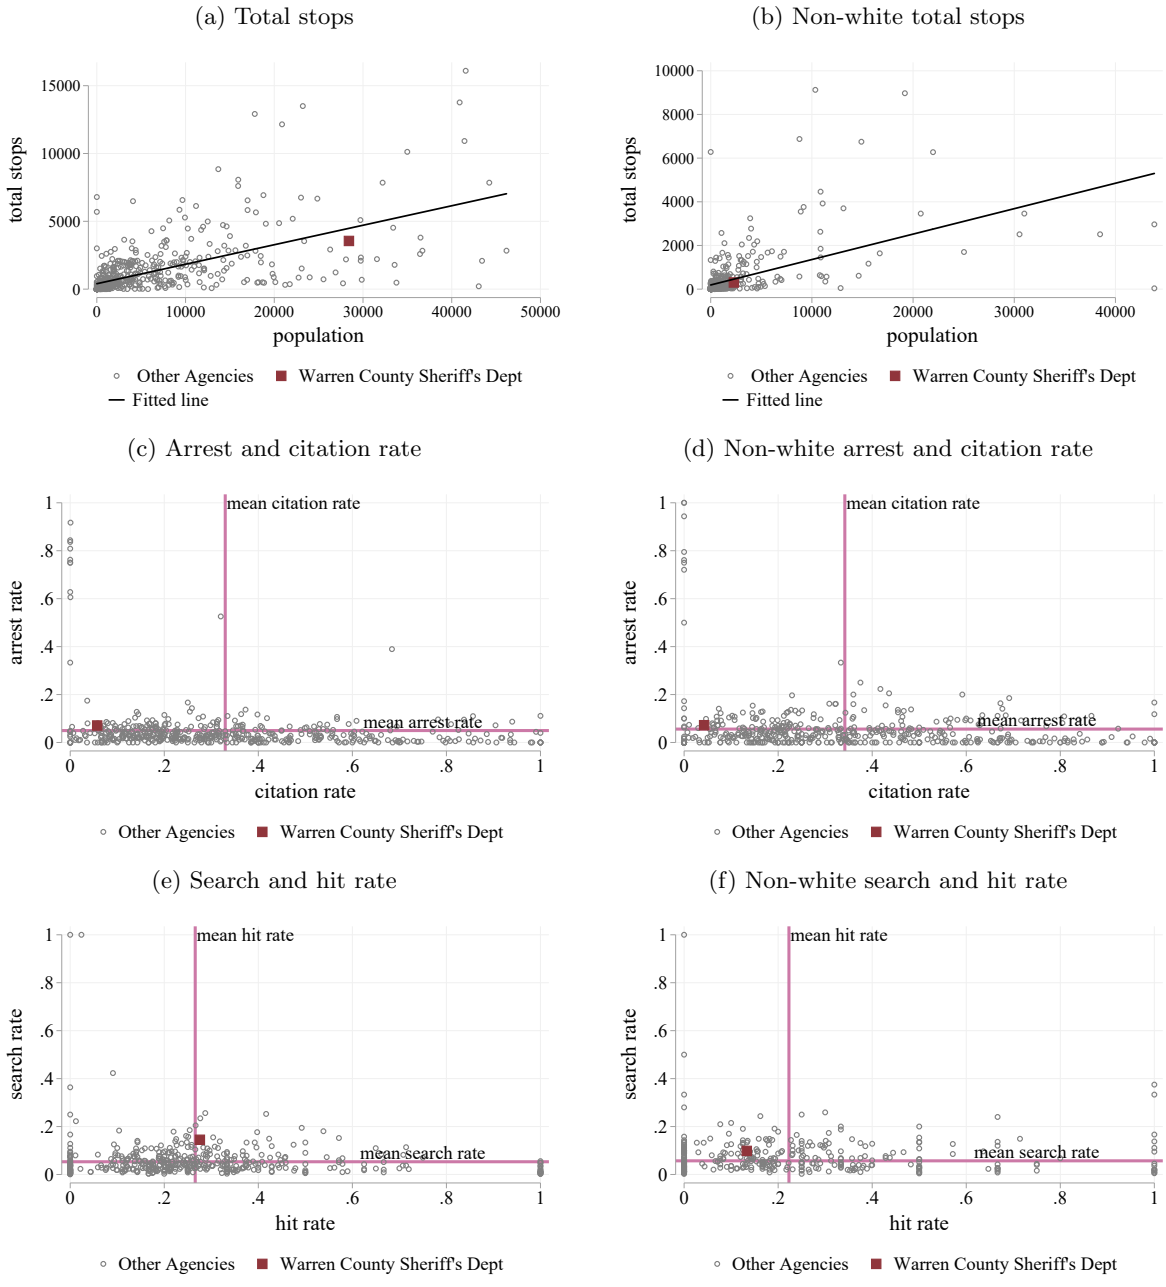
Table 1: Rates by Race for Warren County Sheriff's Dept

	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	28415	26126	602	814	116	179	1243
2022 ACS pop. %	100	91.94	2.12	2.86	.41	.63	4.37
2020 Decennial pop.	27258	24373	534	830	95	120	1306
2020 Decennial pop. %	100	89.42	1.96	3.04	.35	.44	4.79
Totals	.	.	.	.	.	.	.
All stops	3554	3249	188	79	1	16	21
Resident stops	2026	1889	84	40	0	3	10
Searches	515	485	12	17	0	0	1
Contraband	142	138	1	3	0	0	0
Arrests	252	230	12	10	0	0	0
Citations	204	191	7	5	0	0	1
Rates	.	.	.	.	.	.	.
Stop rate	12.51	12.44	31.23	9.71	.86	8.94	1.69
Stop rate, residents	7.13	7.23	13.95	4.91	0	1.68	.8
Search rate	14.49	14.93	6.38	21.52	0	0	4.76
Contraband hit rate	27.57	28.45	8.33	17.65	.	.	0
Arrest rate	7.09	7.08	6.38	12.66	0	0	0
Citation rate	5.74	5.88	3.72	6.33	0	0	4.76

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Warren County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

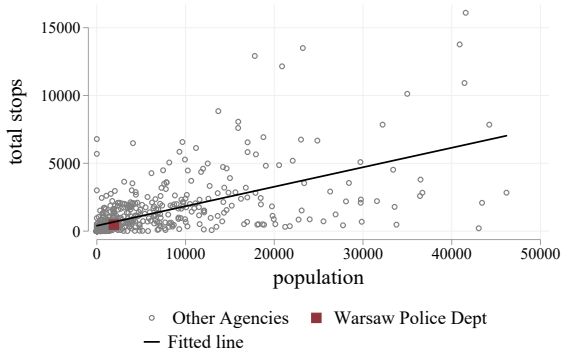
Resident stops	85	81	2	2	0	0	0
Searches	17	14	1	2	0	0	0
Contraband	6	6	0	0	0	0	0
Arrests	4	4	0	0	0	0	0
Citations	76	73	1	2	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	24.9	28.02	109.09	3.76	0	.	.84
Stop rate, residents	4.43	4.95	18.18	1.5	0	.	0
Search rate	3.56	3.05	8.33	40	.	0	0
Contraband hit rate	35.29	42.86	0	0	.	.	.
Arrest rate	.84	.87	0	0	.	0	0
Citation rate	15.9	15.9	8.33	40	.	0	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

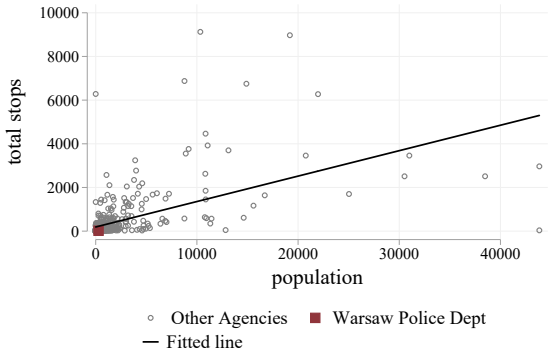
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Warsaw Police Dept

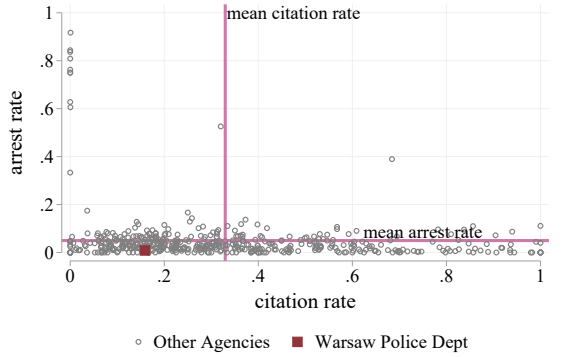
(a) Total stops



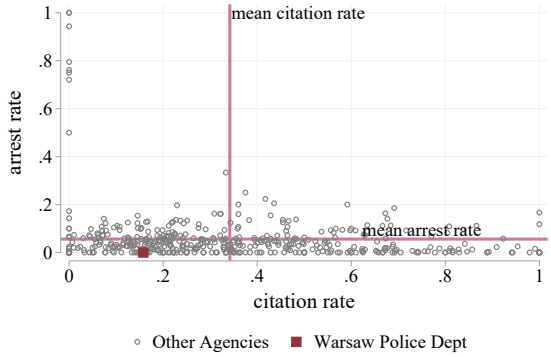
(b) Non-white total stops



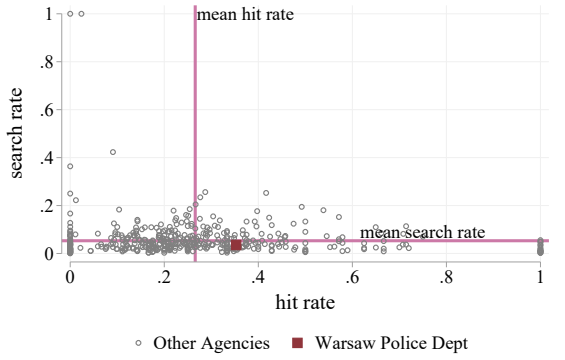
(c) Arrest and citation rate



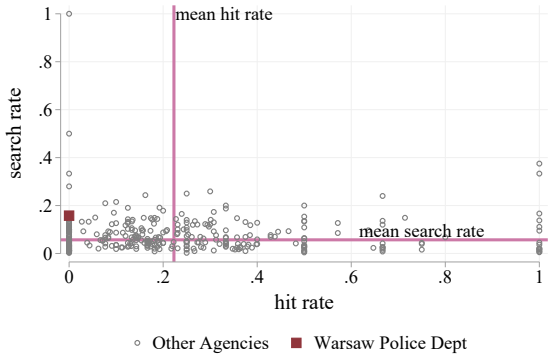
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

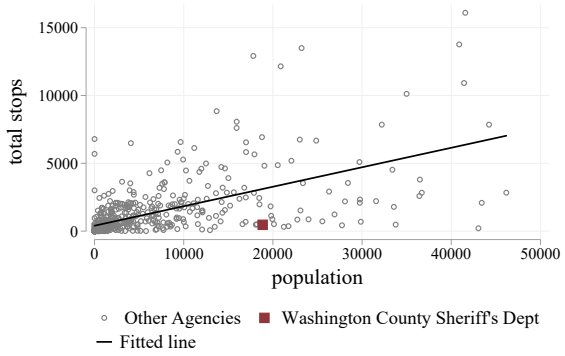
2020 Decennial pop.	18294	16607	574	161	73	34	845
2020 Decennial pop. %	100	90.78	3.14	.88	.4	.19	4.62
Totals	.	.	.	.	.	.	.
All stops	470	460	6	3	0	1	0
Resident stops	334	329	3	1	0	1	0
Searches	83	82	1	0	0	0	0
Contraband	33	33	0	0	0	0	0
Arrests	82	81	1	0	0	0	0
Citations	17	17	0	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	2.49	2.62	1.57	1.02	.	6.25	0
Stop rate, residents	1.77	1.88	.78	.34	.	6.25	0
Search rate	17.66	17.83	16.67	0	.	0	.
Contraband hit rate	39.76	40.24	0	.	.	.	.
Arrest rate	17.45	17.61	16.67	0	.	0	.
Citation rate	3.62	3.7	0	0	.	0	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

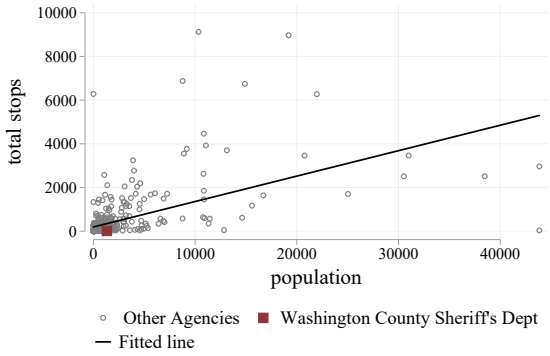
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Washington County Sheriff's Dept

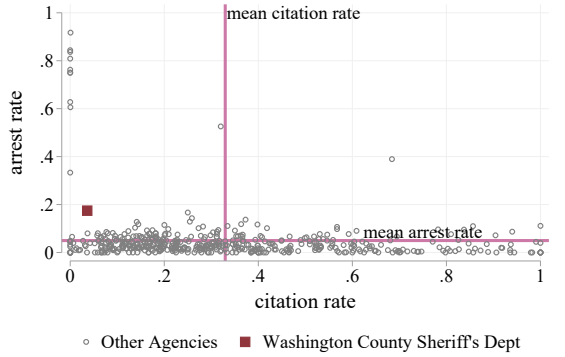
(a) Total stops



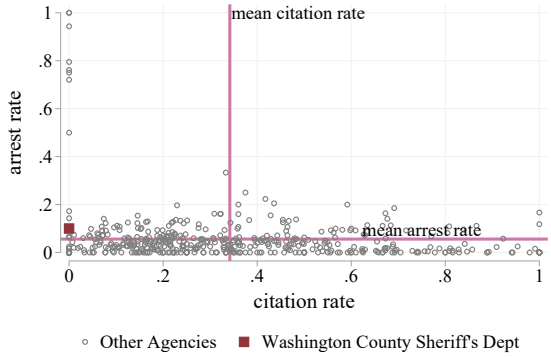
(b) Non-white total stops



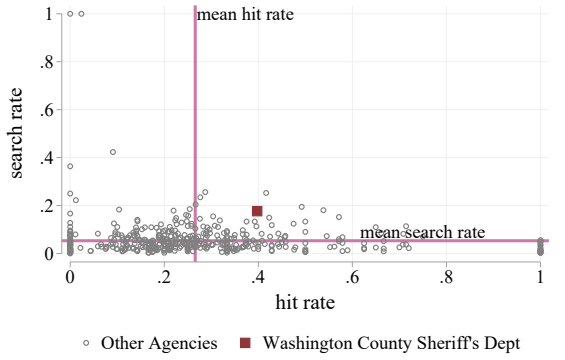
(c) Arrest and citation rate



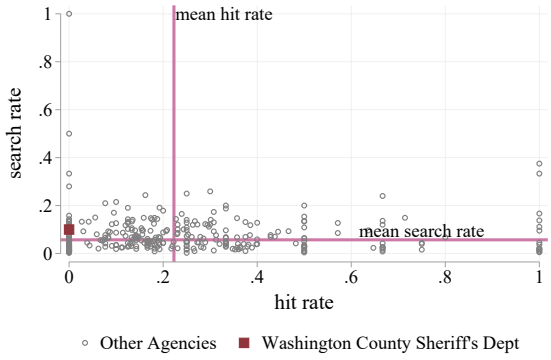
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

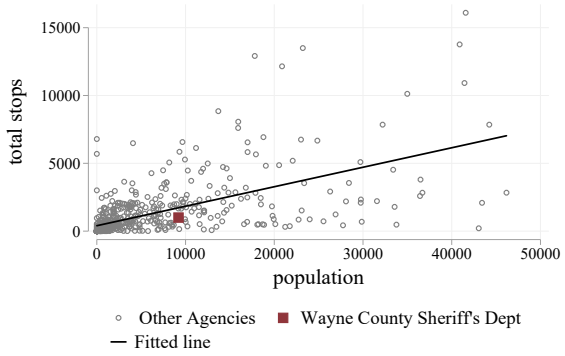
Citation rate	31.07	29.77	38.35	28.21	30.77	29.41	42.86

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

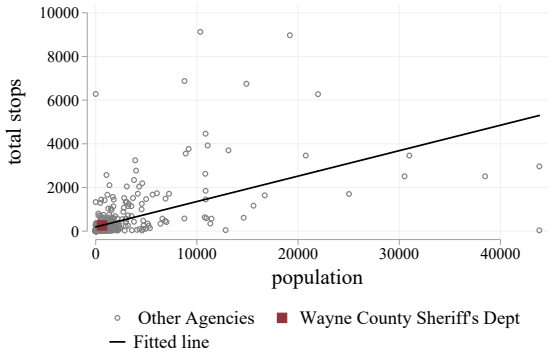
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Wayne County Sheriff's Dept

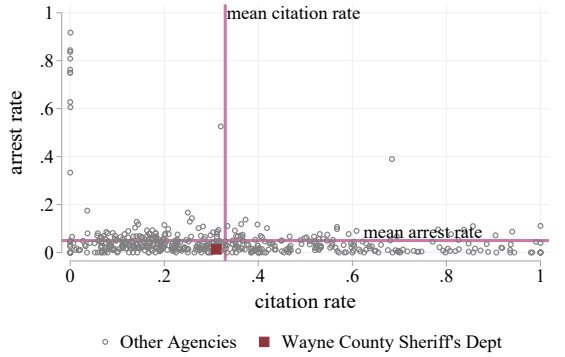
(a) Total stops



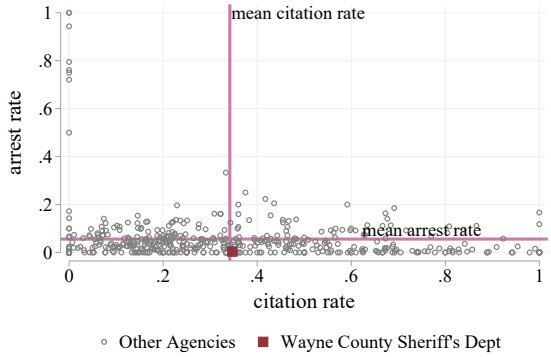
(b) Non-white total stops



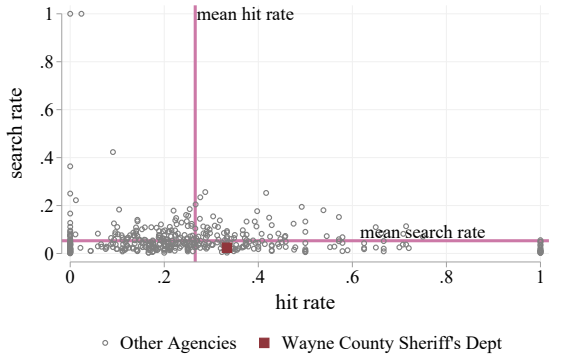
(c) Arrest and citation rate



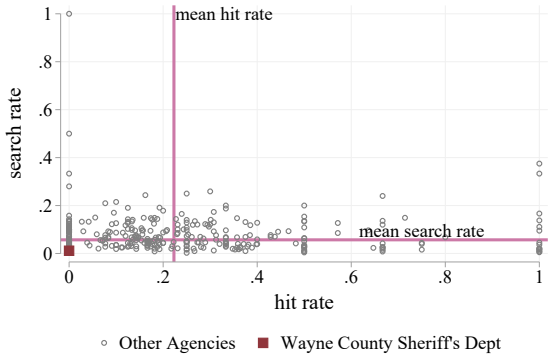
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

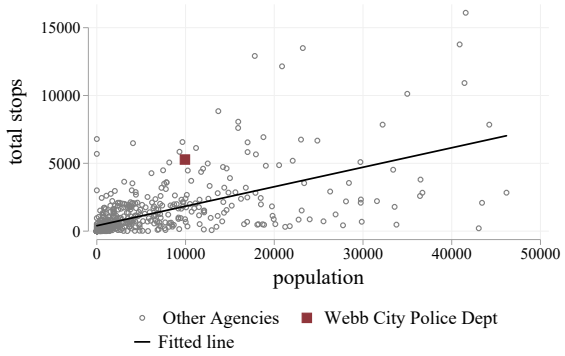
2020 Decennial pop.	9579	7977	155	540	128	121	658
2020 Decennial pop. %	100	83.28	1.62	5.64	1.34	1.26	6.87
Totals	.	.	.	.	.	.	.
All stops	5280	4771	248	184	22	47	8
Resident stops	2686	2438	115	96	12	21	4
Searches	235	196	9	25	0	5	0
Contraband	94	79	4	8	0	3	0
Arrests	383	321	25	32	0	5	0
Citations	1060	936	59	53	3	7	2
Rates	.	.	.	.	.	.	.
Stop rate	53.16	53.73	100.4	83.64	44.9	22.93	1.83
Stop rate, residents	27.04	27.45	46.56	43.64	24.49	10.24	.92
Search rate	4.45	4.11	3.63	13.59	0	10.64	0
Contraband hit rate	40	40.31	44.44	32	.	60	.
Arrest rate	7.25	6.73	10.08	17.39	0	10.64	0
Citation rate	20.08	19.62	23.79	28.8	13.64	14.89	25

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

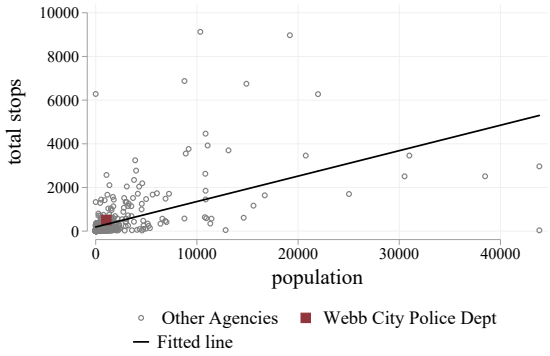
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Webb City Police Dept

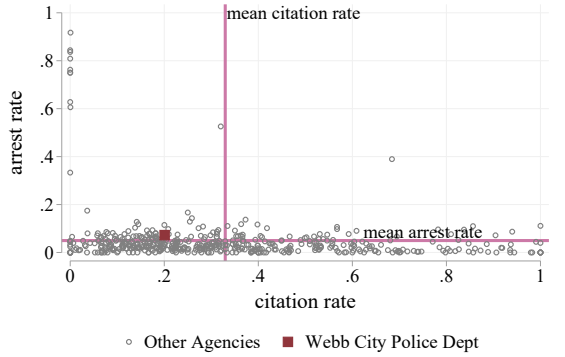
(a) Total stops



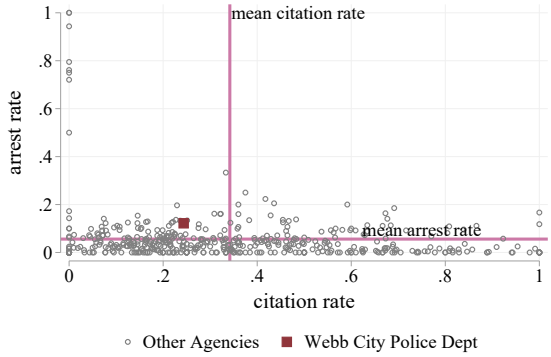
(b) Non-white total stops



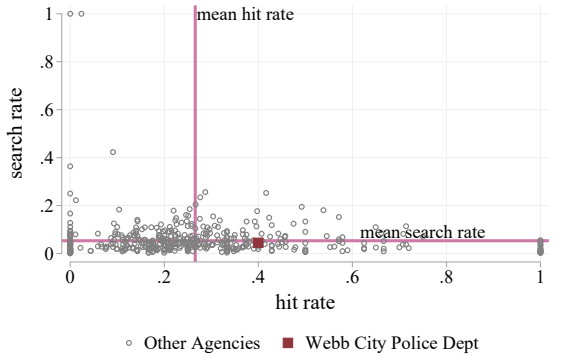
(c) Arrest and citation rate



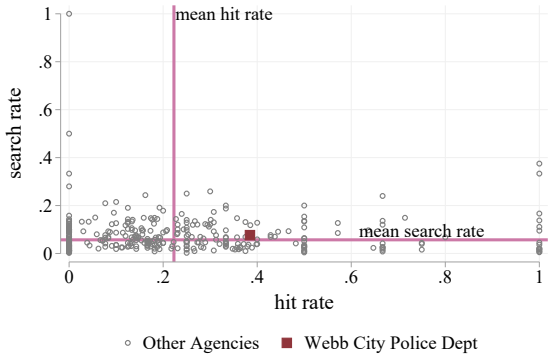
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

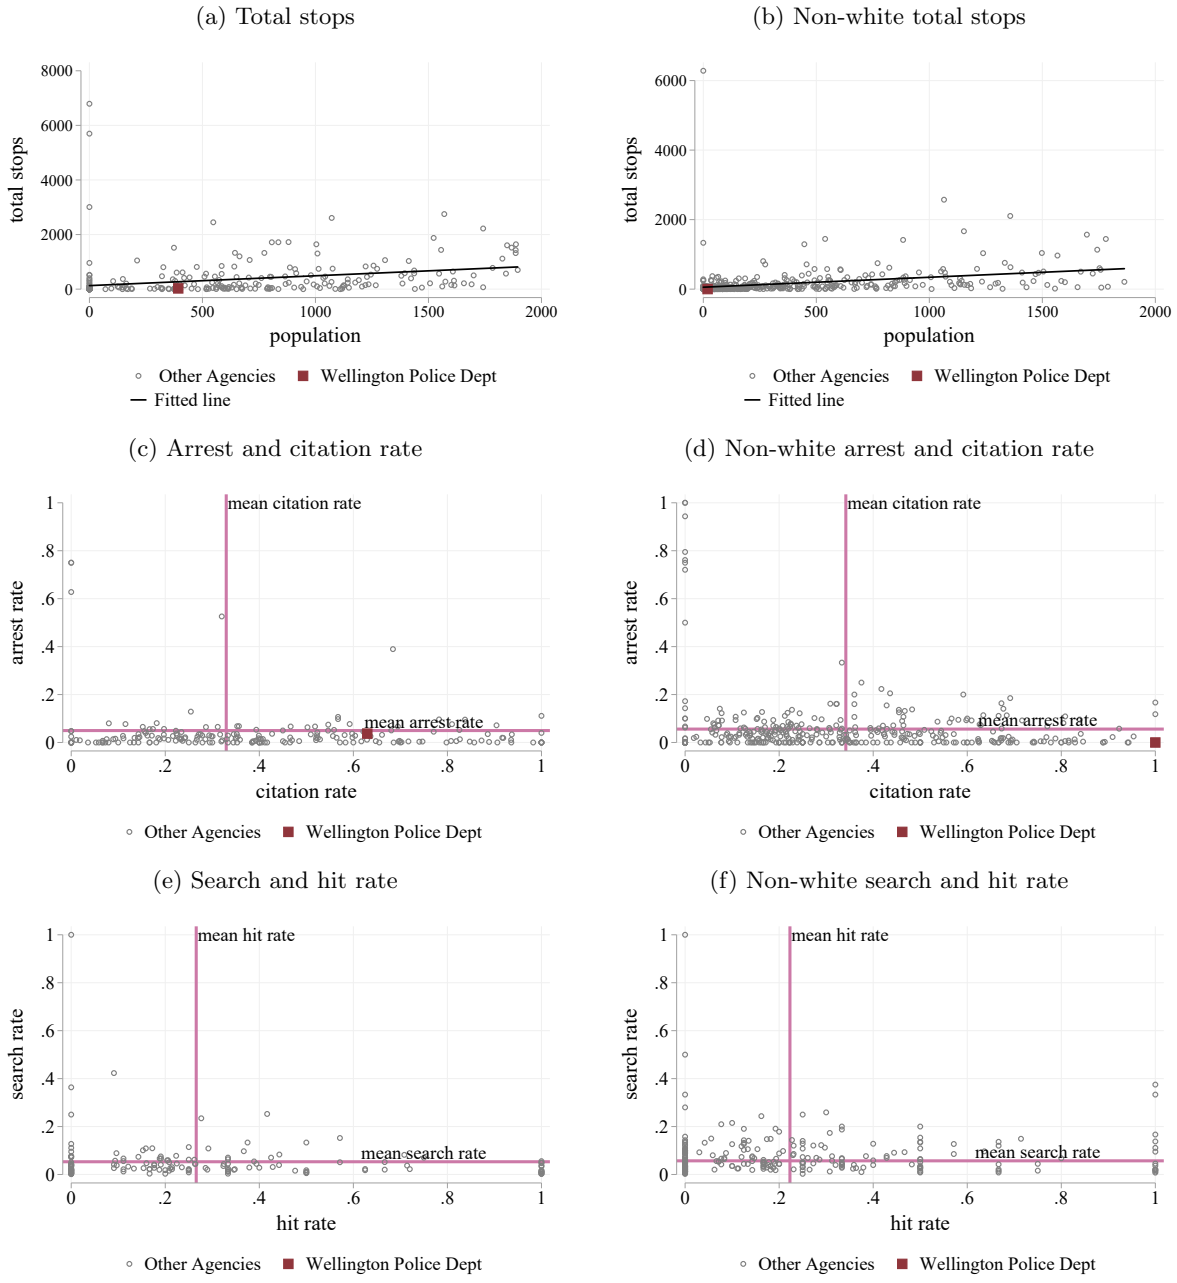
2022 ACS pop. %	100	95.17	0	0	0	0	4.83
2020 Decennial pop.	544	502	9	11	2	0	20
2020 Decennial pop. %	100	92.28	1.65	2.02	.37	0	3.68
Totals	.	.	.	.	.	.	.
All stops	27	25	2	0	0	0	0
Resident stops	16	16	0	0	0	0	0
Searches	0	0	0	0	0	0	0
Contraband	0	0	0	0	0	0	0
Arrests	1	1	0	0	0	0	0
Citations	17	15	2	0	0	0	0
Rates	.	.	.	.	.	.	.
Stop rate	6.87	6.68	.	.	.	.	0
Stop rate, residents	4.07	4.28	.	.	.	.	0
Search rate	0	0	0	.	.	.	.
Contraband hit rate	.	.	.	.	.	.	.
Arrest rate	3.7	4	0	.	.	.	.
Citation rate	62.96	60	100	.	.	.	.

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Wellington Police Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

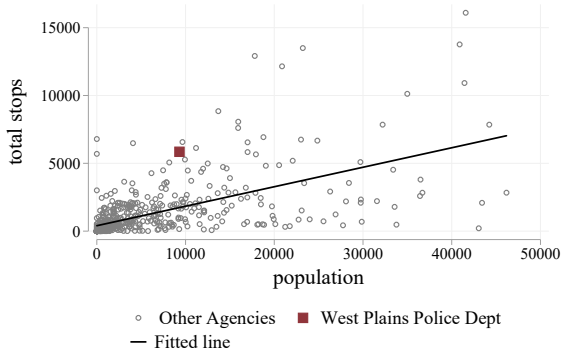
Arrests	74	71	2	1	0	0	0
Citations	2542	2394	67	48	5	9	19
Rates	.	.	.	.	.	.	.
Stop rate	62.82	61.82	250	314.81	15.91	57.5	19.13
Stop rate, residents	24.89	24.59	69.7	148.15	9.09	25	9.29
Search rate	4.68	4.75	3.64	4.71	14.29	0	0
Contraband hit rate	20.44	20.53	16.67	25	0	.	.
Arrest rate	1.26	1.28	1.21	1.18	0	0	0
Citation rate	43.44	43.24	40.61	56.47	71.43	39.13	54.29

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

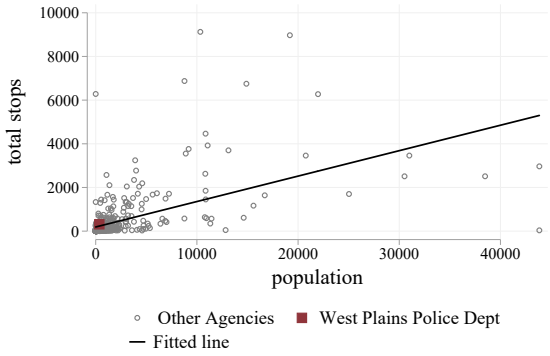
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for West Plains Police Dept

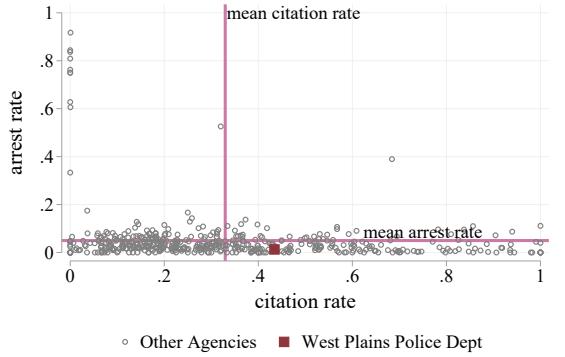
(a) Total stops



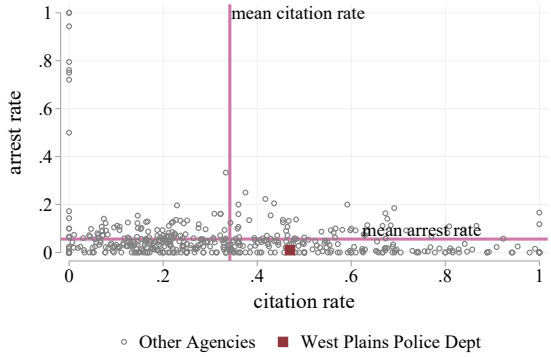
(b) Non-white total stops



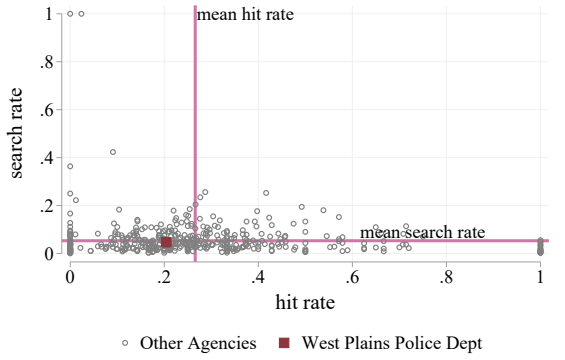
(c) Arrest and citation rate



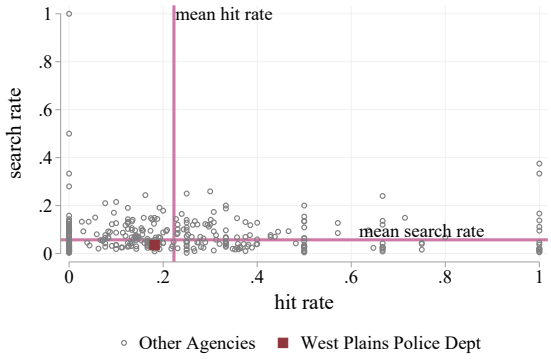
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

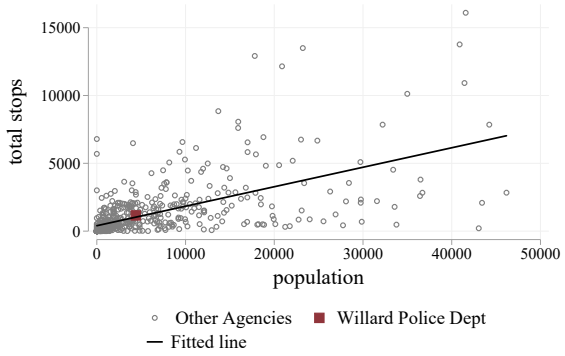
2020 Decennial pop. %	100	90.69	.78	2.4	.6	.38	5.14
Totals	.	.	.	.	.	.	.
All stops	1159	1103	40	9	2	3	2
Resident stops	247	237	9	0	0	0	1
Searches	85	77	8	0	0	0	0
Contraband	19	18	1	0	0	0	0
Arrests	80	71	8	1	0	0	0
Citations	469	451	12	4	1	0	1
Rates	.	.	.	.	.	.	.
Stop rate	26.38	26.68	.	6	66.67	37.5	1.04
Stop rate, residents	5.62	5.73	.	0	0	0	.52
Search rate	7.33	6.98	20	0	0	0	0
Contraband hit rate	22.35	23.38	12.5	.	.	.	.
Arrest rate	6.9	6.44	20	11.11	0	0	0
Citation rate	40.47	40.89	30	44.44	50	0	50

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

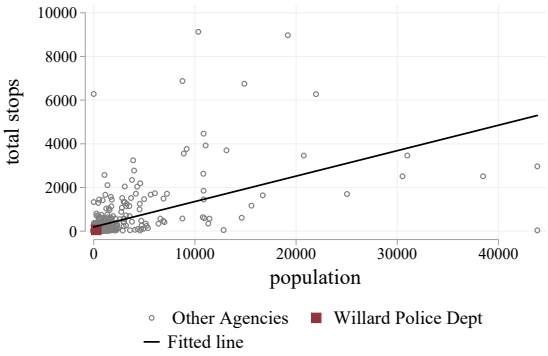
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Willard Police Dept

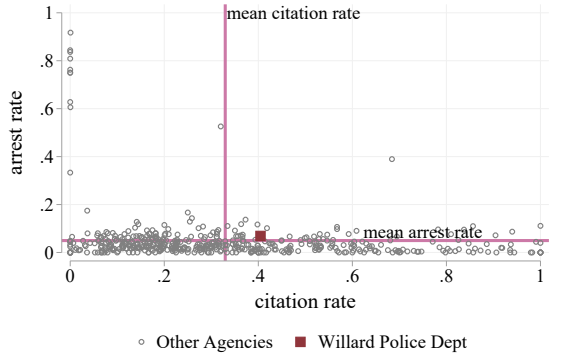
(a) Total stops



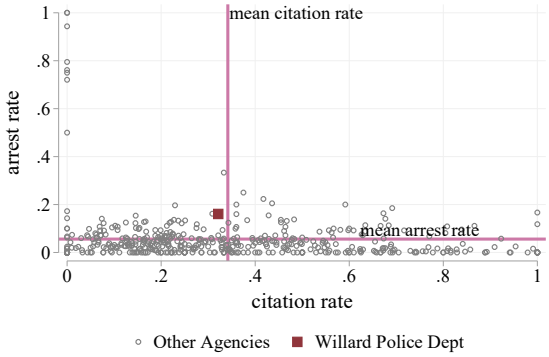
(b) Non-white total stops



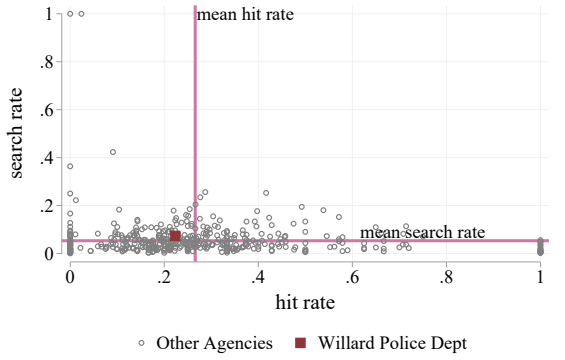
(c) Arrest and citation rate



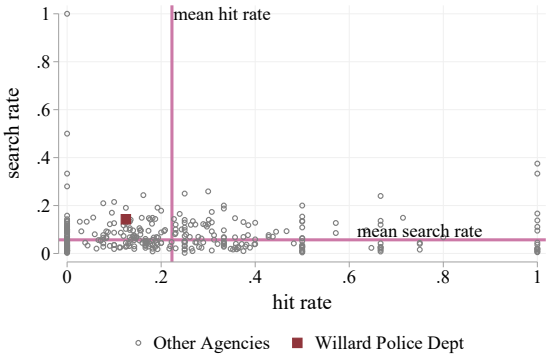
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

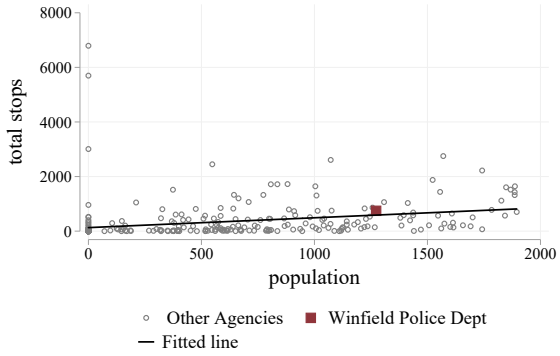
Contraband	13	9	3	1	0	0	0
Arrests	39	34	2	2	0	0	1
Citations	615	558	46	1	0	5	5
Rates	.	.	.	.	.	.	.
Stop rate	58.52	55.87	1733.33	16.67	0	41.67	34.29
Stop rate, residents	2.83	2.66	66.67	0	0	0	5.71
Search rate	4.43	4.17	7.69	20	.	0	0
Contraband hit rate	39.39	32.14	75	100	.	.	.
Arrest rate	5.23	5.07	3.85	40	.	0	8.33
Citation rate	82.55	83.16	88.46	20	.	100	41.67

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

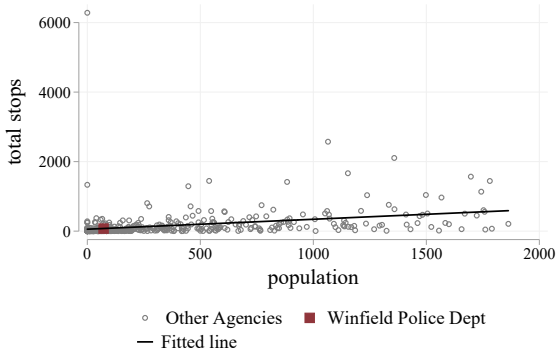
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Winfield Police Dept

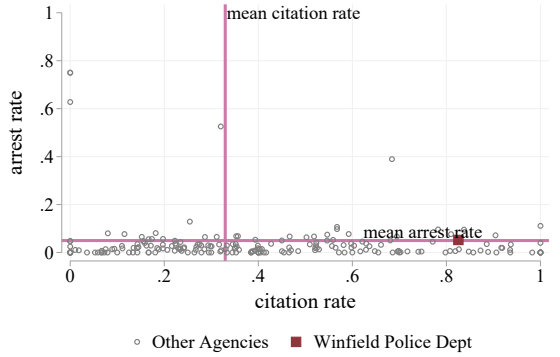
(a) Total stops



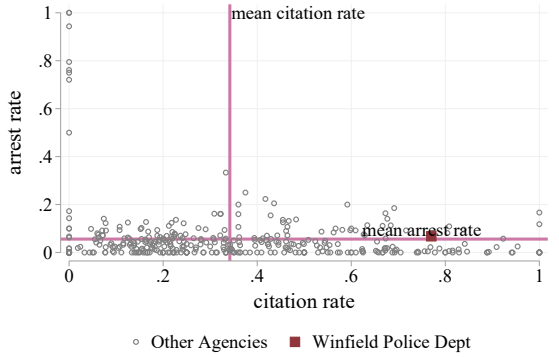
(b) Non-white total stops



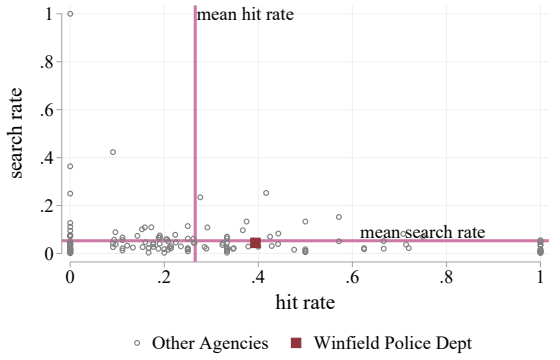
(c) Arrest and citation rate



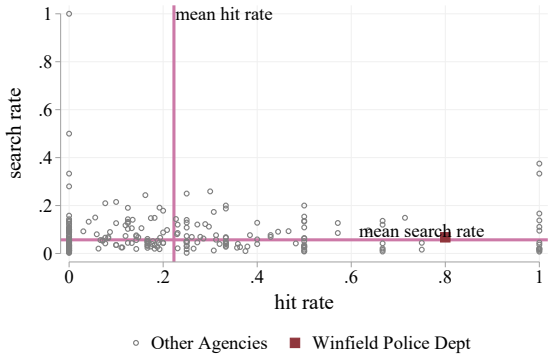
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

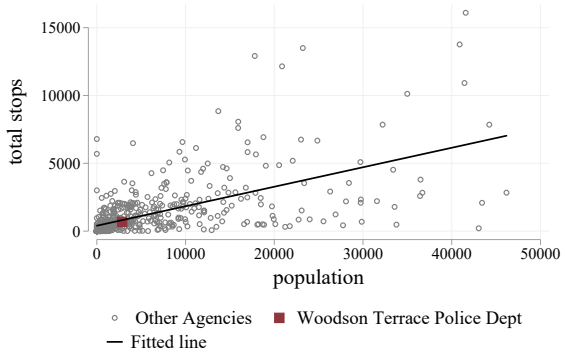
Resident stops	142	57	79	3	0	0	3
Searches	7	3	4	0	0	0	0
Contraband	3	1	2	0	0	0	0
Arrests	2	2	0	0	0	0	0
Citations	502	165	319	1	0	7	10
Rates	.	.	.	.	.	.	.
Stop rate	23.79	13.95	58.65	2.38	.	.	8.51
Stop rate, residents	4.97	3.94	11.38	.55	.	.	.54
Search rate	1.03	1.49	.98	0	.	0	0
Contraband hit rate	42.86	33.33	50	.	.	.	.
Arrest rate	.29	.99	0	0	.	0	0
Citation rate	73.82	81.68	78.38	7.69	.	63.64	21.28

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

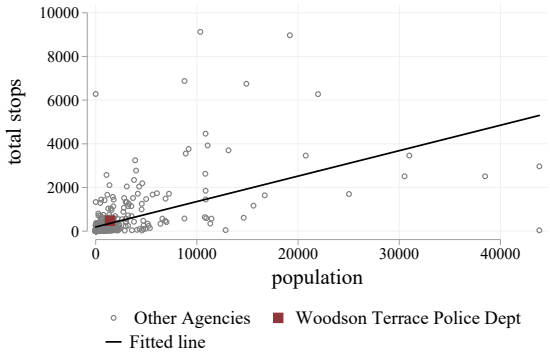
Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Woodson Terrace Police Dept

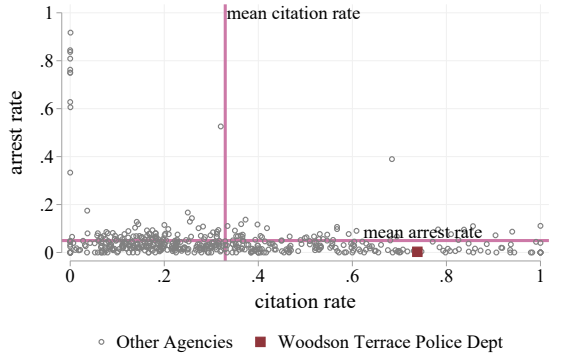
(a) Total stops



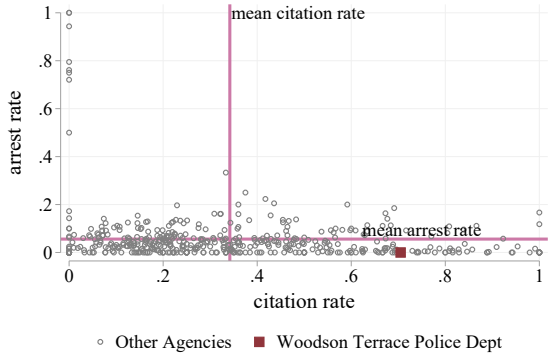
(b) Non-white total stops



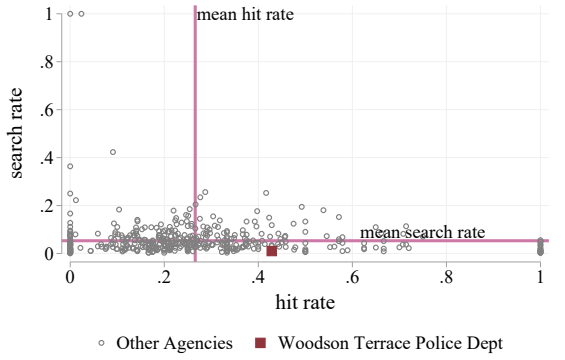
(c) Arrest and citation rate



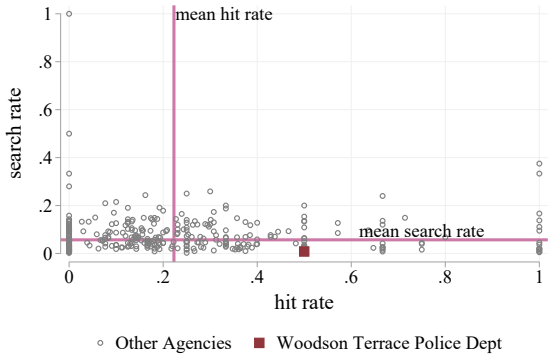
(d) Non-white arrest and citation rate



(e) Search and hit rate



(f) Non-white search and hit rate



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Notes: Data reported by the agency to the Attorney General's Office covering traffic stops in 2023.

2.508 Wright County Sheriff's Dept

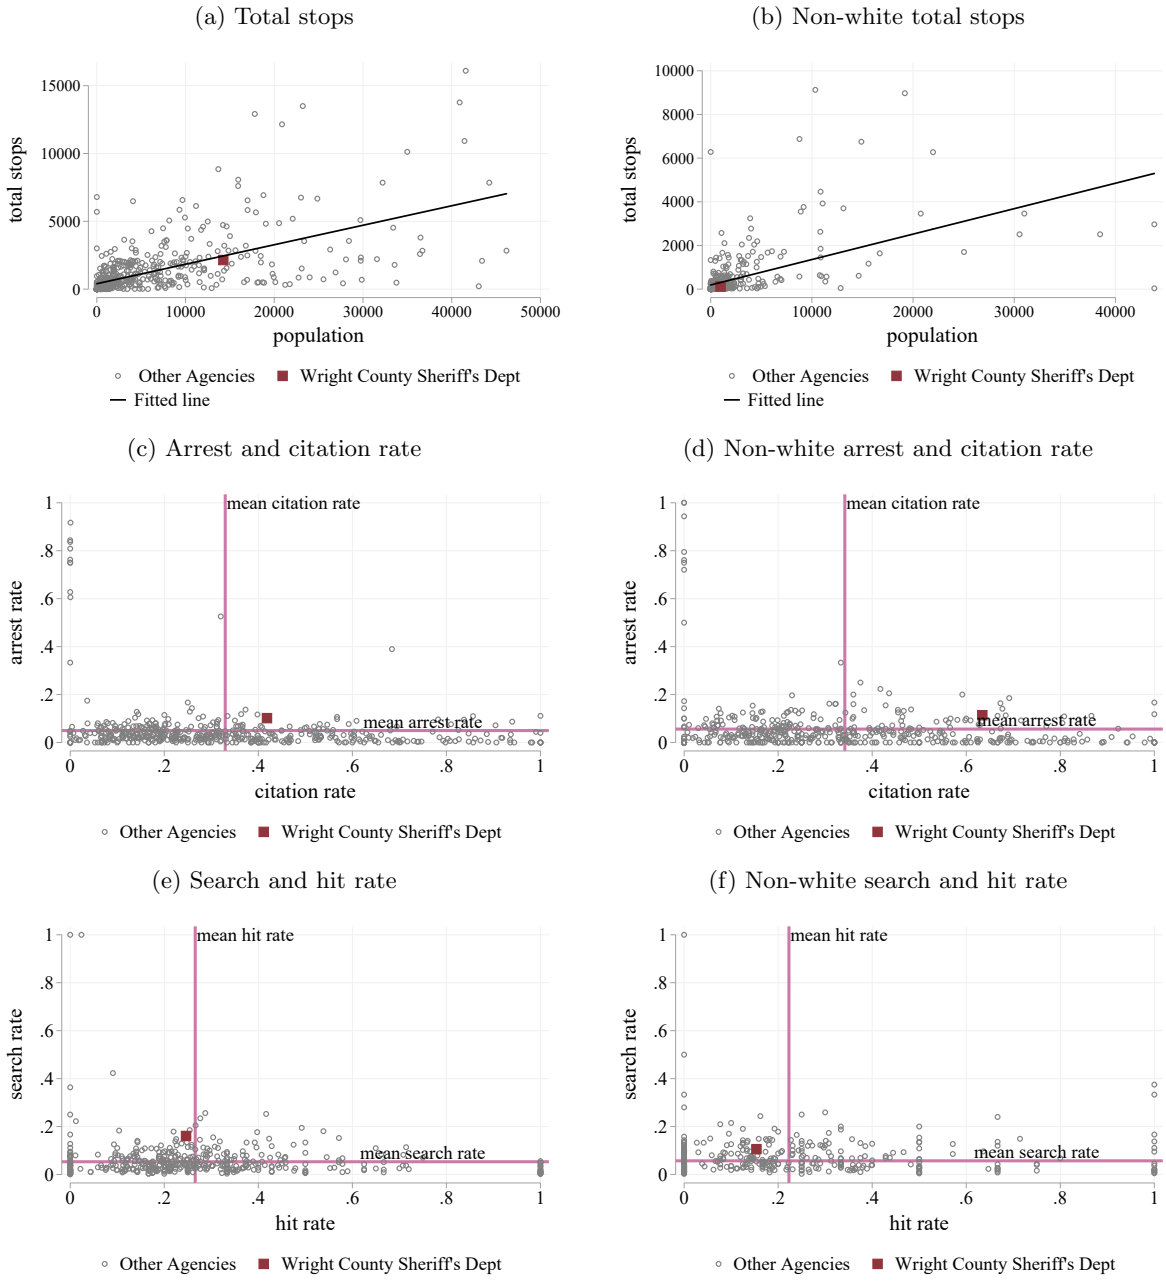
Table 1: Rates by Race for Wright County Sheriff's Dept

	Total	White	Black	Hispanic	Native American	Asian	Other
Population	.	.	.	.	.	.	.
2022 ACS pop.	14257	13286	26	308	41	64	644
2022 ACS pop. %	100	93.19	.18	2.16	.29	.45	4.52
2020 Decennial pop.	13490	12462	74	211	56	31	656
2020 Decennial pop. %	100	92.38	.55	1.56	.42	.23	4.86
Totals	.	.	.	.	.	.	.
All stops	2146	2023	77	39	1	3	3
Resident stops	988	973	3	12	0	0	0
Searches	345	332	8	5	0	0	0
Contraband	85	83	2	0	0	0	0
Arrests	218	204	9	4	0	1	0
Citations	898	820	57	19	1	1	0
Rates	.	.	.	.	.	.	.
Stop rate	15.05	15.23	296.15	12.66	2.44	4.69	.47
Stop rate, residents	6.93	7.32	11.54	3.9	0	0	0
Search rate	16.08	16.41	10.39	12.82	0	0	0
Contraband hit rate	24.64	25	25	0	.	.	.
Arrest rate	10.16	10.08	11.69	10.26	0	33.33	0
Citation rate	41.85	40.53	74.03	48.72	100	33.33	0

Notes: Population counts are based on the American Community Survey 5-year population estimates (ages 16+) for 2022. The ACS only provides race-specific Hispanic estimates for White, meaning non-White Hispanic residents are double-counted in the race percentages above.

Stop rate = (stops / population) X 100.
Stop rate, residents only = (stops of residents / population) X 100.
Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.
Citation rate = (citations / stops) X 100.

Figure 1: Comparison to other agencies by population for Wright County Sheriff's Dept



Notes: Figure (a) depicts the total number of stops for agencies with a similar population in Missouri, ordered by population size. Figure (b) shows the total number of non-white stops for the same agencies, ordered by the non-white population size. Similarly, Figures (c) and (d) graph the arrest rate and search rate for the same agencies and populations used in Figures (a) and (b). Likewise, Figures (e) and (f) graph the search rate and contraband hit rate for the same agencies and populations as the above figures. Population is measured using the 2022 American Community Survey 5-year estimates. The ACS only provides race-specific Hispanic estimates for White, to avoid double counting we calculate the total non-White population as the total population minus the Non-Hispanic White population for each agency. Agencies are plotted together in three categories: less than the median population size (1,896.5 persons), less than the 95th-percentile (46,171 persons), or all agencies (except the Missouri Highway Patrol, which covers the entire state). Agencies without population (e.g., university police) are considered to have a population of zero.

Table 2: Number of Stops by Race for Wright County Sheriff's Dept
